Independent Auditor's Report

To the Board of Education
Lone Tree Community School District

I have audited the accompanying financial statements of the governmental activities, business type activities, each major fund and the aggregate remaining fund information of Lone Tree Community School District, Lone Tree, Iowa, as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Lone Tree Community School District as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated January 22, 2008 on my consideration of Lone Tree Community School District's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 13 and 41 through 42 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lone Tree Community School District's basic financial statements. Other supplementary information included in Schedules 1 through 6, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. I previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2006 (which are not presented herein) and expressed unqualified opinions on those financial statements. In my opinion, the information set forth in the supplementary information for each of the four years in the period ended June 30, 2007, appearing in Schedule 7, is fairly stated, in all material respects in relation to the basic and general purpose financial statements from which it has been derived.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Lone Tree Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2007. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2007 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$3,329,890 in fiscal 2006 to \$3,478,889 in fiscal 2007, while General Fund expenditures increased from \$3,323,305 in fiscal 2006 to \$3,652,890 in fiscal 2007. The District's General Fund balance decreased from \$1,276,987 in fiscal 2006 to \$1,106,007 in fiscal 2007, a 13% decrease.
- The increase in revenues was due to many small factors including a donation to revamp our high school science lab. The increase in expenditures was due primarily to an increase in the negotiated salary and benefits and remodeling our high school science lab.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Lone Tree Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Lone Tree Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Lone Tree Community School District acts solely as an agent or custodian for the benefit of those outside of County government.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor Governmental Funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

