INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Western Iowa Tech Community College
Sioux City, Iowa

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of KWIT-KOJI FM RADIO, a public telecommunications entity operated by Western Iowa Tech Community College, as of and for the years ended June 30, 2012 and 2011, which collectively comprise the Radio Station's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Radio Station's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of KWIT-KOJI FM Radio, a public telecommunications entity operated by Western Iowa Tech Community College, as of June 30, 2012 and 2011, and the respective changes in financial position and cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2012, on our consideration of the Radio Station's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of KWIT-KOJI FM Radio, a public telecommunications entity operated by Western Iowa Tech Community College provides this Management's Discussion and Analysis of the radio station's annual financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2012 for KWIT-KOJI FM Radio and does not discuss the component unit of Friends of FM 90. We would encourage the reader to consider this information in conjunction with the radio station's financial statements which follow.

FINANCIAL HIGHLIGHTS

- Operating revenues increased 10.7%, or $32,286, from fiscal year 2011 (FY11). Corporation for Public Broadcasting support, rental of facilities, gifts and contributions and other operating revenues increased while donated materials and services revenue decreased.

- Operating expenses were 4.4%, or $34,026, less in FY12 than in FY11. Programming and production, program information and management and general all decreased while broadcasting increased.

- Net non-operating revenue increased 9.3%, or $35,548, from FY11 mainly due to an increase in state support offset by a decrease in college support – indirect and gifts from Friends of FM90.

- The Radio Station's net assets increased 2.9%, or $19,356 from FY11.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides management's analytical overview of the Radio Station's financial activities.

The basic financial statements consist of statements of net assets, statements of revenues, expenses and changes in net assets, statements of cash flows and statements of functional expenses. These statements provide information about the activities of the Radio Station as a whole and present an overall view of the Radio Station's finances.

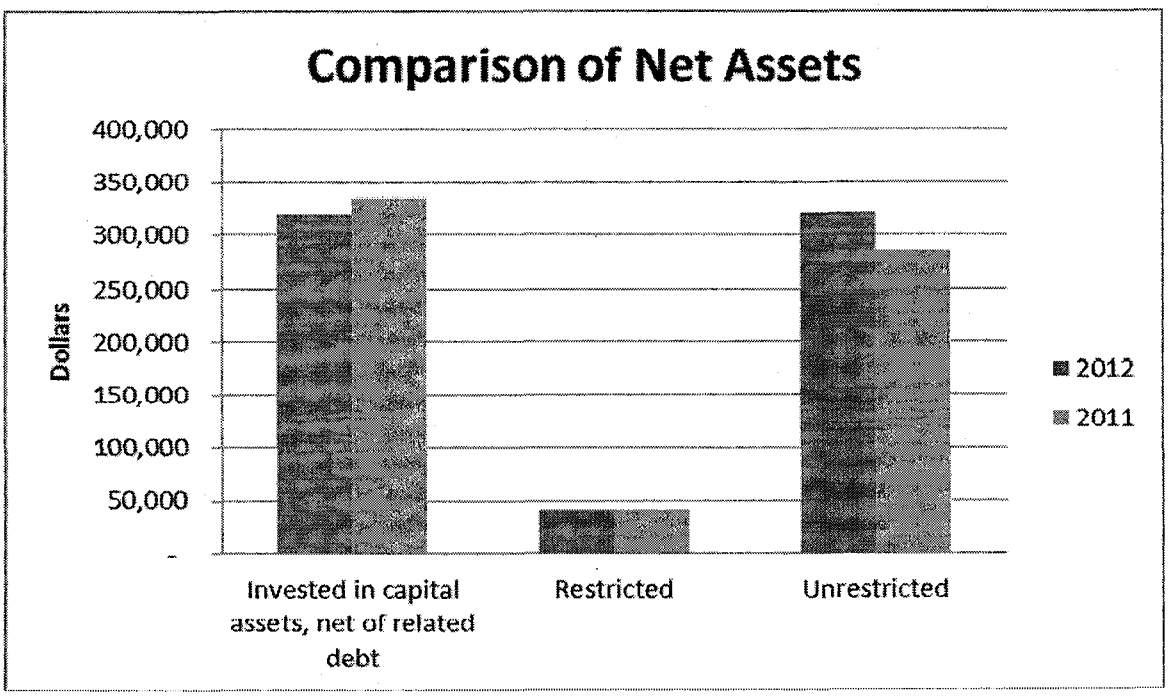
Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

