Independent Auditor's Report

To the Board of Directors of the
Graettinger Municipal Light Plant
Graettinger, Iowa 51342

We have audited the accompanying financial statements, listed as exhibits in the table of contents of this report, of the Graettinger Municipal Light Plant, a component unit of the City of Graettinger, Iowa as of and for the years ended June 30, 2006 and June 30, 2005. These financial statements are the responsibility of the Light Plant's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Graettinger Municipal Light Plant of Graettinger, Iowa as of June 30, 2006 and 2005 and the changes in its financial position and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated July 27, 2006 on our consideration of Graettinger Municipal Light Plant's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 9 and 27 through 28 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Graettinger Municipal Light Plant's basic financial statements. Other supplementary information included in Schedules 1 and 2 is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The nonaccounting information included in Schedules 3 and 4 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The nonaccounting information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Graettinger Municipal Light Plant provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the Light Plant's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- The Light Plant's operating revenues increased by 9%, or \$79,359, from fiscal 2005 to 2006. Higher priced power production cost that are reflected in the energy adjustment charge that was implemented in 2002 is the primary cause for this increase.
- The Light Plant's operating expenses increased by 2%, or \$19,346, from fiscal 2005 to 2006. This includes an increase in power production cost of 14%, or \$36,486.
- The Light Plant's non-operating revenues (expenses) decreased by \$16,638 from fiscal 2005 to 2006. This decrease reflects an increase in interest income of \$13,095 and a decrease in other income of \$33,809.
- The Light Plant's net assets increased by 6.2%, or \$137,229 from 2005 to 2006.

USING THIS ANNUAL REPORT

The Graettinger Municipal Light Plant is a single Enterprise Fund and presents its financial statements using the economic resources measurement focus and accrual basis of accounting, which is the same measurement focus and basis of accounting employed by private sector business enterprises. This discussion and analysis are intended to serve as an introduction to the Graettinger Municipal Light Plant's basic financial statements. The annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Light Plant's financial activities.

The Statement of Net Assets presents information on the Light Plant's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Light Plant is improving or deteriorating.

The Statement of Revenues, Expenses and Change in Net Assets is the basic statement of activities for proprietary funds. This statement presents information on the Light Plant's operating revenues and expenses, non-operating revenues and expenses and whether the Light Plant's financial position has improved or deteriorated as a result of the year's activities.

The Statement of Cash Flows presents the change in the Light Plant's cash and cash equivalents during the year. This information can assist the user of the report in determining how the Light Plant financed its activities and how it met its cash requirements.

The Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

FINANCIAL ANALYSIS OF THE LIGHT PLANT

Statement of Net Assets

As noted earlier, net assets may serve, over time, as a useful indicator of the Light Plant's financial position. The Light Plant's net assets for fiscal 2006 totaled approximately \$2,335,000. This compares to approximately \$2,198,000 for fiscal 2005. A summary of the Light Plant's net assets is presented below.

Invested in capital assets (43% of total) is land, buildings, equipment and .17% ownership in the Neal #4 coal fired power plant, less the related debt portion of the net assets are resources allocated to capital assets. The unrestricted assets (50% of total) is what can be used to meet the Light Plant's obligations as they come due. The remaining restricted assets (7% of total) is the funds that are earmarked for certain projects and capital improvements.

Statement of Revenues, Expenses and Changes in Net Assets

Operating revenues are derived from the retail sales of electricity to customers of the Light Plant and from an energy adjustment charge imposed upon the same customers. Additional operating revenues are from the sale of wholesale electricity to other electric utilities through NIMECA and some miscellaneous sales. Operating expenses are expenses paid in conjunction with the production and purchase of electricity for resale and to operate the Light Plant. Non-operating revenues and expenses are for interest income and interest expense, payments in lieu of taxes to the City of Graettinger and contributions to economic development. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life. A summary of revenues, expenses and changes in net assets for the fiscal year ended June 30, 2006 is presented below:

Net assets at end of fiscal year	<u>\$ 2,335,055</u>	<u>2,197,826</u>

The Statement of Revenues, Expenses and Changes in Net Assets reflects gain for the year with an increase in the net assets of \$137,229 at the end of the fiscal 2006 year.

In fiscal 20046, operating revenues increased by \$79,359, or 9%, primarily a result of higher priced power production cost that is reflected in the energy adjustment charge assessed to customers that was implemented in 2002. The revenue collected from the energy adjustment charge in fiscal 2006 was \$194,337 compared to \$118,332 in fiscal 2005. All other operating revenues remained fairly steady for fiscal 2006. The increase in operating expenses in fiscal 2006 were due primarily to the increase in purchase power expense which increased from \$262,317 in fiscal 2005 to \$298,803 in fiscal 2006, an increase of \$36,486 or 14%.

Total fiscal 2006 operating income increased from \$64,705 in fiscal 2005 to \$124,718 in fiscal 2006, an increase of \$60,013 or 92.7%. Note this doesn't include the non-operating revenues (expenses).