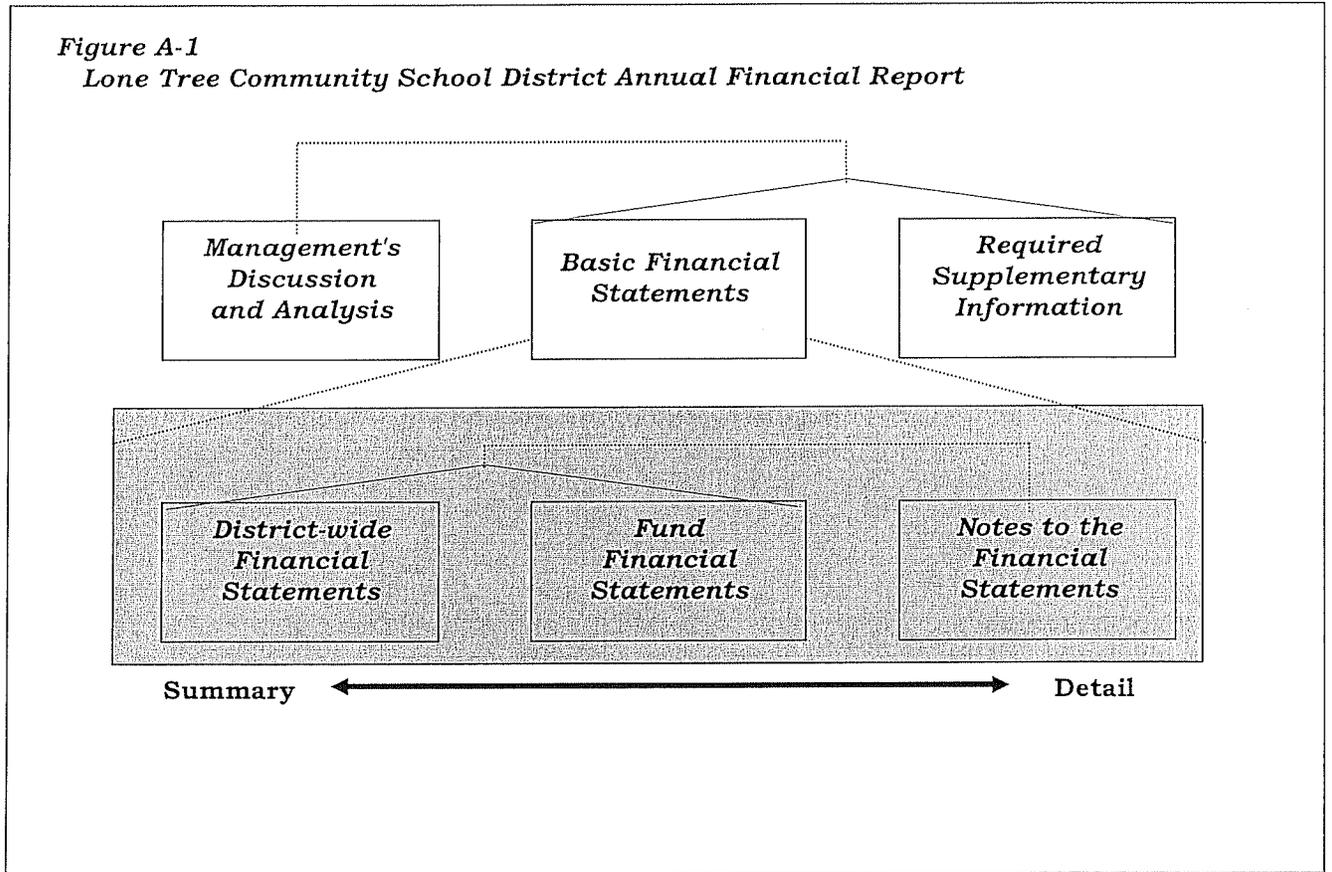

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2
Major Features of the Government-wide and Fund Financial Statements

Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally, assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program and preschool program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds also account for the District's Internal Service Fund, which is an accounting device used to accumulate and allocate costs internally among the District's various functions. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has two Enterprise Funds, the School Nutrition Fund and Preschool Fund and one Internal Service Fund, Flex-benefit fund.

The required financial statements for proprietary funds include a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) *Fiduciary funds*: The District is the trustee, or fiduciary, for assets that belong to others. These funds include Private-Purpose Trust Fund.

- Private-Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets at June 30, 2007 compared to June 30, 2006.

Figure A-3

Condensed Statement of Net Assets

	Governmental		Business-type		Total		Total
	Activities		Activities		School District		
	2007	2006	2007	2006	2007	2006	2006-2007

Total liabilities	<u>4,567,704</u>	<u>4,657,176</u>	<u>5,657</u>	-	<u>4,573,361</u>	<u>4,657,176</u>	-1.80%
Net assets							
Invested in capital assets, net of related debt	349,611	304,673	64,942	75,653	414,553	380,326	9.00%
Restricted	717,451	671,507	-	-	717,451	671,507	6.84%
Unrestricted	<u>1,220,165</u>	<u>1,257,171</u>	<u>18,621</u>	<u>29,715</u>	<u>1,238,786</u>	<u>1,286,886</u>	-3.74%
Total net assets	<u>\$ 2,287,227</u>	<u>\$ 2,233,351</u>	<u>\$ 83,563</u>	<u>\$ 105,368</u>	<u>\$ 2,370,790</u>	<u>\$ 2,338,719</u>	1.37%

The District's combined net assets increased by approximately 1%, or \$32,071, from the prior year. The largest portion of the District's net assets is the unrestricted net assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased \$45,944, or approximately 7% from the prior year. The increase is due to the interest earned on the Capital Projects fund balance and additional fund raising in the student activity fund.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – decreased \$48,100, or approximately 4%. The decrease was due to increase in salaries, use of reserved funds to reduce cash balance and a decrease in enrollment which resulted in receiving less state money.

Figure A-4 shows the change in net assets for the year ended June 30, 2007.

In fiscal 2007, property tax and unrestricted state grants account for approximately 69% of the revenue from governmental activities while charges for service and sales and operating grants and contributions accounts for approximately 99% of the revenue from business type activities.

The District's total revenues were \$4,551,598 of which \$4,335,941 was for governmental activities and \$215,657 was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 10.96% increase in revenues and a 9.44% increase in expenses. The increase in revenues is primarily due the start of the voted PPEL levy and the addition of the preschool fund. The increase in expenses is related to increases in the negotiated salary and benefits as well as increases in expenses for the hiring of additional staff by the District.

Governmental Activities

Revenues for governmental activities were \$4,335,941 and expenses were \$4,284,839.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses.