REPORTING THE RADIO STATION AS A WHOLE

The Statements of Net Assets

The Statements of Net Assets presents the assets, liabilities and net assets of the Radio Station as a whole, as of June 30, 2012 which is the end of the fiscal year. The Statements of Net Assets are point-in-time financial statements. The purpose of the statements is to present a fiscal snapshot of the Radio Station to the readers of the financial statements. The Statements of Net Assets includes year-end information concerning current and non-current assets, current and non-current liabilities and net assets (assets less liabilities). Over time, readers of the financial statements will be able to determine the Radio Station's financial position by analyzing the increases and decreases in net assets. These statements are also a good source for readers to determine how much the Radio Station owes to outside vendors and creditors. The statements also present the available assets that can be used to satisfy those liabilities.

	Net Assets	
	June 30, 2012	June 30, 2011
Current assets	$352,749	$312,458
Capital assets, net of accumulated depreciation	360,083	376,088
Total assets	712,832	688,546
Current liabilities	31,775	26,845
Total liabilities	31,775	26,845
Net assets:		
Invested in capital assets	319,514	335,519
Restricted	40,569	40,569
Unrestricted	320,974	285,613
Total net assets	681,057	661,701
Total Liabilities and Net Assets	$712,832	$688,546



The largest portions of the Radio Station's net assets (47%) are invested in capital assets (e.g., buildings and equipment) and (47%) unrestricted net assets that can be used to meet the Radio Station's obligations as they come due. The remaining net assets (6%) are the restricted portion of the net assets that includes resources that are subject to external restrictions.

Statements of Revenues, Expenses and Changes in Net Assets

Changes in total net assets as presented on the Statements of Net Assets are based on the activity presented in the Statements of Revenues, Expenses and Changes in Net Assets. The purpose of the statements is to present the revenues received by the Radio Station, both operating and non-operating, and the expenses paid by the Radio Station, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the Radio Station.

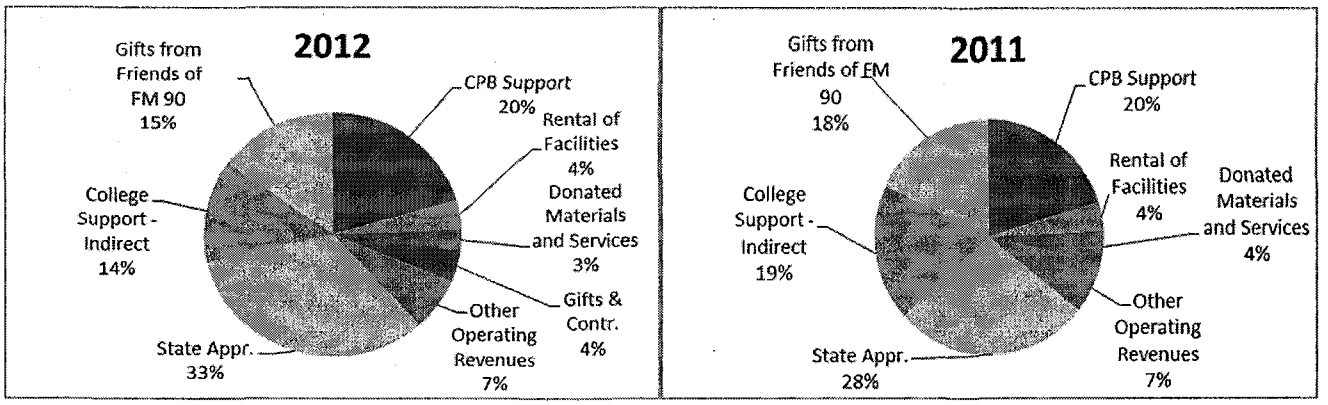
In general, a public radio station, such as KWIT-KOJI FM Radio, will report an operating loss since the financial reporting model classifies state support, college support and gifts as non-operating revenues. Operating revenues are received from the Corporation for Public Broadcasting, rental of facilities, donated materials and supplies as well as other operating revenues of the Radio Station. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues and to carry out the mission of the Radio Station. Non-operating revenues are revenues received for which goods and services are not directly provided. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life.

