Independent Auditor's Report

To the Board of Education
Lone Tree Community School District

I have audited the accompanying financial statements of the governmental activities, business type activities, each major fund and the aggregate remaining fund information of Lone Tree Community School District, Lone Tree, Iowa, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Lone Tree Community School District as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated January 25, 2010 on my consideration of Lone Tree Community School District's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 13 and 41 through 42 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lone Tree Community School District's basic financial statements. Other supplementary information included in Schedules 1 through 6, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. I previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the five years ended June 30, 2008 (which are not presented herein) and expressed unqualified opinions on those financial statements. In my opinion, the information set forth in the supplementary information for each of the six years in the period ended June 30, 2009, appearing in Schedule 7, is fairly stated, in all material respects in relation to the basic financial statements from which it has been derived.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Lone Tree Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2009. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2009 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$3,624,047 in fiscal 2008 to \$3,830,083 in fiscal 2009, while General Fund expenditures increased from \$3,854,657 in fiscal 2008 to \$3,956,737 in fiscal 2009. The District's General Fund balance decreased from \$876,700 in fiscal 2008 to \$711,196 in fiscal 2009, an 18% decrease.
- The increase in General Fund revenues was attributable to increase in local tax revenues, state sources and ARRA funds in 2009. The increase in expenditures was due primarily to an increase in the negotiated salary and benefits.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Lone Tree Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Lone Tree Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Lone Tree Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor governmental funds and enterprise funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

