INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Eastern Iowa Community College District
Davenport, Iowa

We have audited the accompanying basic financial statements of Eastern Iowa Community College District (District), as of and for the year ended June 30, 2008, as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the discretely presented component units which represent 100% of the assets and revenues of the discretely presented component units. The financial statements of Muscatine Community College Foundation, Scott Community College Foundation, and Eastern Iowa Community College District Foundation, were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for those component units, is based solely on the reports of the other auditors.

We conducted our audit of the District in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Muscatine Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, and Scott Community College Foundation discretely presented component units were not audited in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

As described in Note 1 to the basic financial statements, Paul B. Sharar Foundation for Clinton Campus' financial statements are prepared on the income tax basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The Muscatine Community College Foundation's financial statements are prepared on the modified cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, based on our audit and the reports of other auditors, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of Eastern Iowa Community College District and its discretely presented component units as of June 30, 2008, and the respective changes in financial position and cash flows where applicable thereof for the year then ended on the basis of accounting described in Note 1 to the basic financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2008 on our consideration of Eastern Iowa Community College District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Eastern Iowa Community College District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the year ended June 30, 2007 (which is not presented herein) and expressed an unqualified opinion on those financial statements. The financial statements for the two years ended June 30, 2006 (which are not presented herein) were audited by other auditors who expressed unqualified opinions on those financial statements. The statements and schedules listed in the table of contents as supplementary information, as well as the accompanying schedule of expenditures of federal awards as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2008**

Eastern Iowa Community College District provides this Management's Discussion and Analysis of the District's annual financial statements. This narrative overview and analysis of the financial activities of Eastern Iowa Community College District is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

Eastern Iowa Community College District is a public, comprehensive community college district established by Iowa Code 260C.1 in 1966 that includes Clinton, Muscatine, and Scott Community Colleges. The District encompasses all or part of eight counties, serving a population base of almost 280,000 citizens. Each year, the District serves 6,219 full-time equivalent credit students in approximately 60 arts and science and 80 career technology programs. Non-credit programming serves 57,818 participants each semester in areas such as adult basic education, job skills training, English as a Second Language, computer skills training, state-mandated training, community interest classes, and developmental education. The District provides a variety of services and customized training for business and industry and offers more targeted training through its three technology centers, the Advanced Technology Environmental Education Center (ATEEC), the Graphic Arts Technology Center, and the Blong Technology Center.

The District is governed by a nine-member Board of Directors whose members are elected to three-year terms by voters within their individual districts. The EICCD colleges are accredited as a single district as part of the Higher Learning Commission/North Central Association's Academic Quality Improvement Project (AQIP), an alternative accreditation method based on the National Baldrige Education Criteria. EICCD was one of the first colleges in the nation to seek this type of accreditation, as a result of its strong commitment to continuous quality improvement.

In addition to its three main campuses in Bettendorf, Clinton, and Muscatine, EICCD operates additional attendance sites in Clinton, Columbus Junction, Davenport, and Maquoketa. The District has a strong emphasis on creating partnerships with area K-12 schools, other higher education institutions, local governments, and business and industry. These partnerships, along with a focused effort to secure grant funding, have allowed the District to continue to serve the needs of its communities, even in times of decreased state funding.

The District has the following discretely presented component units: Muscatine Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, Scott Community College Foundation, and Eastern Iowa Community College District Foundation (Foundations). The Foundations' purpose is to support the District through donations to provide scholarships to students and for the enhancement and extension of facilities, equipment, and services.

Financial Highlights

- District revenues totaled \$63,448,161 compared to \$61,055,316 for 2007.
- District operating expenses were \$59,054,925 compared to \$58,022,937 for 2007.
- The District's net assets increased \$4,036,300 or approximately 8% from fiscal year 2007. Fiscal year 2007 net assets increased \$2,778,925 from fiscal year 2006.

Using This Annual Report

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The basic financial statements consist of a statement of net assets, a statement of revenues, expenses, and changes in net assets, and a statement of cash flows. These provide information about the activities of the District as a whole and present an overall view of the District's finances. The District presents schedules of discretely presented component units' financial statements in separate presentations.

Notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

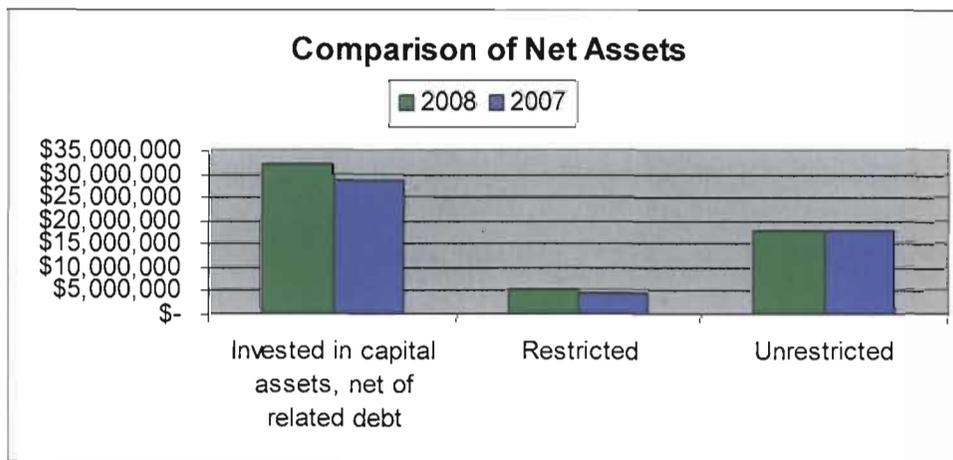

Supplementary information further explains and supports the financial statements with a comparison of the District's budget for the year, and the supplementary information provides detailed information about the individual funds of the District.

Reporting the District as a Whole

Statement of Net Assets: The statement of net assets presents the assets, liabilities, and net assets of the District as a whole, as of the end of the fiscal year June 30, 2008. The statement of net assets is a point-in-time financial statement. The purpose of this statement is to present a fiscal snapshot of the District to the readers of the financial statements. The statement of net assets includes year-end information concerning current and noncurrent assets, current and noncurrent liabilities and net assets (assets less liabilities). Over time, readers of the financial statements will be able to determine the District's financial position by analyzing the increases and decreases in net assets. This statement is also a good source for readers to determine how much the District owes to outside vendors and creditors. The statement also presents the available assets that can be used to satisfy those liabilities.

The largest portion of the District's net assets (58%) for 2008 and (56%) for 2007 is the invested in capital assets (e.g., land, buildings, and equipment), less the related debt. The debt related to the invested in capital assets is liquidated with resources other than capital assets. The restricted portion of the net assets (9%) for 2008 and (9%) for 2007 includes resources that are subject to external restrictions. The remaining net assets (33%) for 2008 and (35%) for 2007 are the unrestricted net assets that can be used to meet the District's obligations as they come due.

Statement of Revenues, Expenses, and Changes in Net Assets: Changes in total net assets as presented on the statement of net assets are based on the activity presented in the statement of revenues, expenses, and changes in net assets. The purpose of the statement is to present the revenues received by the District, both operating and nonoperating, and the expenses paid by the District, operating and nonoperating, and any other revenues, expenses, gains and losses received or spent by the District.