Changes in Net Assets

	Year Ended June 30, 2012	Year Ended June 30, 2011
Operating revenue:		
Corporation for Public Broadcasting Support	$178,182	$171,312
Rental of Facilities	35,267	33,387
Donated Materials and Services	23,617	37,792
Gifts and Contributions	36,139	-
Other Operating Revenues	61,425	59,853
Total operating revenue	334,630	302,344
Total operating expenses	734,439	768,465
Operating loss	(399,809)	(466,121)
Non-operating revenues (expenses)		
State Support	288,585	233,023
College Support - Direct	-	-
College Support - Indirect	119,990	160,285
Gifts from Friends of FM 90	130,580	150,594
Equipment	-	-
Donated Facilities	(119,990)	(160,285)
Net non-operating revenues	419,165	383,617
Change in net assets	19,356	(82,504)
Net assets at the beginning of the year	661,701	744,205
Net assets at the end of the year	$681,057	$661,701

The Statements of Revenues, Expenses and Changes in Net Assets reflect an increase in the net assets at the end of the fiscal year.

Total Revenues by Source

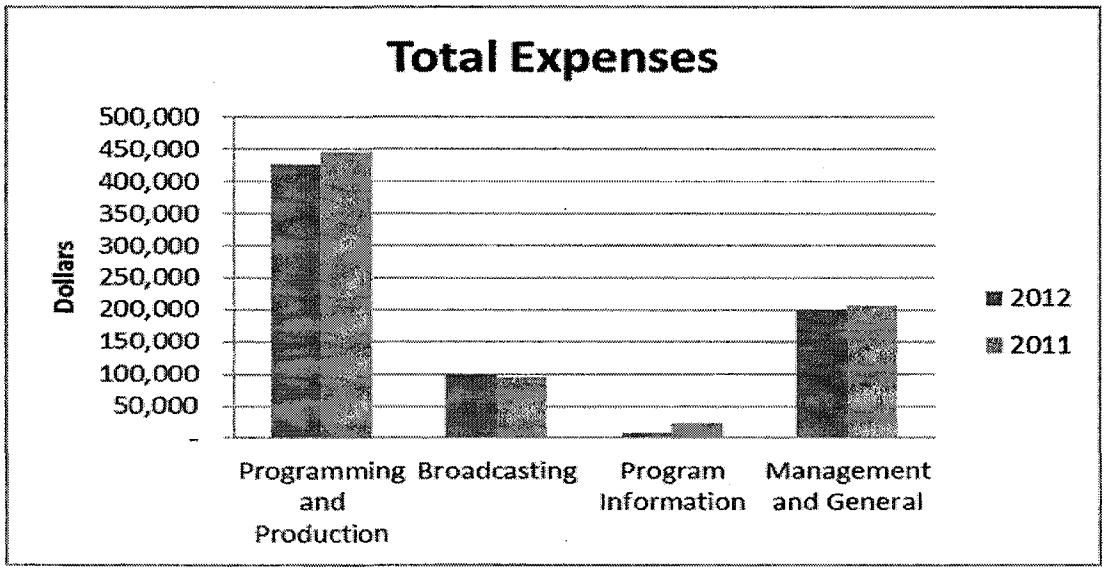


In fiscal year 2012, operating revenues increased by $32,286 or 10.7%. The increase was a result of the following changes:

Corporation for Public Broadcasting support, rental of facilities (tower rental), gifts and contributions and other operating revenues increased while donated materials and services revenue decreased.

