To the Members of the Board of Regents,  
State of Iowa

In accordance with your request, we are attaching the accompanying PDF file, which contains an electronic final version of the financial statements for the Utility System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2008. We understand that your request for the electronic copy has been made as a matter of convenience. You understand that the electronic transmission is not entirely secure and that it is possible for confidential financial information to be intercepted by others.

These financial statements and our report on them are not to be modified in any manner. This final version supersedes all prior drafts. Any preliminary draft version of the financial statements previously provided to you in an electronic format should be deleted from your computer, and all printed copies of any superseded preliminary draft versions should likewise be destroyed.

Professional standards and our firm policies require that we perform certain additional procedures whenever our reports are included, or we are named as accountants, auditors or "experts," in a document used in a public or private offering of equity or debt securities. Accordingly, as provided for and agreed to in the terms of our arrangement letter, the University will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, the University also agrees to provide us with printer's proofs or masters of such offering documents for our review and approval before printing and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when the University seeks such consent, we will be under no obligation to grant such consent or approval.

Thank you for the opportunity to serve Utility System Revenue Bond Funds of State University of Iowa.

## Independent Auditor's Report

To the Members of the Board of Regents,  
State of Iowa

We have audited the accompanying statement of net assets and the related statement of revenues, expenses and changes in net assets and cash flows of the Utility System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2008, which collectively comprise the Bond Funds basic financial statements listed in the table of contents. We have also audited the financial statements of each individual fund of the Utility System Revenue Bond Funds of State University of Iowa as of and for the year ended June 30, 2008 presented in the combining fund financial statements in the supplementary information listed in the table of contents. These financial statements are the responsibility of the University's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the financial statements present only the Utility System Revenue Bond Funds of State University of Iowa and do not purport to, and do not, present fairly the financial position of State University of Iowa as of June 30, 2008 and changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Because the financial statements present only the Utility System Revenue Bond Funds of State University of Iowa, and do not purport to, and do not present the financial statements of State University of Iowa, management has chosen not to present a Management's Discussion and Analysis.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Utility System Revenue Bond Funds of State University of Iowa as of June 30, 2008, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the combining financial statements referred to above present fairly, in all material respects, the respective financial position of each individual fund of the Utility System Revenue Bond Funds of State University of Iowa as of June 30, 2008, and the respective changes in financial position of each individual fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In connection with our audit, nothing came to our attention that caused us to believe Utility System Revenue Bond Funds of State University of Iowa were not in compliance with the accounting requirements of the Board of Regents Resolution for the issuance of the Utility System Revenue Bond Funds; however, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

Our audit was conducted for the purpose of forming opinions on the financial statements taken as a whole. The information in the schedules of insurance coverage and student enrollment has not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials and employees of State University of Iowa, the members of the Board of Regents, citizens of the State of Iowa and other parties to whom the State University of Iowa may report. This report is not intended to be and should not be used by anyone other than these specified parties.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

Note 1. Significant Accounting Policies

Reporting entity:

The accompanying financial statements include only the Utility System Revenue Bond Funds Series S.U.I. 1993, 1998, 2002, 2004, 2006, 2006A, 2007 and 2007A and Utility System Revenue Refunding Bond Funds Series S.U.I. 1999A, 1999B and 2003 (collectively the Funds), enterprise funds of the State University of Iowa (University), which were created by various resolutions of The State of Iowa Board of Regents which authorized the issuance of revenue bonds and notes to fund the costs of constructing and renovating academic buildings of the University. The Revenue Bonds and the Revenue Refunding Bonds are issued on behalf of the University. The Funds do not represent the entire utility system. Under the provisions of the resolutions, the net assets of the Funds are, in general, restricted to provide for the retirement of the outstanding bonds of the Funds and the operation and maintenance of the utility system of the University. The following summarizes the bond series, dates of resolution and original issuance amounts of the Revenue Bonds and the Revenue Refunding Bonds outstanding as of June 30, 2008:

Bond Series	Resolution Date	Original Issuance Amount
S.U.I. 1993	February 17, 1993	\$ 11,360,000
S.U.I. 1998	October 21, 1998	15,500,000
S.U.I. 1999A Refunding	January 20, 1999	12,845,000
S.U.I. 1999B Refunding	October 1, 1999	17,180,000
S.U.I. 2002	March 1, 2002	15,000,000
S.U.I. 2003 Refunding	March 1, 2003	6,080,000
S.U.I. 2004	April 1, 2004	25,000,000
S.U.I. 2006	March 1, 2006	25,000,000
S.U.I. 2006A	December 1, 2006	25,000,000
S.U.I. 2007	March 1, 2007	25,000,000
S.U.I. 2007A	October 31, 2007	25,000,000
		<u>\$ 202,965,000</u>

These financial statements present only the Funds and do not purport to, and do not, present the financial position of the State University of Iowa as of June 30, 2008, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. The Funds' financial statements are presented to comply with bond agreements.