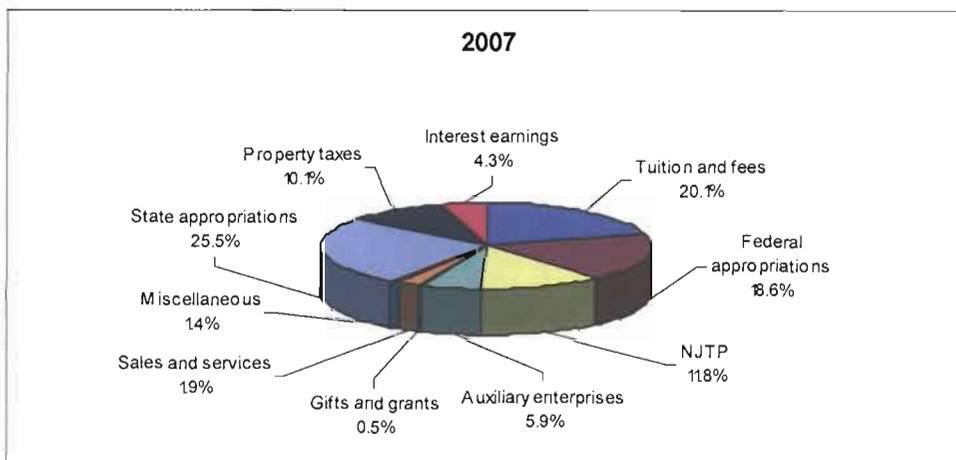

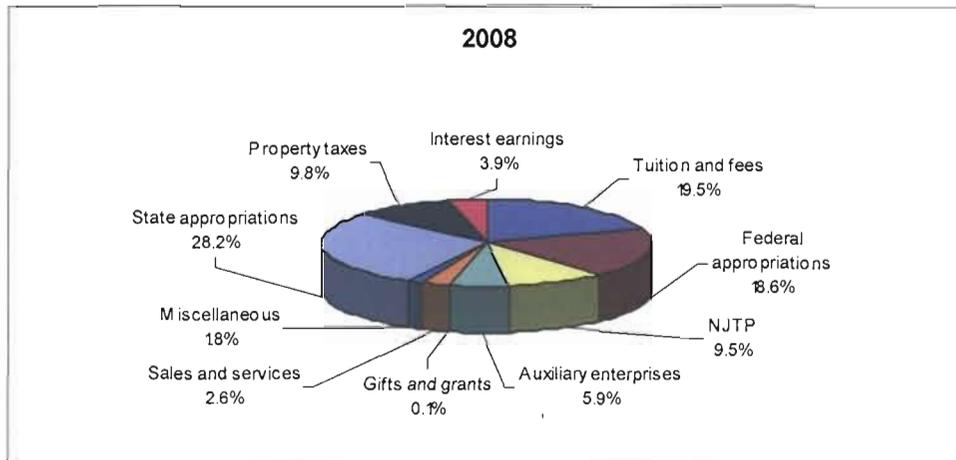

In general, a public college, such as Eastern Iowa Community College District, will report an operating loss since the financial reporting model classifies state appropriations and property taxes as nonoperating revenues. Operating revenues are received for providing goods and services to the various students, customers and constituencies of the District. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the District. Nonoperating revenues are revenues received for which goods and services are not provided. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life.

Total Revenue by Source

The statement of revenues, expenses, and changes in net assets reflects positive years for both 2008 and 2007, with an increase in the net assets of \$4,036,300 and \$2,778,925, respectively.

In fiscal year 2008, the major fluctuations in revenues were a result of the following changes:

- Iowa Industrial New Jobs Training Program decreased by approximately \$1,141,000.
- State appropriations increased due to an increase in state general aid.

Statement of Cash Flows: The statement of cash flows is an important tool in helping the users to assess the District's ability to generate future net cash flows, its ability to meet its obligations as they come due, and its need for external financing. The statement of cash flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing, capital financing, and investing activities.

Cash flows	<u>Year Ended June 30,</u>	
	<u>2008</u>	<u>2007</u>
Cash provided by (used in):

Ending	<u>\$ 36,940,577</u>	<u>\$ 31,444,364</u>

Cash used for operating activities includes tuition, fees, grants and contracts, net of payments to employees and to suppliers. Cash provided by noncapital financing activities includes state appropriations and local property taxes received by the District. Cash used by capital and related financing activities represents the proceeds from debt, the principal and interest payments on debt, and the purchase of capital assets. Cash provided by investing activities includes investment income earned.

Capital Assets

As of June 30, 2008, the District has \$36,644,413 invested in capital assets, net of accumulated depreciation of \$31,802,922. Depreciation charges totaled \$1,712,865 for fiscal year 2008. As of June 30, 2007, the District had \$32,776,831 invested in capital assets, net of accumulated depreciation of \$30,331,887. Depreciation charges totaled \$1,588,644 for fiscal year 2007. Details of the capital assets are shown below.

Debt

As of June 30, 2008, the District had \$50,752,500 in debt outstanding, excluding compensated absences of \$1,481,759, an increase of \$940,000 from 2007. The majority of the increase is due to an additional note payable. As of June 30, 2007, the District had \$49,812,500 in debt outstanding, excluding compensation absences of \$1,375,777, an increase of \$7,155,000 from 2006. The majority of the increase is due to an increase in certificates payable issued.

Outstanding debt

	June 30,

Revenue bonds payable	1,775,000	1,825,000
Totals	\$ 50,752,500	\$ 49,812,500

More detailed information about the District's outstanding debt is presented in Note 4 to the basic financial statements.

Economic factors

District's voters passed the District's \$33 million facilities bond referendum in September 2007. This amount will be invested in the existing and planned facilities to provide students with the best possible learning experience and the community with a better prepared workforce in the years to come.

Eastern Iowa Community College District continued to improve its financial position during the current fiscal year. However, the current condition of the economy in the state continues to be a concern for District officials. Some of the realities that may potentially become challenges for the District to meet are:

- Expenses will increase as the number of students increases. The costs associated with serving students will continue to rise, but not more than the expected increase in tuition income.
- Facilities at the District require constant maintenance and upkeep, but these expenditures will be funded through the Plant Fund.

The District anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the District's ability to react to unknown issues.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Eastern Iowa Community College District (District) is a publicly-supported post-secondary two-year institution established and operated by Merged Area IX under the provisions of Chapter 260C of the Code of Iowa.

In fulfilling the responsibilities assigned to it by law, Eastern Iowa Community College District offers a comprehensive educational program and support services to serve local and state needs. The District offers arts and science courses, career education, adult education, and cooperative programs as its curriculum. In addition, the District acts as an agency for the State of Iowa in connection with the Workforce Investment Act. The Eastern Iowa Community College District maintains campuses in Bettendorf, Clinton, and Muscatine and has its administrative offices in Davenport. The Eastern Iowa Community College District is governed by a Board of Directors whose members are elected from each district within Merged Area IX.

Accounting principles generally accepted in the United States of America require that the financial reporting entity include (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. In addition, the GASB issued Statement No. 39, *Determining Whether Certain Organizations are Component Units*, which sets forth additional criteria to determine whether certain organizations for which the District is not financially accountable should be reported as component units based on the nature and significance of their relationship with the District. These criteria include (1) the economic resources being received or held by the separate organization being entirely or almost entirely for the direct benefit of the District or its constituents, (2) the District being entitled to, or having the ability to otherwise access, a majority of the economic resources received or held by the District, and (3) the economic resources received or held by an individual organization that the District is entitled to, or has the ability to otherwise access, are significant to the District.

