INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Indianola Community School District

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Indianola Community School District, Indianola Iowa, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Indianola Community School District as of June 30, 2010 and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2011 on our consideration of the Indianola Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, Budgetary Comparison Information and the Schedule of Funding Progress for the Retiree Health Plan on pages 7 through 15 and 54 through 57 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Indianola Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the six years ended June 30, 2009 (none of which are presented herein) and expressed an unqualified opinion on those financial statements. Other supplementary information included in Schedules 1 through 9, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

Shull & Co., P.C.

MANAGEMENT DISCUSSION & ANALYSIS

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis

The Indianola Community School District is pleased to provide this Management's Discussion and Analysis of its financial statements. This narrative overview analysis of the financial activities is for the fiscal year ended June 30, 2010. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

FINANCIAL HIGHLIGHTS

General Fund

- The state legislature approved a 4% increase to the 2009-10 district cost per pupil – an increase of \$222 per pupil from \$5,546 to \$5,768.
- In October 2009, Governor Culver declared a 10% across-the-board cut to state school funding. The state funding for the Indianola Community School District decreased by \$1,646,626 as a result.
- The District received \$1,570,007 in Federal American Reinvestment and Recovery Act (ARRA) Funding.
- The 2009-10 budget enrollment (Sept 08 head count) was 3,379.70—an increase of 91.2 students. In 2009-10, the Indianola Community School District was the 28th largest Iowa school district out of 359 districts.
- The 2009-10 package settlement was 3.82% with the Indianola Education Association on 6.89% “new money.” The statewide average settlement was 3.25%. Comparable increases were provided to most other staff groups.
- The undesignated unreserved general fund balance increased slightly from \$1,916,308 in 2008-09 to \$1,917,549 in 2009-10. The solvency ratio decreased from 6.99% in 2008-09 to 6.86% in 2009-10. The solvency ratio is an indicator of a district's financial health. The Iowa Association of School Boards recommends a solvency ratio between 5% and 10%.
- The unspent balance of the district increased from \$5,035,862 to \$6,449,887.
- The 2009-10 special education deficit decreased from \$549,562 to 429,812 primarily from federal funding provided through the American Recovery and Reinvestment Act (ARRA) that also allowed for a one time reduction in the district's “maintenance of effort.”
- Total taxable valuation of the district increased by 1.3%.

Other

- The overall tax levy rate decreased from \$20.05/\$1,000 to \$20.00/\$1,000 of assessed valuation.
- Total net assets of the district increased from \$23,906,335 to \$25,906,335.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

- The first two statements are *District-wide financial statements* that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on individual parts of the District, reporting the District's operations in more detail than the District-wide statements.
- The *governmental funds statements* explain how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- *Proprietary funds statements* offer short-term and long-term financial information about the activities the District operates like businesses, such as food services.
- *Fiduciary funds statements* provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year.

District-wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two District-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the District's overall health, additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities should be considered.

In the District-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities*: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state aid finance most of these activities.
- *Business-type activities*: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program, child care program, and the high school home construction program would be included here.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has three kinds of funds:

- *Governmental funds*: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental funds statements explains the relationship or differences between the two statements.

The District's governmental funds include the General Fund; Special Revenue Funds; Debt Service Fund; Capital Projects Fund and the Permanent Funds.

- *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the District-wide statements.

The District's enterprise funds, one type of proprietary fund, are the same as its business-type activities but provide more detail and additional information, such as cash flows. The District currently has three enterprise funds(s), school nutrition, child care program and the high school home construction program.

- *Fiduciary funds*: The District is the trustee, or fiduciary, for assets that belong to others, such as the Elementary PTO Funds, Parent Activity Funds, and Teacher Social Funds.

The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net assets

The schedule below provides a summary of the District's net assets for the year ended June 30, 2010 compared to June 30, 2009.

