NEWS RELEASE

FOR RELEASE

April 2, 2009

Contact: Andy Nielsen
515/281-5834

Auditor of State David A. Vaudt today released an audit report on Appanoose County, Iowa.

The County had local tax revenue of \$12,517,309 for the year ended June 30, 2008, which included \$845,241 in tax credits from the state. The County forwarded \$8,752,356 of the local tax revenue to the townships, school districts, cities and other taxing bodies in the County.

The County retained \$3,764,953 of the local tax revenue to finance County operations, a 4% increase over the prior year. Other revenues included charges for service of \$863,393, operating grants, contributions and restricted interest of \$4,236,458, capital grants, contributions and restricted interest of \$125,053, local option sales tax of \$528,769, unrestricted investment earnings of \$266,293 and other general revenues of \$96,828.

Expenses for County operations totaled \$8,782,264, a 6% increase over the prior year. Expenses included \$3,647,659 for roads and transportation, \$1,364,027 for public safety and legal services and \$1,167,562 for mental health.

A copy of the audit report is available for review in the County Auditor's Office, in the Office of Auditor of State and on the Auditor of State's web site at <http://auditor.iowa.gov/reports/reports.htm>.

Independent Auditor's Report

To the Officials of Appanoose County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Appanoose County, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements listed in the table of contents. These financial statements are the responsibility of Appanoose County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Appanoose County at June 30, 2008, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated March 9, 2009 on our consideration of Appanoose County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 13 and 44 through 47 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Appanoose County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the four years ended June 30, 2007 (which are not presented herein) and expressed unqualified opinions on those financial statements. We also previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2003 (which are not presented herein) and expressed qualified opinions on those financial statements due to the omission of general fixed assets or capital assets and supplies inventory for the Secondary Roads Fund. Other supplementary information included in Schedules 1 through 6, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Appanoose County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

2008 FINANCIAL HIGHLIGHTS

- The County's governmental activities revenues increased \$596,172 from fiscal year 2007 to fiscal year 2008. Property tax and operating grants, contributions and restricted interest increased approximately \$102,000 and \$1,144,000, respectively, and capital grants, contributions and restricted interest decreased approximately \$659,000.
- The County's governmental activities expenses increased approximately \$476,000 from fiscal year 2007 to fiscal year 2008. Expenses for roads and transportation and county environment and education increased approximately \$165,000 and \$323,000, respectively.
- The County's net assets increased 7%, or approximately \$1,099,000, from June 30, 2007 to June 30, 2008.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Appanoose County as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Appanoose County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Appanoose County acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor governmental and the individual Agency Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various programs benefiting the County.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are presented in the Statement of Net Assets and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

Fund Financial Statements

The County has three kinds of funds:

1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads, and 3) the Debt Service Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) Proprietary funds account for the County's Internal Service, Employee Group Health Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. These fiduciary funds include Agency Funds that account for drainage districts, emergency management services and the County Assessor, to name a few.

The required financial statement for fiduciary funds is a statement of fiduciary assets and liabilities.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. Appanoose County's net assets increased from \$15,652,870 at the end of FY07 to \$16,752,353 at the end of FY08. The analysis that follows focuses on the changes in the net assets of governmental activities.

Net Assets of Governmental Activities		
	Year ended June 30,	
	2008	2007
Current and other assets	\$ 13,449,139	9,872,716
Capital assets	11,039,855	11,172,662
Total assets	<u>24,488,994</u>	<u>21,045,378</u>
Long-term liabilities	2,349,335	498,222
Other liabilities	5,347,306	4,894,286
Total liabilities	<u>7,696,641</u>	<u>5,392,508</u>
Net assets:		
Invested in capital assets, net of related debt	10,848,409	10,901,276
Restricted	3,338,360	2,590,869
Unrestricted	<u>2,565,584</u>	<u>2,160,725</u>
Total net assets	<u>\$ 16,752,353</u>	<u>15,652,870</u>

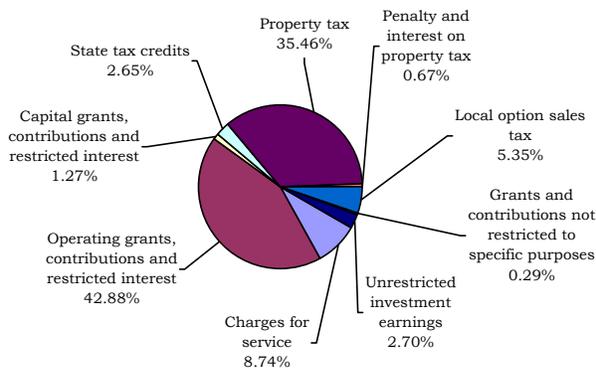

Net assets of Appanoose County's governmental activities increased approximately \$1,099,000 from FY07. The County's net assets consists of invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. Restricted net assets represent resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets—the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements—increased from approximately \$2,161,000 at June 30, 2007 to approximately \$2,566,000 at June 30, 2008, an increase of 18.7%.