Figure A-5

	Total and Net Cost of Governmental Activities					
	Total Cost of Services			Net Cost of Services		
	2007	2006	Change 2006-2007	2007	2006	Change 2006-2007
Instruction	\$2,585,709	\$2,305,534	12.2%	\$1,541,014	\$1,328,096	16.0%
Support services	1,197,979	1,143,398	4.8%	1,192,461	1,125,400	6.0%
Non-instructional programs	25,602	17,171	-100.0%	25,227	17,171	-100.0%
Other expenses	<u>475,549</u>	<u>495,874</u>	-4.1%	<u>355,289</u>	<u>382,763</u>	-7.2%
Total expenses	<u>\$4,284,839</u>	<u>\$3,961,977</u>	8.1%	<u>\$3,113,991</u>	<u>\$2,853,430</u>	9.1%

- The cost financed by users of the District's programs was \$740,921.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$429,927.
- The net cost of governmental activities was financed with \$1,682,301 in property and other taxes and \$1,322,552 in unrestricted state grants.

Business Type Activities

Revenues for business type activities were \$215,657, representing a 28% increase over the prior year while expenses were \$237,462, a 39% increase over the prior year. The District's business type activities include the School Nutrition Fund and Preschool Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

The increase in revenues and expenses is due the start of the Lone Tree Preschool program.

INDIVIDUAL FUND ANALYSIS

As previously noted, Lone Tree Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported a combined fund balance of \$1,830,341, below last year's ending fund balances of \$1,959,397. This was a 6% decrease from last year's ending fund balance. The decrease was due to increase in salaries, use of reserved funds to reduce cash balance and a decrease in enrollment which resulted in receiving less state money.

Governmental Fund Highlights

- The District's General Fund balance decreased by \$170,980. There were no major changes in the General Fund. However there were increased expenditures due to negotiated salary and benefits and the hiring of additional staff for 2007.
- The Capital Projects Fund balance increased from \$606,901 in 2006 to \$631,583 in 2007 due to the interest earned on the balance of funds.
- The Debt Service Fund balance increased from \$2,755 in fiscal year 2006 to \$3,181 in fiscal year 2007. There were no major changes in the Debt Service Fund.

Proprietary Fund Highlights

Enterprise Funds net assets decreased from \$105,368 at June 30, 2006 to \$83,563 at June 30, 2007 representing a decrease of approximately 20%. This change is due primarily to the increase in salaries and the start of the Preschool Program.

BUDGETARY HIGHLIGHTS

Over the course of the year, Lone Tree Community School District amended its annual budget one time to reflect additional expenditures associated with re-estimated costs.

The District's revenues were \$393,995 more than budgeted revenue, a variance of 9%. The variance was due to many factors, including an increase in open enrollment tuitions, underestimate of interest earned, not budgeting for the additional teacher quality funding, and an increase in student activity revenues.

Total expenditures were \$4,228 less than budgeted, due primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed the actual expenditures for the year.

In spite of the District's budgetary practice, the certified budget was exceeded in the instruction and support services functional areas due to not amending the budget to sufficient amounts in the Instruction and Support Services functions. With the start of the new preschool, instruction expenditures were underestimated and we purchased many new computers, underestimating the support services.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2007, the District had invested \$3,374,553, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net decrease of approximately 3% from last year. More detailed information about the District's capital assets is presented in Note 4 to the financial statements. Depreciation expense for the year was \$176,988.

The original cost of the District's capital assets was \$5,787,175. Governmental funds account for \$5,620,024, with the remainder of \$167,151 accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year was due to depreciation expense.

Long-Term Debt

At June 30, 2007, the District had \$2,971,518 in general obligation debt outstanding. This represents a decrease of approximately 5% from last year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 5 to the financial statements.

Figure A-7

Outstanding Long-term Obligations

	Total		Total
	School District		Change
	<u>2007</u>	<u>2006</u>	<u>2006-2007</u>
General obligation bonds	\$2,960,000	\$3,105,000	-4.67%
Early retirement	11,518	13,063	-11.83%
Total	<u>\$2,971,518</u>	<u>\$3,118,063</u>	-4.70%

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of a few existing circumstances that could significantly affect its financial health in the future:

- Continued evaluation of the condition of transportation vehicles and the rotation for replacement of these vehicles.
- The negotiation of salaries and benefits for all district employees. Settlements in excess of "new money" or allowable growth in state funding will have an adverse effect on the District's General Fund budget and related fund balance.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Kelli Forbes, District Secretary/Treasurer and Business Manager, Lone Tree Community School District, 303 S Devoe Street, Lone Tree, Iowa, 52755.

