INDEPENDENT AUDITOR'S REPORT

To the Officials of Crawford County

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Crawford County, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of Crawford County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Crawford County at June 30, 2008, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated February 13, 2009 on our consideration of Crawford County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

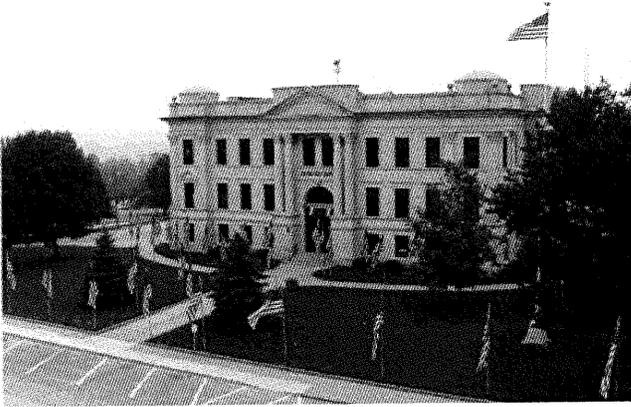

Management's Discussion and Analysis and budgetary comparison information on pages 3 through 3g and 34 through 36 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

To the Officials of Crawford County

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Crawford County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2007 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 6, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION & ANALYSIS

The Crawford County Board of Supervisors provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2008. It is the intent that this statement be reviewed and considered in conjunction with reading the County's financial statements.

2008 FINANCIAL HIGHLIGHTS

- Crawford County's revenue for the 2008 governmental activities was \$16,742,860 compared to \$15,267,835 in 2007 for an increase of \$1,475,025. Property and other county taxes increased \$180,919 from the previous fiscal year. The County expended \$1,217,663 of federal awards, of which \$177,154 was disaster grants from presidential declared disasters, and \$569,027 was for roadway and bridge construction.
- Crawford County's expenditures increased to \$14,222,787 in fiscal year 2008 from \$14,080,136 in fiscal year 2007 - an increase of \$142,651.
- Crawford County's capital assets (net of accumulated depreciation) increased approximately \$1,368,496 from the previous year.
- The new 38 bed jail facility began operating around September 1, 2007. Seven major capital projects were completed as secondary road projects during FY2008, including bridge replacement and stream bank stabilization projects.
- Crawford County self-funds their health insurance, using a stop loss of \$35,000. So far the plan has worked to maintain relatively level premiums and the county has been able to grow a reserve in the fund. The ending assets as of June 30, 2008 were \$924,867 and the claims incurred but not yet paid were \$54,297 leaving a net of \$870,570.

UTILIZATION OF THIS ANNUAL REPORT

The annual report consists of a series of financial statements as well as other requirements as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.
- The Government-Wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Crawford County as a whole and present an overall view of the County's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Crawford County's operations in more detail than government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Crawford County acts solely as an agent or custodian for the benefit of the government.
- Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year.
- Other Supplementary Information provides detailed information about the nonmajor governmental and the individual Agency Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various programs benefiting the County.

Reporting the County as a Whole

This includes a Statement of Net Assets and the Statement of Activities.

One of the most important questions asked about the County's finances is *Is the County as a whole better off or worse off as a result of the year's activities?* The statement of net assets and the statement of activities report information about activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus. This is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the fiscal year. All changes in net assets are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are displayed in the Statement of Net Assets and the Statement of Activities. Governmental activities include:

1. Public Safety and Legal Services
2. Physical Health & Social Services
3. Mental Health
4. County Environment and Education
5. Roads and Transportation
6. Government Services to Residents
7. Administration
8. Interest on Long-Term Debt

Property tax, local option tax, road use tax, and state and federal grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide detailed information about individual, significant funds, not the County as a whole. Some funds are required to be established by Iowa law or by bond covenants. The County can establish other funds to help it control and manage money for particular purposes.

Crawford County has three kinds of funds: governmental funds, proprietary funds, & fiduciary funds:

1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. These governmental funds may include: (1) the General Fund (General Basic & General Supplemental), (2) The Special Revenue Funds such as Mental Health, Rural Services (Rural Basic and Rural Supplemental), Secondary Roads and others, (3) the Debt Service Fund, and (4) the Capital Projects Funds. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The governmental funds required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

2) Proprietary funds account for the County's Internal Service, Employee Group Health Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The required financial statements for proprietary funds include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Fund Net Assets and a Statement of Cash Flows.