This increase of approximately \$405,000 in unrestricted net assets was a result of increases in revenues for operating grants, contributions and restricted interest.

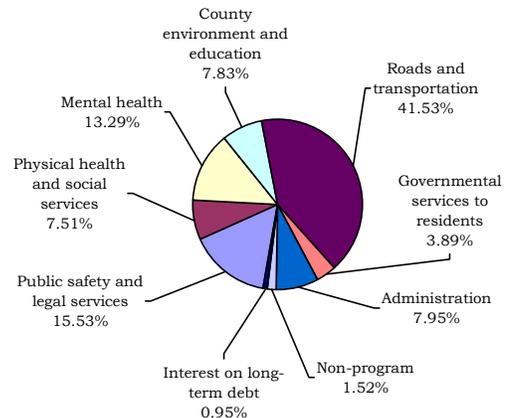

Changes in Net Assets of Governmental Activities

	Year ended June 30,	
	2008	2007
Revenues:		
Charges for service	\$ 863,393	789,907
Operating grants, contributions and restricted interest	4,236,458	3,092,122
Capital grants, contributions and restricted interest	125,053	783,799
General revenues:		
Property tax	3,503,026	3,401,157
Penalty and interest on property tax	66,110	63,463
State tax credits	261,927	213,314
Local option sales tax	528,769	524,312
Grants and contributions not restricted to specific purposes	28,691	175,690
Unrestricted investment earnings	266,293	234,183
Other general revenues	2,027	7,628
Total revenues	9,881,747	9,285,575
Program expenses:		
Public safety and legal services	1,364,027	1,414,245
Physical health and social services	659,288	652,111
Mental health	1,167,562	1,234,217
County environment and education	687,215	364,037
Roads and transportation	3,647,659	3,482,400
Governmental services to residents	341,450	319,464
Administration	698,151	672,406
Non-program	133,598	162,704
Interest on long-term debt	83,314	4,899
Total expenses	8,782,264	8,306,483
Increase in net assets	1,099,483	979,092
Net assets beginning of year	15,652,870	14,673,778
Net assets end of year	\$ 16,752,353	15,652,870

Revenues by Source

Expenses by Program

The increased taxable property valuations of \$7,079,705 raised the County's property and other county tax revenue approximately \$102,000 in 2008. The total Appanoose County assessed taxable property valuation for taxes payable in FY09 increased approximately \$4,718,000. Based on this increase, property tax revenue is budgeted to increase an additional \$332,000 next year.

INDIVIDUAL MAJOR FUND ANALYSIS

As Appanoose County completed the year, its governmental funds reported a combined fund balance of approximately \$7.5 million, an increase of approximately \$2,768,000 over last year's total of approximately \$4.7 million. The following are the major reasons for the changes in fund balances of the major funds from the prior year:

- General Fund revenues and expenditures both increased. The ending fund balance increased \$2,442,520 over the prior year to \$4,957,268. Total revenues increased 8.3% over the prior year and included increases in intergovernmental and miscellaneous. Total expenditures increased 19.1% over the prior year and included increases in county environment and education, primarily due to the payment to the Iowa Department of Natural Resources for the Honey Creek Resort State Park from proceeds from the issuance of a \$400,000 loan. The County also issued solid waste revenue bond debt of \$1,540,000 for the Rathbun Area Solid Waste Management Commission. The County subsequently remitted the proceeds to the Commission and recorded a loan receivable.
- The County has continued to look for ways to effectively manage the cost of mental health services. For the year, expenditures totaled approximately \$1,167,000, a decrease of 5.4% from the prior year. The Mental Health Fund balance at year end decreased \$72,297 from the prior year to \$289,145.
- The Rural Services Fund revenues increased slightly, approximately \$2,700, and expenditures increased approximately \$55,800. The fund balance increased approximately \$105,000 over the prior year to \$677,929.
- The Secondary Roads Fund balance increased approximately \$166,000 over the prior year. Expenditures increased approximately \$117,000 over the prior year, due primarily to an increase in road and bridge projects. Revenues increased approximately \$704,000 over the prior year, due primarily to an increase in disaster related projects.

BUDGETARY HIGHLIGHTS

Over the course of the year, Appanoose County amended its budget three times. The first amendment resulted in increases in budgeted receipts and disbursements related to hazardous waste cleanup, election expenses and grants. The second amendment resulted in an increase in budgeted disbursements and other financing sources related to anticipated solid waste revenue bonds issued and the proceeds loaned to the Rathbun Area Solid Waste Management Commission. The third was due to secondary road disaster receipts and disbursements.

The County's total receipts were \$187,679 more than the final budget amount. Actual receipts for miscellaneous and use of money and property were approximately \$64,000 and \$128,000, respectively, more than budgeted. This was primarily due to the County using conservative estimates in budgeting receipts. Actual intergovernmental was approximately \$147,000 less than budgeted due to a decrease in bridge projects and decrease in grants.