LONE TREE COMMUNITY SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures and
 Changes in Fund Balances - Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2007

Exhibit F

Net change in fund balances - total governmental funds \$(129,056)

**Amounts reported for governmental activities in the Statement of Activities
 are different because:**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures and depreciation expense are as follows:

Expenditures for capital assets	\$ 65,492	
Gain on disposal of capital assets	(247)	
Depreciation expense	<u>(165,306)</u>	(100,061)

Income surtax accounts receivable is not available to finance expenditures of the current year in the governmental funds. 132,435

The Internal Service Fund is used by the District to charge the costs of the flex-benefit plan to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities. 2,805

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. 145,000

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Early retirement	1,545
------------------	-------

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. 1,208

Change in net assets of governmental activities \$ 53,876

See notes to financial statements.

LONE TREE COMMUNITY SCHOOL DISTRICT
Notes to Financial Statements
June 30, 2007

Note 1. Summary of Significant Accounting Policies

The Lone Tree Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. The geographic area served includes the City of Lone Tree, Iowa, and the agricultural territory in Johnson and Louisa Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Lone Tree Community School District has included all funds, organizations, agencies, boards, commissions, and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the District. The Lone Tree Community School District has no component units, which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Johnson County Assessor's Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The District reports no major proprietary funds; however, it reports the following proprietary funds.

The District's proprietary funds are the Enterprise, School Nutrition Fund and Preschool Fund. These funds are used to account for the food service operations and preschool program of the District. Additionally, the District reports an Internal Service Fund which is used to account for the flex-benefit plan for District employees.

The District also reports fiduciary funds which focus on net assets and changes in net assets. The District's fiduciary funds include the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and termination benefits are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary funds of the District applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the balance sheet:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value, except for the investment in the Iowa Schools Joint Investment Trust, which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current year and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½ % per month penalty for delinquent payments; is based on January 1, 2005 assessed property valuations; is for the tax accrual period July 1, 2006 through June 30, 2007 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2006.

Due From Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 500
Buildings	\$ 500
Improvements other than buildings	\$ 500
Furniture and equipment:	
School Nutrition Fund equipment	\$ 500
Other furniture and equipment	\$ 500

Capital assets are depreciated using the straight line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Useful Life</u>
Buildings & Improvements	50 years
Improvements other than buildings	20 years
Furniture and equipment	5-20 years

Early Retirement - District employees meeting certain requirements are eligible for early retirement benefits. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees that have resigned or retired. The early retirement liability has been computed based on rates of pay in effect at June 30, 2007. The early retirement liability attributable to the governmental activities will be paid primarily from the Management Fund.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of property tax receivables and income surtaxes not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Balance - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Designated Fund Balance - The District has designated a portion of its fund balance for specific programs.

Net Assets - Invested in capital assets, net of related debt consists of capital assets net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets consist of net assets with constraints placed on the use either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net assets reports \$13,153 of restricted net assets which is restricted by enabling legislation.

E. Budgeting and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2007, expenditures in the Instruction and Support Services functions exceeded the amounts budgeted; however, General Fund expenditures did not exceed the District's unspent authorized budget.

Note 2. Cash and Pooled Investments

The District’s deposits in banks at June 30, 2007 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2007, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	<u>Amortized Cost</u>
Diversified Portfolio	\$ 1,099,143

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were rated Aaa by Moody’s Investors Service.

Note 3. Due From and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2007 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor	
	Physical Plant and Equipment Levy	\$ 20,500
General	Nonmajor	
	Preschool	<u>4,500</u>
Totals		<u>\$ 25,000</u>

The Physical Plant and Equipment Levy Fund borrowed from the General Fund to cover expenses until property taxes are received. The Preschool Fund borrowed from the General Fund to cover salary expenses until tuition is received. The balances will be repaid during the year ending June 30, 2008.

