To the Members of the Board of Regents,
State of Iowa

In accordance with your request, we are attaching the accompanying PDF file, which contains an electronic final version of the financial statements for the Parking System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2007. We understand that your request for the electronic copy has been made as a matter of convenience. You understand that the electronic transmission is not entirely secure and that it is possible for confidential financial information to be intercepted by others.

These financial statements and our report on them are not to be modified in any manner. This final version supersedes all prior drafts. Any preliminary draft version of the financial statements previously provided to you in an electronic format should be deleted from your computer, and all printed copies of any superseded preliminary draft versions should likewise be destroyed.

Professional standards and our firm policies require that we perform certain additional procedures whenever our reports are included, or we are named as accountants, auditors or "experts," in a document used in a public or private offering of equity or debt securities. Accordingly, as provided for and agreed to in the terms of our arrangement letter, the University will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, the University also agrees to provide us with printer's proofs or masters of such offering documents for our review and approval before printing and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when the University seeks such consent, we will be under no obligation to grant such consent or approval.

Thank you for the opportunity to serve Parking System Revenue Bond Funds of State University of Iowa.

Independent Auditor's Report

To the Members of the Board of Regents,
State of Iowa

We have audited the accompanying statement of net assets and the related statements of revenues, expenses and changes in net assets and cash flows of the Parking System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2007, which collectively comprise the Bond Funds basic financial statements listed in the table of contents. We have also audited the financial statements of each individual fund of the Parking System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2007 presented in the combining fund financial statements in the supplementary information listed in the table of contents. These financial statements are the responsibility of the University's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the financial statements present only the Parking System Revenue Bond Funds of State University of Iowa and do not purport to, and do not, present fairly the financial position of State University of Iowa as of June 30, 2007 and changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Because the financial statements present only the Parking System Revenue Bond Funds of State University of Iowa, and do not purport to, and do not present the financial statements of State University of Iowa, management has chosen not to present a Management's Discussion and Analysis.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Parking System Revenue Bond Funds of State University of Iowa as of June 30, 2007, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the combining financial statements referred to above present fairly, in all material respects, the respective financial position of each individual fund of the Parking System Revenue Bond Funds of State University of Iowa as of June 30, 2007, and the respective changes in financial position of each individual fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In connection with our audit, nothing came to our attention that caused us to believe Parking System Revenue Bond Funds of State University of Iowa were not in compliance with the accounting requirements of the Board of Regents Resolution for the issuance of the Parking System Revenue Bond Funds; except monies in the Debt Service Reserve Fund and Surplus Fund were not invested in direct obligations of the U.S. government. This was resolved on December 13, 2007. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

Our audit was conducted for the purpose of forming opinions on the financial statements taken as a whole. The information in the schedule of student enrollment has not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on it.

This report, a public record by law, is intended solely for the information and use of the officials and employees of State University of Iowa, the members of the Board of Regents, citizens of the State of Iowa and other parties to whom the State University of Iowa may report. This report is not intended to be and should not be used by anyone other than these specified parties.

**Parking System Revenue Bond Funds
State University of Iowa**

Notes to Basic Financial Statements

Note 1. Significant Accounting Policies

Reporting entity:

The accompanying financial statements include only the Parking System Revenue Bond Funds Series S.U.I. 1999B and 2004 (collectively the Funds), enterprise funds of the State University of Iowa (University), which were created by various resolutions of the State of Iowa Board of Regents which authorized the issuance of revenue bonds to fund the costs of constructing, improving and equipping various parking facilities of the University. The Revenue Bonds are issued on behalf of the University. Under the provisions of the resolutions, the net assets of the Funds are, in general, restricted to provide for the retirement of the outstanding bonds of the Funds and the construction and maintenance of parking facilities. The following summarizes the bond series, dates of resolution and original issuance amounts of the Revenue Bonds outstanding as of June 30, 2007:

Bond Series	Resolution Date	Original Issuance Amount
S.U.I. 1999B	September 23, 1998	\$ 10,930,000
S.U.I. 2004	June 1, 2004	18,250,000
		\$ 29,180,000

The financial statements of the Parking System Revenue Bond Funds of the State University of Iowa include only the financial position and operating activities of the Parking System Revenue Bond Funds. These financial statements do not purport to and do not present the financial position, changes in financial position or cash flows of the State University of Iowa.

Basic financial statements:

The statement of net assets and the statement of revenues, expenses and changes in net assets report information on all of the activities of the Parking System Revenue Bond Funds. For the most part, the effect of interfund activity has been removed from these statements.

The statement of net assets presents assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

Parking System Revenue Bond Funds
State University of Iowa

Notes to Basic Financial Statements

Note 1. Significant Accounting Policies (Continued)

The Funds first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The statement of revenues, expenses and changes in net assets demonstrates how net assets changed during the fiscal year.

The statement of cash flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing, capital financing and investing activities.

Fund accounting:

In order to ensure the observance of limitations and restrictions placed on the use of available resources, the accounts are maintained in accordance with the principles of fund accounting. Each fund provides a separate set of self-balancing accounts which comprises its assets, liabilities, reserves, net assets, revenues and expenses. Fund accounting is the procedure by which resources for various purposes are classified, for accounting and reporting purposes, into funds according to the activities or objectives specified.