Total disbursements were \$2,527,680 less than the amended budget. Actual disbursements for the public safety and legal services, mental health and capital projects functions were approximately \$738,000, \$385,000 and \$535,000, respectively, less than budgeted. Uniform patrol was down due to not replacing a chief deputy. Also legal services are always budgeted high since the County doesn't know what to expect during the year. Unpaid

state billings were the primary causes of mental health to be under budget. Roads and transportation exceeded the budget by \$697, primarily due to disaster related disbursements during fiscal year 2008.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2008, Appanoose County had approximately \$11 million invested in a broad range of capital assets, including public safety equipment, buildings, park facilities, roads and bridges.

Capital Assets of Governmental Activities at Year End		
	June 30,	
	2008	2007
Land	\$ 516,900	516,900
Buildings and improvements	701,407	665,287
Equipment and vehicles	1,870,588	1,866,025
Infrastructure	7,761,325	8,124,450
Construction in progress	189,635	-
Total	<u>\$ 11,039,855</u>	<u>11,172,662</u>
This year's major additions included:		
Motor grader	\$ 208,702	
Wash bay	55,857	
Tractor	46,860	
Other	148,585	
Total	<u>\$ 460,004</u>	

The County had depreciation expense of \$637,276 in fiscal year 2008 and total accumulated depreciation of \$3,841,223 at June 30, 2008. More detailed information about the County's capital assets is presented in Note 4 to the financial statements.

Long-Term Debt

At June 30, 2008, Appanoose County had \$2,131,446 in long-term debt outstanding, compared to \$271,386 at June 30, 2007, as shown below.

Outstanding Debt of Governmental Activities at Year-End		
	June 30,	
	2008	2007
Bank loan	\$ -	58,162
Sewer revenue notes	108,066	109,575
Sewer loan	83,380	103,649
Honey Creek loan	400,000	-
Solid waste revenue bonds	1,540,000	-
Total	<u>\$ 2,131,446</u>	<u>271,386</u>

The Constitution of the State of Iowa limits the amount of general obligation debt counties can issue to 5 percent of the assessed value of all taxable property within the County's corporate limits. Appanoose County's outstanding general obligation debt is significantly below its constitutional debt limit of \$17 million. Additional information about the County's long-term debt is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

From FY07 to FY08, the countywide and the rural services property taxable valuations increased approximately \$7.1 million and \$5.4 million, respectively. From FY08 to FY09, the countywide and the rural services property taxable valuations increased approximately \$4.7 million and \$9 million, respectively.

Amounts budgeted for disbursements in the FY09 operating budget are approximately \$12 million, an increase of 22% over the FY08 actual disbursements of approximately \$9.8 million. The County's total governmental funds are projected to end FY09 with a decrease in fund balances of approximately \$1.4 million from FY08.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of Appanoose County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Appanoose County Auditor's Office, 201 N. 12th, Centerville, Iowa 52544.

Reconciliation of the Balance Sheet -
Governmental Funds to the Statement of Net Assets

June 30, 2008

Total governmental fund balances (page 19)	\$ 7,517,840
 Amounts reported for governmental activities in the Statement of Net Assets are different because:	
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds. The cost of assets is \$14,881,078 and the accumulated depreciation is \$3,841,223.	11,039,855
Other long-term assets are not available to pay current period expenditures and, therefore, are deferred in the governmental funds.	290,669
The Internal Service Fund is used by management to charge the costs of partial self funding of the County's health insurance benefit plan to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets.	270,566
Long-term liabilities, including loans, notes, bonds, compensated absences and accrued interest payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds.	<u>(2,366,577)</u>
Net assets of governmental activities (page 16)	<u><u>\$ 16,752,353</u></u>

Appanoose County

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances -
Governmental Funds to the Statement
of Activities

Year ended June 30, 2008

Net change in fund balances - Total governmental funds (page 23) \$ 2,768,258

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Depreciation expense exceeded capital outlay expenditures and contributed capital assets in the current year, as follows:

Expenditures for capital assets	\$ 569,038	
Capital assets contributed by the Iowa Department of Transportation and others	36,601	
Depreciation expense	<u>(637,276)</u>	(31,637)

In the Statement of Activities, the loss on the disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources. (101,170)

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:

Property tax	(203)	
Other	<u>244,123</u>	243,920

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments, as follows:

Issued	(1,940,000)	
Repaid	<u>79,940</u>	(1,860,060)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

Compensated absences	8,947	
Interest on long-term debt	<u>(12,311)</u>	(3,364)

The Internal Service Fund is used by management to charge the costs of partial self funding of the County's health insurance benefit plan to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities. 83,536

Change in net assets of governmental activities (page 17) \$ 1,099,483

Appanoose County

Notes to Financial Statements

June 30, 2008

(1) Summary of Significant Accounting Policies

Appanoose County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Appanoose County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

These financial statements present Appanoose County (the primary government) and its component unit. The component unit discussed below is included in the County's reporting entity because of the significance of its operational or financial relationship with the County.

Blended Component Unit – The Conservation Foundation is legally separate from the County, but it is so intertwined with the County that it is, in substance, the same as the County. It is reported as part of the County and blended into the Special Revenue Funds.