The District is considered to be a primary government and has included Muscatine Community College Foundation, Scott Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, and Eastern Iowa Community College District Foundation as discretely presented component units in their basic financial statements in the current year with the adoption of GASB Statement No. 39 due to the nature of their relationship with the District.

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District Foundations are non-profit corporations, governed by a separate Board of Directors. The Foundations' purpose is to support the District through donations to provide scholarships to students, and for the enhancement and extension of facilities, equipment and services. The Foundations operate on the following fiscal year-ends:

Muscatine Community College Foundation	June 30, 2008
Paul B. Sharar Foundation for Clinton Campus	August 30, 2007
Scott Community College Foundation	December 31, 2007
Eastern Iowa Community College District Foundation	December 31, 2007

Separately issued financial statements for the discretely presented component units can be obtained at Eastern Iowa Community College District, 306 West River Drive, Davenport, Iowa 52801.

The Scott Community College Foundation and the Eastern Iowa Community College District Foundation are presented on the accrual basis of accounting. The Muscatine Community College Foundation prepares its financial statements on the basis of modified cash receipts and disbursements which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The Paul B. Sharar Foundation for Clinton Campus prepares its financial statements on the income tax basis which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Significant Accounting Policies

Financial statement presentation: The basic financial statements (i.e., the statements of net assets, revenues, expenses, and changes in net assets, and cash flows) report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements.

Measurement focus and basis of accounting: For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined in GASB Statement No. 35. Accordingly, the basic financial statements of the District have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting standards: The District follows Governmental Accounting Standards Board (GASB) pronouncements as well as following all Financial Accounting Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

Cash and cash equivalents: For purposes of the statement of cash flows, all short-term deposits or cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily converted to known amounts of cash, and at the date of purchase, have a maturity no longer than three months.

Investments: Investments are stated at their fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Property taxes receivable: Property taxes receivable is recognized on the levy or lien date, which is the date that the tax asking is certified by the Board of Directors to the appropriate County Auditors. Current year delinquent property tax receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the Board of Directors to be collected in the next fiscal year for purposes set out in the budget for the next fiscal year. By statute, the Board of Directors is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred and will not be recognized as revenue until the year for which it is levied.

Due from Iowa Industrial New Jobs Training Program (NJTP): This receivable represents the total amount to be remitted to the District for training projects entered into between the District and employers under the provisions of Chapter 260E of the Code of Iowa. The receivable amount is based on NJTP project expenditures incurred through June 30, 2008, plus interest incurred on NJTP certificates, less reimbursements received to date.

Due from other governments: This asset represents state aid, grants and reimbursements due from the State of Iowa, and grants and reimbursements due from the federal government.

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventories: Inventories are stated at the lower of cost or market (first-in, first-out) method. As of June 30, 2008, inventories are as follows:

	Unrestricted Current Funds
Bookstore	\$ 899,142
Parts	<u>25,042</u>
Total	<u>\$ 924,184</u>

Capital assets: Capital assets, which include land, buildings, other structures and improvements, and furniture and equipment, are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repair that do not add to the value of the assets or materially extend asset lives are not capitalized. No interest costs were capitalized since there were no qualifying assets.

Capital assets are defined by the District as assets with initial, individual costs in excess of \$5,000 and estimated useful lives in excess of one year.

Depreciation is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and other structures and improvements	25
Furniture and equipment	7

The District does not capitalize or depreciate their library book collection. This collection is unencumbered, held for public education, protected, cared for, and preserved and the proceeds from the sale of library books, if any, are not material to the District.

Salaries and benefits payable: Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities. Expenditures for employees who have elected and been approved for early retirement are also accrued in this liability.

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred revenue: Deferred revenue represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets have not been spent for their intended purpose restriction. Deferred revenue consists of unspent grant proceeds and the succeeding year property tax receivable.

Compensated absences: District employees accumulate a limited amount of earned but unused vacation for subsequent use. Earned but unused vacation is paid to the employee upon termination, death or retirement. Amounts representing the cost of compensated absences are recorded as compensated absences. These liabilities have been computed based on rates of pay in effect as of June 30, 2008.

Accrued interest payable: Interest on long-term bonded indebtedness is recorded as a liability when the interest is payable.

Net assets: Net assets are classified according to restrictions or availability of assets for satisfaction of District obligations. Invested in capital assets, net of related debt represents the net value of capital assets less the debt incurred to acquire or construct the assets and the borrowed resources not yet expended, but restricted for capital purchases. Restricted net assets represent the amounts segregated for specific purposes as required by the Code of Iowa, bond covenants, donors, or outside agencies. All remaining net assets are unrestricted for legal purposes, but may be designated for specific purposes. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Auxiliary enterprises revenues and expenses: Auxiliary enterprises revenues and expenses primarily represent revenues generated and expenses associated with bookstore, cafeteria, daycare, parts, and printing.

