INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Humboldt County
Dakota City, Iowa

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Humboldt County, Iowa, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Humboldt County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund and the aggregate remaining fund information of Humboldt County at June 30, 2011, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our reports dated February 13, 2012 on our consideration of Humboldt County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and budgetary comparison information and the Schedule of Funding Progress for the Retiree Health Plan on pages 4 through 11 and 34 through 37 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Humboldt County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the seven years ended June 30, 2010 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Humboldt County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2011. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

2011 FINANCIAL HIGHLIGHTS

- ◆ Revenues of the County's governmental funds increased 7%, or approximately \$650,000, from fiscal 2010 to fiscal 2011. Capital and operating grants increased approximately \$304,000. Property taxes levied for general purposes increased approximately \$289,000.
- ◆ Program expenses were 8%, or approximately \$718,000, more in fiscal 2010 than in fiscal 2011. Capital project expense decreased approximately \$199,000 while non-program expenses decreased approximately \$769,000.
- ◆ The County's net assets increased 12%, or approximately \$1,563,000, from June 30, 2010 to June 30, 2011.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Humboldt County as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Humboldt County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Humboldt County acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, as well as presenting the Schedule of Funding Progress for the Retiree Health Plan.

Other Supplementary Information provides detailed information about the nonmajor governmental and the individual Agency Funds.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are presented in the Statement of Net Assets and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

Fund Financial Statements

The County has two kinds of funds:

1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, and 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. These fiduciary funds include Agency Funds that account for emergency management services, the County Assessor, and the County Agricultural Association, to name a few.

The required financial statements for fiduciary funds include a statement of fiduciary assets and liabilities.

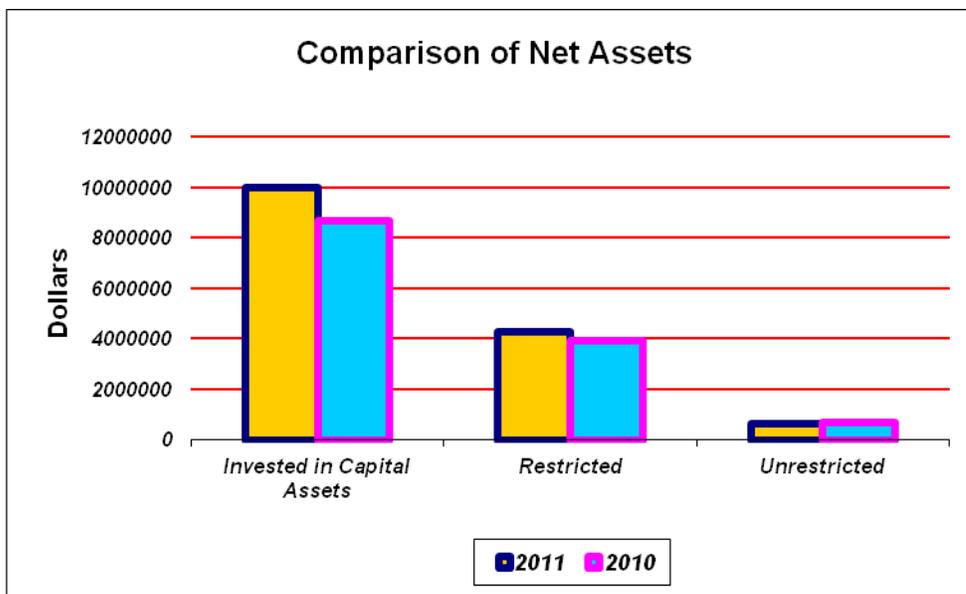

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. Humboldt County's combined net assets increased from a year ago from \$13.3 million to \$14.8 million. The analysis that follows focuses on the changes in the net assets for governmental activities.

Net Assets of Governmental Activities (Expressed in Thousands)

	June 30, 2011	June 30, 2010
Current and other assets	\$ 12,690	\$ 11,346
Capital assets	9,959	8,653
Total Assets	22,649	19,999
Long-term debt outstanding	2,815	2,021