Condensed Statement of Net Assets

	Governmental		Business-type		Total		Total
	Activities		Activities		District		% Change
	June 30,		June 30,		June 30,		June 30,
	2010	2009	2010	2009	2010	2009	2009-2010
Current and other assets	\$ 23,656,823	24,208,275	322,195	274,632	23,979,018	24,482,907	(2.1)
Capital assets	49,815,197	48,463,941	331,668	346,394	50,146,865	48,810,335	2.1
Total assets	73,472,020	72,672,216	653,863	621,026	74,125,883	73,293,242	0.7
Long-term liabilities	29,753,404	30,702,195	-	-	29,753,404	30,702,195	(3.1)
Other liabilities	19,083,057	18,428,037	282,562	256,675	19,365,619	18,684,712	3.6
Total liabilities	48,836,461	49,130,232	282,562	256,675	49,119,023	49,386,907	(0.5)
Net assets:							
Invested in capital							
assets, net of							
related debt	23,195,896	20,608,949	-	-	23,195,896	20,608,949	11.0
Restricted	2,005,119	1,384,098	107,274	66,982	2,112,393	1,451,080	45.6
Unrestricted	(565,456)	1,548,937	264,027	297,369	(301,429)	1,846,306	(116.3)
Total net assets	\$ 24,635,559	23,541,984	371,301	364,351	25,006,860	23,906,335	3.3

The District's combined net assets increased by 4.6%, or \$1,100,525 over the prior year. The largest portion of the District's net assets is the invested in capital assets, net of related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

- Invested in capital assets, net of related debt increased \$2,586,947, or 12.6% over the prior year.
- Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased \$661,313, or 45.6% over the prior year.

The following schedule shows the changes in net assets for the year ended June 30, 2010 compared to June 30, 2009.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

Unrestricted state grants	11,685,081	-	11,685,081
Unrestricted interest on investment	6,015	150	6,165
Other general receipts	124,120	277,000	401,120
Transfers, net	34,399	(34,399)	-
Total receipts	<u>35,648,323</u>	<u>2,645,894</u>	<u>38,294,217</u>
Program expenses			
Governmental activities			
Instruction	22,719,336	-	22,719,336
Support services	8,635,524	-	8,635,524
Non-instructional programs	-	2,353,874	2,353,874
Other expenses	3,199,888	285,070	3,484,958
Total disbursements and transfers	<u>34,554,748</u>	<u>2,638,944</u>	<u>37,193,692</u>
Change in net assets	<u>\$ 1,093,575</u>	<u>6,950</u>	<u>1,100,525</u>

Property tax, local option sales and services tax, unrestricted state grants, unrestricted interest on investments and other general fund receipts account for 73% of the total revenue. The District's expenses primarily relate to instruction and support services which account for 84% of the total expenses.

Governmental Activities

Revenues for governmental activities were \$35,648,323 and expenses were \$34,554,748.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional program and other expenses.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

Total and Net Cost of Governmental Activities

	Total Cost of Sevices	Net Cost of Sevices
Instruction	\$ 22,719,336	16,631,490
Support services	8,635,524	8,087,889
Non-instructional programs	-	-
Other expenses	3,199,888	1,948,845
Totals	<u>\$ 34,554,748</u>	<u>26,668,224</u>

Business-Type Activities

Revenues of the District's business-type activity were \$2,645,894 and expenses were \$2,638,944. The District's business-type activities include the School Nutrition Fund, Child Care Program, Preschool Program and HS Home Construction Program. Revenues of these activities were comprised of charges for services, federal and state reimbursements and the sale of property.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Indianola Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported combined fund balances of \$4,702,137; a decrease from last year's ending fund balances of \$5,839,197.

Governmental Fund Highlights

The District's General Fund financial position is the product of many factors. The overall general fund balance increased by \$100,495.

The Governmental Funds include a \$799,727 fund balance from the Local Option Sales Tax. This was the sixth year that the district collected revenues from the Local Option Sales Tax.

Business-Type Fund Highlight

The School Nutrition Fund net assets increased from \$138,000 to \$217,570.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except blended component units, internal service funds, permanent funds and agency funds. This is referred to as the certified budget. The certified budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's certified budget was set on the cash basis. Over the course of the year, the District amended its certified budget one time as the district converted to budgeting in accordance with generally accepted accounting principals.

School districts have two levels of budgetary control. One form of budgetary control exists through the "certified budget", which includes all funds of the District as noted above. This budget is certified with the County Auditor and Department of Management each year. Iowa school districts may not certify a general fund budget in excess of its spending authority.

