SOUTH IOWA AREA DETENTION SERVICE AGENCY

Independent Auditor's Report

To the Board of Directors of the
South Iowa Area Detention Service Agency
Fairfield, Iowa

I have audited the accompanying financial statements of the South Iowa Area Detention Service Agency as of and for the year ended June 30, 2006. These financial statements are the responsibility of the South Iowa Area Detention Service Agency's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the South Iowa Area Detention Service Agency at June 30, 2006, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated June 8, 2007 on my consideration of the South Iowa Area Detention Service Agency's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

Management's Discussion and Analysis and budgetary comparison information on pages 8 through 12 and page 26 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. I previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (which are not presented herein) and expressed unqualified opinions on those financial statements.

Sincerely,

Ann M Menke

USING THIS ANNUAL REPORT

The South Iowa Area Detention Service Agency is a single Enterprise Fund and presents its financial statements using the economic resources measurement focus and accrual basis of accounting which is the same measurement focus and basis of accounting employed by private sector business enterprises. This discussion and analysis are intended to serve as an introduction to the South Iowa Area Detention Service Agency's basic financial statements. The Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

FINANCIAL ANALYSIS OF THE COMMISSION

Statement of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of the Agency's financial position. The Agency's net assets for fiscal 2006 totaled approximately \$2,767,856. This compares to approximately \$2,712,044 for fiscal 2005. A summary of the Agency's net assets is presented below.

	Net Assets	
	June 30,	
	2006	2005
Current assets	\$ 1,051,397	\$ 1,018,444
Capital assets at cost, less accumulated depreciation	1,857,881	1,968,644

Unrestricted	909,975	908,400
Total net assets	\$ 2,767,856	\$ 2,712,044

The largest portion of the Agency's net assets in 2006 is the amount invested in capital assets (67.1%, e.g., land, buildings and equipment). The remaining net assets (32.9%) are the unrestricted net assets that can be used to meet the Agency's obligations as they come due.

Statement of Revenues, Expenses and Changes in Net Assets

Operating revenues consist of county assessments, county transport fees, and other reimbursements. Operating expenses are expenses paid to operate the South Iowa Area Detention Service Agency. Non-operating revenues and expenses are interest income and interest expense. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life. A summary of revenues, expenses and changes in net assets for the year ended June 30, 2006 is presented below:

Net assets beginning of year	2,712,044	2,746,652
Net assets end of year	\$ 2,767,856	\$ 2,712,044

The Statement of Revenues, Expenses and Changes in Net Assets shows an operating profit this year due primarily to an increase in billable days. Overall net assets increased as a result of this increase in average daily population. The DHS reimbursement was lower than expected.

The Agency's operating revenues increased 16.6%, or approximately \$282,004, from fiscal 2005 to fiscal 2006. This was \$65,079 more than budgeted. The main reason for this increase in revenues is that average daily population at the detention facilities increased.

The Agency's operating expenses increased 7.0%, or approximately \$120,818, from fiscal 2005 to fiscal 2006. However, the operating expenses were \$59,722 less than budgeted. This decrease was primarily due to depreciation and food costs being lower than budgeted amounts.

The Agency's net assets increased approximately \$55,812, or 2.1%, from June 30, 2005 to June 30, 2006.

Statement of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital and related financing and investing activities. Cash provided by operating activities includes service fees and transportation paid by counties and reimbursements paid by the state reduced by payments to employees and to suppliers. Cash used from capital and related financing activities includes capital loan principal and interest payments, as well as collection of capital loan notes receivable. Cash provided by investing activities includes interest income.

CAPITAL ASSETS

At June 30, 2006, the Agency had approximately \$1,857,881 in capital assets, net of accumulated depreciation of approximately \$1,435,883. Depreciation charges totaled \$110,762 for fiscal 2006. More detailed information about the Agency's capital assets is presented in Note 4 to the financial statements.

LONG-TERM DEBT

At June 30, 2006, the Agency had no debt outstanding, a decrease of \$165,000 from 2005.

ECONOMIC FACTORS

A review of the fiscal year budget for the South Iowa Area Detention Service Agency showed actual operating income up from expectations by \$124,801, while operating revenue was up \$65,079 from expectations and operating expenses were \$59,722 less than projected.

Current cash status showed a total of \$374,219 in all accounts.

The State Detention Reimbursement Fund remitted \$427,202, which covered approximately 23.1% of our operating expenses for fiscal year 2006.

The fiscal year ended with 8,466 billing days, up approximately 1700 days from fiscal year 2005. Overall, capacity and average daily population improved at both locations; approximately 12.37 (58.9% capacity) at the Lee facility, and approximately 10.86 (51.7% capacity) at the Lucas facility. An average daily population of approximately 25-30 is necessary to meet expenses.

SOUTH IOWA AREA DETENTION SERVICE AGENCY
NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The South Iowa Area Detention Service Agency was formed in 1991 by ten Southern Iowa member counties, pursuant to the provisions of Chapter 28E of the Code of Iowa. The Agency operates two juvenile detention facilities located in Chariton, Iowa and Montrose, Iowa. The Agency is governed by a Board comprised of one representative from each of the following member counties: Appanoose, Davis, Des Moines, Jefferson, Lee, Lucas, Louisa, Mahaska, Union, and Wapello. In the performance of its duties, the Board may cooperate with, contract with, and accept and expend funds from federal, state, or local agencies, public or semi-public, private individuals or corporations, and may carry out such cooperative undertakings and contracts as provided by law. The Agency's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the South Iowa Area Detention Service Agency has included all funds, organizations, agencies, boards, commissions, and authorities. The Agency has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Agency. The South Iowa Area Detention Service Agency has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations

Several members of the Agency's board of directors are also board members of the South Iowa Area Crime Commission, which is a jointly governed organization since it provides services to the member counties of the Agency but does not meet the criteria of a joint venture.

