Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Keokuk, Iowa, as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements listed in the table of contents. These financial statements are the responsibility of the City of Keokuk's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Keokuk As of June 30, 2005, and the respective changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated February 15, 2006 on our consideration of the City of Keokuk's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 14 and 31 through 33 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Keokuk's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2004 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 5, including the accompanying Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

John A. Russell CPA PC

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of the City of Keokuk's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2005. Please read it in conjunction with the City's financial statements that begin on Page 16.

As this is now the third year for the City's new reporting standards required by the Government Accounting Standards Board Statement No. 34 which implemented significant changes in content and structure, the information is now comparable to prior years.

FINANCIAL HIGHLIGHTS

- The City's total receipts did not meet total disbursements by \$375,996 for the year resulting in a net decrease of total cash balances of 3.85 percent over the previous year. Total governmental activities decreased by \$208,449. This decrease is again attributable to a reduction in tax revenue, interest revenue and reduced state-shared revenue. Business type activities decreased by \$168,083.
- The City received a number of local, state and federal grants in the amount of \$2,149,194.
- The City's General Fund ended the year with a cash balance of \$609,390, which represents a 39.1% decrease of recurring revenue of the Fund. .
- The City of Keokuk increased its working force by 2 employees in the Police Department..
- The City of Keokuk is in the final stages of distributing \$100,000 of Local Housing Assistance Funds for acquisition, demolition and new construction of six single family homes that provide affordable housing to homebuyers whose incomes are at or below 110% of the area median income.
- The City of Keokuk is working in conjunction with the Keokuk Habitat for Humanity to provide assistance in the construction of four homes throughout the City. Two homes have been completed and a third is under construction. The City of Keokuk acquires dilapidated houses, demolishes and turns the filled lots over to Habitat for construction of affordable housing to income qualifying families. A \$90,000 Project Based Housing Program provided through the Iowa Finance Authority has made this possible.
- Phase II of the Main Street project was completed on schedule. This was a 4.5 million dollar project which installed new concrete street, curbs and sidewalks with turn lanes from South Navaho Drive to 14th Street along with new street lighting.

- The City of Keokuk completed the Commercial Street Reconstruction Project and the South Seventh Street Resurfacing Project using funds from the US Department of Commerce, Economic Development Administration, the Iowa Department of Transportation, RISE Funds and local funds from industry. The total cost as completed was approximately \$1,100,000 with no City funds being spent on the project.
- The Keokuk Municipal Airport completed many projects utilizing grants from the Iowa Department of Transportation and the Federal Aviation Administration. These projects included construction of a portion of the T-hangar, taxi lanes, office building modification, updating of the Airport Layout Plan, purchase of property and demolition of structures for the instrument landing system and repair of expansion problems on Runway 8-26.
- The City of Keokuk completed a housing rehabilitation program in which 13 low-to-moderate-income homeowners in a targeted area were each granted up to \$24,999 for home improvements. The forgivable loan program was made possible by a \$400,000 grant from the Iowa Department of Economic Development. The 13 homeowners were able to make value-added improvements to their properties and the work completed enhanced each of their neighborhoods.
- Maintenance work on the earthen portion of the floodwall has been in progress for the past two years. It is anticipated that one more year of work will be necessary to reestablish the correct slope on the riverside of the floodwall. \$70,000 to date has been expended and it is estimated that another \$45,000 will be required during the next budget period. Long range projects anticipated in the future include surfacing of the gravel roadway at the base of the floodwall on the land side.

USING THIS ANNUAL REPORT

This annual report is presented in a format consistent with the presentation requirements of the Government Accounting Standards Board (GASB) Statement No. 34. GASB 34 implements a new model of financial reporting for state and local governments designed to enhance the usefulness of the City's financial report.

Report Components

This annual report consists of five parts, as follows:

Government-wide Financial Statements: The Statement of Activities and Changes in Cash Balances (pages 17 - 18) provide information about the activities of the City government-wide (or "as a whole") and present an overall view of the City's finances.

Fund Financial Statements: Fund financial statements (starting on Page 19) focus on the individual parts of the City government. Fund financial statements also report on the City's operations in more detail than the government-wide statements by providing information about the City's most significant ("major") funds. For *government activities*, these statements tell how these services were financed in the short term as well as what remains for future spending. For *proprietary activities*, these statements offer short-term and long-term financial information about the activities the City operates like business, such as the sewer, sanitation and bridge services.