The other level of budgetary control is the "unspent (maximum) authorized budget" and pertains only to the General Fund of the District. The maximum authorized budget is the total "spending authority" in the General Fund of the District. The unspent balance is a budgetary concept and does not mean the "actual General Fund cash". It is imperative for users of District financial information to make this important distinction. The unspent balance is the amount of spending authority that is carried over into the next fiscal year. The unspent balance is a budgetary carryover and does not represent actual dollars (General Fund cash) or actual financial position (unreserved, undesignated General Fund balance) of the District.

A schedule showing the original and final budget amounts compared to the District's actual financial activity is included in the required supplementary information section of this report.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of fiscal 2010, the District had invested \$67.1 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, and transportation equipment. This amount represents a net increase of 4.8% from last year. More detailed information about capital assets is available in Note 3 to the financial statements.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

INDIANOLA COMMUNITY SCHOOL DISTRICT

Management Discussion & Analysis (Continued)

- The Iowa legislature has not set 2011-12 or 2012-13 allowable growth. Absent legislative action, the allowable growth for 2011-12 will be 0%. This is consistent with Governor Branstad's recommendation for 0% allowable growth in the 2011-12 and 2012-13 fiscal years. It is anticipated that the 2011-12 District Cost per Pupil will not be finalized prior to the certification of the budget.
- The 2010-11 budget enrollment (Sept 09 head count) decreased by 83.5 students. In 2010-11, the Indianola School District qualified for "budget guarantee". The 2011-12 budget enrollment (Sept 10 head count) increased by 6.1 students to 3302.3. Absent an increase in the allowable growth of at least 2%, the Indianola School District will qualify for "budget guarantee" again in 2011-12.
- The Governor has recommended a significant change in funding for the statewide voluntary 4-year old preschool program.
- The 2010-11 certified budget included an overall tax rate increase of \$0.90/\$1,000 of assessed valuation.
- For 2010-11, the District settlement with the Indianola Education Association was 2.84%. The statewide average settlement was 2.84%. Similar package settlements were provided to most other employee groups.
- In 2010-11, the District received \$361,679 in Federal American Reinvestment and Recovery Act (ARRA) Funding and \$637,588 in Federal Education Jobs Funding. These funds must be expended by September 2012.
- The Indianola School Board renewed the Instructional Support Levy for an additional five years commencing 2013. The renewal was not contested.
- The District received a \$1 million donation from Casey and Abbie Blake towards additional district facilities to support the youth of Indianola.
- Moody's assigned an A1 rating to \$6.9 million in General Obligation Refunding Bonds and affirmed A1 rating on \$24 million of post-sale General Obligation Debt and A2 rating on \$1.8 million of outstanding Sale Tax Revenue Debt.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Darcy Moeller, Business Manager, 1304 East 2nd Avenue, Indianola, IA 50125.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Exhibit F

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances - Governmental Funds to the Statement of Activities
Year ended June 30, 2010

Net change in fund balances - total governmental funds		\$ (1,137,060)
Amounts reported for governmental activities in the statements of activities are different because:		
Capital outlays to purchase or build assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows:		
Capital outlays	\$ 3,214,033	
Depreciation expense	<u>(1,862,777)</u>	1,351,256
Outlays associated with the issuance of long-term liabilities are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as amortization expense in the Statement of Activities. The amounts of discounts and bond issue costs and amortization expense in the year are as follows:		
Bond issue costs	\$ -	
Amortization of discounts and bond issue costs	<u>(13,580)</u>	(13,580)
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments, as follows:		
Issued	\$ -	
Repaid	<u>1,630,000</u>	1,630,000
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.		
		(41,401)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.		
Early retirement	\$ (308,437)	
Compensated absences	(10,203)	
Other post employment benefits	<u>(377,000)</u>	<u>(695,640)</u>
Change in net assets of governmental activities		<u>\$ 1,093,575</u>

See notes to financial statements.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements
June 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Indianola Community School District (the "District") is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the City of Indianola, Iowa, and the predominate agricultural territory in Warren County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with auditing standards generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The District has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

Government-wide financial statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

B. Basis of Presentation – Continued

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or the improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding two categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

B. Basis of Presentation – Continued

The Elementary School Bond Issue Capital Projects Fund is used to account for all resources used in the acquisition and construction of a new elementary facility.

The District reports the following major proprietary fund:

The District's major proprietary fund is the Enterprise, School Nutrition Fund. This fund is used to account for the food service operations of the District.