B. Basis of Presentation

The accounts of the South Iowa Area Detention Service Agency are organized as an Enterprise Fund. Enterprise Funds are used to account for operations (a) financed and operated in a manner similar to private business enterprises, where the intent of the governing body is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus and Basis of Accounting

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due.

The Agency applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Agency's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Budgets

The Agency annually adopts a budget on the accrual basis. The annual budget may be amended during the year upon approval of the Board. The budgetary comparison and related disclosures are reported as Required Supplementary Information.

E. Assets, Liabilities, and Net Investments

The following accounting policies are followed in preparing the Statement of Net Assets:

Cash, Pooled Investments and Cash Equivalents –. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, have a maturity date no longer than three months.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets – Capital assets, which include property, equipment, and vehicles are accounted for at historical cost or estimated historical costs if actual cost is not available. Donated assets are valued at their estimated fair value on the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the Agency as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Buildings and improvements	\$ 25,000
Equipment and vehicles	4,000

Capital assets of the Agency are depreciated using the straight-line method over the following estimated useful lives:

Buildings	25-35 years
Equipment and furnishings	5-10 years
Vehicles	3-8 years

Income Taxes – The Agency is exempt from federal and state income taxes.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Compensated Absences – Agency employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use. Unused vacation hours are paid upon termination, retirement, or death. Employees accumulate sick leave up to a maximum of 108 days. If not used this sick leave is lost except upon retirement at which time the agency will buy back the unused sick leave at a rate of one hour for every three hours unused provided the employee is eligible to retire in accordance with IPERS guidelines. The Agency’s approximate liability for earned vacation payable to employees at June 30, 2006, is \$54,275. The maximum potential liability for employee sick leave at June 30, 2006 is \$210,957. This liability has been computed based on rates of pay as of June 30, 2006.

NOTE 5 – RISK MANAGEMENT

The Agency is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 531 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 300 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The Agency's property and casualty contributions to the risk pool are recorded as disbursements from its operating funds at the time of payment to the risk pool. The Agency's annual contributions to the Pool for the year ended June 30, 2006 were \$48,010.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$5,000,000 in aggregate per year. For members requiring specific coverage from \$2,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$100,000 each occurrence, each location, with excess coverage reinsured on an individual-member basis.

NOTE 5 – RISK MANAGEMENT (Continued)

The Pools' intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The Agency does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2006, no liability has been recorded in the Agency's financial statements. As of June 30, 2006, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The Agency also carries commercial insurance purchased from other insurers for coverage associated with worker's compensation. The Agency assumes liability for any deductibles, and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS**

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors of the
South Iowa Area Detention Service Agency
Fairfield, Iowa

I have audited the accompanying financial statements of the South Iowa Area Detention Service Agency as of and for the year ended June 30, 2006, and have issued my report thereon dated June 8, 2007. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the South Iowa Area Detention Service Agency's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, I noted certain matters involving the internal control over financial reporting and its operation that I consider to be reportable conditions. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in my judgment, could adversely affect the South Iowa Area Detention Service Agency's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, I believe item 2006-I-A is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the South Iowa Area Detention Service Agency's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the South Iowa Area Detention Service Agency's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the South Iowa Area Detention Service Agency. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of the South Iowa Area Detention Service Agency and other parties to whom the South Iowa Area Detention Service Agency may report. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to me by personnel of the South Iowa Area Detention Service Agency during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience.

Sincerely,

Ann M Menke

SCHEDULE OF FINDINGS
For the Year Ended June 30, 2006**

Part I: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

2006-I-A:

Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. I noted that the same individual who prepares the bank deposits may also prepare billings, maintain cash receipts and accounts receivable records, prepare checks, and record disbursements in the accounting records.

Recommendation – I realize that with a limited number of office employees, segregation of duties is difficult. However, the Agency should continue to review its operating procedures to obtain the maximum internal control possible under the circumstances.

Response – Due to the limited number of office employees, segregation of duties is very difficult. However, we will have the manager and other staff, where appropriate, review receipts, invoices and bill payments, and payroll as much as possible.

Conclusion – Response accepted.

**SOUTH IOWA AREA DETENTION SERVICE AGENCY
SCHEDULE OF FINDINGS
For the Year Ended June 30, 2006**

Part II: Other Findings Related to Statutory Reporting:

2006-II-A

Questionable Disbursements – No expenses that may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted.

2006-II-B

Travel Expense – No expenditures of Agency money for travel expenses of spouses of Agency officials or employees were noted.

2006-II-C

Business Transactions – No business transactions between the Agency and Agency officials or employees were noted.

2006-II-D

Bond Coverage – Surety bond coverage of Agency officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

2006-II-E

Agency Meetings – No transactions were found that I believe should have been approved in the Agency minutes but were not.

2006-II-F

Deposits and Investments – We noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the Agency’s investment policy.