The following funds are used to account for transactions:

Revenue Fund – The Revenue Fund is used to record all revenues and expenses related to operations.

Investment in Plant Fund – The Investment in Plant Fund is used to account for buildings, construction in progress and accumulated depreciation. Additions to the Investment in Plant Fund are made via transfers from other funds in which the costs of the assets are initially accumulated.

Construction Fund – The Construction Fund is used to record payments made for the costs of the project, including buildings, improvements and bond issuance costs.

Bond Sinking Fund – The Bond Sinking Fund is used to make principal and interest payments.

Debt Service Reserve Fund – The Debt Service Reserve Fund represents bond sinking reserves to provide payment of principal and interest, in the event there are not sufficient funds in the Bond Sinking Fund to make such payments.

Surplus Fund – The Surplus Fund is used to accumulate amounts not required to be deposited into the Bond Sinking Fund or the Debt Service Reserve Fund. Amounts held in the Surplus Fund may be used for any purpose at the discretion of the State of Iowa Board of Regents.

Improvement and Extension Fund – The Improvement and Extension Fund is used to record payments for substantial building improvements, additions and replacements. Additions to the Improvement and Extension Fund are made via transfers from other funds in which the costs of the assets are initially accumulated.

**Parking System Revenue Bond Funds
State University of Iowa**

Notes to Basic Financial Statements

Note 1. Significant Accounting Policies (Continued)

Basis of presentation:

The Funds' financial statements have been prepared on the basis of the proprietary fund concept, which pertains to financial activities that operate in a manner similar to private business enterprises and are financed through fees and charges assessed primarily to the users of the services. Accordingly, the financial statements have been prepared using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, the Funds have elected not to apply the provisions of pronouncements of the Financial Accounting Standards Board issued after November 30, 1989.

Cash and cash equivalents:

Cash and cash equivalents are stated at cost which approximates fair value due to their short-term nature. Cash and cash equivalents represent amounts in cash accounts or the Funds' share of the Pooled Investment Fund of the University. The Pooled Investment Fund is composed of cash and short-term U.S. government securities, and a monthly allocation is made of the interest received based on the percentage of each participant's investment.

The University deposits the cash of most funds in commingled bank accounts and makes disbursements from the combined cash balances. An individual fund's cash balance represents that fund's cumulative deposits to and disbursements from the University's bank accounts. For purposes of the statement of net assets and the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments:

Investments are stated at fair value. Fair value is based on quoted market prices. Investments with an original maturity of one year or less are reported as current in the statement of net assets.

Capital assets:

Capital assets are defined by the University as assets with an initial individual cost of more than \$5,000 for equipment or \$50,000 for buildings and infrastructure. Such assets are recorded at historical cost when purchased or constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Outlays for capital assets are capitalized as projects are constructed. During the year ended June 30, 2007, \$219,657 of interest costs was capitalized.

Depreciation is calculated using the straight-line method over the estimated useful lives of the capital assets, generally 40 to 50 years for buildings.

**Parking System Revenue Bond Funds
State University of Iowa**

Notes to Basic Financial Statements

Note 1. Significant Accounting Policies (Continued)

Fringe benefits:

The University utilizes the fringe benefits pool method to account for fringe benefits. Under the fringe benefits pool method, fringe benefits are expensed as a percentage of actual salary or wage costs. The use of fringe benefits rates rather than actual fringe benefits costs is accepted by the federal government and widely used by universities. Rates are reviewed annually, prior to the beginning of the fiscal year, and adjusted to reflect differences between the rates charged and actual benefits costs as well as future benefit projections. The federal government must approve the annual rate study.

Deferred revenue:

Deferred revenue includes amounts received from rents and contracts that have not yet been earned.

Operating and nonoperating activities:

Operating activities, as reported in the statement of revenues, expenses and changes in net assets, are transactions that result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Nonoperating activities include transactions such as investment earnings and interest expense.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Transfers in (out):

After meeting certain requirements specified in the bond agreements, the balance of net receipts may be transferred to the University for its general operations. However, all such monies that have been transferred shall be returned by the University, if necessary, to satisfy the requirements of the bond indenture.

**Parking System Revenue Bond Funds
State University of Iowa**

Notes to Basic Financial Statements

Note 2. Cash and Cash Equivalents and Investments

In accordance with the Code of Iowa and the bond resolutions, the Funds may invest in direct obligations of the U.S. government and its agencies, certificates of deposit, prime bankers' acceptances, commercial paper and repurchase agreements.

Investments held by the Funds are recorded at fair value, as determined by quoted market prices. As of June 30, 2007, the Funds' investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Effective Duration</u>	<u>Quality Rating</u>
Agency securities	\$ 2,814,895	1.257	AAA

Interest rate risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. This risk is managed within the portfolio using the effective duration. The maximum duration of the University's operating portfolio may not exceed the duration of the Merrill 1-3 years Government/Corporate Index by more than 20%. Effective maturities are limited to 63 months.