Note 4. Capital Assets

Capital assets activity for the year ended June 30, 2007 was as follows:

<u>Governmental activities</u>	Balance, Beginning of Year	<u>Additions</u>	<u>Deletions</u>	Balance, End of Year
Capital assets not being depreciated:				
Land	\$ 162,365	\$ -	\$ -	\$ 162,365
Capital assets being depreciated:				
Land improvements	326,579	-	-	326,579
Buildings and improvements	4,067,008	-	-	4,067,008
Furniture and equipment	<u>1,033,883</u>	<u>65,492</u>	<u>(35,303)</u>	<u>1,064,072</u>
Total capital assets being depreciated	<u>5,427,470</u>	<u>65,492</u>	<u>(35,303)</u>	<u>5,457,659</u>
Less accumulated depreciation for:				
Land improvements	195,947	16,329	-	212,276
Buildings and improvements	1,195,536	80,383	-	1,275,919
Furniture and equipment	<u>788,679</u>	<u>68,594</u>	<u>(35,055)</u>	<u>822,218</u>
Total accumulated depreciation	<u>2,180,162</u>	<u>165,306</u>	<u>(35,055)</u>	<u>2,310,413</u>
Total capital assets being depreciated, net	<u>3,247,308</u>	<u>(99,814)</u>	<u>(248)</u>	<u>3,147,246</u>
Governmental activities capital assets, net	<u>\$ 3,409,673</u>	<u>\$ (99,814)</u>	<u>\$ (248)</u>	<u>\$ 3,309,611</u>
 <u>Business type activities</u>				
Furniture and equipment	\$ 166,180	\$ 971	\$ -	\$ 167,151
Less accumulated depreciation	<u>90,527</u>	<u>11,682</u>	<u>-</u>	<u>102,209</u>
Business type activities capital assets, net	<u>\$ 75,653</u>	<u>\$ (10,711)</u>	<u>\$ -</u>	<u>\$ 64,942</u>

Depreciation expense was charged to the following functions:

Governmental activities

Instruction	
Regular	\$ 25,859
Support services	
Student support	315
Instructional staff	541
Administration	2,369
Operation and maintenance of plant	1,481
Transportation	33,789
Unallocated depreciation	<u>100,952</u>
Total governmental activities depreciation expense	<u>\$ 165,306</u>

Business type activities

Food services	<u>\$ 11,682</u>
---------------	------------------

Note 5. Long-term Liabilities

Changes in long-term liabilities for the year ended June 30, 2007 are summarized as follows:

	Balance, Beginning of Year	Additions	Reductions	Balance, End of Year	Due Within One Year
General obligation bonds	\$ 3,105,000	\$ -	\$ (145,000)	\$ 2,960,000	\$ 150,000
Early retirement	<u>13,063</u>	<u>-</u>	<u>(1,545)</u>	<u>11,518</u>	<u>1,545</u>
Totals	<u>\$ 3,118,063</u>	<u>\$ -</u>	<u>\$ (146,545)</u>	<u>\$ 2,971,518</u>	<u>\$ 151,545</u>

Interest costs incurred and charged to expense on all long-term debt was \$146,155 for the year ended June 30, 2007. During the year ended June 30, 2007, the District made principal payments on total long-term debt of \$145,000.

General Obligation Bonds Payable

Details of the District's June 30, 2007 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2008	5.000%	\$ 150,000	\$ 139,812	\$ 289,812
2009	5.000%	160,000	132,313	292,313
2010	4.250%	165,000	124,313	289,313
2011	4.300%	175,000	117,300	292,300
2012	4.400%	185,000	109,775	294,775
2013-2017	4.5%-4.8%	1,065,000	415,362	1,480,362
2018-2021	4.8%-5.0%	<u>1,060,000</u>	<u>133,930</u>	<u>1,193,930</u>
		<u>\$ 2,960,000</u>	<u>\$ 1,172,805</u>	<u>\$ 4,132,805</u>

Payments on the bonds are made directly by the Debt Service Fund. The early retirement liability is liquidated through the Management Fund.

