Independent Auditors' Report

Board of Trustees
Ogden Municipal Utilities
Ogden, IA 50212

We have audited the accompanying financial statements of the business type activities, each major fund, and the aggregate remaining fund information of the Ogden Municipal Utilities, a component unit of the City of Ogden, as of and for the year ended June 30, 2006, which collectively comprise the Utilities' basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Utilities' officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to the financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the business type activities, each major fund, and the aggregate remaining fund information of the Ogden Municipal Utilities as of June 30, 2006, and the respective changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated December 1, 2006 on our consideration of the Ogden Municipal Utilities' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 6 through 9 and on pages 19 through 20 are not required parts of the basic financial statement, but are supplementary information required by the Governmental Accounting Standards Board. We have applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Ogden Municipal Utilities. The supplemental information included in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audits of the aforementioned financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Ogden Municipal Utilities provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the Utilities' financial statements, which follow.

2006 FINANCIAL HIGHLIGHTS

- Charges for service receipts in the Utilities' Electric Department increased approximately 11%, or \$137,614 from fiscal 2005 to fiscal 2006. Charges for service receipts in the Utilities' Water Department increased approximately 28% or \$73,479 from fiscal 2005 to fiscal 2006.
- Disbursements in the Electric Department increased approximately 10% or \$142,682 in fiscal 2006 from fiscal 2005. Disbursements in the Water Department increased approximately 66% or \$168,255 in fiscal 2006.
- The Utilities' total cash basis net assets increased approximately 3% or \$27,464 from June 30, 2005 to June 30, 2006.

USING THIS ANNUAL REPORT

The Utilities have elected to present its financial statement on the cash basis of accounting. The cash basis of accounting is a basis of accounting other than U.S. generally accepted accounting principles. Basis of accounting refers to when financial events are recorded, such as the timing for recognizing revenues, expenses and the related assets and liabilities. Under the Utilities' cash basis of accounting, revenues and expenses and the related assets and liabilities are recorded when they result from cash transactions.

As a result of the use of this cash basis of accounting, certain assets and their related revenues and liabilities and their related expenses are not recorded in this financial statement. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

The annual report is presented in a format consistent with the presentation of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Utilities cash basis of accounting.

This discussion and analysis are intended to serve as an introduction to the Utilities' financial statements. The annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Utilities' financial activities.

The Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets provides information about the activities of Ogden Municipal Utilities as a whole and presents an overall view of the Utilities' finances.

The Statement of Cash Receipts, Disbursements and Changes in Cash Balances tell how the utilities' services were financed in the short term as well as what remains for future spending. Fund financial statements report Ogden Municipal Utilities operations in more detail.

Notes to the Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the Utilities' budget for the year.

Other Supplementary Information provides detailed information of the Utilities' debt at June 30, 2006.

UTILITY-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of financial position. The Utilities' Cash Basis Net Assets increased from \$993,855 to \$1,021,319. The analysis that follows focuses on the changes in cash balances for the Utilities' Cash Basis Net Assets. A summary of cash receipts, disbursements and changes in cash basis net assets for the years ended June 30, 2006 and June 30, 2005 are presented below:

	Year Ended June 30,	
	<u>2006</u>	<u>2005</u>
Receipts:		
Operating receipts:		
Charges for services:		
Electric	\$ 1,341,866	\$ 1,204,252
Water	339,346	265,867
Miscellaneous	140,436	183,893
Non-operating receipts:		
Interest on investments	32,728	21,725
Bond proceeds	<u>200,000</u>	<u>-</u>
Total receipts	<u>2,054,376</u>	<u>1,675,737</u>
Disbursements:		
Electric	1,603,144	1,460,462
Water	<u>423,768</u>	<u>255,513</u>
Total disbursements	<u>2,026,912</u>	<u>1,715,975</u>
Change in cash basis net assets	27,464	(40,238)
Cash basis net assets beginning of year	<u>993,855</u>	<u>1,034,093</u>
Cash basis net assets end of year	<u>\$ 1,021,319</u>	<u>\$ 993,855</u>