Operating Expenses

	Year Ended June 30, 2012	Year Ended June 30, 2011
Program Services:		
Programming and Production	$427,023	$444,851
Broadcasting	99,572	95,033
Program Information	6,859	22,477
Management and General	200,985	206,104
Total	$734,439	$768,465



In fiscal year 2012, operating expenses decreased by $34,026 or 4.4%. The following factors explain some of the changes:

Program Services, consisting of programming and production, broadcasting and program information decreased $28,907 due to decreased membership costs and donated professional services offset by an increase in salaries and related payroll costs.

Supporting Services consisting of management and general decreased $5,119. This was due to the decreased cost of utilities and professional services.

Statements of Cash Flows

Statements of Cash Flows are included in KWIT-KOJI's basic financial statements. These Statements of Cash Flows are an important tool in helping users assess the Radio Station's ability to generate future net cash flows, its ability to meet its obligations as they come due and its need for external financing. The Statements of Cash Flows present information related to cash inflows and outflows, summarized by operating, non-capital financing, capital and related financing and investing activities.

Cash Flows

	Year Ended June 30, 2012	Year Ended June 30, 2011
Cash provided (used) by:		
Operating Activities	$(344,367)	$(419,933)
Non-capital Financing Activities	419,165	383,617
Capital and Related Financing Activities	(34,386)	-
Investing Activities	-	-
Net Increase (Decrease) in Cash	40,412	(36,316)
Cash at the beginning of the year	311,777	348,093
Cash at the end of the year	$352,189	$311,777

Cash provided by operating activities includes grants received from the Corporation for Public Broadcasting, rental of tower space and donor contributions. Cash used by operating activities include salary and benefit and vendor payments. Cash provided by non-capital financing activities includes state support and gifts from Friends of FM 90. Cash used by capital activities include the purchase of capital assets (equipment). KWIT-KOJI FM90 did not have any cash flow from investing activities.

Statements of Functional Expenses

The Statements of Functional Expense provide the reader with detailed information regarding the program services consisting of programming and production, broadcasting and program information expenses as well as the supporting services of management and general expenses.

CAPITAL ASSETS

At June 30, 2012, the Radio Station had $360,083 invested in capital assets, net of accumulated depreciation of $761,356. Depreciation charges totaled $50,391 for Fiscal Year 2012. Details of the capital assets are shown below.

Capital Assets, Net, at Year End

	June 30, 2012	June 30, 2011
Buildings	$ 286,625	$ 286,625
Radio Tower	570,814	570,814
Furniture and equipment	264,000	229,614
	$1,121,439	$1,087,053
Accumulated Depreciation	(761,356)	(710,965)
Total	$ 360,083	$ 376,088

There are no planned capital expenditures for the fiscal year to end June 30, 2013.

DEBT

At June 30, 2012, the Radio Station had no debt outstanding.

ECONOMIC FACTORS

KWIT-KOJI FM 90 continues to monitor its financial position in times of uncertain funding from the Corporation for Public Broadcasting. Funding from state support and gifts from the Friends of FM 90 continue to play a more significant part of the operations of the Radio Station. Some of the realities that may potentially become challenges for the Radio Station to meet are:

State support for fiscal year 2013 is expected to increase approximately $21,114 over the prior year.

Expenses will continue to increase. Costs associated with serving radio listeners will continue to increase. The increased cost of health insurance benefits continues to prove problematic in budgeting.

With the exception of state support, the Radio Station anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the Radio Station's ability to react to unknown issues.