The District also reports a fiduciary fund which focuses on net assets and changes in net assets. The District's fiduciary fund is the following:

The Agency fund is used to account for assets held by the District as an agent for individual, private organizations and other governments. The Agency Fund is custodial in nature, assets equal liabilities, and does not involve measurement of results of operations.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenue (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

C. Measurement Focus and Basis of Accounting - Continued

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

The proprietary funds of the District apply all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. Assets, Liabilities and Fund Equity - Continued

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Education is required to certify its budget to the in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1 1/2% per month penalty for delinquent payments; is based on January 1, 2008 assessed property valuations; is for the tax accrual period July 1, 2009 through June 30, 2010 and reflects tax asking contained in the budget certified to the County Board of Supervisors in April, 2009.

Due From Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

D. Assets, Liabilities and Fund Equity – Continued

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and contributed value for government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Prepaid expenses – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets – Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost or estimated historical cost where historical cost is not available. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Land	\$ 5,000
Buildings	5,000
Improvements other than buildings	5,000
Furniture and equipment:	
School Nutrition Fund equipment	500
Other furniture and equipment	5,000

Capital assets are depreciated using the straight line method of depreciation over the following estimated useful lives:

Buildings	50 years
Improvements other than buildings	20-50 years
Furniture and equipment	5-15 years

Salaries and Benefits Payable - Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

D. Assets, Liabilities and Fund Equity – Continued

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statement represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences - District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2010. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Long-term liabilities – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets. Bond discounts and premiums, as well as issue costs, are deferred and amortized over the life of the bonds using the effective interest method.

Fund Equity – In the government-wide financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets – In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

2. **CASH AND POOLED INVESTMENTS**

The District's deposits in banks at June 30, 2010 were entirely covered by federal depository insurance or by the state sinking fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2010, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	Amortized Cost
Diversified Portfolio	\$ 12,783

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were rated Aaa by Moody's Investors Service.

In January 2002 the District issued \$7,500,000 of General Obligation Bonds. The proceeds from the bonds were used to renovate the high school building and site.

In September 2002 the District issued \$4,810,000 of General Obligation Refunding Bonds to provide resources to purchase state and local government series securities that were placed in an irrevocable trust for the purpose of generating resources to pay all future debt service requirements on \$4,615,000 of refunded debt representing the June 2006 through June 2014 maturities of the bond issue of March 1, 1995. As a result the refunded bonds are considered to be defeased.

In December 2006 the District issued \$2,800,000 of General Obligation Bonds. In July 2007 the District issued an additional \$10,000,000 of General Obligation Bonds. The proceeds from the bonds were used for the purchase of land and to construct and equip a new elementary building.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

5. LONG-TERM LIABILITIES - CONTINUED

In May 2009 the District issued \$2,375,000 of General Obligation Refunding Bonds. The proceeds from the bonds were used to refund General Obligation Refunding Bonds dated April 1998.

In November 2010 the District issued \$6,880,000 of General Obligation Refunding Bonds. The proceeds from the bonds were used to refund \$6,505,000 of General Obligation Bonds dated January 2002.

Revenue Bonds

Year Ending June 30	Revenue Bonds of December 1, 2006		
	Interest Rates	Interest	Principal
2011	4.50	\$ 88,863	405,000
2012	5.00	69,250	420,000
2013	5.00	47,875	435,000
2014	4.00	27,900	455,000
2015	4.00	9,400	470,000
		<u>\$ 243,288</u>	<u>2,185,000</u>

The District has pledged future local option sales and services tax revenues to repay the \$2,940,000 of School Infrastructure Local Option Sales and Services Tax Revenue Bonds issued in December 2006. The bonds were issued to construct and equip a new music addition at the high school. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District and are payable through 2015. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

The resolution providing for the issuance of the local option sales and services tax revenue bonds includes the following provisions:

- (a) The bonds will be payable solely and only from the local option sales and services tax revenues and shall be a first lien on the future local option sales and services tax revenues received by the District.

5. **LONG-TERM LIABILITIES - Continued**
Revenue Bond - Continued

- (b) \$294,000 of the proceeds from the issuance of the revenue bonds shall be deposited to a reserve account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the sinking account. The balance of the proceeds shall be deposited into the project account.
- (c) All proceeds from the local option sales and services tax shall be placed in a revenue account.
- (d) Monies in the revenue fund shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- (e) Additional monies shall be disbursed to the reserve account, after first making the required payments to the sinking account, until a specific minimum balance has been accumulated.
- (f) Any monies remaining in the revenue account after the required transfers to the sinking and reserve accounts may be transferred to the project account to be used for any lawful purpose.