The increase in operating receipts for the Electric Department is the result of several factors including increased sales and a decreased loss/unaccounted for category. A 12% increase or approximately 1,423,000 KWHrs were sold to customers over previous fiscal year. A 9 % decrease or approximately 102,000 KWHr in 2006 in the KWHr loss/unaccounted for category. In December of 2005 a 3 mills/KWHr rate increase to was added to pay for a new capital loan. The Energy Adjustment Charge revenue also contributed. The Energy Adjustment Charge is variable component applied to the kilowatt consumption of all customers monthly to reflect cost variables that occur monthly and seasonally. The average purchase power cost varies monthly due the system load factor. Winter months tend to have lower per kilowatt-hour costs because of a higher load factor and summer months have higher per kilowatt-hour costs because of a lower load factor. Purchase power, improvements to generation and distribution facilities and a one time capital expense, \$211,448, for the relocation of one mile of transmission line along County Road P-70 due to a road widening project represent the major disbursements for fiscal 2006. The electric fund cash balance increased by \$75,075 in this fiscal year.

An increase in operating receipts for the Water Department of \$54,002 over fiscal year 2005 is reported. Increased sales and a decreased loss/unaccounted for category are attributable to this increase. Approximately 11% or 9,033,000 gallons of water were sold to customers above the previous fiscal year. A decrease of approximately 24% or 4,627,000 gallons in the loss and unaccounted for category. A \$153,200 contract to remove lead based paint and repaint the water tower and the completion of an emergency interconnection to Xenia Rural Water District represents the major disbursements for fiscal 2006. The above expenses were paid by funded depreciation monies and did not require a bond issue or a rate increase. As a result the water fund cash balance decreased by \$47,665 in this fiscal year.

BUDGETARY HIGHLIGHTS

Over the course of the year, the Utilities did not amend its' original budget.

DEBT ADMINISTRATION

At June 30, 2006, the Utilities' had approximately \$1,555,000 in revenue notes compared to \$1,445,000 last year.

RESTRICTED/UNRESTRICTED FUNDS

- The Utilities' has restricted funds that are required by the Electric Revenue Capital Loan Notes agreement and the Electric Revenue Capital Loan Note, Series 2005. \$478,397 was restricted from Utility operations as of June 30, 2006.
- The Utilities' has a Customer Deposit Fund which is also a restricted fund. It is used as a security deposit for customers that fail to meet Utility credit guidelines. \$25,497 was restricted from Utility operations as of June 30, 2006.
- The Utilities' has Project Share Fund which is an unrestricted fund. \$319 is available to help low income customers.

- The Utilities' Operating Funds are unrestricted and are used to fund daily operation activities. These funds are short term certificates of deposits and cash in checking accounts. Unreserved funds reported are: Electric Fund - \$272,291, Water Fund -\$244,815 and Project Share- \$319 on June 30, 2006.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

At the time these financial statements were prepared and audited, the Utilities were aware of several existing conditions that may affect its financial health in the future:

- Ogden Municipal Utilities' appointed officials and management considered many factors when setting the fiscal year 2007 electric and water rates and fees that will be charged. These rate structures are reviewed approximately every five years and monitored annually to adequately fund all requirements and system improvements.

- There are several economic factors that may or will impact the Utilities. New housing developments and new housing construction was minimal last year and that looks to continue in the near future. There are areas in the utilities service area that have infrastructure in place adjacent to vacant lots and there minimal new residential construction in those areas. In fiscal 2006 the utilities did, as predicted, experience kilowatt hour sale growth due to higher than normal temperatures during the summer months. During 2006 a software problem was discovered by Utility Staff and reported to the Independent Auditor and the Utility's Board of Trustees. This problem resulted in an under collection of the Energy Adjustment Charge on all KWHrs above a consumption level of 1000 KWHrs sold. This affected all customer classes equally. Its affect was a lower cost to customers but it also reduced the funds available for our ongoing voltage conversion project. The positive side is that no additional rate increases will be necessary to make up this shortfall, and the problem has been corrected. The Water Department also experienced, as predicted, increased sales due to weather conditions. Lower losses/unaccounted for energy and water consumption point out the Utility is improving its operating efficiencies.