3) Fiduciary funds are used to report assets held in a trust or agency capacity for others and cannot be used to support the government's own programs. These fiduciary funds include agency funds that account for emergency management services and the county assessor to name a couple.

The fiduciary funds required financial statements include a Statement of Fiduciary Assets and Liabilities.

A summary reconciliation between the government-wide financial statements and the fund financial statements follows the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. Crawford County's net assets for FY08 total \$34,762,677 compared to FY07 at \$32,242,604. The County is recording capital assets, which increased to \$27,677,209 in FY08. The analysis that follows focuses on the changes of the net assets for our governmental activities.

Net Assets of Governmental Activities

	<u>June 30, 2007</u>	<u>June 30, 2008</u>

Unrestricted	3,536,839	4,231,671
Total Net Assets	\$ 32,242,604	\$ 34,762,677

The largest portion of the County's net assets is the Invested in Capital Assets (e.g. land, infrastructure, buildings, and equipment), less the related debt. The debt related to the Investment in Capital Assets is liquidated with sources other than capital assets, since they are unavailable for future spending. Restricted net assets represent resources that are subject to external restrictions, constitutional provisions, or enabling legislation on how they can be used. Unrestricted net assets are the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, legislation, or other legal requirements.

Local option sales tax revenue increased with the County receiving a total of \$598,918 (cash basis) and \$599,346 (accrual basis) in total for the year.

The State continues to not fully fund credits to taxpayers. Military, Elderly and Disabled credits were at 100%. However, the reduction continued on homestead with the state only funding it at a 73% level.

INDIVIDUAL MAJOR FUND ANALYSIS

Crawford County completed the year with its governmental funds reported combined cash balance of \$6,985,846, an increase of \$1,035,935 from the previous year. On a GAAP basis, the county ended the year with a balance of \$8,778,427, an increase of \$1,492,551 over the previous year.

The General Fund, as the operating fund for Crawford County, ended FY08 with a cash balance of \$3,948,351, a fund balance of \$4,275,013.

The Mental Health Fund of the County had an ending fund balance of \$420,691 as of 6-30-08. The Board had planned to take money from the ending balance, so the county would not be penalized when it comes to reimbursement from the State of Iowa.

The Rural Services Fund ended FY08 with a fund balance of \$550,937.

Secondary Roads ended FY08 with a fund balance of \$2,749,624. This fund changes due to timing of construction projects. Crawford County maintains 878 miles of gravel roads, has 209 miles of dirt roads and 135 miles of paved roads. Unlike a large number of Iowa counties, Crawford County also has 275 bridges which they maintain. During FY08 Crawford County received Federal and State Funds for snow disaster #3275 and flood disaster #1705. Crawford County was declared eligible for funding from Presidential Disaster Declaration DR-1763-IA for flood related damages between May 25, 2008 and August 13, 2008. Federal and State Funds are anticipated during FYE09 to fund repairs to eligible disaster sites. The county has an entitlement to farm to market funds for secondary road purposes which are administered by the Iowa Department of Transportation. These funds are not included in the County's financial report.

Crawford County's new 38 bed jail facility began operations around September 1, 2007. As of 6-30-08, there was an accrual balance of \$135,715 in the capital projects (Jail Project) fund.

GENERAL BUDGETARY HIGHLIGHTS

The Crawford County budget was amended once. The amendment was made May 20, 2008, for a variety of reasons and departments.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Crawford County ended FY08 with approximately \$46,185,283 invested in a broad range of capital assets. Crawford County excludes any assets under \$5,000. After consideration of accumulated depreciation of \$18,508,074, the government activities capital assets net is \$27,677,209.

Debt

During FY08, the County issued \$500,000 of general obligation bonds for the construction of a central plant building which will serve as a mechanical/electrical building with storage area for equipment and tools used by the custodial staff. A construction contract was approved on August 26, 2008 and construction began during the fall of 2008. Proceeds from sale of the bonds were deposited in the capital projects (Central Plant) fund during March, 2008.