Basic financial statements:

The statement of net assets and the statement of revenues, expenses and changes in net assets report information on all of the activities of the Utility System Revenue Bond Funds. For the most part, the effect of interfund activity has been removed from these statements.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

---

**Note 1. Significant Accounting Policies (Continued)**

The statement of net assets presents assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

*Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Funds first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The statement of revenues, expenses and changes in net assets demonstrates how net assets changed during the fiscal year.

The statement of cash flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing, capital financing and investing activities.

**Fund accounting:**

In order to ensure the observance of limitations and restrictions placed on the use of available resources, the accounts are maintained in accordance with the principles of fund accounting. Each fund provides a separate set of self-balancing accounts which comprises its assets, liabilities, reserves, net assets, revenues and expenses. Fund accounting is the procedure by which resources for various purposes are classified, for accounting and reporting purposes, into funds according to the activities or objectives specified.

The following funds are used to account for transactions:

***Revenue Fund*** – The Revenue Fund is used to record all revenues and expenses related to operations.

***Investment in Plant Fund*** – The Investment in Plant Fund is used to account for buildings, construction in progress and accumulated depreciation. Additions to the Investment in Plant Fund are made via transfers from other funds in which the costs of the assets are initially accumulated.

***Construction Fund*** – The Construction Fund is used to record payments made for the costs of the project, including building and bond issuance costs.

***Bond Sinking Fund*** – The Bond Sinking Fund is used to make principal and interest payments.

***Debt Service Reserve Fund*** – The Debt Service Reserve Fund represents bond sinking reserves to provide payment of principal and interest, in the event there are no sufficient funds in the Bond Sinking Fund to make such payments.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

---

**Note 1. Significant Accounting Policies (Continued)**

*Improvement and Extension Fund* – The Improvement and Extension Fund is used to record payments for substantial building improvements, additions and replacements. Additions to the Improvement and Extension Fund are made via transfers from other funds in which the costs of the assets are initially accumulated.

**Basis of presentation:**

The Funds' financial statements have been prepared on the basis of the proprietary fund concept, which pertains to financial activities that operate in a manner similar to private business enterprises and are financed through fees and charges assessed primarily to the users of the services. Accordingly, the financial statements have been prepared using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB). In accordance with GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*, the Funds have elected not to apply the provisions of pronouncements of the Financial Accounting Standards Board issued after November 30, 1989.

**Cash and cash equivalents:**

Cash and cash equivalents are stated at cost which approximates fair value due to their short-term nature. Cash and cash equivalents represent amounts in cash accounts or the Funds' share of the Pooled Investment Fund of the University. The Pooled Investment Fund is composed of cash and short-term U.S. government securities, and a monthly allocation is made of the interest received based on the percentage of each participant's investment.

The University deposits the cash of most funds in commingled bank accounts and makes disbursements from the combined cash balances. An individual fund's cash balance represents that fund's cumulative deposits to and disbursements from the University's bank accounts. For purposes of the statement of net assets and the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

**Investments:**

Investments are stated at fair value. Fair value is based on quoted market prices. Investments with an original maturity of one year or less are reported as current in the statement of net assets.

**Capital assets:**

Capital assets are defined by the University as assets with an initial individual cost of more than \$5,000 for equipment or \$50,000 for buildings and infrastructure. Such assets are recorded at historical cost when purchased or constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

---

**Note 1. Significant Accounting Policies (Continued)**

Outlays for capital assets are capitalized as projects are constructed. During the year ended June 30, 2008, no interest costs were capitalized.

Depreciation is calculated using the straight-line method over the estimated useful lives of the capital assets, generally 40 to 50 years for buildings.

**Bond discount, issuance costs and premiums:**

Bond discount, issuance costs and premiums are deferred and amortized over the life of the bonds using the effective interest rate method.

**Fringe benefits:**

The University utilizes the fringe benefits pool method to account for fringe benefits. Under the fringe benefits pool method, fringe benefits are expensed as a percentage of actual salary or wage costs. The use of fringe benefits rates rather than actual fringe benefits costs is accepted by the federal government and widely used by universities. Rates are reviewed annually prior to the beginning of the fiscal year and adjusted to reflect differences between the rates charged and actual benefits costs as well as future benefit projections. The federal government must approve the annual rate study.

**Operating and nonoperating activities:**

Operating activities, as reported in the statement of revenues, expenses and changes in net assets, are transactions that result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Nonoperating activities include transactions such as investment earnings and interest expense.

**Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Transfers in (out):**

After meeting certain requirements specified in the bond agreements, the balance of net receipts may be transferred to the University for its general operations. However, all such monies that have been transferred shall be returned by the University, if necessary, to satisfy the requirements of the bond indentures.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

---

**Note 2. Cash and Cash Equivalents and Investments**

In accordance with the Code of Iowa and the bond resolutions, the Funds may invest in direct obligations of the U.S. government and its agencies.