- The new billing and accounting system is improving office functions and can better serve customer requests. The new program allowed the Utility to implement a new Automated Meter Reading practice that allows a customer billing closer to the actual usage period ensuring that the various customer classes are paying there proper share of increased costs reflected in the Energy Adjustment Charge. The program is still under utilized and as we go forward it will produce more operating efficiency.

CONTACTING THE UTILITIES FINANCIAL MANAGEMENT

This financial report is designed to provide our customers, the public and creditors with a general overview of the Utilities' finances and to show the Utilities' accountability for the money it receives. If you have questions about this report or need additional financial information, contact Daniel L. Wilson, Superintendent, Ogden Municipal Utilities, Ogden, Iowa.

OGDEN MUNICIPAL UTILITIES
Notes to the Financial Statements

1. Summary of Significant Accounting Policies

A. Reporting Entity

Ogden Municipal Utilities is a component unit of the City of Ogden, Iowa, as determined by criteria specified by the Governmental Accounting Standards Board. The Utilities is governed by a three-member board of trustees appointed by the City Council, which exercises oversight responsibility under this criteria. The Utilities provide water and electric utilities for the residents of the City of Ogden and collects sewer fees on behalf of the City of Ogden.

The Utilities also participate in a jointly-governed organization for which the Utilities is not financially accountable or that the nature and significance of the relationship with the Utilities is such that exclusion does not cause the Utilities' financial statements to be misleading or incomplete. The Utilities is a member of the Resale Power Group of Iowa – 28E Agreement.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Cash Receipts, Disbursements and Changes in Cash Basis Net Assets reports information on all of the activities of the Utilities. For the most part, the effect of interfund activity has been removed from this statement.

Net assets are reported in two categories:

Restricted net assets results when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding category. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

Fund Financial Statements – Separate financial statements are provided for proprietary funds. Major individual enterprise funds are reported as separate columns in the fund financial statements. The remaining enterprise fund is reported as a nonmajor enterprise fund.

OGDEN MUNICIPAL UTILITIES
Notes to the Financial Statements

1. Summary of Significant Accounting Policies (Continued)

The Utilities report the following proprietary funds:

Electric and Water Funds – These funds account for the operation and maintenance of the Utilities’ electric and water systems. Security deposits received from the customers to insure payment of electric and water bills of \$25,497 are being held as restricted customer deposits at June 30, 2006.

Project Share Fund – This fund is utilized to account for donations received to assist customers who are unable to pay their electric and water bills.

C. Basis of Accounting

Ogden Municipal Utilities maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the Utilities are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present the financial position and results of operations of the funds in accordance with accounting principles generally accepted in the United States.

D. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

2. Cash and Pooled Investments

The Utilities’ deposits in banks at June 30, 2006 were entirely covered by Federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

OGDEN MUNICIPAL UTILITIES
Notes to the Financial Statements

2. Cash and Pooled Investments (Continued)

The Utilities are authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Trustees; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Utilities had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

3. Electric Revenue Capital Loan Notes

Annual debt service requirements to maturity for the revenue notes are as follows:

<u>Year Ending</u> <u>June 30,</u>	<u>Principal</u> <u>Amount</u>	<u>Interest</u>	<u>Total</u>
2007	\$ 115,000	\$ 65,185	\$ 180,185
2008	125,000	60,820	185,820
2009	130,000	56,104	186,104
2010	135,000	51,050	186,050
2011	145,000	45,620	190,620
2012	150,000	39,803	189,803
2013	160,000	33,488	193,488
2014	150,000	26,696	176,696
2015	140,000	19,545	159,545
2016	150,000	12,120	162,120
2017	<u>155,000</u>	<u>4,185</u>	<u>159,185</u>
	<u>\$ 1,555,000</u>	<u>\$ 414,616</u>	<u>\$ 1,969,616</u>

