INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Heartland Area Education Agency 11:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Heartland Area Education Agency 11 as of and for the year ended June 30, 2007, which collectively comprise the Area Education Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Agency officials. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the Single Audit Act Amendment of 1996 and Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Heartland Area Education Agency 11, at June 30, 2007, and the respective changes in financial position and cash flows, where applicable, for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our reports dated November 5, 2007 on our consideration of Heartland Area Education Agency 11's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 5 through 10 and pages 25 through 26 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on financial statements that collectively comprise Heartland Area Education Agency 11's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2006 (which none are presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 and 2, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Area Education Agency 11 provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2007. We encourage readers to consider this information in conjunction with the Agency's financial statements, which follow.

2007 FINANCIAL HIGHLIGHTS

- State Aid for fiscal year 2007 (FY07) continued to be affected by funding cuts originally initiated in fiscal year 2003 and carried through fiscal years 2004, 2005, 2006 and 2007. House File 755 was made permanent in FY04 which reduces AEA 11 State Aid \$1,696,199 annually. Senate File 453 reduced AEA 11 State Aid by \$1,843,452. In total, AEA 11 received \$3,539,651 less in State Aid than allowed under the state foundation aid funding formula. This reduction is \$909,279 less than it has been in previous years due to the legislature reducing the funding cuts.
- General Fund Revenues were \$68,380,255 and General Fund Expenditures were \$68,780,639 in FY07. General Fund Other Financing Sources and Uses for FY07 were a net source of \$25,989. Revenues less Expenditures and Other Uses resulted in a net operating loss of \$374,395. The Agency's General Fund balance decreased from \$6,253,511 in FY06 to \$5,879,116 in FY07.
- The Agency provided \$558,096 of previously reserved resource materials funds to local schools in support of their resource materials needs.
- The Agency entered into a Lease Purchase Agreement with Beara Investments Inc., a developer, to construct an office building in Adel, Iowa to replace office space previously rented. As of June 30, 2007 the building was still under construction (see debt administration below).

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Agency's financial activities.
- The Government-Wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Area Education Agency 11 as a whole and present an overall view of the Agency's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund Financial Statements report the Agency's operations in more detail than the Government-Wide Statements by providing information about the most significant funds.

- Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison of the Agency's budget for the year to actual expenditures, and Other Supplementary Information provides detailed information about expenditures by function and federal awards.

Reporting the Agency as a Whole

The Statement of Net Assets and the Statement of Activities

The Government-Wide Statements report information about the Agency as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the Agency's assets and liabilities. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two Government-Wide Statements report the Agency's net assets and how they have changed. Net assets – the difference between the Agency's assets and liabilities – are one way to measure the Agency's financial health or position.

- Over time, increases or decreases in the Agency's net assets are indicators of whether financial position is improving or deteriorating, respectively.
- To assess the Agency's overall health, additional non-financial factors, such as changes in the Agency's student population base and the condition of its facilities, need to be considered.
- The Government-Wide Financial Statements include the Agency's basic services, such as regular and special education instruction, student and instructional staff support services and administration. Local school districts fees, property taxes, state aid and federal grants finance most of these activities.

Fund Financial Statements

The Fund Financial Statements provide detailed information about the Agency's funds, focusing on its most significant or "major" funds – not the Agency as a whole. Funds are accounting devices the Agency uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by state law or by bond covenants. The Agency establishes other funds to control and manage money for particular purposes, such as accounting for major construction projects or to show that it is properly using certain revenues, such as Juvenile Home funding.

The Agency's Governmental Funds include 1) the General Fund, 2) the Special Revenue Funds, and 3) the Capital Projects Fund. Governmental Funds account for all of the Agency's basic services. These focus on how cash and other financial assets that can readily be converted to cash flow in and out and the balances left at year-end that are available for spending. Consequently, the Governmental Fund Statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Agency's programs. Because this information does not encompass the additional long-term focus of the Government-Wide Statements, additional information at the bottom of the Governmental Fund Statements explains the relationship or differences between the two statements.