The Conservation Foundation has been incorporated under Chapter 504A of the Code of Iowa to solicit and accept gifts from persons or organizations for the development and enhancement of environmental education and conservation projects. These donations are to be used to purchase items which are not included in the County's budget. Financial information of the Foundation can be obtained from the Appanoose County Conservation Office.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Appanoose County Assessor’s Conference Board and Appanoose County Joint E911 Service Board. Financial transactions of these organizations are included in the County’s financial statements only to the extent of the County’s fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

The County also participates in the following jointly governed organizations established pursuant to Chapter 28E of the Code of Iowa: Appanoose County Service Agency, South Iowa Area Detention Service Agency, Rathbun Area Solid Waste Management Commission, ADLM Emergency Management, ADLM Counties Environmental Public Health Agency, ADLM Facilities Management Systems Commission and South Iowa Area Crime Commission Service Agency.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County’s nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in the fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for secondary road construction and maintenance.

Additionally, the County reports the following funds:

Proprietary Fund – An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

Fiduciary Funds – Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

The proprietary fund of the County applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund is charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2006 assessed property valuations; is for the tax accrual period July 1, 2007 through June 30, 2008 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2007.

Interest and Penalty on Property Tax Receivable – Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Special Assessments Receivable – Special assessments receivable represent the amounts due from individuals for work done which benefits their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Special assessments receivable represent assessments which are due and payable but have not been collected.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, equipment and vehicles, and infrastructure assets acquired after July 1, 2003 (e.g., roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Infrastructure	\$ 50,000
Land, buildings and improvements	25,000
Equipment and vehicles	5,000

Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful lives (In Years)
Buildings	40-50
Building improvements	20-50
Infrastructure	10-65
Equipment	2-20
Vehicles	3-10

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, death or retirement. Accumulated sick leave is generally paid upon retirement, but not prior to age 62. Such payment shall not exceed 90 days or a total dollar amount of \$2,000. A liability is recorded when incurred in the government-wide, proprietary fund and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2008. The compensated absences liability attributable to the governmental activities will be paid primarily by the General and Secondary Roads Funds.

Long-Term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts not available for appropriation or legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net Assets – The net assets of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2008, disbursements exceeded the amount budgeted in the roads and transportation function.

(2) Cash and Pooled Investments

The County's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2008, the County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$3,963,872 pursuant to Rule 2a-7 under the Investment Company Act of 1940. The investment in the Iowa Agency Investment Trust is unrated for credit risk purposes.

(3) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2008 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Special Revenue: Secondary Roads	Special Revenue: Rural Services	\$ 482,360
Prisoner Room and Board	General	3,808
Total		<u>\$ 486,168</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(4) Capital Assets

Capital assets activity for the year ended June 30, 2008 was as follows:

	<u>Balance</u>			<u>Balance</u>
	<u>Beginning of</u>			<u>End</u>
	<u>Year</u>	<u>Increases</u>	<u>Decreases</u>	<u>of Year</u>
Governmental activities:				
Capital assets not being depreciated:

Depreciation expense was charged to the following functions:

Governmental activities:	
Public safety and legal services	\$ 33,111
Physical health and social services	3,823
Mental health	1,950
County environment and education	35,536
Roads and transportation	541,712
Governmental services to residents	3,287
Administration	17,857
Total depreciation expense - governmental activities	<u>\$ 637,276</u>

(5) Due to Other Governments

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments is as follows:

Fund	Description	Amount
Special Revenue:		
Mental Health	Services	\$ 1,151,751
Agency:		
Agricultural Extension Education	Collections	\$ 82,718
County Assessor		273,769
Schools		5,540,789
Community Colleges		278,008
Corporations		2,099,420
Townships		193,136
Auto License and Use Tax		209,744
ADLM Empowerment		347,782
All other		171,447
Total for agency funds		\$ 9,196,813

(6) Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2008 is as follows:

	Conservation						Total
	Foundation Bank Loan	Sewer Revenue Notes	Sewer Loan	Honey Creek Loan	Solid Waste Revenue Bonds	Compensated Absences	
Balance beginning of year	\$ 58,162	109,575	103,649	-	-	226,836	498,222
Increases	-	-	-	400,000	1,540,000	170,165	2,110,165
Decreases	58,162	1,509	20,269	-	-	179,112	259,052
Balance end of year	\$ -	108,066	83,380	400,000	1,540,000	217,889	2,349,335
Due within one year	\$ -	1,577	83,380	9,013	75,000	158,079	327,049

Conservation Foundation Bank Loan

On March 15, 2006, the Conservation Foundation entered into a promissory note with Iowa Trust and Savings Bank to borrow \$250,000 to purchase land. The interest rate on the loan was 6.25% per annum and the maturity date was March 15, 2007. During the year ended June 30, 2008, the Foundation paid the remaining principal and interest on the loan.

Sewer Revenue Notes

On January 13, 2000, the County entered into a loan agreement with the United States Department of Agriculture providing for the issuance of \$116,200 of sewer revenue notes. The note proceeds were used to defray a portion of the cost of constructing sanitary sewer mains to private septic systems maintained outside the City of Centerville and to connect these mains to the City's wastewater treatment facilities.