As part of the Electric Revenue Loan Notes agreement the following pertinent requirements were made effective for the Electric Revenue Fund:

- 1) A Sinking Fund must be established and an amount equal to 1/12 of principal and interest due at the next installment shall be deposited to the Sinking Fund.

OGDEN MUNICIPAL UTILITIES
Notes to the Financial Statements

3. Electric Revenue Capital Loan Notes (Continued)

- 2) A Reserve Account must be established and maintained at \$170,000. This account may be used if the Sinking Fund does not have adequate funds to pay principal and interest.
- 3) An Improvement Fund must be established and maintained at \$100,000. The fund may be used for extraordinary maintenance on the electrical systems or may be used to pay principal and interest. The Fund must be replenished with \$2,700 monthly payments.

Funds can only be deposited in financial institutions which are members of the Federal Deposit Insurance Corporation (FDIC).

At June 30, 2006 the note requirements have been satisfied.

4. Pension and Retirement Benefits

The Utilities contribute to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P. O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the Utilities are required to contribute 5.75% of annual payroll. Contribution requirements are established by State statute. The Utilities' contribution to IPERS for the years ended June 30, 2006, 2005 and 2004 were \$17,412, \$15,796 and \$16,516, respectively, equal to the required contributions for each year.

5. Risk Management

The Utilities are exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance except for the possible damage to the Utilities' distribution system which is currently uninsured. Settled claims from these risks, except for the Utilities' distribution system, have not exceeded commercial insurance coverage in any of the past three fiscal years.

OGDEN MUNICIPAL UTILITIES
Notes to the Financial Statements

6. Compensated Absences

Utilities' employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the Utilities until used or paid. The Utilities' approximate liability for earned vacation termination payments payable to employees was \$14,200 at June 30, 2006.

7. Related Party Transaction

As stated in Note 1, Ogden Municipal Utilities is a component unit of the City of Ogden, Iowa. The Utilities receive a processing fee of \$2,250 on a quarterly basis for the computation and collection of the sewer rentals for the City of Ogden.

8. Commitments and Contingencies

The Utilities provide their employees and their dependents with comprehensive health care coverage. A portion of the coverage is self-funded by the Utilities. Under the insurance policy terms with the employees, the Utilities' self-funded liability would be limited each plan year to an aggregate liability limit of \$5,900 per single coverage and \$11,800 per family coverage. For this purpose, the plan year operates from January 1 through December 31.

As stated earlier, the Utilities do not have insurance coverage for possible catastrophic damage to the Utilities' distribution system. The Utilities have determined the insurance coverage premium to be cost prohibitive. The probability and amount of loss, if any, is undeterminable.

9. Economic Dependency

During the year ending June 30, 2006, the Utilities purchased approximately all of its electric power source from one supplier.

OGDEN MUNICIPAL UTILITIES

Notes to Required Supplementary Information – Budget Reporting

June 30, 2006

The Utilities prepares a budget and submits it to the City Council of the City of Ogden, Iowa. In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon classes of disbursements, known as functions, not by fund. The Utilities' disbursements are budgeted in the business type activities function. During the year ended June 30, 2006, there were no amendments nor was the budget exceeded.