Summer session: The College operates summer sessions during May, June, and July. Revenues and expenses for the summer sessions are recorded in the appropriate fiscal year. Tuition and fees are allocated based on the load study distributions supplied by the College Registrar.

Tuition and fees: Tuition and fees revenues are reported net of scholarship allowances, while stipends and other payments made directly to students are presented as scholarship expenses.

Operating and nonoperating activities: Operating activities, as reported in the statement of revenues, expenses, and changes in net assets are transactions that result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Nonoperating activities include state appropriations, property tax, interest earnings and interest on indebtedness.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2008

NOTE 1 - FINANCIAL REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Scholarship allowances and student aid: Financial aid to students is reported in the financial statements, as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (loans, funds provided to students as awarded by third parties and Federal Direct Lending) is accounted for as third-party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses or scholarship allowances which reduce revenue. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition.

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Primary Institution

The District's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Interest rate risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy limits operating funds portfolio to maturities of less than 397 days.

Credit risk: The District is authorized by statute to invest public funds in obligations of the United States government; its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district. However, the District's investment policy additionally limits investments in commercial paper to obligations that mature within 270 days and that is rated within the two highest classifications, as established by at least one of the standard rating services, with no more than 5% at the time of purchase placed in the second highest classification. At the time of purchase, no more than 10% of the investment portfolio can be in these investments and no more than 5% of the investment portfolio can be invested in the securities of a single issuer.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2008**

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

As of June 30, 2008, the District's investments were not subject to nationally recognized statistical ratings.

Concentration of credit risk: The District's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital and, in general, avoid speculative investments. The District's investment policy seeks to provide safety of the principal, maintain the necessary liquidity to match expected liabilities, and obtain a reasonable rate of return. The policy allows for investments of up to 100% in interest bearing savings, money market and checking accounts, certificates of deposits, repurchase agreements, money market mutual funds, bonds, notes, certificates of indebtedness, treasury bills or other securities issued by the United States of America, its agencies and allowable instrumentalities; up to 10% in prime bankers' acceptances; and up to 10% in commercial paper. The policy does not allow the District to invest in futures or options.

Custodial credit risk: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. It is the District's policy to require that time deposits in excess of FDIC insurable limits be secured by collateral or private insurance to protect public deposits in a single financial institution if it were to default.

As of June 30, 2008, the carrying amount of the District's deposits excluding \$8,340 of petty cash totaled \$61,019,264, with a bank balance of \$61,961,426.

A reconciliation of deposits and investments as shown on the statement of net assets - primary institution follows:

In accordance with agreements dated between June 30, 1997 and June 30, 2008, the District issued certificates with a June 30, 2008 outstanding balance of \$46,045,000 and with interest rates ranging from 3.00% to 7.75% per annum. These certificates were issued to finance the development and training costs incurred relative to implementing the Iowa Industrial New Jobs Training Program (NJTP). NJTP's purpose is to provide tax-aided training for employees of industries which are new to or are expanding their operations within the State of Iowa. Interest on the certificates is payable semiannually, while the principal matures annually. The certificates are to be retired from the proceeds of withholding taxes remitted by the State of Iowa, incremental property taxes, budgeted reserves, and in the case of default, from standby property taxes collected.

The future debt service requirements on these certificates are as follows:

Year Ending June 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

Pursuant to a loan agreement entered into on May 15, 2000, the District issued capital loan notes with a June 30, 2008 balance of \$1,765,000. Rates range from 5.35% to 5.50%. Interest is accrued semiannually with principal and interest payments due annually in varying amounts through 2011. These notes were issued primarily to finance the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings, equipment for buildings, and for the purpose of maintaining, remodeling, improving and expanding the District.

NOTE 4 - NONCURRENT LIABILITIES (CONTINUED)

The capital loan notes will be repaid from the future receipt of installments of the tax levy of 20¼ cents per thousand dollars of assessed value authorized by the voters of Eastern Iowa Community College District at the election held September 14, 1999, pursuant to authority granted by Section 260C.22 of the Code of Iowa.

The notes payable consists of notes due to Muscatine Community College Foundation and Water Park Entertainment Ltd. The note due to Muscatine Community College Foundation was entered into on November 10, 1999. As of June 30, 2008, the note has a balance of \$87,500. It is a noninterest bearing, unsecured note. Principal is due in full as of December 31, 2010. The note due to Water Park Entertainment Ltd. was entered into on March 3, 2007. As of June 30, 2008, the note has a balance of \$1,080,000. Annual principal payments of \$120,000 are due through February 2016. Interest is due annually at 6%. The note is secured by the real estate purchased.