Restricted	4,269	3,926
Unrestricted	607	693
TOTAL NET ASSETS	\$ 14,835	\$ 13,272

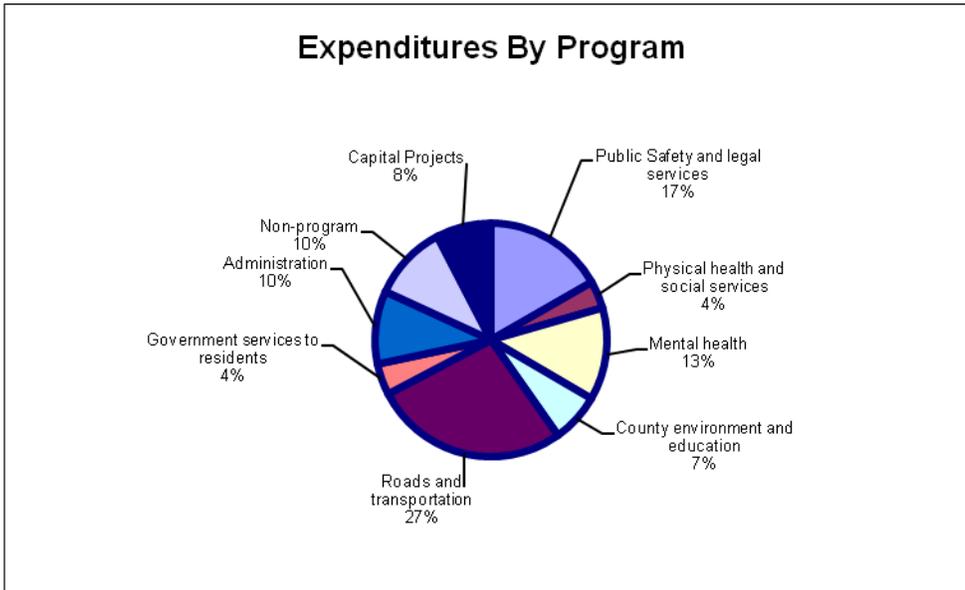

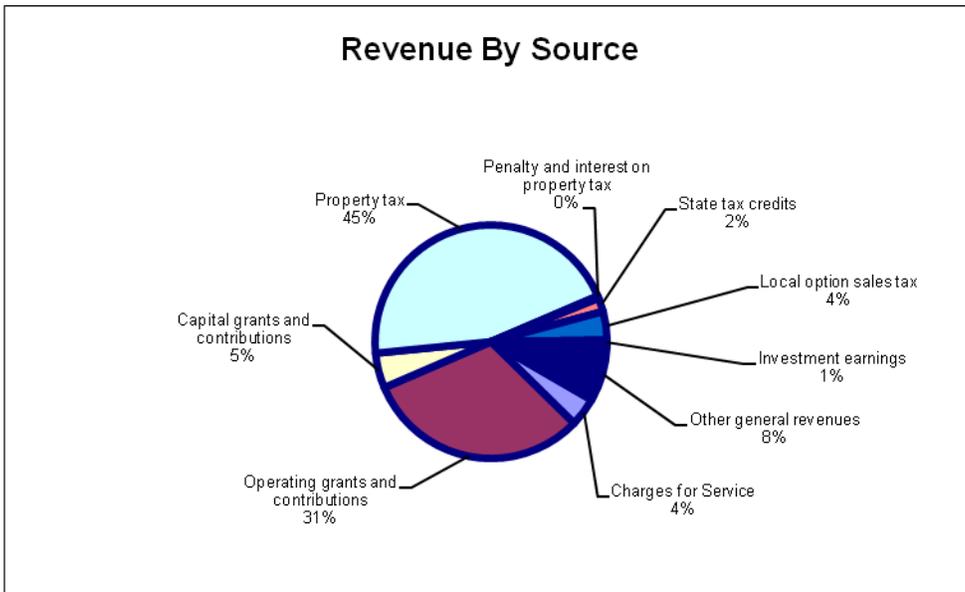

Net assets of Humboldt County's governmental activities increased by approximately 12% (\$14.8 million compared to \$13.3 million). The largest portion of the County's net assets is the amount invested in capital assets (e.g. land, infrastructure, buildings and equipment), less the related debt, if any.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation stating how they can be used.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by enabling legislation or other legal requirements – decreased from approximately \$693,000 at June 30, 2010 to approximately \$607,000 at the end of this year.

Net assets beginning of year, as restated	13,272	13,079
Net assets end of year	\$ 14,835	\$ 13,272

The cost of all governmental activities this year was \$8.3 million compared to \$9.0 million last year. However, as shown in the Statement of Activities on page 13, the amount taxpayers ultimately financed for these activities was only \$4.4 million because some of the cost was paid by those who directly benefited from the programs (\$395,000) or by other governments and organizations that subsidized certain programs with grants and contributions (\$3,546,000).

Overall, the County’s governmental program revenues, including intergovernmental aid and fees for services, increased in 2011 from approximately \$3,637,000 to \$3,941,000. The County paid for the remaining “public benefit” portion of governmental activities with approximately \$5,019,000 in taxes (some of which could only be used for certain programs) and with other revenues such as interest and general entitlements.