Credit risk:

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the University. Investments are limited to direct obligations of the U.S. government, which are backed by the full faith and credit of the U.S. government.

Concentration of credit risk:

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issue. Investments are limited to direct obligations of the U.S. government.

Custodial credit risk:

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the Funds' deposits may not be returned. Custodial credit risk for investments is the risk that, in the event of failure of the counterparty, the Funds will not be able to recover the value of their investments or collateral securities that are in the possession of an outside party.

State University of Iowa

Notes to Basic Financial Statements

Note 3. Capital Assets

A summary of changes in capital assets for the year ended June 30, 2007 is as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets being depreciated:				
Buildings	\$ 57,212,244	\$ 14,521,369	\$ -	\$ 71,733,613
Less accumulated depreciation	(23,875,312)	(2,370,511)	-	(26,245,823)
	<u>33,336,932</u>	<u>12,150,858</u>	<u>-</u>	<u>45,487,790</u>
Capital assets not being depreciated, construction in progress	12,279,338	3,156,678	(14,567,563)	868,453
Capital assets, net	<u>\$ 45,616,270</u>	<u>\$ 15,307,536</u>	<u>\$ (14,567,563)</u>	<u>\$ 46,356,243</u>

Note 4. Revenue Bonds Payable

A summary of revenue bonds payable activity for the year ended June 30, 2007 is as follows:

Beginning balance	\$ 26,790,000
Payments	1,095,000
Ending balance	<u>\$ 25,695,000</u>
 Due within one year	 <u>\$ 1,130,000</u>

A summary of bond principal and interest maturities as of June 30, 2007 is as follows:

	Principal	Interest	Total
Year ending June 30:			
2008	\$ 1,130,000	\$ 1,137,215	\$ 2,267,215
2009	1,165,000	1,095,115	2,260,115
2010	1,200,000	1,050,365	2,250,365
2011	1,245,000	1,002,194	2,247,194
2012	1,290,000	950,944	2,240,944
2013 - 2017	7,310,000	3,856,799	11,166,799
2018 - 2022	7,375,000	2,052,098	9,427,098
2023 - 2026	4,980,000	513,000	5,493,000
	<u>\$ 25,695,000</u>	<u>\$ 11,657,730</u>	<u>\$ 37,352,730</u>

The bonds bear interest at rates ranging from 3.10% to 5.00% per year.

Parking System Revenue Bond Funds
State University of Iowa

Notes to Basic Financial Statements

Note 4. Revenue Bonds Payable (Continued)

Under provisions of the bond agreements, specified amounts of net receipts are to be retained by the Funds to pay for the cost of constructing and maintaining the parking system and to provide for the payment of interest and the retirement of outstanding bonds. After meeting such requirements, the balance of the net receipts may be transferred to the University for its general operations. In addition, the Funds are required to establish rates sufficient to meet gross revenue covenants. Monies in the Debt Service Reserve Fund and Surplus Fund were not invested in direct obligations of the U.S. government. This was resolved on December 13, 2007.

Certain revenue bonds payable as of June 30, 2007 may be called at par value plus accrued interest as follows:

Bond Series	Call Date	Amount Callable
Series 1999B	After July 1, 2009	\$ 6,610,000
Series 2004	After July 1, 2014	11,775,000
		<u>\$ 18,385,000</u>

Note 5. Related Party Transactions

Included in the statement of revenues, expenses and changes in net assets are revenues of \$114,674 from various University departments and expenses of \$1,523,360 for services purchased from various University departments.

Note 6. Commitments

As of June 30, 2007, the University has entered into \$678,924 of contract commitments for construction projects.

Note 7. Pending Pronouncements

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, issued September 2006, is effective for periods beginning after December 15, 2006. This Statement establishes accounting and financial reporting standards for transactions in which an entity receives, or is entitled to, resources in exchange for future cash flows generated by collecting specific receivables or specific future revenues. It also provides disclosure requirements for entities that pledge or commit future cash flows from a specific revenue source. In addition, this Statement establishes accounting and financial reporting standards for intra-entity transfers of assets and future revenues.

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, issued November 2006, will be effective for financial statements for periods beginning after December 15, 2007. This Statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities, such as site assessments and cleanups. This Statement requires the government to estimate the components of expected pollution remediation outlays and determine whether the outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired.

Parking System Revenue Bond Funds
State University of Iowa

Notes to Basic Financial Statements

Note 7. Pending Pronouncements (Continued)

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, issued July 2007, will be effective for financial statements for periods beginning after June 15, 2009. This Statement provides guidance regarding how to identify, account for and report intangible assets. The new Statement characterizes an intangible asset as an asset that lacks physical substance, is nonfinancial in nature and has an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, computer software, water rights, timber rights, patents and trademarks. This Statement provides that intangible assets be classified as capital assets (except for those explicitly excluded from the scope of the new Statement, such as capital leases). Relevant authoritative guidance for capital assets should be applied to these intangible assets.

The University has not yet determined the effect, if any, these Statements will have on the Revenue Bond Funds.