Bond payable consists of dormitory revenue bonds, Series 2001 of \$1,775,000 as of June 30, 2008. Rates range from 5.00% to 5.85%. Interest is due semiannually and principal is due annually in varying amounts through 2022. The proceeds of the bond were used for the construction of college apartments. Revenues earned by the project will be pledged for repayment of the bond payable. The bond is collateralized by a mortgage on the dormitory property.

Future maturities and interest of the notes and bonds payable as of June 30, 2008 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year Ending June 30,

NOTE 5 - RETIREMENT SYSTEM

Eastern Iowa Community College District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

NOTE 5 - RETIREMENT SYSTEM (CONTINUED)

Plan members are required to contribute 3.90% of their annual covered salary and the District is required to contribute 6.05% of annual payroll. Contribution requirements are established by state statute. The District's contributions to IPERS for the years ended June 30, 2008, 2007, and 2006 were \$851,711, \$770,657, and \$750,643, respectively, equal to the required contributions for each year.

NOTE 6 - TEACHERS INSURANCE AND ANNUITY ASSOCIATION - COLLEGE RETIREMENT EQUITIES FUND (TIAA-CREF)

Eastern Iowa Community College District contributes to the TIAA-CREF retirement program which is a defined contribution plan. TIAA administers the retirement plan for the District. The defined contribution retirement plan provides individual annuities for each plan participant. As required by the Code of Iowa, all eligible District employees must participate in a retirement plan from the date they are employed. Contributions made by both employer and employee vest immediately. As specified by the contract with TIAA-CREF, and in accordance with the Code of Iowa, each employee is required to contribute 3.90% and the District is required to contribute 6.05%. The District and employees' required and actual contributions to TIAA-CREF for the year ended June 30, 2008 were \$519,099 and \$334,625, respectively.

NOTE 7 - OPERATING LEASES

The District has leased various facilities, land, and vehicles under operating leases. The leases expire on various dates through 2012 and require various minimum annual rentals. Some of the leases also require the payment of normal maintenance and insurance on the properties.

The following is a schedule, by year, of the future minimum rentals due under these operating leases:

Year Ending June 30,	
2009	\$ 168,315
2010	138,888
2011	92,546
2012	<u>3,720</u>
Total	<u>\$ 403,469</u>

Rental payments made during the year ended June 30, 2008 for all operating leases totaled approximately \$217,000.

NOTE 8 - RISK MANAGEMENT PROGRAM

The District is a member in the Insurance Management Program for Area Community Colleges (IMPACC) as allowed by Chapter 504A of the Code of Iowa. IMPACC (Program) is a risk-sharing pool whose members include Iowa Community Colleges. IMPACC was incorporated in May 1988 for the purpose of managing and funding insurance for its members and to provide general liabilities, automobile liability, automobile physical damage, public official bonds, property and inland marine, errors and omissions and School Board legal liability, workers' compensation and employers liability, crime insurance, fiduciary bonds, and boiler and machinery insurance coverage for its member colleges. There have been no reductions in insurance coverage from prior years.

The members' annual contributions are to fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund IMPACC's general and administrative expenses, claims, claim expenses and reinsurance expenses due and payable in the current year. The District's contributions to the risk-sharing pool are recognized as expenditures at the time of payment. The District's total contributions to IMPACC for the year ended June 30, 2008 were \$413,514.

The Program uses reinsurance to reduce its exposure to large losses. The Program has a self-insured retention of \$200,000 per property/liability, \$100,000 for error/omissions, and \$200,000 for workers' compensation. The policy limit per occurrence is \$800,000 for property/liability, \$900,000 for errors/omissions, and \$150,000 for workers' compensation. Excess insurance for workers' compensation is for statutory limits. Excess for all other lines is \$10,000,000 per occurrence. Property is insured with excess coverage over the self-insured retention of up to \$50,000,000 for boiler and machinery and up to \$250,000,000 for other property. Stop gap loss protection is provided above the member's loss fund.

In the event any claim or series of claims exceed the amount of aggregate excess insurance, then payment of such claims shall be the obligation of the respective individual member. The District does not report a liability for losses in excess of reinsurance unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, as of June 30, 2008, no liability has been recorded by the District. Settled claims have not exceeded the risk pool or reinsurance coverage in any of the past three fiscal years.

Members agree to continue membership for a period of not less than three full years. After such period, a member who has given sufficient notice, in compliance with the bylaws, may withdraw. Upon withdrawal, payments for all claims and claims expenses for the years of membership continue until all claims for those years are settled.

The District also carries commercial insurance purchased from other insurers for coverage associated with the Workforce Investment Act and for employee health claims. Settled claims have not exceeded the insurance coverage in any of the past three fiscal years.

NOTE 9 - CONTINGENCY LIABILITY, EARLY RETIREMENT AND COMMITMENTS

The District approved an Early Retirement Incentive Plan (ERIP) effective April 21, 2003.