Note 6. Termination Benefits

The District offered a voluntary early retirement plan to its full-time licensed employees. Eligible employees must have completed at least thirty years of full-time service to the District and must have attained the age of fifty-five years on or before June 30 in the calendar year in which early retirement commences. The application for early retirement is subject to approval by the Board of Education. The Board makes a determination of whether or not to offer the plan by January 15 of each year. The plan was closed to new participants on July 1, 2004.

Participating employees are given a \$15,000 credit to pay their health insurance premiums. The District uses the participating retiree's credit to pay for the retiree's single or family health insurance premiums under the District's current health insurance plan or any subsequent plan, for as long as the retiree meets the insurer's qualifications. The participating retiree receives the same level of coverage that they received for the last two years of employment with the District; however the participating retiree can choose to receive single coverage if they previously received family coverage. The District uses the participating retiree's credit to pay for health insurance coverage until the earliest of the following:

- 1) The amount of the participating retiree's credit is exhausted;
- 2) The insurer no longer permits the participating employee to be covered; or
- 3) The participating retiree dies.

At June 30, 2007, the District had obligations to one participant with a total liability of \$11,518. Actual early retirement expenditures for the year ended June 30, 2007 totaled \$1,545.

Note 7. Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, IA, 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the District is required to contribute 5.75% of annual covered payroll for the years ended June 30, 2007, 2006 and 2005. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2007, 2006 and 2005 were \$132,189, \$118,129 and \$107,779 respectively, equal to the required contributions for each year.

Note 8. Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 9. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media, and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$120,260 for the year ended June 30, 2007 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

Note 10. Deficit Fund Balance

The District's Special Revenue, Physical Plant and Equipment Levy Fund had an unreserved, undesignated fund deficit of \$7,816 and the Enterprise Fund, Preschool Fund had an unrestricted net assets deficit of \$1,839 at June 30, 2007.

Note 11. Flexible Fringe Benefits Plan

The District sponsors a flexible fringe benefit plan as part of its contractual obligation with its employees. The benefit available under the plan is insurance. Each participating employee can choose among medical, life, and dental insurance. The District contributes \$321.04 per month for full-time staff and \$1019.27 for administrative staff. The difference between the District's contribution and the amount of programs selected by the employee is added or subtracted from the employee's salary. There were 206 participants in the plan for the year ended June 30, 2007.

Note 12. Contingencies

Grant Funding - The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants were subjected to local audit but still remain open to audit by the appropriate grantor government. If expenditures are disallowed by the grantor government due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2007, significant amounts of grant expenditures have not been audited by granting authorities but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

Note 13. Subsequent Events

During the fiscal year ending June 30, 2008, the District will begin receiving monies from the local option sales and services tax imposed by Johnson County. Voters in the county authorized a 1% tax for a period of 10 years, effective July 1, 2007. The District expects to receive approximately \$470,000 annually from this revenue source.

The District will be remodeling its administrative offices and adding a vocational education classroom to its existing building during the fiscal year ending June 30, 2008. The District expects to accept bids for the project in the fall of 2007 and to complete the project in the summer of 2008. The cost of the project is projected to be approximately \$175,000.

LONE TREE COMMUNITY SCHOOL DISTRICT
Notes to Required Supplementary Information – Budgetary Reporting
For the Year Ended June 30, 2007

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendments increasing budgeted expenditures by \$232,893.

During the year ended June 30, 2007, expenditures in the Instruction and Support Services functions exceeded the amounts budgeted.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards

To the Board of Education
Lone Tree Community School District

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Lone Tree Community School District as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued my report thereon dated January 22, 2008. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Lone Tree Community School District's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing my opinion on the effectiveness of Lone Tree Community School District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Lone Tree Community School District's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as described below, I identified certain deficiencies in internal control over financial reporting that I consider to be significant deficiencies and other deficiencies I consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Lone Tree Community School District's ability to initiate, authorize, record process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Lone Tree Community School District's financial statements that is more than inconsequential will not be prevented or detected by Lone Tree

Community School District's internal control. I consider the deficiencies in internal control described in Part I of the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Lone Tree Community School District's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, I believe items A and B are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lone Tree Community School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, I noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2007 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the District. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Lone Tree Community School District's responses to findings identified in my audit are described in the accompanying Schedule of Findings. While I have expressed my conclusions in the District's responses, I did not audit Lone Tree Community School District's responses and, accordingly, I express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Lone Tree Community School District and other parties to whom Lone Tree Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to me by the personnel of the Lone Tree Community School District during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience.