Humboldt County decreased property tax rates by \$0.39775 per \$1,000 of valuation in the countywide levy. Taxable value by levy without gas and electric utilities, the actual levy rate per \$1,000 of valuation, and total dollars levied are as follows:

	For Taxes Levied Fiscal Year 2011	For Taxes Levied Fiscal Year 2010

INDIVIDUAL MAJOR FUND ANALYSIS

As the County completed the year, its governmental funds reported a combined fund balance of \$4.9 million, which is approximately \$173,000 less than last year's total. The decrease in fund balance is attributable to lower other financing sources.

General Fund revenues increased by approximately \$243,000 when compared to the prior year. The ending fund balance showed a decrease from the prior year from \$1,190,000 to \$1,011,000. Mainly due to an increase in public safety and county environment expenses.

The County has continued to look for ways to effectively manage the cost of mental health services. For the year, expenditures totaled approximately \$1,219,000. The Mental Health Fund balance at year end increased by approximately \$122,000, or 87%, from the prior year.

The Rural Services fund ended Fiscal Year 2011 with a balance of \$24,000 compared to the prior year-end balance of \$61,000. The decrease of \$37,000 in the fund was mainly attributable to an increase in net operating transfers.

Secondary Roads Fund expenditures increased by approximately \$410,000 from the prior year, due principally to the purchase of new secondary road equipment in 2011. The receipts in the Secondary Road fund were insufficient and there was a decrease in the Fund's fund balance of \$215,000.

Significant work in Humboldt County drainage districts continued. The work consisted of continued cleaning and maintenance of the drainage districts. The fund balance for the drainage districts as a whole increased \$161,000 for the year ended June 30, 2011.

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Supervisors annually adopts a budget following required public notice and hearing for all funds, except agency funds.

Although the budget document presents functional disbursements by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The County budget is prepared on the cash basis. Over the course of the year, the County amended its operating budget one time. The amendment was made in May of 2011 and resulted in an increase in budgeted expenditures of \$1,648,000. This increase was to pay for increased expenses for the new equipment and repairs and maintenance and other capital projects.

The County did not exceed the budgeted amounts in any program service areas for the year ended June 30, 2011.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2011, Humboldt County had approximately \$9.96 million invested in a broad range of capital assets, including public safety equipment, buildings, park facilities, roads and bridges. This amount represents a net increase (including additions and deletions) of approximately \$1,305,000. The large increase is due in part to additional infrastructure added during the year.

The County had depreciation expense of \$769,705 during the year ended June 30, 2011 and total accumulated depreciation of \$8,178,115 as of June 30, 2011.

LONG TERM DEBT

At June 30, 2011, Humboldt County had approximately \$2,815,000 in outstanding obligations. They are displayed below in the chart.

Other post employment benefits	45	22
Compensated absences	89	93
Total	\$ 2,815	\$ 2,021

Debt increased as a result of additional outstanding drainage warrants during the year and increased OPEB liability.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Humboldt County's elected and appointed officials and citizens considered many factors when setting the fiscal year 2011 budget, tax rates, and the fees that will be charged for various County activities.

Amounts available for appropriation in the operating budget are \$8.1 million, an increase of 5 percent over the final 2010 budget. Property tax and grant receipts are expected to decrease slightly during fiscal year 2011. Humboldt County will use these proceeds to finance programs currently offered and offset the effects of any inflation that may occur. The County has added no major new programs or initiatives to the 2011 budget.

If these estimates are realized, the County's budgetary operating balance is expected to modestly decrease by June 30, 2011.

Changes in Fund Balances
Governmental Funds to the Statement
of Activities

Year ended June 30, 2011

Net change in fund balances - total governmental funds (page - 16) \$ (172,853)

*Amounts reported for governmental activities in the Statement of
Activities are different because:*

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	2,079,434	
Depreciation expense	<u>(769,705)</u>	1,309,729

In the statement of activities, the loss on the disposal of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources. (4,333)

Drainage improvement costs that are expenditures paid for governmental fund reporting but matched with the revenues for entity wide reporting 1,199,719

Because of revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds as follows:

Property tax	674	
Drainage assessments	<u>24,931</u>	25,605

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments as follows:

Drainage warrants issued	(1,244,842)	
Drainage warrants repaid	<u>460,821</u>	(784,021)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

Compensated absences	3,695	
Other postemployment benefits	(22,291)	
Landfill closure liability	<u>8,049</u>	(10,547)

Changes in net assets of governmental activities (page 13) \$ 1,563,299

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Humboldt County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Government Accounting Standards Board.