CONTACTING THE RADIO STATION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our customers, radio listeners and taxpayers in the community college merged area and our creditors with a general overview of the Radio Station's finances and to demonstrate the Radio Station's accountability for the resources it receives. If you have questions about the report or need additional financial information, contact Western Iowa Tech Community College, 4647 Stone Avenue, Sioux City, Iowa 51106.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

KWIT-KOJI FM Radio is a non-profit, non-commercial radio station and an affiliate of the National Public Radio Network. The Radio Station operates with a power of 100,000 watts, including a repeater station. Emphasis is placed on service to eighteen counties in northwest Iowa. KWIT-KOJI FM Radio is operated by, and the financial activity is included in the financial statements of, Western Iowa Tech Community College, Sioux City, Iowa.

A. Reporting Entity

The financial statements of KWIT-KOJI FM Radio include the discrete presentation of Friends of FM 90 (Friends), a legally separate, tax-exempt component unit of the Radio Station. Friends acts primarily as a fund-raising organization to supplement the resources that are available to the Radio Station in support of its programming. Although the Radio Station does not control the timing or amount of receipts from Friends, the majority of resources, or income thereon, that Friends holds and invests are restricted to the activities of the Radio Station by the donors.

Friends distributed $130,580 and $150,594 to KWIT-KOJI for unrestricted programming purposes, during the years ended June 30, 2012 and 2011, respectively.

B. Basis of Presentation

GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following four net asset categories:

Invested in Capital Assets, Net of Related Debt
Capital assets, net of accumulated depreciation and outstanding debt obligations attributable to the acquisition, construction or improvement of those assets.

Restricted Net Assets
Nonexpendable
Net assets subject to externally-imposed stipulations that they be maintained permanently by the Radio Station, including permanent endowment funds.

Restricted Net Assets
Expendable
Net assets whose use by the Radio Station is subject to externally - imposed stipulations that can be fulfilled by actions of the Radio Station, pursuant to those stipulations or that expire by the passage of time.

Unrestricted Net Assets
Net assets that are not subject to externally-imposed situations.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Cont.)

GASB Statement No. 35 also requires the Statements of Net Assets, Revenues, Expenses and Changes in Net Assets, Cash Flows and Functional Expenses be reported on a consolidated basis. The effect of interfund activity has been removed from these statements.

C. Measurement Focus and Basis of Accounting

For financial reporting purposes, the Radio Station is considered a special-purpose government engaged only in business-type activities as defined in GASB Statement No. 34. Accordingly, the basic financial statements of the Radio Station have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. State support is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Radio Station applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretation, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

D. Assets, Liabilities and Net Assets

The following accounting policies are followed in preparing the statement of net assets:

Investments - Investments are stated at fair value.

Capital Assets - Capital assets, which include buildings, radio tower, furniture and equipment, are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at fair market value at the date of donation. Depreciation expense is recorded on capital assets using the straight-line method over their estimated useful lives. For the years ended June 30, 2012 and 2011, depreciation expense was $50,391 and $45,807, respectively.

The costs of normal maintenance and repair that do not add to the value of the assets or materially extend asset lives are not capitalized. Capital assets are defined by the Radio Station as assets with initial, individual costs in excess of $5,000 and estimated useful lives in excess of two years.

Compensated Absences - Radio Station employees accumulate a limited amount of earned but unused vacation benefits for subsequent use or for payment upon termination, death or retirement. Amounts representing the cost of compensated absences are recorded as liabilities of the appropriate fund. These liabilities have been computed based on rates of pay in effect at year end.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Cont.)

E. In-Kind Contributions

Donated professional services and materials are recorded as revenue and expenditures in the accompanying statements of revenues, expenses and changes in net assets at estimated fair value.