Pursuant to an agreement between the County and the City of Centerville, the County shall have ownership of the sanitary sewer mains. However, the constructed mains are considered part of the City’s sanitary sewer system for purposes of operation and maintenance and the City has agreed to establish and maintain user fees for the consumers whose residences and businesses are served by the sanitary sewer mains. At the time all payments have been made on the sewer revenue notes, the County will transfer ownership of the sanitary sewer mains to the City. According to the sewer revenue note documents, the City is responsible for the pledged receipts and maintaining sufficient receipts to pay disbursements and principal and interest.

The resolution providing for the issuance of the sewer revenue notes includes the following provisions:

- (a) The notes are payable solely from the net revenues of the project area and shall not be a general obligation of the County, nor payable in any manner by taxation.
- (b) The City shall establish and provide for the collection of rates to be charged to consumers in the project area to produce gross revenues sufficient to pay the expenses and operation of the new sanitary sewer mains, including the principal of and interest on the outstanding sewer revenue notes.
- (c) Sufficient monthly transfers from the City to the County shall be made to a separate sewer revenue sinking account for the purpose of making note principal and interest payments when due.
- (d) Additional monthly transfers from the City to the County shall be made to a separate sewer revenue reserve account until a specific minimum balance has been accumulated. This account is restricted for the purpose of paying note principal and interest payments when insufficient money is available in the sinking account.

With USDA approval, the County has established sewer debt service sinking and reserve accounts within the Debt Service Fund to demonstrate compliance with provisions (c) and (d) above.

Annual debt service requirements to maturity for the sewer revenue notes are as follows:

Year Ending June 30,	\$110,000 Sewer Revenue Notes			\$6,200 Sewer Revenue Notes			Total		
	Interest Rates	Principal	Interest	Interest Rates	Principal	Interest	Principal	Interest	Total
2009	4.50%	\$ 1,492	4,604	4.50%	\$ 85	259	\$ 1,577	4,863	6,440

2039-2040	4.50	11,256	762	4.50	599	40	11,855	802	12,657
Total		\$ 102,303	92,595		\$ 5,763	5,196	\$ 108,066	97,791	205,857

Sewer Loan

On June 6, 2005, the County entered into a loan agreement to fund sewer line construction along State Highway J South. The loan was scheduled to be repaid in ten annual payments of \$18,036, including interest at 8% per annum. However, the County intends to pay the remaining balance of \$83,380 during the year ending June 30, 2009.

Honey Creek Loan

In March 2008, Appanoose County entered into a loan agreement with Iowa Trust & Savings Bank for \$400,000, of which \$357,250 was remitted to the Iowa Department of Natural Resources and \$42,750 was remitted to the Rathbun Lake Resort, Inc. to be deposited in a separate account. An interest only payment at 4.25% per annum is payable on March 1, 2009. Thereafter, both principal and interest will be payable in 35 equal quarterly installments of \$13,613 beginning on June 1, 2009 and continuing through March 1, 2018 as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	4.25%	\$ 9,013	22,300	31,313
2010	4.25	37,245	17,208	54,453
2011	4.25	38,973	15,480	54,453
2012	4.25	40,745	13,708	54,453
2013	4.25	42,673	11,780	54,453
2014-2018	4.25	231,351	28,305	259,656
Total		\$ 400,000	108,781	508,781

The County plans to use hotel/motel tax revenue to repay the debt.

Solid Waste Revenue Bonds

On September 18, 2007, the County issued solid waste revenue bonds of \$1,540,000 for the Rathbun Area Solid Waste Management Commission (RASWMC). The County loaned the bond proceeds to RASWMC to be used to pay costs of acquiring works and facilities useful for collection and disposal of solid waste by the Rathbun Area Solid Waste Management Commission on behalf of Appanoose County, including the acquisition of vehicles, rolling stock and other related equipment to be used in connection with the collection, transportation and disposal of solid waste in conformity with a resolution of the Board of Supervisors. The bonds will be paid from the General Fund from the proceeds from RASWMC. The principal balance on the bonds at June 30, 2008 totaled \$1,540,000.

(7) Loan Receivable

The County entered into an agreement with the Rathbun Area Solid Waste Management Commission for the loan of bond proceeds detailed in Note 6 of the notes to financial statements. Under the agreement, the RASWMC is to make annual payments to the County equal to the annual bond payments required on the revenue bonds. The annual principal and interest payments from RASWMC are credited to the General Fund. The following is a schedule of the future payments to be received by the County.

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2009	4.15%	\$ 75,000	66,758	141,758
2010	4.15%	80,000	63,645	143,645
2011	4.15%	80,000	60,325	140,325
2012	4.15%	85,000	57,005	142,005
2013	4.15%	90,000	53,477	143,477
2014-2018	4.15-4.25%	375,000	214,235	589,235
2019-2023	4.30-4.50%	385,000	138,425	523,425
2024-2027	4.55-4.70%	370,000	44,200	414,200
Total		\$ 1,540,000	698,070	2,238,070

(8) Pension and Retirement Benefits

The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 3.90% of their annual covered salary and the County is required to contribute 6.05% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2008, 2007 and 2006 were \$166,913, \$162,649 and \$157,450, respectively, equal to the required contributions for each year.