To be eligible for ERIP, an employee must be employed full-time and be 55 years of age with 10 or more years of consecutive service with the District. Retirement is to begin at the end of the academic year for instructional staff and the end of the fiscal year for administration, professional, and support staff. Participation must be approved by the administrative office.

An employee approved for participation in the program will receive the following incentives:

1. Early Retirement Incentive lump-sum cash severance amount of 50-65% of the final contract salary based upon years of service.
2. The employee's single deductible health insurance premium at the time of retirement shall be paid on a monthly basis until the retired employee becomes Medicare eligible or until their death.

The employee receives the cash benefits in two installments. The first half of the benefit is paid in the fiscal year of the retirement. The second half of the benefit is paid in the fiscal year following the year of retirement. The lump-sum payment liability is \$185,063.

The current year cost to the District was \$673,254, including 19 participants in the health insurance plan. The liability for the participation in the health plan is \$1,166,758 and will be paid over the next nine years. The liability was calculated using the District's share of health premiums at the time of retirement to estimate costs.

A summary of the changes in the early retirement liability for the year ended June 30, 2008 is as follows:

Balance, June 30, 2007	\$ 1,351,821
Additions	884,399
Reductions	<u>647,257</u>
Balance, June 30, 2008	<u>\$ 1,588,963</u>
Due within one year	<u>\$ 629,661</u>

The early retirement liability is included in salaries and benefits payable on the statement of net assets.

As of June 30, 2008, the potential liability of the District, if all eligible employees accepted early retirement, is approximately \$5,183,840.

NOTE 10 - JOBS TRAINING PROGRAMS

The District administers the Iowa Industrial New Jobs Training Program (NJTP) in Area IX in accordance with Chapter 260E of the Code of Iowa. NJTP's purpose is to provide tax-aided training or retraining for employees of industries which are new to or are expanding their operations within the State of Iowa. Certificates are sold by the District to fund approved projects and are to be retired by proceeds from anticipated jobs credits from withholding taxes, incremental property taxes, budgeted reserves, and in the case of default, from standby property taxes. The District is currently administering 140 projects receiving project funding or in the repayment stage. In cases where projects exceed the budgeted amounts, the District intends to obtain additional withholding revenue from the companies.

The District also administers the Iowa Jobs Training Program (IJTP) in Area IX in accordance with Chapter 260F of the Code of Iowa. The IJTP's purpose is to provide customized training for existing employers. Approved businesses receive loans from the Iowa Department of Economic Development. The District is currently administering 85 projects.

NOTE 11 - NEW PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) has issued several Statements not yet implemented by the District. The Statements which may impact the District are as follows:

Statement No. 45, *Accounting and Financial Reporting by Employers for Postretirement Benefits Other than Pensions*, issued June 2004, will be effective for the District beginning with its year ending June 30, 2009. This Statement establishes standards for the measurement, recognition and display of other postemployment benefits expenses and related liabilities or assets, note disclosures and if applicable, required supplementary information in the financial reports.

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, issued November 2006, will be effective for the District beginning with its year ending June 30, 2009. This statement establishes standards for accounting and financial reporting for obligations to address the current or potential detrimental effects of existing pollution.

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, will be effective for the District beginning with its year ending June 30, 2010. This statement establishes accounting and financial reporting requirements for intangible assets including easements, water rights, timber rights, patents, trademarks, and computer software.

GASB Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*, will be effective for the District beginning with its fiscal year ending June 30, 2009.

NOTE 12 - DISCRETELY PRESENTED COMPONENT UNIT NOTE RECEIVABLE

Muscatine Community College Foundation loaned Muscatine Community College \$250,000 during fiscal year ended June 30, 2000. The amount outstanding as of June 30, 2008 is \$87,500. The note is noninterest bearing and was loaned in support of the new childcare facility. The loan proceeds were to be consistent with Braunworth Fund stipulations. The loan is to be repaid within ten years based on a signed contract with Eastern Iowa Community College District. Under the terms of the agreement, utilization of the facility is restricted to classrooms and childcare for as long as there is a balance due.

NOTE 13 - SUBSEQUENT EVENT

On October 1, 2008, the District issued School Bonds, Series 2008, in the amount of \$11,000,000 at interest rates ranging from 3.75%-4.50% with final maturity on June 1, 2019. Proceeds of the bonds will be used for specific District-wide projects.

NOTE TO BUDGETARY COMPARISON SCHEDULE OF EXPENDITURES
BUDGETARY REPORTING
Year Ended June 30, 2008**

The Board of Directors annually prepares a budget designating the proposed expenditures for operation of the District on a basis consistent with accounting principles generally accepted in the United States of America. Following required public notice and hearing, and in accordance with Chapter 260C of the Code of Iowa, the Board of Directors certifies the approved budget to the appropriate county auditors and then submits the budget to the State Board of Education for approval. The budget may be amended during the year utilizing similar statutory prescribed procedures. Formal and legal budgetary control is based on total operating expenditures.