Donated facilities from Western Iowa Tech Community College consist of office and studio space together with related occupancy costs and are recorded as revenue and expenses at estimated fair rental values. Administrative support from Western Iowa Tech Community College consists of allocated financial and administrative costs and certain other expenses incurred by the College on behalf of the Radio Station.

Total recorded in-kind contributions for June 30, 2012 and 2011, are as follows:

	2012	2011
Donated Professional Services of Volunteers:		
Voluntary Services	$ 1,885	$ 1,907
Donated Professional Services and Programs:		
Advertising and Contracted Services	7,795	23,413
Donated Materials and Facilities:		
Compact Discs, Other Materials and Equipment	13,937	12,472
College Facilities	119,990	160,285
	$ 143,607	$ 198,077

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Allowance for Uncollectible Pledges

The allowance for uncollectible pledges is maintained at a balance which, in the opinion of management, is adequate to reflect pledges receivable at their net realizable value. Management reviews its pledge listing annually to determine the collectibility of pledges. If management believes a pledge is uncollectible, an allowance is established. No allowance was considered necessary at June 30, 2012 or 2011.

H. Functional Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on estimates of personnel time and space used.

Note 2 - CASH AND CASH EQUIVALENTS

The Radio Station's deposits in the bank accounts of Western Iowa Tech Community College at June 30, 2012 and 2011, were entirely covered by the Federal Depository Insurance Corporation, government securities pledged by the banks as collateral on repurchase agreement accounts, or by the State Sinking Fund, in accordance with Chapter 12C of the Code of Iowa. This Chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

For purposes of the Statement of Cash Flows, the Radio Station considers all unrestricted short term debt securities purchased with a maturity of three months or less to be cash equivalents.

Note 3 - ENDOWMENT INVESTMENTS

The Friends of FM 90 Endowment was established by a contributor to benefit the arts organization within the Siouxland Community. This contribution and its earnings were fully restricted until the principal reached $250,000. Because the principal has surpassed $250,000, interest earned may now be withdrawn for Radio Station activities. The investments are recorded at market. A summary of the investments is as follows:

	2012 Cost	2012 Market
Federated Prime Management Obligations Fund	$ 80,198	$ 80,198
Wells Fargo and Co. at 4.95%, Maturing 10-16-13 (A3)	70,735	68,150

Interest Rate Risk: The Radio Station, as a part of Western Iowa Tech Community College, has an investment policy that limits the investment of operating funds (funds expected to be expended in the current budget year or within fifteen months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the Radio Station.

Credit Risk: The endowment investments that were rated by Moody's Investors Service at June 30, 2012 and 2011, have their ratings denoted in parentheses above. The remaining investments have either not been rated or are not exposed to credit risk.

Note 3 - ENDOWMENT INVESTMENTS
(Cont.)

Concentration of Credit Risk: The Radio Station's policy is to diversify its investments by limiting investments in prime bankers acceptances or commercial paper to no more than 10% of its portfolio maturities. At June 30, 2012 and 2011, the following investment types exceeded 5% of the total endowment investment portfolio:

2012
Federated Prime Management Obligations Fund
Oakmark International Fund
Mainstay Funds Large Cap Growth Fund Class
Weitz Value Portfolio
Wells Fargo and Co.
Goldman Sachs Absolute Return Tracker Fund In
T Rowe Price Equity Income

2011
Federated Prime Management Obligations Fund
Oakmark International Fund
Goldman Sachs Growth Opportunities Fund Investment
Longleaf Partners International Fund
Mainstay Funds Large Cap Growth Fund Class
Weitz Value Portfolio
Wells Fargo and Co.

On July 1, 2008, the State of Iowa adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) which assisted organizations in managing their endowment funds. The Friends of FM 90 Endowment consists of one individual fund. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions.