The Governmental Funds required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

A summary reconciliation between the Government-Wide Financial Statements and the Fund Financial Statements follows the Fund Financial Statements

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, Net Assets may serve over time as a useful indicator of financial position. Area Education Agency 11's Net Assets at the end of FY07 totaled approximately \$11.8 million. The analysis that follows provides a summary of the Agency's Net Assets at June 30, 2007 for the Governmental Activities as compared to Net Assets at June 30, 2006. The Agency does not have Business-Type Activities, therefore the total is only composed of the governmental funds.

The Agency's combined Net Assets decreased by approximately \$406,000 from FY06. The change occurred primarily as a result of providing resource material restricted fund balance to local schools in support of their instructional needs.

The following analysis shows the changes in Net Assets for the year ended June 30, 2007 as compared to June 30, 2006. The Agency does not have Business-Type Activities, therefore the total is composed of the Governmental Funds.

Net Assets-Ending	<u>\$ 11,846,178</u>	<u>\$ 12,251,848</u>	<u>-3%</u>

The State foundation aid funding formula, consisting of State Aid and Property taxes, accounts for 52% of the total revenue. Operating grants and contributions from local, state and federal sources account for 43% of the total revenue. The significant increase in Unrestricted Investment Earnings is due largely to improving interest rates on investments as well as an increase in the amount of cash available to invest. The Agency's expenses primarily relate to instructional support services provided to local school districts, which account for 90% of the operating expenses. Instructional support services provided to schools are reported above in the areas of Instruction, Student Support Services, Instructional Staff Support Services, Printing, Delivery and Coop Services, LEA Part B Flow-Through and a large portion of the Central and Other Support Services.

Governmental Activities

Revenues for Governmental Activities were \$70,383,600 and expenses were \$70,789,270.

FINANCIAL ANALYSIS OF THE AGENCY'S FUNDS

As previously noted, Area Education Agency 11 uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Agency's Governmental Funds reported combined fund balances of \$5,879,116, which is approximately \$374,000 less than last year's ending fund balances of \$6,253,511. General Fund revenues increased approximately \$3.4 million over the prior year due primarily to increases in controlled funding and IDEA Part B funding. Expenditures increased approximately \$3.9 million as a result of increased operational costs and providing resource material reserved fund balance to local schools in support of their instructional needs.

BUDGETARY HIGHLIGHTS

The Agency's Board of Directors annually adopts a budget on a basis consistent with U.S. generally accepted accounting principles. Although the budget document presents functional disbursements by fund, the legal level of control is at the total expenditure level, not at the fund or fund type level. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board. Over the course of the year, the Agency amended its annual operating budget one time to reflect adjustments to revenue and expenditures associated with the services needed and provided to local school districts. A schedule showing the original and final budget amounts compared to the Agency's actual financial activity is included in the Required Supplementary Information Section of this report.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2007, the Agency had invested \$6 million, net of accumulated depreciation in a broad range of capital assets, including land, buildings, computers, equipment, software, and an extensive library/media collection. There was no significant change in net capital assets from last year.

Area Education Agency 11 had depreciation expense of \$705,638 in FY07 and total accumulated depreciation of \$7,071,345 at June 30, 2007. More detailed information about capital assets is available in Note 3 to the financial statements.

Debt Administration

At June 30, 2007 the Agency had no long-term debt outstanding. However, the Agency entered into a Lease Purchase Agreement dated November 6, 2006 with Beara Investments LC., a developer, to construct an office building in Adel Iowa to replace office space previously rented. As of June 30, 2007 the building was still under construction. More detailed information about the Agency's Long-Term Liabilities is available in Note 4 to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

At the time of these financial statements the Agency is preparing to accept financial responsibility for the Lease Purchase Agreement for the Adel office building. The lease purchase agreement will be considered long-term debt. In addition, the Johnston campus will undergo remodeling and renovation in FY 08 possibly financed by additional long-term debt. The Board has designated a portion of Fund Balance for facility acquisition, construction and renovation which may be used for a portion of these costs. These plans are subject to approval by the Agency Board of Directors and the Iowa Department of Education. At the time of these financial statements, the Agency is aware that FY08 budget resources were reduced by legislative action. However, this reduction is smaller than the reduction experienced in FY07. The permanent reduction of \$1,699,030 is still in effect but the reduction from Senate File 453 was reduced and is now at \$1,196,085 for a total reduction of \$2,895,115.