(9) Risk Management

The County is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(10) Employee Health Insurance Plan

The Internal Service, Employee Group Health Fund was established to account for the partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Auxiant, formerly Employee Group Services, Ltd. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$20,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Employee Group Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Auxiant from the Employee Group Health Fund. The County records the plan assets and

related liabilities of the Employee Group Health Fund as an Internal Service Fund. The County's contribution to the fund for the year ended June 30, 2008 was \$494,181.

Amounts payable from the Employee Group Health Fund at June 30, 2008 total \$36,568, which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior year and current year claims and to establish a reserve for catastrophic losses. That reserve was \$270,566 at June 30, 2008 and is reported as a designation of the Employee Group Health Fund net assets. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liabilities for claims for the current year is as follows:

Unpaid claims at July 1, 2007	\$ 41,002
Incurred claims (including claims incurred but not reported at June 30, 2008)	387,340
Payment on claims during the fiscal year	<u>(391,774)</u>
Unpaid claims at June 30, 2008	<u><u>\$ 36,568</u></u>

(11) Subsequent Event

On December 1, 2008, the County entered into a construction contract totaling \$950,450 with Iowa Bridge and Culver for bridge rebuilding.

Appanoose County

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2008

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except the blended component unit, Internal Service and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds and the Debt Service Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, three budget amendments increased budgeted disbursements by \$2,862,011. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2008, disbursements exceeded the amount budgeted in the roads and transportation function.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Officials of Appanoose County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Appanoose County, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements listed in the table of contents, and have issued our report thereon dated March 9, 2009. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Appanoose County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Appanoose County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Appanoose County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies, including deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Appanoose County's ability to initiate, authorize, record, process or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Appanoose County's financial statements that is more than inconsequential will not be prevented or detected by Appanoose County's internal control. We consider the deficiencies in internal control described in Part II of the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Appanoose County's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe items II-A-08, II-B-08 and II-E-08 are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Appanoose County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Finding and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Appanoose County's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the County's responses, we did not audit Appanoose County's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Appanoose County and other parties to whom Appanoose County may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Appanoose County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

**Independent Auditor's Report on Compliance
with Requirements Applicable to Each Major Program
and on Internal Control over Compliance
in Accordance with OMB Circular A-133**

Appanoose County

OFFICE OF AUDITOR OF STATE
STATE OF IOWA

David A. Vaudt, CPA
Auditor of State

State Capitol Building
Des Moines, Iowa 50319-0004

Telephone (515) 281-5834 Facsimile (515) 242-6134

Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control over Compliance
in Accordance with OMB Circular A-133

To the Officials of Appanoose County:

Compliance

We have audited the compliance of Appanoose County, Iowa, with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2008. Appanoose County's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of Appanoose County's management. Our responsibility is to express an opinion on Appanoose County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about Appanoose County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Appanoose County's compliance with those requirements.

In our opinion, Appanoose County complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Appanoose County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Appanoose County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Appanoose County's internal control over compliance.

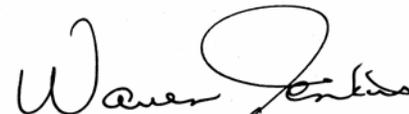

A control deficiency in the County's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the County's ability to administer a federal program such that there is more than a remote likelihood noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Appanoose County and other parties to whom Appanoose County may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

DAVID A. VAUDT, CPA
Auditor of State

WARREN G. JENKINS, CPA
Chief Deputy Auditor of State

March 9, 2009

Appanoose County
Schedule of Findings and Questioned Costs
Year ended June 30, 2008

Part I: Summary of the Independent Auditor's Results

- (a) Unqualified opinions were issued on the financial statements.
- (b) Significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements, including material weaknesses.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) No material weaknesses in internal control over the major program were identified.
- (e) An unqualified opinion was issued on compliance with requirements applicable to the major program.
- (f) The audit did not disclose any audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major program was CFDA Number 97.036 – Disaster Grants – Public Assistance (Presidentially Declared Disasters).
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Appanoose County did not qualify as a low-risk auditee.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Part II: Findings Related to the Financial Statements:

SIGNIFICANT DEFICIENCIES:

II-A-08 Segregation of Duties – During our review of internal control, the existing procedures are evaluated in order to determine incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and, therefore, maximizes the accuracy of the County’s financial statements. Generally, one or two individuals in the offices identified may have control over the following areas for which no compensating controls exist:

	Applicable Offices
(1) Receipts - opening and listing mail receipts, collecting, depositing, posting and daily reconciling.	Sheriff, Treasurer and Recorder
(2) Cash - preparing bank reconciliations, handling and recording cash.	Sheriff

Recommendation – We realize segregation of duties is difficult with a limited number of office employees. However, each official should review the operating procedures of their office to obtain the maximum internal control possible under the circumstances. The official should utilize current personnel to provide additional control through review of financial transactions, reconciliations and reports. Such reviews should be performed by independent persons to the extent possible, and should be evidenced by initials or signature of the reviewer and the date of the review.