Interest income increased by \$13,095 due to higher interest rates being paid on investments, but non-operating revenues decreased overall in fiscal 2006, due to other income decreasing by \$33,809 for a total non-operating revenue of \$52,900 in fiscal 2006, compared with \$73,614 during the previous fiscal year. Non-operating expenses remained steady showing only a minimal decrease of \$4,076 in fiscal 2006.

With the inclusion of the non-operating revenues and expenses to the total operating income, the Graettinger Municipal Light Plant showed a gain for fiscal year 2006 of \$137,229, compared to a gain of \$93,853 in fiscal 2005.

Statements of Cash Flows

The Statements of Cash Flows present information related to cash inflows and outflows, summarized by operating, capital and related financing and investing activities. Cash provided by operating activities includes electricity sales to customers and miscellaneous income reduced by payments made to suppliers and payments made to employees for services. Cash used from capital and related financing activities includes the purchase of capital assets, a refinancing fee and repayment of long-term debt and interest. Cash flows from investing activities includes the purchase and redemption of investments, transfers to and from restricted funds, payments received on notes and interest on investments.

CAPITAL ASSETS

At June 30, 2006 the Light Plant had \$1,300,382 invested in capital assets, net of accumulated depreciation of approximately \$1,914,806. Depreciation charges totaled \$109,391 for fiscal 2006. More detailed information about the Light Plant's capital assets is presented in Note 3 to the financial statements.

LONG-TERM DEBT

At June 30, 2006, the Light Plant had \$290,000 in debt outstanding, a decrease of \$70,000 from fiscal 2005. More detailed information about the Light Plant's long-term debt is presented in Note 6 to the financial statements.

ECONOMIC FACTORS

The Graettinger Municipal Light Plant increased its financial position with an increase in net assets for fiscal 2006 to bring the total net assets to \$2,335,055.

Basic Financial Statements

Graettinger Municipal Light Plant
A Component Unit of the City of Graettinger

Notes to Financial Statements

June 30, 2006 and 2005

(1) Summary of Significant Accounting Policies

Graettinger Municipal Light Plant (Light Plant) provides electric utility services on a user charge basis to the general public within Graettinger, Iowa.

The Light Plant's financial statements are prepared in conformity with U.S. generally accepted principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

The Graettinger Municipal Light Plant is legally separate, but is financially accountable to the City of Graettinger and is managed by a three member board of directors. The Light Plant is considered to be a component unit of the City of Graettinger in accordance with U.S. governmental accounting standards.

For financial reporting purposes, the Light Plant has included all funds, organizations, agencies, boards, commissions and authorities. The Light Plant has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Light Plant are such that exclusion would cause the Light Plant's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Light Plant to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Light Plant. Graettinger Municipal Light Plant has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

The accounts of Graettinger Municipal Light Plant are organized as an Enterprise Fund. Enterprise Funds are used to account for operations (a) financed and operated in a manner similar to private business enterprises, where the intent of the governing body

Graettinger Municipal Light Plant

Notes to Financial Statements

June 30, 2006 and 2005

is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

C. Measurement Focus and Basis of Accounting

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Light Plant applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

The Light Plant distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Light Plant's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Net Investments

The following accounting policies are followed in preparing the Statement of Net Assets:

Accounts Receivable – The Light Plant charges uncollectible receivables against income and does not maintain an allowance for uncollectibles. At each year-end, those accounts deemed to be worthless are written off. The use of the direct write-off method is not materially different from the reserve method.

Notes to Financial Statements

June 30, 2006 and 2005

Inventories – Inventories are valued at the lower of cost or market on a first-in, first-out (FIFO) basis.

Investments – Investments are stated at fair value except for non-negotiable certificates of deposit which are stated at cost.

Cash and Cash Equivalents – The Light Plant considers all short-term investments that are highly liquid to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Restricted Assets – The Light Plant sets aside funds for various purposes. See Note 5 for further explanation.

Capital Assets – Capital assets are accounted for at historical cost. Depreciation of all exhaustible capital assets is charged as an expense against operations. The cost of repair and maintenance is charged to expense, while the cost of renewals or substantial betterments is capitalized. The cost and accumulated depreciation of assets disposed of are deleted, with any gain or loss recorded in current operations.

Reportable capital assets are defined by the Light Plant as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of three years.

<u>Asset Class</u>	<u>Amount</u>
Buildings and improvements	\$ 2,500
Neal #4 plant	2,500
Engines and other plant equipment	500
Distribution system	2,500
Vehicles	1,000
Office equipment	500

Graettinger Municipal Light Plant
A Component Unit of the City of Graettinger

Notes to Financial Statements

June 30, 2006 and 2005

Capital assets of the Light Plant are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (in years)</u>
Buildings and improvements	15-40
Neal #4 plant	25
Engines and other plant equipment	7-25
Distribution system	10-20
Vehicles	5-10
Office equipment	3-10

Prepaid Loan Fees – The Light Plant is amortizing loan fees over the remaining life of the loan on a straight-line basis.