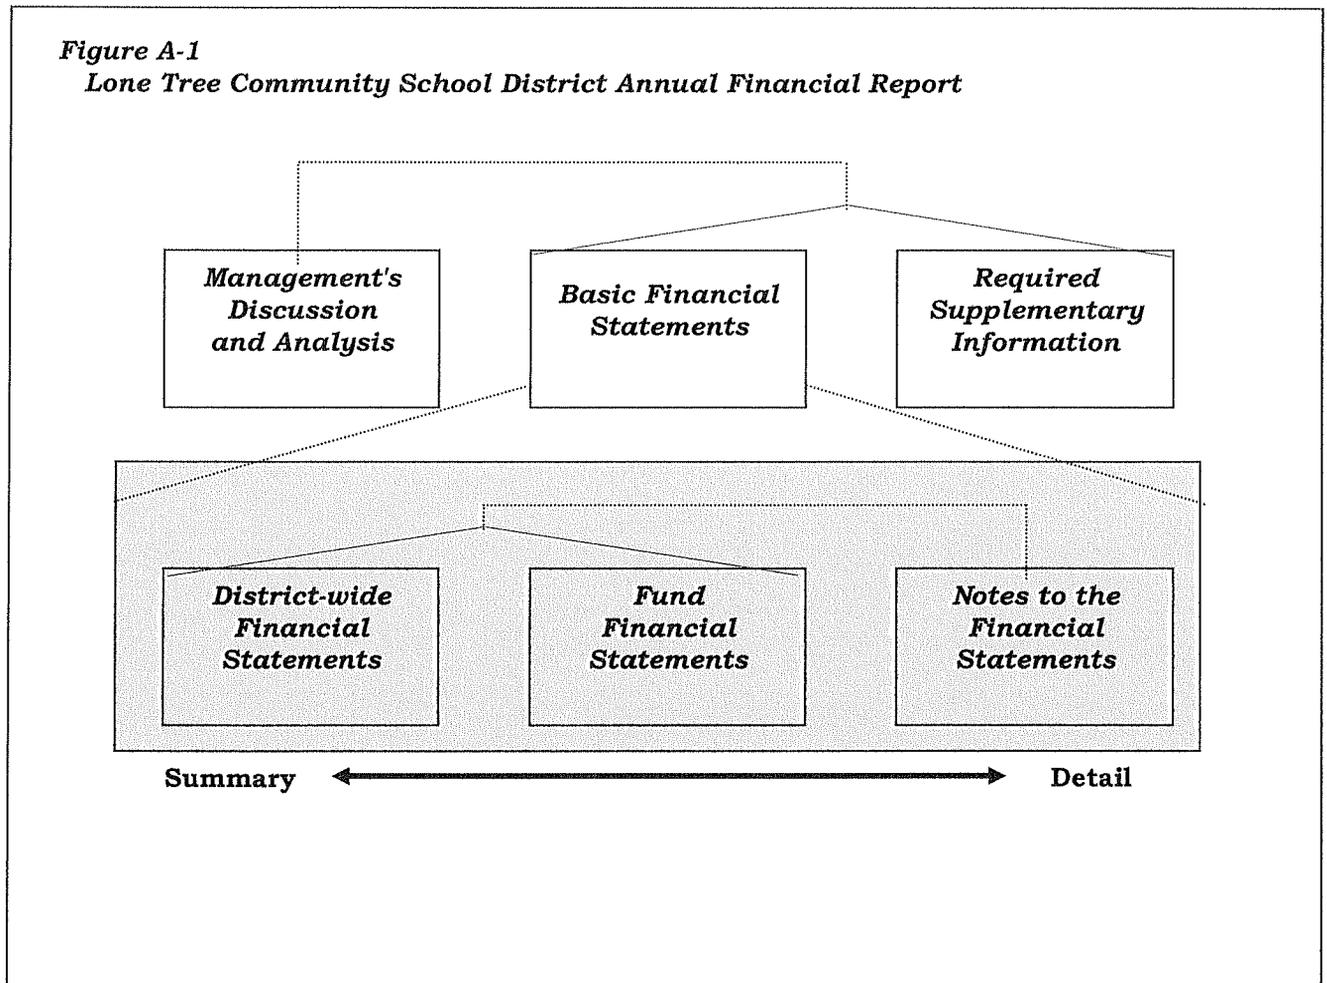

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2 Major Features of the Government-wide and Fund Financial Statements

Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally, assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program and preschool program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds:* Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds also account for the District's Internal Service Fund, which is an accounting device used to accumulate and allocate costs internally among the District's various functions. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has two enterprise funds, the School Nutrition Fund and Preschool Fund and one internal service fund, Flex-benefit fund.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) *Fiduciary fund*: The District is the trustee, or fiduciary, for assets that belong to others. This fund consists of the Private-Purpose Trust Fund.

- Private-Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring the assets reported in the fiduciary fund are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary fund include a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets at June 30, 2009 compared to June 30, 2008.

Figure A-3

	Condensed Statement of Net Assets						
	Governmental		Business Type		Total		Total
	Activities		Activities		District		
2009	2008	2009	2008	2009	2008	2008-2009	
Current and other assets	\$ 3,548,977	\$ 3,469,565	\$ 14,962	\$ 9,348	\$ 3,563,939	\$ 3,478,913	2.44%

Other liabilities	<u>1,720,948</u>	<u>1,693,391</u>	<u>2,409</u>	<u>13,581</u>	<u>1,723,357</u>	<u>1,706,972</u>	0.96%
Total liabilities	<u>4,405,302</u>	<u>4,526,512</u>	<u>2,409</u>	<u>13,581</u>	<u>4,407,711</u>	<u>4,540,093</u>	-2.92%
Net assets							
Invested in capital assets,							
net of related debt	1,028,992	728,043	44,900	54,629	1,073,892	782,672	37.21%
Restricted	997,707	752,319	-	-	997,707	752,319	32.62%
Unrestricted	<u>795,968</u>	<u>1,000,734</u>	<u>12,553</u>	<u>(4,233)</u>	<u>808,521</u>	<u>996,501</u>	-18.86%
Total net assets	<u>\$ 2,822,667</u>	<u>\$ 2,481,096</u>	<u>\$ 57,453</u>	<u>\$ 50,396</u>	<u>\$ 2,880,120</u>	<u>\$ 2,531,492</u>	13.77%

The District's combined net assets increased by approximately 14%, or \$348,628, from the prior year. The largest portion of the District's net assets is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased \$245,388, or approximately 33% from the prior year. The increase is due primarily to a decreased spending in the Capital Projects fund this fiscal year.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – decreased \$175,955, or approximately 18%. The decrease was due to increase in salaries and benefits.

Figure A-4 shows the changes in net assets for the year ended June 30, 2009 compared to the year ended June 30, 2008.

Figure A-4

In fiscal 2009, property tax and unrestricted state grants account for approximately 64% of the revenue from governmental activities while charges for service and sales and operating grants and contributions accounts for approximately 99% of the revenue from business type activities.