Responses:

Sheriff – We will have a part time independent employee review reconciliations in comparison to receipts and disbursements summary and bank statements.

Recorder – In response to segregation of duties, it’s very hard to segregate duties when there are only two people in the office. One person opens the mail and enters documents in the fee book. The other person enters the transaction on the cash register and computer. One person makes out the daily deposit and the other person checks the deposit. We do the best we can at segregating duties.

Treasurer – There are times when it becomes very difficult to segregate specific duties due to limited staff. I will continue to do my best for each of us to be involved with different aspects/processes of our daily business.

Conclusion – Responses accepted.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

II-B-08 Financial Reporting – During the audit, we identified material amounts of revenues, expenditures, receivables, payables and capital asset additions not recorded in the County’s financial statements. Adjustments were subsequently made by the County to properly include these amounts in the financial statements.

Recommendation – The County should implement procedures to ensure all revenues, expenditures, receivables, payables and capital asset additions are identified and included in the County’s financial statements.

Response – We will work on this.

Conclusion- Response accepted.

II-C-08 Information Systems – The County does not have a written disaster recovery plan for its computer based operating systems.

Recommendation – The County should develop a written disaster recovery plan in order to improve the County’s control over computer based systems.

Response – We will work on a plan.

Conclusion – Response accepted.

II-D-08 Capital Assets – The County’s capital asset listing was not updated for additions and deletions. This matter was resolved for audit purposes.

Recommendation – Procedures should be implemented to ensure the capital assets listing is updated for additions and deletions in a timely manner.

Response – We will work to keep the capital asset listing updated.

Conclusion – Response accepted.

II-E-08 County Mental Health Department – The County receives medicaid billings from the Iowa Department of Human Services (DHS) each month. The County Mental Health Department is responsible for reviewing the billings and entering the data into the CoMIS computer system. The CoMIS computer system generates an amount payable to DHS which is submitted to the County Auditor’s Office for payment. The Mental Health Department did not enter the medicaid data into the CoMIS system or generate payments to DHS in a timely manner. As a result, the County has not paid DHS for medicaid billings dating back as far as December 2004. The amount owed for the billings at June 30, 2008 totals \$1,060,961. These billings are included in the Due to Other Governments liability on the governmental funds Balance Sheet and the Statement of Net Assets.

Recommendation – The County’s Central Point Coordinator (CPC) should implement procedures to ensure the medicaid billings are entered into the CoMIS computer system in a timely manner. Also, the CPC should ensure payments to DHS are made in a timely manner.

Response – We will work to ensure this is done timely.

Conclusion – Response accepted.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

- II-F-08 State Warrant – State warrants were not deposited timely with the County Treasurer from the County Engineer, Agricultural Extension Office and County Sheriff

Recommendation – All receipts should be deposited in a timely manner.

Responses:

County Engineer – We have generally been taking receipts to the Treasurer once every two weeks. We will take the checks each week to the Treasurer when meeting with the Board of Supervisors.

Agricultural Extension Office – We currently make a deposit once a month unless it is greater than \$500. We will work to make sure deposits are timely.

County Sheriff – All state warrants will be deposited in a timely manner. It should be noted there are times a state warrant is issued and not received by the Sheriff's Office for days later which could hinder the deposit of the warrant within a fifteen day period. However, staff has been directed to make every attempt to deposit warrants within fifteen days of issuance.

Conclusion – Responses accepted.

- II-G-08 General Assistance – Acting as the fiscal agent, the General Assistance Director maintains a separate bank account for state and federal grants related to the Appanoose, Davis, Lucas and Monroe County Decategorization Board. The activity is not accounted for as a fund in the County's accounting system but, for audit purposes, the activity has been included as an Agency Fund.

The Decategorization Board may act as a committee of the Empowerment Board if an Empowerment area includes a decategorization project in accordance with Chapter 28.7(c) of the Code of Iowa. The Empowerment Board has designated Appanoose County as the fiscal agent for grant and other moneys administered by the Empowerment Board as required by Chapter 28.7(a) of the Code of Iowa.

Recommendation – Since the County acts as the fiscal agent of the Empowerment Board, the grant activity accounted for in the separate bank account should be included as an Agency Fund of the County and should be recorded in the receipt and disbursement cycles of the County's accounting system.

Response – The funds referred to were placed with Appanoose County by the Decategorization Governance Board to be handled through a fiscal agent contract. Fund expenditures are directed by the Iowa Department of Human Services, Service Supervisor serving Appanoose County. The funds are agency funds, as none of the money has or will pass to Appanoose County. These funds can appear in the County's accounting system in the same way other Agency Funds appear.

Conclusion – Response accepted.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

II-H-08 Disbursements – One claim paid by E911 and the County Assessor was paid in advance of services or equipment being provided or received.