Estimates – The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Compensated Absences – Light Plant employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, death or retirement. The Light Plant's liability for accumulated vacation has been computed based on rates of pay in effect at June 30, 2006.

(2) Cash and Investments

The Light Plant's deposits in banks at June 30, 2006 and 2005 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against depositories to insure there will be no loss of public funds.

The Light Plant's long-term indebtedness consists of one revenue note. This note had an interest rate of 6.15% until it was renegotiated to 4.18% during fiscal year ended June 30, 2004. Annual principal amounts are due from \$55,000 - \$75,000 per year with the final maturity due in the fiscal year ending June 30, 2010. This note was originally issued June 1, 2000 for \$650,000.

The resolutions providing for the issuance of the revenue note include the following provisions:

- (a) The entire income and revenues of the Light Plant shall be deposited as collected in the Revenue Fund and shall be disbursed only as follows:
 - (1) Money in the Revenue Fund shall be first disbursed to the Operation and Maintenance Fund to pay current expenses.
 - (2) Money in the Revenue Fund shall next be disbursed to the Sinking Fund for the purpose of making the note principal and interest payments when due.
 - (3) Any monies remaining in the Revenue Fund may be used to pay for extraordinary repairs or replacements to the system, to redeem the notes or for any lawful purpose.
- (b) User rates shall be established at a level which produces and maintains net revenues at a level not less than 125% of the amount of principal and interest on the notes falling due in the same year.

During the year ended June 30, 2006, the Light Plant was in compliance with its revenue note provisions.

(7) Pension and Retirement Benefits

The Light Plant contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the Light Plant is required to contribute 5.75% of annual covered payroll for the years ended June 30, 2006 and 2005. Contribution requirements are established by state statute. The Light Plant's contribution to IPERS for the years ended June 30, 2005 and June 30, 2004 were \$5,918 and \$5,738, respectively, equal to the required contributions for each year.

(8) Payments in Lieu of Property Taxes

Pursuant to a policy statement adopted on April 9, 1986, the Light Plant is obligated to make voluntary payments in lieu of property taxes to the City of Graettinger. Annual payments are the greater of 7% of net income or \$5,000. This policy was amended June 9, 1999 where the Light Plant is obligated to pay a franchise fee of 1.5 mills per KWH of sales per year.

To the Board of Directors of the Graettinger
Municipal Light Plant:

We have audited the accompanying financial statements of Graettinger Municipal Light Plant, a component unit of the City of Graettinger, Iowa, as of and for the year ended June 30, 2006 and have issued our report thereon dated July 27, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Graettinger's Municipal Light Plant's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Graettinger Municipal Light Plant's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item (A) is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Graettinger Municipal Light Plant's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the Light Plant's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Light Plant. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretation of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials and customers of Graettinger Municipal Light Plant and other parties to whom the Light Plant may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Graettinger Municipal Light Plant during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

A Component Unit of the City of Graettinger

Schedule of Findings

For the Fiscal Year ended June 30, 2006

Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

- (A) Segregation of Duties – During our review of internal control, the existing procedures are evaluated in order to determine that incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent loss from employee error or dishonesty and therefore maximizes the accuracy of the Light Plant’s financial statements. We noted that one employee handles almost all of the financial duties, including reconciling accounts and recording financial data.

Recommendation – We realize that with a limited number of office employees, segregation of duties is difficult. Therefore, we recommend the board maintain its diligence in the review of the financial records.

Response – We will continue our review.

Conclusion – Response accepted.

Other Findings Related to Required Statutory Reporting:

- (1) Certified Budget – Disbursements for the year ended June 30, 2006 did not exceed amounts budgeted.
- (2) Questionable Expenses – No expenses were noted that may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted.

Schedule of Findings

For the Fiscal Year ended June 30, 2006

- (2) Questionable Expenses – No expenses were noted that may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted.
- (3) Travel Expense – No expenditures of money for travel expenses of spouses of Light Plant officials or employees were noted.
- (4) Business Transactions – The City of Graettinger has included the Light Plant in the commercial insurance package purchased from the agency of Lloyd Peterson, Chairman of the Light Plant Board. The City bills the Light Plant for their portion of the premiums paid. The Light Plant’s premium paid for this coverage was \$13,587 and \$13,466 for the years ended June 30, 2006 and 2005, respectively.

This does not appear to be a conflict of interest as insurance is a service and falls outside the items that are normally bid on.

- (5) Bond Coverage – Surety bond coverage of Light Plant officials and employees is in accordance with statutory provisions. The amount of coverage is reviewed annually to insure that coverage is adequate for current operations.
- (6) Board Minutes – No transactions were found that we believe should have been approved in the board minutes but were not.
- (7) Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the Light Plant’s investment policy were noted.
- (8) Revenue Notes – The Light Plant is in compliance with all aspects of the note resolutions.