The District's total revenues were \$5,218,640 of which \$4,947,476 was for governmental activities and \$271,164 was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 6% increase in revenues and a 2% increase in expenses. The increase in revenues is primarily because of the increase in teacher quality funds and the ARRA funds. The increase in expenses is related to increases in the negotiated salary and benefits.

Governmental Activities

Revenues and transfers for governmental activities were \$4,947,476 and expenses were \$4,593,880 for the year ended June 30, 2009. The increase in teacher quality funds and ARRA funds helped to increase revenues.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2009 compared to the year ended June 30, 2008.

Figure A-5

Total and Net Cost of Governmental Activities

	Total Cost of Services			Net Cost of Services		
	2009	2008	Change 2008-2009	2009	2008	Change 2008-2009

Support services	1,363,043	1,284,918	6.1%	1,356,376	1,276,411	6.3%
Non-instructional programs	17,339	21,914	-20.9%	17,339	21,914	-20.9%
Other expenses	<u>473,243</u>	<u>494,150</u>	-4.2%	<u>333,583</u>	<u>365,939</u>	-8.8%
Total expenses	<u>\$ 4,593,880</u>	<u>\$ 4,516,961</u>	1.7%	<u>\$ 3,237,289</u>	<u>\$ 3,278,750</u>	-1.3%

For the year ended June 30, 2009:

- The cost financed by users of the District's programs was \$735,971.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$620,620.
- The net cost of governmental activities was financed with \$2,164,622 in property and other taxes and \$1,429,089 in unrestricted state grants.

Business Type Activities

Revenues and transfers for business type activities during the year ended June 30, 2009 were \$271,164, representing a 26% increase over the prior year while expenses were \$264,107, a 6% increase over the prior year. The District's business type activities include the School Nutrition Fund and Preschool Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

The increase in expenses is due to negotiated salary and benefits in the Lone Tree Preschool program.

INDIVIDUAL FUND ANALYSIS

As previously noted, Lone Tree Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported a combined fund balance of \$1,684,940, slightly above last year's ending fund balances of \$1,644,963. This was a 2% increase over last year's ending fund balance. The increase was due to an increase in categorical funding.

Governmental Fund Highlights

- The District's General Fund balance decreased by \$165,504. There were no major changes in the General Fund. However there were increased expenditures due to negotiated salary and benefits.
- The Capital Projects Fund balance increased from \$570,095 in 2008 to \$749,971 in 2009 due to a decrease of spending in the Local Option Sales Tax Fund.

Proprietary Fund Highlights

Enterprise Funds net assets increased from \$50,396 at June 30, 2008 to \$57,453 at June 30, 2009 representing an increase of approximately 14%. This change is due primarily to a transfer from the General Fund.

BUDGETARY HIGHLIGHTS

During the year ended June 30, 2009, the Lone Tree Community School District did not amend its adopted budget.

The District's revenues were \$144,027 less than budgeted revenue, a variance of 2%. This variance was a result of receiving less property taxes, interest and other local revenue than budgeted.

Total expenditures were \$388,660 less than budgeted, due primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed the actual expenditures for the year.

In spite of the District's budgetary practice, the certified budget was exceeded in the other expenditures functional area due to not amending the budget to a sufficient amount. The District did some projects to the building at year end that were not budgeted for.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2009, the District had invested \$3,723,892, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net increase of approximately 4% over last year. More detailed information about the District's capital assets is presented in Note 5 to the financial statements. Depreciation expense for the year was \$191,493.

The original cost of the District's capital assets was \$6,331,502. Governmental funds account for \$6,166,099, with the remainder of \$165,403 accounted for in the enterprise, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the construction in progress category. The District's construction in progress category decreased from \$42,291 at June 30, 2008 to zero at June 30, 2009 due to completion of a construction project for the addition of new administrative offices during 2009.

Long-Term Debt

At June 30, 2009, the District had \$2,684,354 in general obligation debt and other long-term debt outstanding. This represents a decrease of approximately 5% from last year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 6 to the financial statements.