Investments held by the Funds are recorded at fair value, as determined by quoted market prices. As of June 30, 2008, the Funds' investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Effective Duration</u>	<u>Quality Rating</u>
Agency Securities	\$ 7,015,613	0.209	AAA

**Interest rate risk:**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. This risk is managed within the portfolio using the effective duration. The maximum duration of the University's operating portfolio may not exceed the duration of the Merrill 1-3 year Government/Corporate Index by more than 20%. Effective maturities are limited to 63 months.

**Credit risk:**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the University. Investments are limited to direct obligations of the U.S. government and its agencies of the U.S. government backed by the full faith of the U.S. government or its agencies.

**Concentration of credit risk:**

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issue. Investments are limited to direct obligations of the U.S. government or its agencies.

**Custodial credit risk:**

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the Funds' deposits may not be returned. Custodial credit risk for investments is the risk that, in the event of failure of the counterparty, the Funds will not be able to recover the value of their investments or collateral securities that are in the possession of an outside party.

Utility System Revenue Bond Funds  
State University of Iowa

Notes to Basic Financial Statements

**Note 3. Capital Assets**

A summary of changes in buildings and construction in progress for the year ended June 30, 2008 is as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets being depreciated:				
Buildings	\$ 235,951,012	\$ 25,654,026	\$ (8,044,029)	\$ 253,561,009
Less accumulated depreciation	(132,407,940)	(7,156,055)	4,333,842	(135,230,153)
	<u>103,543,072</u>	<u>18,497,971</u>	<u>(3,710,187)</u>	<u>118,330,856</u>
Capital assets not being depreciated, construction in progress	43,252,628	27,527,522	(25,965,471)	44,814,679
<b>Capital assets, net</b>	<u>\$ 146,795,700</u>	<u>\$ 46,025,493</u>	<u>\$ (29,675,658)</u>	<u>\$ 163,145,535</u>

**Note 4. Revenue Bonds Payable**

A summary of revenue bonds payable activity for the year ended June 30, 2008 is as follows:

Beginning balance	\$ 142,465,000
Issuance	25,000,000
Payments	5,985,000
Ending balance	<u>\$ 161,480,000</u>
Amount due within one year	<u>\$ 7,045,000</u>

A summary of bond principal and interest maturities as of June 30, 2008 is as follows:

	Principal	Interest	Total
Year ending June 30:			
2009	\$ 7,045,000	\$ 6,622,354	\$ 13,667,354
2010	8,130,000	6,340,663	14,470,663
2011	8,350,000	6,021,641	14,371,641
2012	8,750,000	5,679,145	14,429,145
2013	9,165,000	5,313,279	14,478,279
2014 - 2018	39,360,000	21,460,860	60,820,860
2019 - 2023	41,200,000	13,120,290	54,320,290
2024 - 2028	34,105,000	4,696,203	38,801,203
2029 - 2030	5,375,000	209,650	5,584,650
	<u>\$ 161,480,000</u>	<u>\$ 69,464,085</u>	<u>\$ 230,944,085</u>

The bonds bear interest at rates ranging from 2.00% to 5.00% per year.

**Utility System Revenue Bond Funds  
State University of Iowa**

**Notes to Basic Financial Statements**

**Note 4. Revenue Bonds Payable (Continued)**

Under provisions of the bond agreements, specified amounts of net receipts are to be retained by the Funds to pay for the cost of constructing and maintaining the utility system of the University and to provide for the payment of interest and the retirement of outstanding bonds. After meeting such requirements, the balance of the net receipts may be transferred to the University for its general operations. In addition, the Funds are required to meet certain revenue requirements.

Certain revenue bonds payable as of June 30, 2008 may be called at par value as follows:

Bond Series	Call Date	Amount Callable
Series 1998	After November 1, 2009	\$ 9,405,000
Refunding 1999A	After November 1, 2009	4,545,000
Refunding 1999B	After November 1, 2009	6,040,000
Series 2002	After November 1, 2012	9,220,000
Series 2004	After November 1, 2013	15,855,000
Series 2006	After November 1, 2015	16,150,000
Series 2006A	After November 1, 2016	16,150,000
Series 2007	After November 1, 2017	16,250,000
Series 2007A	After November 1, 2018	16,250,000
		<u>\$ 109,865,000</u>

The Fund has pledged future customer revenues, net of specified operating expenses, to repay \$11,360,000, \$15,500,000, \$15,000,000, \$25,000,000, \$25,000,000, \$25,000,000, \$25,000,000 and \$25,000,000 in revenue bonds and \$12,845,000, \$17,180,000 and \$6,080,000 in refunding revenue bonds issued February, 1993, October, 1998, March, 2002, April, 2004, March, 2006, December, 2006, March, 2007, October, 2007, January, 1999, October, 1999 and March, 2003, respectively. Proceeds from the bonds were used to fund the costs of constructing, and renovating buildings of the University. The bonds are payable solely from net revenues of the Utility System and any Utility System Student Fees received by the University and are payable through 2030. The total principal and interest remaining to be paid on the bonds is \$230,944,085. Principal and interest paid for the current year and total pledged revenues were \$12,277,306 and \$21,540,634, respectively.