A. – Reporting Entity

For financial reporting purposes, Humboldt County has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the County.

These financial statements present Humboldt County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units - The following component units are entities, which are legally separate from the County, but are so intertwined with the County that they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

One hundred twenty three drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Humboldt County Board of Supervisors. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Humboldt County Auditor's office.

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Jointly Governed Organizations - The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is not an ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Joint Law Enforcement Board, Co-City Transportation, Humboldt County E-911 Services Board, Humboldt County Landfill Commission, Humboldt County Emergency Management Commission. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

B. - Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fund Financial Statements – Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services, which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for the road use tax allocation from the state of Iowa, required transfers from the General and the Special Revenue, Rural Services Fund and other revenues to be used for secondary road construction and maintenance.

The Drainage Districts Fund is used to account for drainage district improvements and the assessments that are levied to pay for them.

Additionally, the County reports the following funds:

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. - Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days after year-end.

Property tax, intergovernmental revenues, (shared revenues, grants, and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursements grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds, which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned, and then unassigned fund balances.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D - Assets, Liabilities, and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust, which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2009 assessed property valuations; is for the tax accrual period July 1, 2010 through June 30, 2011; and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March, 2010.

Interest and Penalty on Property Tax Receivable – Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Drainage Assessments Receivable – Drainage assessments receivable represents amounts assessed to individuals for work done on drainage districts which benefit their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Delinquent drainage assessments receivable represents assessments which are due and payable but have not been collected. Succeeding year drainage assessments receivable represents remaining assessments which are payable but not yet due.

Due From and Due To Other Funds – During the course of its operations, the County has numerous transactions between funds. To the extent certain transactions between funds had not been paid or received as of June 30, 2011, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Due From Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

**HUMBOLDT COUNTY
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, equipment and vehicles, and infrastructure assets (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the government), are reported in the governmental activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of \$5,000 and estimated useful lives of more than two years.

Capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (in years)
Building	40 - 50
Building improvements	20 – 50
Infrastructure	30 – 50
Equipment	2 – 20
Vehicles	3 – 10

Due To Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year-end.

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. A liability is recorded when incurred in the government-wide and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2011. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Rural Services and Secondary Roads Funds.

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specific use by taking the same action it employed to commit those amounts.

Assigned – Amounts the Board of Supervisors intend to use for specific purposes.

Unassigned – All amounts not included in other classifications.

E. - Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

Drainage warrants are warrants which are legally drawn on drainage district funds but are not paid for lack of funds, in accordance with Chapter 74 of the Code of Iowa. The warrants bear interest at rates in effect at the time the warrants are first presented. Warrants will be paid as funds are available.

Drainage improvement certificates payable represent amounts due to purchasers of drainage improvement certificates. Drainage improvement certificates are waivers that provide for a landowner to pay an improvement assessment in installment payments over a designated number of years with interest at a designated interest rate. The improvements certificates representing those assessments or installments due from the landowner are sold for cash as interest bearing certificates. Funds received from the sale of certificates are used to pay outstanding registered warrants issued to contractors who perform work on drainage district improvements and registered warrants issued for other related costs. Drainage improvement certificates are redeemed and interest paid to the bearer of the certificate upon receipt of the installment payment plus interest, from the landowner.

Drainage warrants are paid from the Special Revenue Fund solely from drainage assessments against benefited properties.

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Humboldt County implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* for the year ended June 30, 2010.

Plan Description. The County operates a single-employer retiree benefit plan which provides medical benefits for retirees and their spouses. There are 64 active and 0 retired members in the plan. Participants must be age 55 or older at retirement.

The medical coverage is administered by Wellmark. Retirees under age 65 pay the same premium for the medical benefit as active employees, which results in an implicit subsidy. The implicit subsidies result in an OPEB liability.

Funding Policy. The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation. The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2011, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

	2011
Annual required contribution	\$ 29,152
Interest on net OPEB obligation	-
Adjustment to annual required contribution	(6,861)
Annual OPEB cost	22,291
Net OPEB obligation beginning of year	22,291
Net OPEB obligation end of year	\$ 44,582

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the years ended June 30, 2011 and 2010.

For the years ended June 30, 2011 and 2010, the County did not contribute to the medical plan.