Figure A-7

Outstanding Long-term Obligations

	Total		Total
	School District		Change
	2009	2008	2008-2009
General obligation bonds	\$ 2,650,000	\$ 2,810,000	-5.69%
Termination benefits	<u>34,354</u>	<u>23,121</u>	48.58%
Total	<u>\$ 2,684,354</u>	<u>\$ 2,833,121</u>	-5.25%

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of a few existing circumstances that could significantly affect its financial health in the future:

- The District continues to evaluate the condition of transportation vehicles and the rotation for replacement of these vehicles.
- The negotiation of salaries and benefits for all district employees. Settlements in excess of “new money” or allowable growth in state funding will have an adverse effect on the District’s General Fund budget and related fund balance.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District’s citizens, taxpayers, customers, investors and creditors with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact Kelli Forbes, District Secretary/Treasurer and Business Manager, Lone Tree Community School District, 303 S Devoe Street, Lone Tree, Iowa, 52755.

LONE TREE COMMUNITY SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures and
 Changes in Fund Balances - Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2009

Exhibit F

Net change in fund balances - total governmental funds \$ 39,977

**Amounts reported for governmental activities in the Statement of Activities
 are different because:**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures and depreciation expense are as follows:

Expenditures for capital assets	\$ 324,747	
Loss on disposal of capital assets	(2,034)	
Depreciation expense	<u>(181,764)</u>	140,949

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. 22,964

The Internal Service Fund is used by the District to charge the costs of the flex-benefit plan to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities. (394)

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. 160,000

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Early retirement	(11,233)
------------------	----------

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. 1,333

Change in net assets of governmental activities \$353,596

LONE TREE COMMUNITY SCHOOL DISTRICT
Notes to Financial Statements
June 30, 2009

Note 1. Summary of Significant Accounting Policies

The Lone Tree Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. The geographic area served includes the City of Lone Tree, Iowa, and the agricultural territory in Johnson and Louisa Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Lone Tree Community School District has included all funds, organizations, agencies, boards, commissions, and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the District. The Lone Tree Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Johnson County Assessor's Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The District reports no major proprietary funds; however, it reports the following nonmajor proprietary funds.

The District's proprietary funds are the Enterprise, School Nutrition Fund and Preschool Fund. These funds are used to account for the food service operations and preschool program of the District, respectively. Additionally, the District reports an Internal Service Fund which is used to account for the flex-benefit plan for District employees.

The District also reports a fiduciary fund which focuses on net assets and changes in net assets. The District's fiduciary fund consists of the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and termination benefits are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary funds of the District apply all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value, except for the investment in the Iowa Schools Joint Investment Trust, which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current year and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½ % per month penalty for delinquent payments; is based on January 1, 2007 assessed property valuations; is for the tax accrual period July 1, 2008 through June 30, 2009 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2008.

Due From Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 500
Buildings	\$ 500
Improvements other than buildings	\$ 500
Furniture and equipment:	
School Nutrition Fund equipment	\$ 500
Other furniture and equipment	\$ 500

Capital assets are depreciated using the straight line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Useful Life</u>
Buildings & Improvements	50 years
Improvements other than buildings	20 years
Furniture and equipment	5-20 years

Termination Benefits - District employees meeting certain requirements are eligible for early retirement benefits. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only for employees that have resigned or retired. The early retirement liability has been computed based on rates of pay in effect at June 30, 2009. The early retirement liability attributable to the governmental activities will be paid primarily from the Management Fund.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent federal grant proceeds as well as property tax receivables and income surtaxes not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Balance - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Designated Fund Balance - The District has designated a portion of its fund balance for specific programs.

Net Assets - Invested in capital assets, net of related debt consists of capital assets net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets consist of net assets with constraints placed on the use either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net assets reports \$107,599 of restricted net assets which is restricted by enabling legislation.

E. Budgeting and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2009, expenditures in the Other Expenditures function exceeded the amount budgeted; however, General Fund expenditures did not exceed the District's unspent authorized budget.

Note 2. Cash and Pooled Investments

The District's deposits in banks at June 30, 2009 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2009, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	<u>Amortized Cost</u>
Diversified Portfolio	\$ 1,567,570

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were rated Aaa by Moody's Investors Service.

Note 3. Due From and Due To Other Funds

The detail of interfund receivables and payables at June 30, 2009 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Nonmajor Special Revenue	General	\$ 3,765

The General Fund owed the Special Revenue, Physical Plant and Equipment Levy Fund for computers purchased and coded incorrectly. These expenditures were paid from the Physical Plant and Equipment Levy Fund rather than the General Fund. The balances will be repaid during the year ending June 30, 2010.