The Board hired Dr. Maxine Kilcrease to replace the previous Chief Administrator who retired June 30, 2006. Dr. Kilcrease officially began her duties on July 1, 2006. Dr. Kilcrease initiated a strategic organization review called North Star to provide information and guidance for agency improvement. Phase's I and II of North Star were completed during FY07. These two phases consisted of data collection and action plan creation. In addition, the Agency was reorganized to place decision-making activities closer to our clients. North Star implementation will begin in FY08 and includes a creation of a new budget process and resource allocation formula. Information about North Star is available by contacting the Communications Director of Area Education Agency 11, 6500 Corporate Drive, Johnston, Iowa 50131.

CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the Agency's citizens, taxpayers, customers, investors and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Finance and Business of Area Education Agency 11, 6500 Corporate Drive, Johnston, Iowa 50131.

Expenditures, and Changes in Fund Balances to the Statement of Activities
For the Year ended June 30, 2007

Total Net Change in Fund Balances-Government Funds \$ (374,395)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Capital outlays are reported in Governmental Funds as expenditures. (31,275)
 However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful life as depreciation expense. This is the amount by which depreciation (\$705,638) exceeds capital outlay (\$639,474) and donation revenue (\$34,889) for free materials.

Change in Net Assets of Governmental Activities \$ (405,670)

Notes to Financial Statements

June 30, 2007

(1) Summary of Significant Accounting Policies

Heartland Area Education Agency 11 is an intermediate school corporation between the State Department of Education and the local school districts in its area as provided by Chapter 273 of the Code of Iowa. The agency provides programs and support services necessary to meet the identified educational needs in the local school districts to enable them to operate efficiently and effectively. The Agency serves 54 school districts and 33 non-public schools in an eleven-county area. The Agency is governed by a Board of Directors whose members are elected on a non-partisan basis.

A. Reporting Entity

For financial reporting purposes, Heartland Area Education Agency 11 has included all funds, organizations, agencies, boards, commissions, and authorities. The Agency has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Agency. Heartland Area Education Agency 11 has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

Government-Wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the activities of the Agency. For the most part, the effect of interfund activity has been removed from these statements. Governmental Activities, which normally are supported by intergovernmental revenues, are reported separately from Business-Type Activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the Agency's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to clients who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property taxes, state aid, non-categorical federal funds, and unrestricted interest income are reported instead as general revenues.

(1) Summary of Significant Accounting Policies (continued)

Fund Financial Statements – Separate financial statements are provided for the Governmental Funds. All of the Agency's individual Governmental Funds are reported as separate columns in the Fund Financial Statements. Only the General Fund is considered a major fund.

The Agency reports the following major Governmental Fund:

The General Fund is the general operating fund of the Agency. All general revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Agency reports the following non-major Governmental Funds:

The Special Revenue, Special Education Instruction Fund is used to account for programs where the Area Education Agency employs teachers to provide instruction to special education pupils. The actual costs of providing instructional services to the pupils are billed to the pupils' resident school districts.

The Special Revenue, Shelter Care Fund is used to account for instructional programs where the Area Education Agency employs teachers to provide instruction to pupils in juvenile shelters and juvenile detention facilities. The actual costs of providing these instructional services are paid by the State of Iowa.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

C. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Measurement Focus and Basis of Accounting

The Government-Wide Financial Statements are reported using the economic resources measurement focus. Also, they are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Agency considers revenues to be available if they are collected within 90 days after year end.

Intergovernmental revenues (state aid, property tax, shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenues items are considered to be measurable and available only when cash is received by the Agency.

HEARTLAND AREA EDUCATION AGENCY 11

Notes to Financial Statements

June 30, 2007

(1) Summary of Significant Accounting Policies (continued)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, long-term liabilities, such as, principal and interest on long-term debt, claims and judgements and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are recorded as other financing sources.