Interpretation of Law
The directors of Friends have reviewed the endowment fund for purposes of classifying as permanently restricted net assets, the historic dollar value of endowment funds received. The term "historic dollar value" is defined as the aggregate fair value in dollars of:

(1) The original values of the gifts donated to the permanent endowment,

(2) Each subsequent donation to the fund at the time it is made, and

(3) Each accumulation made pursuant to a provision in the applicable gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment funds that are not classified as permanently restricted net assets shall be classified as temporarily restricted net assets until appropriated for expenditure by Friends in a manner consistent with the Standard of Prudence prescribed by UPMIFA.

Note 3 - ENDOWMENT INVESTMENTS
(Cont.) Endowment Net Asset Composition by Type of Fund as of June 30, 2012.

Funds with Deficiencies
From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires Friends to retain as a fund of perpetual duration. In accordance with the Codification, deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of temporarily restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were $7,207 and $1,570 for June 30, 2012 and 2011, respectively. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level will be classified as an increase in unrestricted net assets.

Return Objectives and Risk Parameters
Friends has adopted investment and spending policies for endowment assets that attempt to achieve long-term preservation and conservative growth of the sums received as donations. Endowment assets include those assets of donor-restricted funds that Friends must hold in perpetuity or for a donor-specified period(s) as well as board designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that will obtain the maximum possible total return, taking into account both income and appreciation, that is consistent with an acceptable level of risk.

Note 3 - ENDOWMENT INVESTMENTS
(Cont.)

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, Friends relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Friends targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Friends has a policy of appropriating for distribution each year a certain percent, not to exceed four percent, of its endowment fund's market value on December 31st of the preceding year.

Note 4 - CAPITAL ASSETS

Capital assets activity for the years ended June 30, 2012 and 2011, is as follows:

	Balance July 1, 2011	Additions	Deletions	Balance June 30, 2012
Buildings	$ 286,625			$ 286,625
Radio Tower	570,814			570,814
Furniture and Equipment	229,614	$ 34,386		264,000
	1,087,053	34,386	-	1,121,439
Accumulated Depreciation	(710,965)	$(50,391)		(761,356)
Net Capital Assets	$ 376,088	$(16,005)	-	$ 360,083

	Balance July 1, 2010	Additions	Deletions	Balance June 30, 2011
Buildings	$ 286,625			$ 286,625
Radio Tower	570,814			570,814
Furniture and Equipment	229,614			229,614
	$ 1,087,053	-	-	$ 1,087,053
Accumulated Depreciation	(665,158)	(45,807)		(710,965)
Net Capital Assets	$ 421,895	$(45,807)	-	$ 376,088

Note 5 - OPERATING LEASES

The Radio Station leases tower and transmitter space to various other communications companies in the area. All of the leases are classified as operating leases. The estimated minimum rent receipts for the remainder of the lease terms are as follows:

Years Ending June 30,	Amount
2013	$ 35,675
2014	13,781
2015	13,781
2016	13,781
2017	1,149
Total	$ 78,167

The Radio Station also leases tower space from which its repeater station, KOJI, transmits. This lease expires June 3, 2013. The future minimum lease payments required by the Radio Station for the lease term are as follows:

Years Ending June 30,	Amount
2013	$ 4,884

Total lease expense for the years ended June 30, 2012 and 2011, were $5,772 and $5,328, respectively.

Note 6 - IOWA PUBLIC EMPLOYEES RETIREMENT SYSTEM (IPERS)

Western Iowa Tech Community College contributes to the Iowa Public Employees Retirement System (IPERS) on behalf of KWIT-KOJI FM Radio. IPERS is a cost-sharing, multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P. O. Box 9117, Des Moines, Iowa, 50306-9117.

For the year ended June 30, 2012, Plan members are required to contribute 5.38% of their annual covered salary and the Community College is required to contribute 8.07% of annual payroll. For the year ended June 30, 2011, the required contributions percentages were 4.50% and 6.95%, respectively. Contribution requirements are established by state statute. The Community College's contributions to IPERS for the years ended June 30, 2012, 2011 and 2010, were $5,757, $4,404 and $3,925, respectively, equal to the required contributions for each year.