Note 4. Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2009 is as follows:

<u>Fund</u>	Transfers	
	In	Out
Nonmajor enterprise	\$ 39,703	\$ -
General Fund	<u>-</u>	<u>39,703</u>
Total	<u>\$ 39,703</u>	<u>\$ 39,703</u>

The transfer from General Fund to the nonmajor enterprise, School Nutrition Fund was a one-time, board-approved transfer to eliminate the deficit fund balance in the School Nutrition Fund at June 20, 2009 and return the School Nutrition Fund to sound financial condition.

Note 5. Capital Assets

Capital assets activity for the year ended June 30, 2009 was as follows:

	Balance, Beginning of Year	Additions	Deletions	Balance, End of Year
<u>Governmental activities</u>				
Capital assets not being depreciated:				
Land	\$ 162,365	\$ -	\$ -	\$ 162,365
Construction in progress	42,291	225,727	(268,018)	-
Total capital assets, not being depreciated	<u>204,656</u>	<u>225,727</u>	<u>(268,018)</u>	<u>162,365</u>
Capital assets being depreciated:				
Buildings & improvements	4,333,781	268,018	-	4,601,799

Furniture and equipment	<u>1,079,647</u>	<u>99,020</u>	<u>(103,311)</u>	<u>1,075,356</u>
Total capital assets being depreciated	<u>5,740,007</u>	<u>367,038</u>	<u>(103,311)</u>	<u>6,003,734</u>
Less accumulated depreciation for:				
Buildings and improvements	1,352,135	81,576	-	1,433,711
Improvements other than buildings	228,605	16,329	-	244,934
Furniture and equipment	<u>825,880</u>	<u>83,859</u>	<u>(101,277)</u>	<u>808,462</u>
Total accumulated depreciation	<u>2,406,620</u>	<u>181,764</u>	<u>(101,277)</u>	<u>2,487,107</u>
Total capital assets being depreciated, net	<u>3,333,387</u>	<u>185,274</u>	<u>(2,034)</u>	<u>3,516,627</u>
Governmental activities capital assets, net	<u>\$ 3,538,043</u>	<u>\$ 411,001</u>	<u>\$(270,052)</u>	<u>\$ 3,678,992</u>
<u>Business type activities</u>				
Furniture and equipment	\$ 165,403	\$ -	\$ -	\$ 165,403
Less accumulated depreciation	<u>110,774</u>	<u>9,729</u>	<u>-</u>	<u>120,503</u>
Business type activities capital assets, net	<u>\$ 54,629</u>	<u>\$ (9,729)</u>	<u>\$ -</u>	<u>\$ 44,900</u>

Depreciation expense was charged to the following functions:

Governmental activities

Instruction	
Regular	\$ 25,794
Special	2,530
Other	18,748
Support services	
Student support	641
Instructional staff	661
Administration	4,952
Operation and maintenance of plant	1,481
Transportation	<u>24,810</u>
	79,617
Unallocated depreciation	<u>102,147</u>
Total governmental activities depreciation expense	<u>\$ 181,764</u>

Business type activities

Food services

\$ 9,729

Note 6. Long-term Liabilities

Changes in long-term liabilities for the year ended June 30, 2009 are summarized as follows:

	Balance, Beginning of Year	Additions	Reductions	Balance, End of Year	Due Within One Year
General obligation bonds	\$ 2,810,000	\$ -	\$(160,000)	\$ 2,650,000	\$ 165,000
Termination benefits	<u>23,121</u>	<u>15,000</u>	<u>(3,767)</u>	<u>34,354</u>	<u>5,481</u>
Totals	<u>\$ 2,833,121</u>	<u>\$ 15,000</u>	<u>\$(163,767)</u>	<u>\$ 2,684,354</u>	<u>\$ 170,481</u>

Interest costs incurred and charged to expense on all long-term debt was \$131,280 for the year ended June 30, 2009. During the year ended June 30, 2009, the District made principal payments on total long-term debt of \$160,000.

General Obligation Bonds Payable

Details of the District's June 30, 2009 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Interest Rates	Principal	Interest	Total
2010	4.250%	\$ 165,000	\$ 124,313	\$ 289,313
2011	4.300%	175,000	117,300	292,300
2012	4.400%	185,000	109,775	294,775
2013	4.500%	195,000	101,635	296,635
2014	4.600%	200,000	92,860	292,860
2015-2019	4.625%-4.9%	1,175,000	313,067	1,488,067
2020-2021	4.9%-5.0%	<u>555,000</u>	<u>41,730</u>	<u>596,730</u>
Total		<u>\$ 2,650,000</u>	<u>\$ 900,680</u>	<u>\$ 3,550,680</u>

Payments on the bonds are made directly by the Debt Service Fund.