E. Budgets and Budgetary Accounting

The Agency's Board of Directors annually prepares a budget on a basis consistent with generally accepted accounting principles. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board. Budgetary control is based on total expenditures.

F. Assets, Liabilities and Fund Equity

Cash and Cash Equivalents- Cash includes amounts in demand deposits, money market funds and certificate of deposits. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

All short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have maturity date no longer than three months.

Inventories - Inventories are stated at lower of cost (first-in, first-out method) or market and consist of expendable supplies and materials. The cost of these items is recorded as an expenditure at the time of consumption or in the case of coop purchasing items at the time of resale to the local education agencies.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the Governmental column in the Government-Wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the Agency as assets with initial, individual costs in excess of \$3,000 and estimated useful lives in excess of two years.

Property, furniture and equipment are depreciated using the straight line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings	50
Improvements	20
Furniture and equipment	5
Film and book library	10

(1) Summary of Significant Accounting Policies (continued)

Salaries and Benefits Payable - Payroll and related expenses for staff with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Deferred Revenue - Deferred revenue represents an excess of cash advances by the funding source over accrued expenditures at year end.

Compensated Absences - Agency employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, death or retirement. This liability has been computed based on rates of pay in effect at June 30, 2007. The compensated absences liability attributable to the governmental activities will be paid by the General and Special Revenue Funds.

Long-term obligations - In the Government-Wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the Governmental Activities column in the Statement of Net Assets.

Encumbrances - Encumbrances outstanding at year-end represent the amount ultimately estimated to result in expenditures if unperformed contracts in process at year-end are completed. Encumbrances outstanding at year-end do not constitute expenditures or liabilities.

Fund Balances - In the Governmental Fund Financial Statements, Reserved Fund Balances are reported for amounts that are not available for appropriation or are legally reserved by outside parties for a specific purpose.

Designated Fund Balance - The portion of the fund balance shown as Designated represents the amount Heartland Area Education Agency 11 has designated for facility and equipment needs and other special purposes.

Restricted Net Assets - In the Government-Wide Statement of Net Asset, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

(2) Cash and Cash Equivalents

The Agency's cash and cash equivalents at June 30, 2007 were entirely covered by Federal depository insurance, or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts, and warrants or improvement certificates of a drainage district.

Investments in the Iowa Schools Joint Investment Trust are valued at amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940 and is rated Aaa by Moody's Investor's Service.

HEARTLAND AREA EDUCATION AGENCY 11

Notes to Financial Statements

(2) Cash and Cash Equivalents (continued)

The Agency's investments at June 30, 2007 consisted of the following:

	<u>Cost</u>	<u>Market Value</u>
Iowa Schools Joint Investment Trust	\$ <u>39,618</u>	\$ <u>39,618</u>

Interest rate risk. The Agency's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the Agency.

Total Governmental Activities Depreciation Expense	\$ <u>705,638</u>

(4) Long-Term Debt

The Agency had no long-term debt during, or at the end of, the fiscal year ended June 30, 2007.

(5) Operating Leases

The Agency has leased various facilities within the area to house the different divisions of the Agency. These leases have been classified as operating leases and, accordingly, all rents are charged to expenditures as incurred. The leases expire between June 30, 2008 and January 31, 2014. Certain leases are renewable for additional periods. Some of the leases also require the payment of normal maintenance and insurance on the properties. In most cases, management expected the leases will be renewed or replaced by other leases.

The following is a schedule by year of future minimum rental payments required under operating leases which have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2007.

Year Ending June 30,	Amount
2008	\$ 236,573
2009	174,173
2010	116,673
2011	5,498
2012	5,498
Thereafter	8,705
Total	<u>\$ 547,120</u>

Total rental expenditures for the year ended June 30, 2007 for all operating leases, except those with terms of a month or less that were not renewed, was \$276,860.