Note 7 - TEACHERS INSURANCE AND ANNUITY ASSOCIATION - COLLEGE RETIREMENT EQUITIES FUND (TIAA-CREF)

Western Iowa Tech Community College contributes to the TIAA-CREF retirement program, a defined contribution plan, on behalf of KWIT-KOJI FM Radio. TIAA administers the retirement plan for the Community College. The defined contribution retirement plan provides individual annuities for each plan participant. As required by the Code of Iowa, all eligible Community College employees must participate in a retirement plan from the date they are employed.

Contributions made by both employer and employee vest immediately. For the year ended June 30, 2012, as specified by the contract with TIAA-CREF, and in accordance with the Code of Iowa, each employee was required to contribute 5.38% and the Community College was required to contribute 8.07%. For the year ended June 30, 2011, the required contribution percentages were 4.50% and 6.95%, respectively. The Community College's required and actual contributions to TIAA-CREF for the years ended June 30, 2012 and 2011, were $20,917 and $17,679, respectively. The employees' required and actual contributions to TIAA-CREF for the years ended June 30, 2012 and 2011, were $13,995 and $11,447, respectively.

Note 8 - FUNDRAISING EXPENSES

During the years ended June 30, 2012 and 2011, the Radio Station conducted various fundraising activities. Management and general expenses related to fundraising for the years ended June 30, 2012 and 2011, total $36,958 and $34,695, respectively.

Note 9 - CONTINGENCIES

The National Telecommunications and Information Administration, as the federal grantor of funds to KWIT-KOJI FM Radio, holds a 10-year reversionary interest in digital equipment purchased by the Radio Station during the year ended June 30, 2004. The period of interest expires June 30, 2014. Accordingly, the Radio Station has $40,569 of expendable restricted net assets.

Note 10 - SUBSEQUENT EVENTS

The Radio Station has evaluated all subsequent events through September 28, 2012, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Western Iowa Tech Community College
Sioux City, Iowa

We have audited the financial statements of the business-type activities and discretely presented component unit of KWIT-KOJI FM RADIO, a public telecommunications entity operated by Western Iowa Tech Community College, as of and for the years ended June 30, 2012 and 2011, which collectively comprise the Radio Station's basic financial statements and have issued our report thereon dated September 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Radio Station is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Radio Station's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Radio Station's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Radio Station's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Radio Station's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Radio Station's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

This report is intended solely for the information and use of the officials, employees and constituents of KWIT-KOJI FM Radio, a public telecommunications entity operated by Western Iowa Tech Community College, and its discretely presented component unit, and other parties to whom the Radio Station may report, including federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors
Western Iowa Tech Community College
Sioux City, Iowa

We have audited the financial statements of the business-type activities and the discretely presented component unit of KWIT - KOJI FM RADIO, a public telecommunications entity operated by Western Iowa Tech Community College, for the year ended June 30, 2012. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated July 3, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects if Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by KWIT –KOJI FM Radio are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2012. We noted no transactions entered into by the Radio Station during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's estimate of the depreciable lives of capital assets. We evaluated the key factors and assumptions used to develop the depreciable lives of capital assets in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. We have evaluated the disclosures in the financial statements and they are neutral, consistent and clear in relation to the financial statements taken as a whole. The most sensitive disclosures affecting the financial statements were:

> The disclosure of In-Kind Contributions in Note 1, Endowment Investments in Note 3 and Capital Assets in Note 4 to the financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate then to the appropriate level of management. The following material misstatements detected as a result of audit procedures were corrected by management:

> There were three material audit adjustments made to the original trial balance presented to us at the beginning of our audit. These entries primarily related to the recording of in-kind contributions for the year.

The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 28, 2012.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Radio Station's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Directors and management of KWIT - KOJI FM Radio and is not intended to be and should not be used by anyone other than these specified parties.