Note 7. Termination Benefits

The District offered a voluntary early retirement plan to its full-time licensed employees. Eligible employees must have completed at least thirty years of full-time service to the District and must have attained the age of fifty-five years on or before June 30 in the calendar year in which early retirement commences. The application for early retirement is subject to approval by the Board of Education. The Board makes a determination of whether or not to offer the plan by January 15 of each year.

Participating employees are given a \$15,000 credit to pay their health insurance premiums. The District uses the participating retiree's credit to pay for the retiree's single or family health insurance premiums under the District's current health insurance plan or any subsequent plan, for as long as the retiree meets the insurer's qualifications. The participating retiree receives the same level of coverage that they received for the last two years of employment with the District; however the participating retiree can choose to receive single coverage if they previously received family coverage. The District uses the participating retiree's credit to pay for health insurance coverage until the earliest of the following:

- 1) The amount of the participating retiree's credit is exhausted;
- 2) The insurer no longer permits the participating employee to be covered; or
- 3) The participating retiree dies.

At June 30, 2009, the District had obligations to three participants with a total liability of \$34,354. Actual early retirement expenditures for the year ended June 30, 2009 totaled \$3,767.

Note 8. Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, IA, 50306-9117.

Plan members were required to contribute 4.10% of their annual covered salary and the District was required to contribute 6.35% of annual covered payroll for the year ended June 30, 2009. Plan members were required to contribute 3.90% and 3.70% of their annual covered salary and the District was required to contribute 6.05% and 5.75% of annual covered payroll for the years ended June 30, 2008 and 2007, respectively. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2009, 2008 and 2007 were \$141,280, \$147,734 and \$132,189, respectively, equal to the required contributions for each year.

Note 9. Risk Management

The District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 10. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media, and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$139,660 for the year ended June 30, 2009 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

Note 11. Flexible Fringe Benefits Plan

The District sponsors a flexible fringe benefit plan as part of its contractual obligation with its employees. The benefit available under the plan is insurance. Each participating employee can choose among medical, life, and dental insurance. The District contributes \$345.00 per month for full-time staff and \$1,061.09 for administrative staff. The difference between the District's contribution and the amount of programs selected by the employee is added or subtracted from the employee's salary. There were 27 participants in the plan for the year ended June 30, 2009.

Note 12. Contingencies

Grant Funding - The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants were subjected to local audit but still remain open to audit by the appropriate grantor government. If expenditures are disallowed by the grantor government due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2009, significant amounts of grant expenditures have not been audited by granting authorities but the District believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

LONE TREE COMMUNITY SCHOOL DISTRICT
Notes to Required Supplementary Information – Budgetary Reporting
For the Year Ended June 30, 2009

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except the Internal Service and Private Purpose Trust Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District did not amend its budget.

During the year ended June 30, 2009, expenditures in the Other Expenditures function exceeded the amount budgeted.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards

To the Board of Education
Lone Tree Community School District

I have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Lone Tree Community School District as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued my report thereon dated January 25, 2010. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Lone Tree Community School District's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing my opinion on the effectiveness of Lone Tree Community School District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Lone Tree Community School District's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, I identified certain deficiencies in internal control over financial reporting that I consider to be significant deficiencies, including deficiencies I consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Lone Tree Community School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Lone Tree Community School District's financial statements that is more than inconsequential will not be prevented or detected by Lone Tree

Community School District's internal control. I consider the deficiencies in internal control described in Part I of the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Lone Tree Community School District's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, I believe item A, B and C are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lone Tree Community School District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, I noted certain immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2009 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the District. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Lone Tree Community School District's responses to findings identified in my audit are described in the accompanying Schedule of Findings. While I have expressed my conclusions on the District's responses, I did not audit Lone Tree Community School District's responses and, accordingly, I express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Lone Tree Community School District and other parties to whom Lone Tree Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to me by the personnel of the Lone Tree Community School District during the course of my audit. Should you have any questions concerning any of the above matters, I shall be pleased to discuss them with you at your convenience.