Budgets are not required to be adopted for the Auxiliary Enterprises subgroup, Workforce Investment Act accounts, Temporary Assistance for Needy Families, Iowa Code 260F Jobs Training, scholarships and grants account, Loan Funds, and Agency Funds.

NOTE TO SUPPLEMENTARY INFORMATION
Year Ended June 30, 2008**

Statements presented in the supplementary information are reported using the current financial resources measurement focus and the accrual basis of accounting, except for depreciation. The schedule of revenues, expenditures, and changes in fund balance is the statement of financial activities related to the current reporting period. It does not purport to present the results of operations or net income or loss for the period as would a statement of income or a statement of revenues and expenses. In order to ensure observance of limitations and restrictions placed on the use resources available to the District, the accounts of the District are maintained in accordance with the principles of "fund accounting". This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund; however, in the financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions are accounted for and reported by fund group. Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated for specific purposes by action of the governing board. Externally restricted funds may only be utilized in accordance with the purposes established by the source of such funds and are in contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

All gains and losses arising from the sale, collection, or other disposition of investments and other noncash assets are accounted for in the fund which owned such assets. Ordinary revenue derived from investments, receivables, and the like, is accounted for in the fund owning such assets.

The District utilizes the following fund groups:

Current Funds:

These funds are utilized to account for those economic resources that are expendable for the purpose of performing the primary and supporting missions of the District. These include the following unrestricted and restricted subfunds:

Unrestricted: The Education and Support subgroup of the Unrestricted Current Funds accounts for the general operations of the District. All property taxes and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this subgroup. From this subgroup are paid the general operating costs, the fixed charges and the acquisition of plant assets that are not paid from other funds.

The Auxiliary Enterprises subgroup accounts for activities which are intended to provide non-instructional services for sales to students, staff, and/or institutional departments, and which are supplemental to the educational and general objectives of the District. In addition, they account for activities which provide instructional and laboratory experiences for students and which incidentally create goods and services that may be sold to students, faculty, staff, and the general public.

Year Ended June 30, 2008**

Restricted: The Restricted Current Funds are used to account for resources that are available for the operation and support of the educational program but which are restricted as to their use by donors or outside agencies.

The Scholarships and Grants subgroup accounts for resources available for awards to students which are not in payment of services rendered to the District and which will not require repayment to the District.

The District has agreements with various businesses under the Iowa Industrial New Jobs Training Program (NJTP). The District administers the program, with the revenues and expenditures being restricted by the State for use in this program. The District is accounting for the activity of the NJTP in the Restricted Current Funds.

Loan Funds:

These funds are used to account for student loan transactions.

Plant Funds:

The Plant Funds are used to account for transactions relating to investment in District properties, and consist of the following self-balancing subfunds:

Unexpended - This subfund is used to account for the unexpended resources derived from various sources for the acquisition or construction of plant assets.

Retirement of indebtedness - This subfund is used to account for the accumulation of resources for principal and interest payments on plant indebtedness.

Investment in plant - This subfund is used to account for the excess of the carrying value of plant assets over the related liabilities.

Agency Funds:

The Agency Funds are used to account for assets held by the District in a custodial capacity or as an agent for others. Transactions of Agency Funds do not affect the schedule of revenues, expenditures, and changes in fund balances.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended June 30, 2008**

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2 - STUDENT FINANCIAL ASSISTANCE

The District is responsible only for the performance of certain administrative duties with respect to the Federal Direct Student Loan Program, and accordingly, these loans are not included in its financial statements. It is not practical to determine the balance of the loans outstanding to students and former students of the District under this program as of June 30, 2008.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Eastern Iowa Community College District
Davenport, Iowa

We have audited the accompanying financial statements of Eastern Iowa Community College District as of and for the year ended June 30, 2008, which collectively comprise Eastern Iowa Community College District's basic financial statements listed in the table of contents, and have issued our report thereon dated December 16, 2008. We did not audit the financial statements of the discretely presented component units which represent 100% of the assets and revenues of the discretely presented component units. The financial statements of Muscatine Community College Foundation, Scott Community College Foundation, and Eastern Iowa Community College District Foundation, were audited by other Auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for those component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Eastern Iowa Community College District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eastern Iowa Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Iowa State Statutory Requirements

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statement of the District as identified in Part IV of the accompanying Schedule of Findings and Questioned Costs. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Directors
Eastern Iowa Community College District
Davenport, Iowa

Compliance

We have audited the compliance of Eastern Iowa Community College District with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. Eastern Iowa Community College District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Eastern Iowa Community College District's management. Our responsibility is to express an opinion on Eastern Iowa Community College District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards, and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Eastern Iowa Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Eastern Iowa Community College District's compliance with those requirements.

In our opinion, Eastern Iowa Community College District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Eastern Iowa Community College District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Eastern Iowa Community College District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the officials, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