Crawford County has general obligation bonds outstanding as of the end of FY08 totaling \$2,405,000, of which \$140,000 in principal payments are due during FY09.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Crawford County's Board of Supervisors has considered many factors for the fiscal year 2009 budget, tax rates, and funding of various County services. According to census estimations, the population of Crawford County is down slightly from the 2000 census figure of 16,942. The Board feels that this figure is inaccurate due to the large population of Hispanics residing and working in the county; which we do not believe are reflected accurately in those numbers. Unemployment in Crawford County was approximately 3.2% at the end of June, 2008. Inflation seems to be relatively close to the Consumer Price Index which increased 1.1%.

The Board has allowed little growth on most departmental budgets in the last year to alleviate the difference between revenue and expenditures in an effort to maintain current county programs.

The Board of Supervisors has reached three year union contracts with all of their unions.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of Crawford County's finances and show accountability for the money it receives. NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Crawford County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Crawford County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

These financial statements present Crawford County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units - The following component units are entities which are legally separate from the County, but are so intertwined with the County that they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

Nine drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Crawford County Board of Supervisors. These drainage districts are reported as a Special Revenue Fund. Financial information for the individual drainage districts can be obtained from the Crawford County Auditor's office.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Related Organizations - The County Board of Supervisors are also responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments. The Board of Supervisors appoint three of the five members to the board of the Crawford County Area Solid Waste Agency Commission. An audit of this Commission is performed and filed under separate cover. Financial transactions of this organization are included in the County's financial statements only to the extent of the County's fiduciary relationship with the Commission and, as such, are reported in an Agency Fund of the County.

Jointly Governed Organizations - The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Crawford County Assessor's Conference Board, Crawford County Joint E911 Service Board and Crawford County Emergency Management Services Commission. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in Agency Funds of the County.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Crawford County

Notes to Financial Statements

June 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for secondary road construction and maintenance.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Crawford County

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Additionally, the County reports the following funds:

Proprietary Fund - An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Crawford County

Notes to Financial Statements

June 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

The proprietary fund of the County applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements; Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund are charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2006 assessed property valuations; is for the tax accrual period July 1, 2007 through June 30, 2008 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March, 2007.

Interest and Penalty on Property Tax Receivable - Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Special Assessments Receivable - Special assessments receivable represent amounts assessed to individuals for work done that benefit their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Special assessments receivable represent assessments which are due and payable but have not been collected.

Due from and Due to Other Funds - During the course of its operations, the County has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2008, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Inventories - Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets - Capital assets, which include property, equipment and vehicles, and infrastructure assets acquired after July 1, 1980 (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Infrastructure	\$ 50,000
Land, buildings, and improvements	25,000
Equipment and vehicles	5,000

Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings	40 - 50
Building improvements	20 - 50
Infrastructure	30 - 50
Equipment	2 - 20
Vehicles	3 - 10

Due to Other Governments - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable - Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2008. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Rural Services and Secondary Roads Funds.

Long-Term Liabilities - In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Assets. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the governmental fund financial statements, the face amount of debt issued is reported as other financial sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity - In the governmental fund financial statements, reservations of fund balance are reported for amounts not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net Assets - The net assets of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2008, disbursements in certain departments exceeded the amounts appropriated.

NOTE 2 - CASH AND POOLED INVESTMENTS

The County's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Investments are stated at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

The County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$63,491 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk. The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the County.

Credit risk. The investment in Iowa Public Agency Investment Trust is unrated.

Concentration of credit risk. The County places no limit on the amount that may be invested in any one issuer.

NOTE 8 - PENSION AND RETIREMENT BENEFITS

The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

NOTE 8 - PENSION AND RETIREMENT BENEFITS - Continued

Most regular plan members are required to contribute 3.90% (4.10% July 1, 2008) of their annual covered salary and the County is required to contribute 6.05% (6.35% July 1, 2008) of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2008, 2007, and 2006 were approximately \$275,300, \$251,100, and \$243,200, respectively, equal to the required contributions for each year.