Kay L. Chapman, CPA PC

Kay L. Chapman, CPA PC

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2009

Part I. Findings Related to the Financial Statements

INSTANCES OF NON-COMPLIANCE

No matters were noted.

SIGNIFICANT DEFICIENCIES

- A. Segregation of Duties - The limited number of accounting personnel makes it difficult to achieve adequate internal accounting control through the segregation of duties and responsibilities. I noted that the same individual performed the following duties: recording and processing of cash receipts, preparing checks and bank reconciliations, preparation of journals and general financial information for ledger posting, and the analysis of financial information. A small staff makes it difficult to establish an ideal system of automatic internal checks on accounting record accuracy and reliability. This is not an unusual condition but it is important the District officials are aware that the condition exists.

Recommendation - I realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review the operating procedures of the District to obtain the maximum internal control possible under the circumstances.

Response - We will review our procedures and implement changes to improve internal control, as we deem necessary.

Conclusion - Response accepted.

- B. Financial Statement Preparation - Financial statement preparation is the responsibility of the District. At the present time, District personnel do not have the skills necessary to prepare the District's financial statements and related note disclosures in compliance with generally accepted accounting principles (GAAP). This is not an unusual situation for small governmental entities.

Recommendation - The business manager should consider obtaining additional GAAP training through reading relevant accounting literature and/or attending professional education courses. Since GAAP reporting and disclosures change constantly, the business manager should consider taking training annually to stay up-to-date on GAAP reporting and disclosure requirements. The District should also obtain current governmental accounting, reporting and disclosure reference materials and update them as new pronouncements become effective.

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2009

Response - We believe that the business manager has sufficient knowledge to perform her daily duties and take responsibility for the annual financial statements and footnote disclosure in compliance with GAAP, as prepared by the auditor. We certainly understand the need for continuing education classes for all of our staff, including the business manager. However, we have a limited budget and must continually prioritize needs. We will investigate alternatives, but believe that it would not be an efficient use of District funds to get and maintain the necessary training for the business manager to comply with this recommendation. Nor do we consider hiring additional staff possessing these skills to be a feasible option.

Conclusion - Response accepted.

- C. Material Misstatement not Detected - During the course of my audit, I discovered a material misstatement on the District's trial balance that was not detected by the District's internal controls. The District did not accrue the correct amount for Statewide Sales and Services Tax revenue. This error was corrected prior to the District's Certified Annual Report (CAR) being filed. Therefore, amounts on the CAR were not misstated.

Recommendation - An effective system of internal control should detect material misstatements in the District's financial records and financial reporting. The District should review their control procedures and make appropriate changes to improve their internal controls to help eliminate this deficiency.

Response - We feel that our business manager has the knowledge needed to adequately perform her duties. The superintendent reviews some, but not all of the work performed and reports prepared by the business manager. We would like to hire additional office personnel to help with the business manager's workload and to provide some oversight and cross-checking of her work. However, with a limited budget, it is difficult to hire enough adequately-trained office personnel to review each other's work. We will review our procedures and consider making changes we deem necessary.

Conclusion - Response accepted.

Part II. Other Findings Related to Statutory Reporting:

1. Certified Budget - Expenditures for the year ended June 30, 2009 exceeded the certified budget amount in the other expenditures function.

LONE TREE COMMUNITY SCHOOL DISTRICT
Schedule of Findings
For the Year Ended June 30, 2009

Recommendation - The budget should have been sufficiently amended in accordance with Chapter 24.9 of the Code of Iowa before expenditures were allowed to exceed the budget.

Response - Future budgets will be amended in sufficient amounts to ensure that the certified budget is not exceeded.

Conclusion - Response accepted.

2. Questionable Expenditures - I noted no expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
3. Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
4. Business Transactions - No business transactions between the District and District officials or employees were noted.
5. Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
6. Board Minutes - I noted no transactions requiring Board approval which had not been approved by the Board.
7. Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
8. Deposits and Investments - I noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.
9. Certified Annual Reports - The Certified Annual Report was filed with the Department of Education timely and I noted no significant deficiencies in the amounts reported.
10. Categorical Funding - No instances were noted of categorical funding used to supplant rather than supplement other funds.
11. Statewide Sales and Services Tax - No instances of non-compliance with the use of the statewide sales and services tax revenue provisions of Chapter 423F.3 of the Code of Iowa were noted.

LONE TREE COMMUNITY SCHOOL DISTRICT