Recommendation – E911 and the County Assessor should implement procedures to ensure services or equipment have been received or provided prior to paying claims.

Response – We will try to monitor the claims more closely.

Conclusion – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Appanoose County
Schedule of Findings and Questioned Costs
Year ended June 30, 2008

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

SIGNIFICANT DEFICIENCIES:

No material weaknesses in internal control over the major program were noted.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Part IV: Other Findings Related to Required Statutory Reporting:

IV-A-08 Certified Budget – Disbursements during the year ended June 30, 2008 exceeded the amount budgeted in the roads and transportation function.

Disbursements for one department exceeded the budget appropriation.

Recommendation – The budget should have been amended in accordance with chapter 331.435 of the Code of Iowa before disbursements were allowed to exceed the budget.

Chapter 331.434(6) of the Code of Iowa authorizes the Board of Supervisors, by resolution, to increase or decrease appropriations of one office or department by increasing or decreasing the appropriation of another office or department as long as the function budget is not increased. Such increases or decreases should be made before disbursements are allowed to exceed the appropriation.

Response – We will make sure to watch the budgets and appropriations.

Conclusion – Response accepted.

IV-B-08 Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted, except as noted in finding IV-K-08.

IV-C-08 Travel Expense – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

IV-D-08 Business Transactions – No business transactions between the County and County officials or employees were noted.

IV-E-08 Bond Coverage – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

IV-F-08 Board Minutes – No transactions were found that we believe should have been approved in the Board minutes but were not. However, there were seven instances where the minutes were not properly signed.

Recommendation – The Board of Supervisors should take steps to ensure the Board minutes are properly signed.

Response - We will periodically check for signatures.

Conclusion – Response accepted.

IV-G-08 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the County’s investment policy were noted.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

IV-H-08 Resource Enhancement and Protection Certification – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

IV-I-08 County Extension Office – The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and, consequently, is not included in Exhibits A or B.

Disbursements during the year ended June 30, 2008 for the County Extension Office did not exceed the amount budgeted.

Certain minutes of the County Agricultural Extension Council were not signed as required by Chapter 176A.14(3) of the Code of Iowa.

Recommendation – The minutes should be signed to authenticate the record, as required.

Response – We will make a special effort to get the minutes signed after each meeting.

Conclusion – Response accepted.

IV-J-08 Rent on Conservation Residence – The County Conservation Board's residence policy provides for a housing allowance to be paid to an employee residing in a County owned residence. The policy states the housing allowance is equal to the amount of rent charged by the County to the employee.

During the year ended June 30, 2008, the County paid \$7,202 in housing allowance to the conservation employee. The allowance was paid through payroll and was subject to federal and state income tax withholdings, as well as FICA and IPERS.

The rent income was credited to the Appanoose Conservation Foundation rather than to the County. Chapter 331.427 of the Code of Iowa requires all county revenues from taxes and other sources for general county services be credited to the General Fund of the County.

Recommendation – All County revenue should be credited to the County's General Fund as required by Chapter 331.427 of the Code of Iowa.

Response – The Appanoose Conservation Foundation paid for the construction of the residence at Sharon Bluffs State Park in 1995. The Appanoose Conservation Foundation has paid for all repairs and improvements to the residence since then.

All funds generated by the Appanoose Conservation Foundation, according to its by-laws, state they are to be used for purposes set forth by the Appanoose County Conservation Board. Therefore all revenues are being credited back to the County. If their funds were to be used for other purposes, their books would not have to be audited with the general county audit.

Conclusion – Response acknowledged. The County should also consult the County Attorney regarding this matter.

Appanoose County

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

IV-K-08 County Assessor - Questionable Expenditures – Certain expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented were noted. The expenditure for the County Assessor’s Office is detailed as followed:

Paid to	Purpose	Amount
Cosby’s Video and Appliance	Satellite radio	\$ 345

According to the opinion, it is possible for certain expenditures to meet the test of serving a public purpose under certain circumstances, although such items will certainly be subject to a deserved close scrutiny. The line to be drawn between a proper and improper purpose is very thin.

Recommendation – The County Assessor’s Conference Board should determine and document the public purpose served by these expenditures before authorizing any further payments. If this practice is continued, the County Assessor’s Conference Board should establish written policies and procedures, including requirements for proper documentation.

Response – My job training did not include a copy of the Attorney General’s Opinion dated April 25, 1979. Therefore I relied on my own definition of “public benefit,” which to me means contributing to the community we service. The public is better served by a staff with good moral. Pleasant music lifts the moral of my staff and allows them to better serve the public. The music is also enjoyed by all customers who visit our office and gives the added benefit of good reception and access to the emergency broadcast system which keeps all of us safe.

Conclusion – Response acknowledged. The County Assessor’s Conference Board should establish written policies and procedures, including requirements for proper documentation. The County Assessor’s Conference Board should consult the County Attorney to resolve this issue, including possible reimbursement.

IV-L-08 Reaudit – All items submitted for the year ended June 30, 2008 reaudit have been addressed and resolved.