Notes to the Financial Statements: The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Required Supplementary Information: The Management Discussion and Analysis and the General Funds Budgetary Comparison Schedule (starting on page 32) represent financial information required to be presented by the GASB. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements and notes (referred to as the 'basic financial statements').

Other Supplementary information: This part of the annual report (starting on page 36) includes optional financial information such as combining statements for non-major funds (which are added together and shown in the fund financial statements in a single column), a schedule of federal and state awards, and schedules of compliance with certain debt covenants. This other supplemental financial information is provided to address certain specific needs of various users of the City's financial report.

Basis of Accounting

The City has elected to present its financial statements on a cash basis for accounting. This cash basis of accounting is a basis of accounting other than generally accepted accounting principles. Basis of accounting is a reference to *when* financial events are recorded, such as the timing for recognizing revenues, expenses and their related assets and liabilities. Under the city's cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from cash transactions.

Reporting the City as a Whole

The Statement of Activities and Changes in Cash Balance presents information showing how the City's cash balance changed during the most recent fiscal year.

The City's governmental activities are displayed in the Statement of Activities and Changes in Cash Balance. Governmental activities include public safety, public works, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.

The business-type activities of the City include the sewer, garbage and bridge systems. These activities are financed primarily by user charges.

A FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Changes in Cash Balances

For the year ended June 30, 2005, net assets of the primary government changed as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total</u>
Beginning Cash Balance	4,119,804	5,632,482	9,752,286
Reduction in Cash Balance	(208,449)	(167,547)	(375,996)
Ending Cash Balance	3,911,355	5,464,935	9,376,290

This represents a decrease of 3.85% in total activities, a decrease of 5.05% for government activities and a 2.97% decrease for business-type activities.

Reporting the City's Most Significant Funds

The Fund Financial Statements

The analysis of the City's major funds begin on Page 19 and provide detailed information about the most significant funds; not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, the City Council establishes certain other funds to help it control and manage money for particular purposes or to

show that it is meeting legal responsibilities for using certain taxes, grants or other money.

The City has two kinds of funds:

Governmental funds account for most of the City's basic services. They focus on how money flows into and out of those funds and the balances at year-end that are available for spending. Governmental funds include: 1) the General Fund, 2) the Special Revenue Funds such as Road Use Tax and Local Option Tax, 3) the Debt Service Fund, 4) the Capital Projects Fund and 5) the Other Non-major Governmental Funds. Governmental funds are reported on the basis of cash receipts and disbursements. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Financial records and reports are prepared on the basis of when cash is received and disbursed. The government fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

Proprietary funds account for the City's Enterprise Funds and for the Internal Service Funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide statement of activities and changes in cash balance. The City maintains three enterprise funds to provide separate information for the sewer fund, solid waste fund and bridge fund, considered to be major funds of the City. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The Internal Service Fund utilized by the City accounts for retirees, Keokuk Municipal Waterworks and Low Rent Housing group health insurance.

Permanent funds represent the fiduciary funds being held for our Oakland Cemetery's perpetual care.

Governmental Activities

- The General Fund is the chief operating fund of the City. At the end of the current fiscal year the cash balance of the General Fund was \$609,390, a decrease of \$391,538 from the prior year. This decrease is attributable to a reduction in tax revenue and interest revenue.
- The Road Use Tax fund cash balance increased by \$78,957 to \$505,831 during the fiscal year. This occurred due to holding on spending.
- The Local Option Sales Tax Fund cash balance increased by \$180,111 to \$1,026,258 during the fiscal year. This occurred to reserving funds for capital projects.
- The Capital Projects Fund decreased by \$4,817 to (\$64,820) due to payment on projects not yet received.

Cash Basis Net Assets End of Year	3,911,355	4,119,804	4,510,856

Business-type Activities

The cash balance of the Sewer Fund decreased by \$158,539 to \$563,895. Sewer rates were increased effective July, 2005. The cash balance of the Solid Waste Fund decreased by \$33,753 to \$85,726. Garbage rates were increased effective July 1, 2005. The cash balance in the Bridge Fund increased by \$24,992. Transit rates (railroad tolls) will again be increased for the next fiscal year

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the City Council annually adopts a budget following required public notice and hearings for all funds. Although the budget document presents functional disbursements by fund, the legal level of control is at the aggregated function level, not at the fund or fund type level. The budget was amended once during the course of the year on May 19, 2005. The City had sufficient cash balances to absorb these additional costs. None of the amendments made during the 2005 fiscal year should have any impact on the 2006 fiscal year budget.