Revenue Bond Anticipation Notes

Year Ending June 30	School Infrastructure Sales, Services and Use Tax Revenue and Bond Anticipation Project Note Issue of March 4, 2009		
	Interest Rates	Interest	Principal
2011	3.00	\$ 90,000	-
2012	3.00	90,000	3,000,000
		\$ 180,000	3,000,000

In March 2009 the District issued \$3,000,000 of School Infrastructure Sales, Services and Use Tax Revenue and Bond Anticipation Note. The proceeds from the note are for the purpose of anticipating the school infrastructure sales, services and use tax revenues, and the issuance of School Infrastructure Sales, Services and Use Tax Revenue Bonds in order to defray the cost of acquiring and constructing athletic facility improvements. The notes are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

5. **LONG-TERM LIABILITIES - Continued**

Termination Benefits

During the year ended June 30, 2010 the District offered a one time voluntary early retirement plan to its licensed employees. Eligible employees must be at least age fifty-five and employees must have completed ten years of service to the District. Employees must complete an application which is required to be approved by the Board of Education. The early retirement incentive for each eligible employee is equal to 20% plus 2% for each additional year of continuous service up to a maximum of 40% of the employee's base salary calculated by using the current year regular salary schedule plus up to \$50 per day for unused sick leave days not to exceed 50 days subject to a maximum of \$20,000 per individual. Early retirement benefits awarded during the year ended June 30, 2010, totaled \$308,437.

6. **PENSION AND RETIREMENT BENEFITS**

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 4.30% of their annual covered salary and the District is required to contribute 6.65% of annual covered salary. Contribution requirements are established by State statute. The District's contributions to IPERS for the years ended June 30, 2010, 2009, and 2008 were \$1,404,643, \$1,293,742, and \$1,110,950 respectively, equal to the required contributions for each year.

7. **OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

Plan Description-

The District operates a single-employer retiree benefit plan which provides medical and prescription drug benefits for retirees and their spouses. There are 332 active and 43 retired members in the plan. Participants must be age 55 or older at retirement.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

7. **OTHER POSTEMPLOYMENT BENEFITS (OPEB) - Continued**

The medical/prescription drug coverage is provided through a fully-insured plan with Iowa Schools Employee Benefits Association. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy-

The contribution requirements of plan members are established and may be amended by the District. The District currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation-

The District's annual OPEB cost is calculated based on the annual required contribution (ARC) of the District, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the District's annual OPEB cost for the year ended June 30, 2010, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

Annual required contribution	\$ 511,000
Interest on net OPEB obligation	-
Adjustment to annual required contribution	<u>-</u>
Annual OPEB cost	511,000
Contributions made	<u>(134,000)</u>
Increase in net OPEB obligation	377,000
Net OPEB obligation beginning of year	<u>239,000</u>
Net OPEB obligation end of year	<u>\$ 616,000</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2010.

For the year ended June 30, 2010, the District contributed \$134,000 to the medical plan. Plan members eligible for benefits contributed \$97,971, or 42% of the premium costs.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued

June 30, 2010

7. **OTHER POSTEMPLOYMENT BENEFITS (OPEB) - Continued**

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2010 are summarized as follows.

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$ 511,000	26.22%	\$ 616,000

Funded Status and Funding Progress-

As of July 1, 2008, the most recent actuarial valuation date for the period July 1, 2008 through June 30, 2010, the actuarial accrued liability was \$4.534 million, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$4.534 million. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$16,590,000, and the ratio of the UAAL to covered payroll was 25.66%. As of June 30, 2010, there were no trust fund assets.

Actuarial Methods and Assumptions-

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2008 actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions includes a 3% discount rate based on the District's funding policy. The projected annual medical trend rate is 11%. The ultimate medical trend rate is 6%. The medical trend rate is reduced 0.5% each year until reaching the 6% ultimate trend rate.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

7. OTHER POSTEMPLOYMENT BENEFITS (OPEB) - Continued

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Report as of June 30, 2007 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2007.