(6) Pension and Retirement Benefits

The Agency contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by the State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

HEARTLAND AREA EDUCATION AGENCY 11

Notes to Financial Statements

June 30, 2007

(6) Pension and Retirement Benefits (continued)

Plan members are required to contribute 3.70% of their annual covered salary and the Agency is required to contribute 5.75% of annual covered payroll. Contribution requirements are established by State statute. The Agency's contribution to IPERS for the years ended June 30, 2007, 2006, and 2005 was approximately \$1,823,979, \$1,721,614, and \$1,605,814 respectively, equal to the required contributions for each year.

(7) Risk Management

Heartland Area Education Agency 11 is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(8) Legislative Action effecting AEA finances

The Iowa legislature has reduced State Aid to Area Education Agency's several times in the last few years. In fiscal year 2005 and 2006 Heartland Area Education Agency 11 received approximately \$4.4 million less annually than provided for under the State Aid Funding Formula. For fiscal year 2007 the reduction was approximately \$3.5 million.

(9) Lease Purchase Agreement

The Agency entered into a lease purchase agreement with Beara Investments Inc., a developer, to construct an office building in Adel, Iowa to replace office space previously rented. As of June 30, 2007, the building was still under construction. The lease purchase agreement provides that on the commencement date, the date when the building construction is finished, that the Agency accepts financial liability for the purchase price and begins accruing interest on the purchase price. Commencement date was October 11, 2007, the lease purchase price of the land and building is \$1,288,402 and interest began accruing at 8.25% to Beara Investments Inc.

Note to Required Supplementary Information – Budgetary Reporting

June 30, 2007

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

The Agency's Board of Directors annually prepares a budget on a basis consistent with U.S. generally accepted accounting principles. Although the budget document presents function disbursements by fund, the legal level of control is at the total expenditure/expense level, not by fund. After required public notice and hearing in accordance with the Code of Iowa, the Board submits its budget to the State Board of Education. The State Board reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the State Board for final approval. The budget may be amended during the year utilizing procedures prescribed by the State Board.

**Independent Auditor's Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards**

To the Board of Directors of
Heartland Area Education Agency 11:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Heartland Area Education Agency 11 as of and for the year ended June 30, 2007, which collectively comprise the Agency's basic financial statements listed in the table of contents, and have issued our report thereon dated November 5, 2007. We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Heartland Area Education Agency 11's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Heartland Area Education Agency 11's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Heartland Area Education Agency 11's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Heartland Area Education Agency 11's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Heartland Area Education Agency 11's financial statements that is more than inconsequential will not be prevented or detected by Heartland Area Education Agency's internal control. We noted no matters involving the internal control over financial reporting and its operations to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Heartland Area Education Agency 11.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We noted no matters involving the internal control over financial reporting and its operations to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Heartland Area Education Agency 11's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit; and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Governmental Auditing Standards.

Comments involving statutory and other legal matters about the Agency's operations for the year ended June 30, 2007 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Agency. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Agency and other parties to whom the Agency may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Agency during the course of our audit. Should you any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

**Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control over Compliance
In Accordance with OMB Circular A-133**

To the Board of Directors of
Heartland Area Education Agency 11:

Compliance

We have audited the compliance of Heartland Area Education Agency 11, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2007. Heartland Area Education Agency 11's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Heartland Area Education Agency 11's management. Our responsibility is to express an opinion on Heartland Area Education Agency 11's compliance, based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Heartland Area Education Agency 11's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Heartland Area Education Agency 11's compliance with those requirements.

In our opinion, Heartland Area Education Agency 11 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007.

Internal Control over Compliance

The management of Heartland Area Education Agency 11 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Heartland Area Education Agency 11's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Heartland Area Education Agency 11's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the Agency's internal control that might be significant deficiencies or material weaknesses as defined below.

A control deficiency in the Agency's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect non-compliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficient, or combination of control deficiencies, that adversely affects the Agency's ability to administer a federal program such that there is more than a remote likelihood non-compliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the Agency's internal control. We noted no matters involving internal control over compliance and its operations to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies that result in more than a remote likelihood material non-compliance with a type of compliance requirement of a federal program will not be prevented or detected by the Agency's internal control.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Heartland Area Education Agency 11 and other parties to whom the Agency may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.