LONG-TERM DEBT

At year-end the City had \$6,105,000 in General Obligation Bond debt compared to \$6,790,000 last year. This represents a nearly 10% reduction. The City's long-term debt is comprised of the following:

Issue 2002 Capital Loan Notes	\$3,460,000
Issue 1996 General Obligation Bonds	\$290,000
Issue 2000 General Obligation Bonds	<u>\$2,355,000</u>
Total	\$6,105,000

The 1996 General Obligation Bonds are paid from Tax Increment Financing revenue to pay the required debt service for floodwall improvements by the City. All revenues derived from the Twin Rivers TIF district are directed toward debt service payments on the 2002 Capital Loan Notes. All revenues derived from Keokuk Senior Housing TIF are directed toward debt service payments on the 2000 General Obligation Bonds.

The City's general obligation bond rating continues to be A₃, a rating that has been assigned by Moody's Investor Services. The City's outstanding debt is well below the 5% limit of the 100% assessed property value.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Again, the continued poor economy, high unemployment regionally, the State of Iowa's fiscal woes, the additional rollback and the decrease in the Utility Excise Tax has caused the City to continue to experience cuts in revenues resulting in decreased operating revenues for the City, especially in general fund departmental operations. However, new interest in industrial development is being experienced along with interest in commercial endeavors. There is still concern regarding future property tax revenues resulting from 2006 State legislation which could overhaul the property tax system but it is not likely to happen in this session. This does not come into play immediately but could impact the City in future years.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional information, contact the City Clerk's office at 415 Blondeau Street, Keokuk, Iowa 52632 or telephone at 319.524.2050.

City of Keokuk

Notes to Financial Statements

June 30, 2005

1) Summary of Significant Accounting Policies

The City of Keokuk is a political subdivision of the State of Iowa located in Lee County. It was first incorporated in 1847 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens including public safety, public works, culture and recreation, community and economic development, and general government services. The City also provides solid waste pick-up and sewer utilities for its citizens.

A. Reporting Entity

For financial reporting purposes, the City of Keokuk has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City. The City has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations

The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Great River Regional Waste Authority and Keokuk Economic Development Corporation.

B. Basis of Presentation

Government-Wide and Fund Financial Statements - The Statement of Activities and Net Assets reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The Statement of Activities and Net Assets presents the City's nonfiduciary net assets. Net assets are reported in two categories:

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding category. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities and Net Assets demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and (2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

Fund Financial Statements – Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Road Use Tax Fund is used to account for road construction and maintenance.

The Local Option Sales Tax Fund is used to account for local option sales tax receipts.

The Employee Benefits Fund is used to account for the employee benefits paid.

The Debt Service Fund is utilized to account for the payment of interest and principal on the City's general long-term debt.

The Capital Projects Fund is used to account for construction projects and infrastructure improvements.

The City reports the following major proprietary funds:

The Solid Waste Fund accounts for the operation and maintenance of the City's solid waste system.

The Sewer Fund accounts for the operation and maintenance of the City's waste water treatment and sanitary sewer system.

The Bridge Fund accounts for the operation and maintenance of the City's bridge.

The City also reports the following additional proprietary fund:

An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the City and provided to other departments or agencies on a cost reimbursement basis.

C. Measurement Focus and Basis of Accounting

The City of Keokuk maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2005, disbursements did not exceed the amounts budgeted in the general government and business type activities functions.

2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2005 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City's investments at June 30, 2005 are as follows:

Type	Carrying Amount	Fair Value	Maturity
Federal National Mortgage Association (FNMA)	\$1,240,769	\$1,231,555	07/21/2011 to 04/15/2013
Federal Home Loan Board (FHLB)	\$3,226,286	\$3,215,210	08/19/2010 to 11/26/2012

In addition, the City had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$2,220,000 pursuant to Rule 2a-7 under the Investment Company Act of 1940 and are not subject to risk categorization.