**Note 5. Related Party Transactions**

Included in the statement of revenues, expenses and changes in net assets are revenues of \$66,916,549 from charges to various University accounts and departments and expenses of \$38,408,762 for services purchased from various University departments.

**Note 6. Commitments**

As of June 30, 2008, the University has entered into \$5,559,288 of contract commitments for construction projects.

Notes to Basic Financial Statements

---

**Note 7. Extraordinary Event – Net Building Impairment Gain After Insurance Recoveries**

The University of Iowa sustained significant damage to property and impairment to capital assets as a result of the June 2008 flooding of the Iowa River. A net impairment gain associated with impaired infrastructures in the enterprise has been calculated as required by GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*.

The gross impairment loss is calculated using the restoration cost approach. As a result, assets fully depreciated prior to the flood would have an impairment loss of zero, regardless of damage. The expected cost to restore impaired infrastructures in the enterprise is \$39,997,522 and the estimated replacement cost is \$883,367,021. The carrying value at year-end is \$111,575,354, resulting in a gross impairment loss of \$3,695,139. Realizable insurance recovery associated with building impairment is \$24,307,572, resulting in a net impairment gain of \$20,612,433.

The June 2008 flood is treated as an extraordinary event as it meets the criteria for being both unusual in nature and infrequent in occurrence. The net impairment gain is recorded as an extraordinary item in the financial statements. The future costs that will be expended to restore impaired buildings will be recorded as separate transactions as restoration occurs.

**Note 8. Pending Pronouncements**

The Funds adopted the following Governmental Accounting Standards Board (GASB) statement during the year ended June 30, 2008:

GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. This Statement establishes accounting and financial reporting standards for transactions in which an entity receives, or is entitled to, resources in exchange for future cash flows generated by collecting specific receivables or specific future revenues. It also provides disclosure requirements for entities that pledge or commit future cash flows from a specific revenue source. In addition, this Statement establishes accounting and financial reporting standards for intra-entity transfers of assets and future revenues. The effect of the adoption of this Statement to the Funds was the addition of a note disclosure regarding pledged revenue for long-term obligations.

As of June 30, 2008, the GASB had issued the following statements not yet implemented by the Funds. The Statements which might impact the Funds are as follows:

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, issued November 2006, will be effective for the Funds' financial statements beginning with its year ending June 30, 2009. This Statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities, such as site assessments and cleanups. This Statement requires the government to estimate the components of expected pollution remediation outlays and determine whether the outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired.

Notes to Basic Financial Statements

---

**Note 8. Pending Pronouncements (Continued)**

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, issued July 2007, will be effective for the Funds' financial statements beginning with its year ending June 30, 2010. This Statement provides guidance regarding how to identify, account for and report intangible assets. The new Statement characterizes an intangible asset as an asset that lacks physical substance, is nonfinancial in nature and has an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, computer software, water rights, timber rights, patents and trademarks. This Statement provides that intangible assets be classified as capital assets (except for those explicitly excluded from the scope of the new Statement, such as capital leases). Relevant authoritative guidance for capital assets should be applied to these intangible assets.

GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, issued June 2008, will be effective for the Funds' financial statements beginning with its year ending June 30, 2010, with earlier application encouraged. This Statement will improve how state and local governments report information about derivative instruments in their financial statements. The Statement specifically requires governments to measure most derivative instruments at fair value in their financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting. The guidance in this Statement also addresses hedge accounting requirements.

The University has not yet determined the effect, if any, these Statements will have on the Revenue Bond Funds.

Utility System Revenue Bond Funds  
State University of Iowa

Schedule of Insurance Coverage  
(Unaudited)  
June 30, 2008

---

**Insurer:**

FM Global Insurance Company

**Description and Amount of Coverage:**

The Utility System is insured under the State University of Iowa's policies which have blanket coverage of \$1,000,000,000 that applies to buildings, contents, income and property in the course of construction.

Coverage specifically for the Utility System is as follows:

Utility System Operations <sup>1</sup>  
Building & Content \$531,425,135

Power Plant  
Building & Content \$145,361,861

**Policy Number:**

FS026

**Term of Policy:**

September 1, 2008 to September 1, 2009

See accompanying independent auditor's report.

<sup>1</sup>Includes chillers, water plant, substations, Oakdale, misc.