Projected claim costs of the medical plan are \$742 per month for retirees and spouses with assumed annual age 60. The salary increase rate was assumed to be 4% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

8. RISK MANAGEMENT

The District is a member in the Iowa School Employee Benefits Association (ISEBA), an Iowa Code Chapter 28E organization. ISEBA is a local government risk-sharing pool whose members include various schools throughout the State of Iowa. The Association was formed in July 1999 for the purpose of managing and funding employee benefits. The Association provides coverage and protection in the following categories: medical, dental, vision and prescription drugs.

The District's contributions to the risk pool are recorded as expenditures from its General Fund at the time of payment to the risk pool. District contributions to ISEBA for the year ended June 30, 2010 were \$132,925.

The District is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

9. AREA EDUCATION AGENCY

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$1,251,043 for the year ended June 30, 2010 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements - Continued
June 30, 2010

10. CONSTRUCTION COMMITMENTS

The District entered into contracts totaling \$2,327,203 for engineering and construction related to high school cooling tower renovations, middle school addition and renovations, athletic field improvements and various roof improvements. At June 30, 2010, \$1,974,977 of the contracts was completed. The remaining amounts of the contracts will be paid as work on the projects progress.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Notes to Required Supplementary Information – Budgetary Reporting Year ended June 30, 2010

This budgetary comparison is presented as Required Supplementary Information in accordance with *Governmental Accounting Standard Board* Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the generally accepted accounting principles basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education of the
Indianola Community School District

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Indianola Community School District as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated February 7, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Indianola Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Indianola Community School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Indianola Community School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Indianola Community School District's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of control deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Indianola Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2010 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Indianola Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the District's responses, we did not audit the Indianola Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Indianola Community School District and other parties to whom the Indianola Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Indianola Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133

To the Board of Education of the
Indianola Community School District

Compliance

We have audited the compliance of the Indianola Community School District with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2010. Indianola Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Indianola Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion Indianola Community School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Indianola Community School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Indianola Community School District's internal control over compliance.

Our consideration of the internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified.

A deficiency in the District's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

The Indianola Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the District's responses, we did not audit the Indianola Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Indianola Community School District and other parties to whom the District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

Shuell & Co., P.C.

February 7, 2011

INDIANOLA COMMUNITY SCHOOL DISTRICT

Schedule of Findings and Questioned Costs
Year ended June 30, 2010

Part I: Summary of the Independent Auditor's Results:

- (A) Unqualified opinions were issued on the financial statements.
- (B) The audit did not disclose any significant deficiencies or material weaknesses in internal control over financial reporting.
- (C) The audit did not disclose any noncompliance which is material to the financial statements.
- (D) The audit did not disclose any reportable conditions in internal control over major programs.
- (E) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (F) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (G) Major programs were as follows:

None

INDIANOLA COMMUNITY SCHOOL DISTRICT

Schedule of Findings and Questioned Costs (Continued)
Year ended June 30, 2010

Part IV: Other Findings Related to Required Statutory Reporting - Continued:

- IV-A-10 Certified Budget – Expenditures for the year ended June 30, 2010 did not exceed the amended certified budget.
- IV-B-10 Questionable Expenditures - No expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-10 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- IV-D-10 Business Transactions - No business transactions between the District and District officials or employees were noted.
- IV-E-10 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations.
- IV-F-10 Board Minutes - No transactions were found that we believe should have been approved in the Board minutes but were not.
- Certain minutes were not published timely as required by Chapter 279.35 of the Code of Iowa.
- Recommendation – The Board Secretary should furnish a copy of the Board proceedings to be published within two weeks of each meeting.
- Response – Procedures will be revised to ensure the minutes are published as required.
- Conclusion – Response accepted.
- IV-G-10 Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
- IV-H-10 Supplementary Weighting - No variances regarding the supplementary weighting certified to the Iowa Department of Education were noted.
- IV-I-10 Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the District's investment policy were noted.

INDIANOLA COMMUNITY SCHOOL DISTRICT

Schedule of Findings and Questioned Costs (Continued)
Year ended June 30, 2010

Part IV: Other Findings Related to Required Statutory Reporting - Continued:

- IV-J-10 Certified Annual Report - The Certified Annual Report was certified timely to the Iowa Department of Education.
- IV-K-10 Categorical Funding – No instances were noted of categorical funding used to supplant rather than supplement other funds.