Interest rate risk – The City’s investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the City.

Credit risk – The City’s investment in the Iowa Public Agency Investment Trust is unrated.

3) Long-Term Debt

Bonds Payable

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending	General	Obligation	
June 30,	Principal	Interest	Total
2006	505,000	280,927	785,927
2007	535,000	259,727	794,727
2008	555,000	236,607	791,607
2009	470,000	212,041	682,041
2010	490,000	191,198	681,198
2011-2015	2,845,000	591,480	3,436,480
2016-2018	<u>705,000</u>	<u>50,775</u>	<u>755,775</u>
Total	<u>6,105,000</u>	<u>1,822,755</u>	<u>7,927,755</u>

The Code of Iowa requires that principal and interest on general obligation bonds be paid from the Debt Service Fund.

Note Payable Bank

On August 20, 2003, the City entered into a note agreement with Keokuk Savings Bank in the amount of \$68,934 for the purchase of a CAT End loader. The note is at 2.65% and is due in 4 equal installments on \$18,389 each beginning August 21, 2004. Annual payment requirements are as follows:

June 30,	Principal	Interest	Total
2006	17,001	1,388	18,389
2007	17,452	937	18,389
2008	<u>17,923</u>	<u>466</u>	<u>18,389</u>
Total	<u>52,376</u>	<u>2,791</u>	<u>55,167</u>

4) Pension and Retirement Benefits

The City contributes to the Municipal Fire and Police Retirement System of Iowa (the Plan), which is a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees. The Plan provides retirement, disability and death benefits which are established by State statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The above report may be obtained by writing to Municipal Fire and Police Retirement System of Iowa, 2836 104th St., Urbandale, Iowa 50322.

Plan members are required to contribute 9.35% of earnable compensation and the City’s contribution rate may not be less than 17% of earnable compensation. Contribution requirements are established by State statute. The City’s contribution to the Plan for the years ended June 30, 2005, 2004, and 2003 were \$421,846, \$344,249 and \$286,655 respectively, which met the required minimum contribution.

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the City is required to contribute 5.75% of annual covered payroll. Contribution requirements are established by State statute. The City's contributions to IPERS for the years ended June 30, 2005, 2004, and 2003 were \$143,822, \$141,858, and \$143,636, respectively, equal to the required contributions for each year.

5) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or normal retirement. Upon retirement each employee is entitled to 100% of his accumulated sick leave up to a maximum of 71 days or 568 hours. City management employees may accumulate a maximum of 90 days or 720 hours. Firemen are entitled to 900 hours of accumulated sick leave due to their longer average work week. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for earned compensated absences payable to employees at June 30, 2005, primarily relating to the General Fund, is as follows:

This liability has been computed based on rates of pay as of June 30, 2005.

Type of Benefit	Amount
Vacation	\$345,697
Sick Leave	851,929
Total	\$1,197,626

6) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2005, is as follows:

Transfer to	Transfer from	Amount
General	Special Revenue:	
	Local Option Sales Tax	\$ 128,756
	Road Use Tax	227,909
	Employee Benefits	1,283,525
	Tax Increment Financing	6,279
	Emergency Fund	70,535
	Sewer Fund	45,128
		<u>1,762,132</u>
Local Option Sales Tax	Road Use Tax	100,000
	Capital Projects	5,838
	Sewer	12,714
	<u>118,552</u>	
Debt Service	Local Option Sales Tax	450,000
	Tax Increment Financing	193,768
	<u>643,768</u>	
Capital Projects	Local Option Sales Tax	139,319
Enterprise	General	3,926
Employee Benefits	Police and Fire Retirement	407,249
	Total	<u>\$ 3,074,946</u>

7) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

8) Industrial Development Revenue Bonds

The City has issued \$8,745,000 of industrial development revenue bonds of which \$6,885,000 is outstanding at June 30, 2005, for the purposes of constructing privately owned manufacturing and other related facilities within the City. These bonds are not either direct or contingent liabilities of the City, as the revenue from lease agreements and property purchased with the bond proceeds are pledged for the total payment of principal and interest on the bonds and the bondholders can look only to those sources for repayment.