The County's annual actuarially determined OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2011 and 2010 are summarized as follows:

HUMBOLDT COUNTY

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)-continued

Year Ended	Annual OPEB Cost	Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2011	\$ 29,152	\$ 6,861	\$ 44,582
June 30, 2010	\$ 29,152	\$ 6,861	\$ 22,291

Funded Status and Funding Progress. As of July 1, 2009, the most recent actuarial valuation date for the period July 1, 2010 through June 30, 2011 and July 1, 2009 through June 30, 2010, the actuarial accrued liability was \$245,881, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$245,881. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$2,823,602 and the ratio of the UAAL to covered payroll was 10% for 2011 and 10% for 2010. As of June 30, 2011 and 2010, there were no trust fund assets.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2009 actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions include a 4% discount rate based on the Utility's funding policy. The projected annual medical trend rate is 10%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 0.5% each year until reaching the 5% ultimate trend rate.

Mortality rates are from the RP2000 Combined Mortality Table, applied on a gender-specific basis. Annual retirement and termination probabilities were developed based on national averages.

Projected claim costs of the medical plan are \$856 per month for retirees. The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

NOTE 10 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County carries commercial insurance to insure property, liability, worker's compensation and employees. Settled claims resulting from those risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 11 - CLOSURE AND POSTCLOSURE CARE COSTS

The County participates in an agreement with the Humboldt County Solid Waste Commission, a political subdivision created under Chapter 28E of the Code of Iowa. The Humboldt County Sanitary Landfill closed in 1995 and in compliance with federal and state regulations; the Commission is required to provide financial assurance for the postclosure care period. The County has provided a Local Government Guarantee for postclosure costs of the landfill as per Chapter 111.6(3) of the Iowa Administrative Code. The total costs for postclosure care at the Humboldt County Sanitary Landfill have been estimated at \$327,250 as of June 30, 2011. This is the amount being assured by the County through the Local Government Guarantee.

Humboldt County, while guaranteeing the complete postclosure costs for the Humboldt County Solid Waste Commission, has recorded in the long term debt account group \$33,415 to reflect their estimate of the present value of their share (32%) of the postclosure costs for the Humboldt County Solid Waste Commission. During the year ended June 30, 2011, Humboldt County paid \$8,049 in fees to the Humboldt County Solid Waste Commission.

NOTE 12 – PROTECTION PAYEE PROGRAM

The community services office of Humboldt County supervises a protective payee program that provides assistance to certain residents with balancing their bank accounts and paying their bills. The County's responsibility for the program is limited to screening potential volunteers who in fact pay the bills and providing a location for a third party to review all transactions for appropriateness. At June 30, 2011, 13 individuals were receiving assistance. The individuals being assisted held a total of \$16,415 as of June 30, 2011. The dollars in this program are insured by AARP.

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2011

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except blended component units and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end. One hundred and twenty-three drainage districts have been included as a blended component unit in the financial statements. The finances for the drainage districts are not required to be budgeted and therefore the revenues and expenditures for the drainage districts have been removed from the actual results column contained on the Budgetary Comparison Schedule (page 34).

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund or fund type. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted includes disbursements for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year a budget amendment increased budgeted disbursements by \$1,647,883. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2011 disbursements did not exceed the amounts budgeted in any function.

CERTIFIED PUBLIC ACCOUNTANTS AND CONSULTANTS

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards**

To the Humboldt County
Board of Supervisors

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Humboldt County, Iowa as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements listed in the table of contents and have issued our report thereon dated February 13, 2012. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Humboldt County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Humboldt County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Humboldt County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financing reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance all deficiencies, significant deficiencies or material weakness have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting we consider to be material weaknesses and other deficiencies we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency in internal control described in Part II of the accompanying Schedule of Findings item II-A-11 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Humboldt County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*. Prior year compliance matters have been resolved.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2011 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Humboldt County's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the County's responses we did not audit the responses and accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Humboldt County and other parties to whom Humboldt County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Humboldt County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

HUMBOLDT COUNTY

**SCHEDULE OF FINDING
Year Ended June 30, 2011**

Part II: Findings Related to the General Purpose Financial Statements

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

SIGNIFICANT DEFICIENCIES:

11-II-A Segregation of Duties - During our examination of the system of internal accounting control, the existing procedures are evaluated in order to determine that incompatible duties, from a control viewpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and therefore, maximizes the accuracy of the County's financial statements. We noted that in the Auditor's, Treasurer's, Recorder's, and Sheriff's offices receipts, record keeping, and reconciling functions are at times handled by one office employee.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, in the above mentioned offices, the management should review the operating procedures of the office to obtain the maximum internal control possible under the circumstances.

Response and Corrective Action Planned - We have reviewed procedures and plan to utilize our current employees to maximize internal control to the extent possible.

Conclusion - Response accepted.

Part III: Other Findings Related to Required Statutory Reporting

11-III-A Certified Budget – The County did not exceed the budgeted disbursement limits in any function.