Independent Auditors' Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards

Board of Trustees
Ogden Municipal Utilities
Ogden, IA 50212

We have audited the accompanying financial statements of the business type activities, each major fund, and the aggregate remaining fund information of the Ogden Municipal Utilities as of and for the year ended June 30, 2006, which collectively comprise the Utilities' basic financial statements listed in the table of contents and have issued our report thereon dated December 1, 2006. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Ogden Municipal Utilities' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Ogden Municipal Utilities' ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable conditions are described in Part I of the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item I-B-06 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Ogden Municipal Utilities' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Utilities' operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Utilities. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and other parties to whom the Ogden Municipal Utilities may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Ogden Municipal Utilities during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Boone, Iowa

December 1, 2006

OGDEN MUNICIPAL UTILITIES
Schedule of Findings
Year Ended June 30, 2006

Part I: Findings Related to the Financial Statements:

Instances of Non-Compliance

No matters were noted.

Reportable Conditions

I-A-06 Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that the cash receipts listing, bank deposits, and the posting of the cash receipts to the cash receipts journal can be done by the same person.

Recommendation – We realize with only two office employees, segregation of duties is difficult. However, the Utilities should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response – Most of the job responsibilities are alternated each month. We will continue to review situations where duties can be alternated.

Conclusion – Response accepted.

I-B-06 Utility Billing Software – It was noted during the year that the electric utility billings were not computing the fuel adjustment surcharge correctly, resulting in some customers being billed incorrectly.

Recommendation – The billings should be tested to include more and varied types of customers to determine if the billings are correct before being mailed out.

Response – We have made the changes necessary.

Conclusion – Response accepted.

OGDEN MUNICIPAL UTILITIES
Schedule of Findings
Year Ended June 30, 2006

Part II: Other Findings Related to Required Statutory Reporting:

- II-A-06 Official Depositories – A resolution naming official depositories has been approved by the Board. The maximum deposit amounts stated in the resolution were not exceeded during the year ended June 30, 2006.
- II-B-06 Certified Budget – Disbursements for the year ended June 30, 2006 did not exceed the amount budgeted.
- II-C-06 Questionable Disbursements – No disbursements that we believe may not meet the requirements of public purpose as defined in an Attorney General’s Opinion dated April 25, 1979, were noted.
- II-D-06 Travel Expense – No disbursement of Utilities money for travel expenses of spouses of the Utilities’ officials or employees was noted.
- II-E-06 Business Transactions – No business transactions between the Utilities and Utilities’ officials or employees were noted.
- II-F-06 Bond Coverage – Surety bond coverage of Utilities’ officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-G-06 Board Minutes – No transactions were found that we believe should have been approved in the Board minutes but were not.
- II-H-06 Revenue Notes – The Utilities have complied with the electric revenue note resolution requirements for the year ended June 30, 2006.
- II-I-06 Deposits and Investments – No instances of non-compliance with the deposit and investments provisions of Chapters 12B and 12C of the Code of Iowa and the Utilities’ investments policy were noted.

OGDEN MUNICIPAL UTILITIES
Schedule of Findings
Year Ended June 30, 2006

Part II: Other Findings Related to Required Statutory Reporting (Continued):

II-J-06 Payroll Transactions – It was noted that the payroll taxes were incorrectly computed for one employee resulting in an underreporting and underpayment of payroll taxes.

Recommendation – Corrected payroll reports should be filed, the employee should be notified and the correct amounts should be repaid by the employee.

Response – The corrections will be done.

Conclusion – Response accepted.

II-K-06 Unclaimed Property – We noted there was an outstanding check that had not been reported as unclaimed property to the State Treasurer in compliance with Chapter 556.11 of the Code of Iowa.

Recommendation – The check should be reported to the State Treasurer as unclaimed property.

Response – This has been done and procedures are now in place to report unclaimed property in a timely fashion.

Conclusion – Response accepted.

II-L-06 Electric Utility Rates – An increase in electric utility rates was approved during the year; however, it was not approved in the form of a resolution of the Board of Trustees in accordance with Chapter 384.84 of the Code of Iowa.

Recommendation – Future increases in utility rates should be done by resolution of the Board of Trustees in accordance with Chapter 384.84 of the Code of Iowa.

Response – This will be done.

Conclusion – Response accepted.