9) Deficit Fund Balance

The Capital Projects Fund had a deficit balance of \$64,820 at June 30, 2005. The deficit balance was a result of highway and airport project costs incurred prior to availability of grant funds. The deficit will be eliminated upon receipt of grant monies and transfers from local option sales tax infrastructure fund balances.

10) Commitments

The City has entered into various contracts for road and street projects and airport improvement projects. The total amount of contracts awarded is \$807,912. Work completed on these contracts is \$551,103 of which \$534,570 has been paid as of June 30, 2005.

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2005

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds, except Internal Service Funds and Fiduciary Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon ten major classes of disbursements known as functions, not by fund or fund type. These ten functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, business-type and non-program. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds and Proprietary Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not at the fund or fund type level. During the year, one budget amendment increased budgeted disbursements by \$329,278. This budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2005, disbursements did not exceed the amounts budgeted in the general government or business-type functions.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance
and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with Government Auditing
Standards

To the Honorable Mayor and
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Keokuk, Iowa, as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements listed in the table of contents and have issued our report thereon dated February 15, 2006. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City of Keokuk's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Keokuk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2005 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior year statutory comments have been resolved.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Keokuk and other parties to whom the City of Keokuk may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies assistance extended to us by personnel of the City of Keokuk during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control over Compliance
in Accordance with OMB Circular A-133

To the Honorable Mayor and
Members of the City Council:

Compliance

We have audited the compliance of the City of Keokuk, Iowa, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2005. The City of Keokuk's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of the City of Keokuk's management. Our responsibility is to express an opinion on the City of Keokuk's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards, and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Keokuk's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Keokuk's compliance with those requirements.

In our opinion, the City of Keokuk complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2005. The results of our auditing procedures disclosed no instances of non-compliance with those requirements necessary to be reported in accordance with OMB Circular A-133.

Internal Control Over Compliance

The management of the City of Keokuk is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered the City of Keokuk's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulation, contracts and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Keokuk and other parties to whom the City of Keokuk may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

City of Keokuk

Schedule of Findings and Questioned Costs

Year ended June 30, 2005

Part I: Summary of the Independent Auditor's Results

- (a.) An unqualified opinion was issued on the financial statements which were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
- (b.) No reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c.) The audit did not disclose any non-compliance which is material to the financial statements.
- (d.) No reportable conditions in internal control over the major program was disclosed by the audit of the financial statements.
- (e.) An unqualified opinion was issued on compliance with requirements applicable to the major program.
- (f.) The audit disclosed no audit findings which are required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510 (a).
- (g.) The major program was CFDA Number 11.300 Grants for Public Works and Economic Development Facilities.
- (h.) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i.) The City of Keokuk did not qualify as a low-risk auditee.

City of Keokuk

Schedule of Findings and Questioned Costs

Year Ended June 30, 2005

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

No material weaknesses in internal control over financial reporting were identified.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

No material weaknesses in internal control over financial reporting were identified.

Part IV: Other Findings Related to Required Statutory Reporting:

IV-A-05 Official Depository Banks – A resolution naming official depositories has been adopted by the City Council. The resolutions do not include funds of the Keokuk Municipal Water Works. The maximum deposit amounts were not exceeded during the year ended June 30, 2005.

<u>Bank</u>	<u>Maximum Authorized Deposit</u>
State Central Bank, Keokuk, Iowa	\$ 8,000,000
Keokuk Savings Bank & Trust Co., Keokuk, Iowa	8,000,000
First Community Bank, Keokuk, Iowa	8,000,000
Iowa Public Agency Investment Trust	8,000,000

IV-B-05 Certified Budget – Disbursements during the year ended June 30, 2005, did not exceed the amounts budgeted.

IV-C-05 Questionable Expenditures – No expenditures that we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

City of Keokuk

Schedule of Findings and Questioned Costs

Year Ended June 30, 2005

Part IV: Other Findings Related to Required Statutory Reporting (cont):

IV-D-05 Travel Expense – No expenditures of City money for travel expenses of spouses of City officials or employees were noted.

IV-E-05 Business Transactions – No business transactions between the City and City officials or employees were noted.

IV-F-05 Bond Coverage – Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations.

IV-G-05 Council Minutes – No transactions were found that we believe should have been approved in the Board minutes, but were not.

IV-H-05 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy were noted.