Kay L. Chapman, CPA PC

Kay L. Chapman, CPA PC
January 22, 2008

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2007

Part I. Findings Related to the Financial Statements

INSTANCES OF NON-COMPLIANCE

No matters were noted.

SIGNIFICANT DEFICIENCIES

- A. Segregation of Duties - The limited number of accounting personnel makes it difficult to achieve adequate internal accounting control through the segregation of duties and responsibilities. I noted that the same individual performed the following duties: recording and processing of cash receipts, preparing checks and bank reconciliations, preparation of journals and general financial information for ledger posting, and the analysis of financial information. A small staff makes it difficult to establish an ideal system of automatic internal checks on accounting record accuracy and reliability. This is not an unusual condition but it is important the District officials are aware that the condition exists.

Recommendation - I realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review the operating procedures of the District to obtain the maximum internal control possible under the circumstances.

Response - We will review our procedures and implement changes to improve internal control, as we deem necessary.

Conclusion - Response accepted.

- B. Financial Reporting - Reporting financial data reliably in accordance with generally accepted accounting principles (GAAP) requires the business manager or district management to possess sufficient knowledge and expertise to select and apply accounting principles and prepare year-end financial statements, including footnote disclosures. The business manager is able to perform the duties required in the normal course of business and to prepare the CAR in accordance with the Department of Education requirements. However, the business manager presently lacks the qualifications and training to appropriately prepare the annual financial statements and footnote disclosures in compliance with GAAP. This is a common situation in small entities where accounting personnel typically do not have four-year accounting degrees and do not receive annual training in order to stay current on new accounting and reporting standards and requirements.

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2007

Recommendation - The business manager should consider obtaining GAAP knowledge through reading relevant accounting literature and/or attending professional education courses to help her significantly improve in her ability to prepare reliable GAAP financial statements, including footnote disclosures.

Response - We believe that the business manager has sufficient knowledge to perform her daily duties and take responsibility for the annual financial statements and footnote disclosure in compliance with GAAP, as prepared by the auditor. We will investigate alternatives to our controls, but believe that it would not be an efficient use of District funds to get the necessary training for the business manager to comply with this recommendation.

Conclusion - Response accepted.

Part II. Other Findings Related to Statutory Reporting:

1. Certified Budget - Expenditures for the year ended June 30, 2007 exceeded the amended certified budget amount in the instruction and support services functions.

Recommendation - The certified budget was amended; however, not to a sufficient amounts to cover expenditures. The budget should have been sufficiently amended in accordance with Chapter 24.9 of the Code of Iowa before expenditures were allowed to exceed the budget.

Response - Future budgets will be amended in sufficient amounts to ensure that the certified budget is not exceeded.

Conclusion - Response accepted.

2. Questionable Expenditures - I noted no expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
3. Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
4. Business Transactions - No business transactions between the District and District officials or employees were noted.
5. Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2007

6. Board Minutes - I noted no transactions requiring Board approval which had not been approved by the Board.
7. Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
8. Deposits and Investments - I noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.
9. Certified Annual Reports - The Certified Annual Report was filed with the Department of Education timely and I noted no significant deficiencies in the amounts reported.
10. Financial Condition - The District had an unreserved, undesignated deficit in the Special Revenue-Physical Plant and Equipment Levy Fund of \$7,816 and the Enterprise Fund, Preschool Fund had unrestricted net assets of \$1,839 at June 30, 2007.

Recommendation - The District should continue to monitor these accounts and investigate alternatives to eliminate these deficits in order to return these accounts to a sound financial condition.

Response - We are continuing to investigate alternatives to eliminate these deficits.

Conclusion - Response accepted.

LONE TREE COMMUNITY SCHOOL DISTRICT
Audit Staff
June 30, 2007

This audit was performed by

Kay Chapman, CPA
Tammy Calvert, staff accountant