NOTE 9 - RISK MANAGEMENT

Crawford County is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool with over 563 members from various governmental entities throughout the State of Iowa. The Pool was formed in August, 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 200 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expense and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's annual contributions to the Pool for the year ended June 30, 2008 were approximately \$130,600.

Crawford County

Notes to Financial Statements

June 30, 2008

NOTE 9 - RISK MANAGEMENT - continued

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$10,000,000 in the aggregate per year. For members requiring specific coverage from \$3,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$100,000 each occurrence, each location, with excess coverage reinsured on an individual-member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2008, no liability has been recorded in the County's financial statements. As of June 30, 2008, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$500,000 and \$100,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 10 - EMPLOYEE HEALTH INSURANCE PLAN

The Internal Service, Employee Group Health Fund was established to account for the partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Wellmark. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$35,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Employee Group Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark from the Employee Group Health Fund. The County's contribution for the year ended June 30, 2008 was \$806,140.

Accounts payable from the Employee Group Health Fund at June 30, 2008 total \$54,297, which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. That reserve was \$870,570 at June 30, 2008 and is reported as net assets of the Internal Service, Employee Group Health Fund. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liability for claims for the current year is as follows:

Unpaid claims beginning of year	\$ <u>129,879</u>
Incurred claims (including claims incurred but not reported at June 30, 2008):	
Current year events	<u>611,757</u>
Total incurred claims	<u>611,757</u>
Payments:	
Current year events	557,460

NOTE 11 - CONSTRUCTION COMMITMENTS

The County has entered into a contract totaling approximately \$381,000 for bridge construction and roadway paving. As of June 30, 2008, costs of \$353,628 on the project have been incurred. The balance remaining on the project at June 30, 2008 (approximately \$21,000) will be paid as work on the project progresses using farm-to-market and existing funds. Additionally, the County has entered into contracts totaling approximately \$2,600,000 to renovate and construct jail facilities and construct a building to house electrical, communications, boiler, and related equipment. As of June 30, 2008, costs of \$1,985,768 on the project have been incurred. The balance remaining on the project at June 30, 2008 (approximately \$614,000) will be paid as work on the project progresses using proceeds from the general obligation bonds issued.

Notes to Required Supplementary Information - Budgetary Reporting

June 30, 2008

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds, except blended component units and agency funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, one budget amendment increased budgeted disbursements by \$1,173,800. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2008, disbursements in certain departments exceeded amounts appropriated.

Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Officials of Crawford County

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Crawford County, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements listed in the table of contents and have issued our report thereon dated February 13, 2009. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Crawford County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Crawford County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Crawford County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Crawford County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with an other comprehensive basis of accounting such that there is more than a remote likelihood a misstatement of Crawford County's financial statements that is more than inconsequential will not be prevented or detected by Crawford County's internal control.

To the Officials of Crawford County

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Crawford County's internal control.

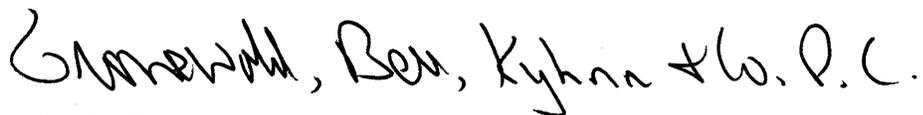

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Crawford County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Crawford County and other parties to whom Crawford County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Program and Internal Control over Compliance in Accordance with OMB Circular A-133

To the Officials of Crawford County

Compliance

We have audited the compliance of Crawford County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2008. Crawford County's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of Crawford County's management. Our responsibility is to express an opinion on Crawford County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards, and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Crawford County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Crawford County's compliance with those requirements.

In our opinion, Crawford County complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2008.

To the Officials of Crawford County

Internal Control Over Compliance

The management of Crawford County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Crawford County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Crawford County's internal control over compliance.

Our consideration of the internal control over compliance was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in the County's internal control that might be significant deficiencies or material weaknesses as defined below. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined below.

A control deficiency in the County's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect non-compliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to administer a federal program such that there is more than a remote likelihood non-compliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material non-compliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Crawford County and other parties to whom Crawford County may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.
