**INDEPENDENT AUDITOR'S REPORT ON THE  
FINANCIAL STATEMENTS**

**To the Board of Supervisors  
Winneshiek County  
Decorah, Iowa**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Winneshiek County as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Winneshiek County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Winneshiek County as of June 30, 2011, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 13, 2012, on our consideration of Winneshiek County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

U.S. generally accepted accounting principles require that the management's discussion and analysis, budgetary comparison information, and funding progress for the retiree health plan on page 4 and pages 39 through 42, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

DECORAH, IOWA

Management's Discussion and Analysis  
For the Fiscal Year Ending June 30, 2011

Management of Winneshiek County provides this management's discussion and analysis of Winneshiek County's annual financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2011. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

**FINANCIAL HIGHLIGHTS**

- Revenues of the County's governmental activities increased 7.19%, or approximately \$1,164,000, from fiscal 2010 to fiscal 2011. Charges for services, operating grants and contributions, capital grants and contributions, and property taxes increased approximately \$239,000, \$168,000, \$382,000 and \$357,000, respectively.
- Program expenses of the County's governmental activities were 3.24%, or approximately \$488,000, more in fiscal 2011 than in fiscal 2010. Mental health, county environment, and administration expenses increased approximately \$635,000, \$246,000 and \$256,000, respectively, and roads and transportation expenses decreased approximately \$837,000.
- The County's net assets of the County's governmental activities increased 4.00%, or approximately \$1,805,000, from June 30, 2010 to June 30, 2011.

**USING THE BASIC FINANCIAL STATEMENTS**

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Winneshiek County as a financial whole, or as an entire operating entity.

The government-wide financial statements consist of a statement of net assets and a statement of activities. These provide information about the activities of Winneshiek County as a whole and present an overall view of the County's finances and a longer-term view of those finances.

The fund financial statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Winneshiek County's operations in more detail than the government-wide statements by providing information about the most significant funds with all other nonmajor funds presented in total in a single column. For Winneshiek County, the general fund, MH/DD-special revenue fund, rural services-special revenue fund, and secondary roads-special revenue fund are the most significant funds. The remaining statements provide financial information about activities for which Winneshiek County acts solely as an agent or custodian for the benefit of those outside of the government.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required supplementary information further explains and supports the financial statements with a comparison of the County's budget for the year, as well as presenting the schedule of funding progress for the retiree health plan.

## REPORTING THE COUNTY AS A WHOLE

### *The Statement of Net Assets and the Statement of Activities*

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The statement of net assets and the statement of activities report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The statement of net assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets." Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

In the statement of net assets and statement of activities, the County is divided into two distinct kinds of activities:

**Governmental activities:** Most of the County's programs and services are reported here, including public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, government services to residents, administration, interest on long-term debt and other non-program activities. Property tax, state tax credits and state and federal grants finance most of these activities.

**Business-type activities:** These services are provided on a charge for goods or services basis to recover all of the expenses for the goods or services provided.

## REPORTING THE COUNTY'S MOST SIGNIFICANT FUNDS

### *Fund Financial Statements*

Fund financial reports provide detailed information about the County's major funds. The County uses different funds in accordance with the Uniform Financial Accounting for Iowa County Governments to record its financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the general fund, MH/DD-special revenue fund, rural services-special revenue fund, and secondary roads-special revenue fund.

### *Governmental Funds*

Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. These governmental funds include: 1) the general fund, 2) the special revenue funds such as mental health, rural service, and secondary roads, 3) the debt service fund, and 4) the capital projects fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

**REPORTING THE COUNTY'S MOST SIGNIFICANT FUNDS (Continued)**

*Governmental Funds (Continued)*

The governmental funds required financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

*Proprietary Funds*

Proprietary funds account for the County's landfill fund, Burr Oak and Festina Sanitary Systems-enterprise funds and employee group health insurance-internal service fund. The enterprise funds account for the charges for goods and services received to recover expenses for goods or services provided. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The proprietary funds required financial statements include a statement of net assets, a statement of revenues, expenses, and changes in net assets and a statement of cash flows.

*Fiduciary Funds*

Fiduciary funds are used to report assets held in an agency capacity for others and cannot be used to support the government's own programs. The County has agency funds that account for emergency management services, the county assessor, and E911 service board are some examples.

The fiduciary funds required financial statements include a statement of fiduciary net assets and liabilities.

A summary reconciliation between the government-wide financial statements and the fund financial statements follows the fund financial statements for the governmental funds.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net assets may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in the net assets.

Condensed Statement of Net Assets (Expressed in Thousands)			
Governmental Activities			
	2011	2010	Percent Change
Current and other assets	\$ 15,670	\$ 15,144	3.47%
Capital assets	42,778	41,806	2.33%
Total assets	58,448	56,950	2.63%
Long-term debt outstanding	2,153	2,885	-25.37%
Other liabilities	9,340	8,915	4.77%
Total liabilities	11,493	11,800	-2.60%
Net assets			
Invested in capital assets, net of related debt	42,559	41,004	3.79%
Restricted	2,149	2,247	-4.36%
Unrestricted	2,247	1,899	18.33%
Total net assets	\$ 46,955	\$ 45,150	4.00%

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

		Condensed Statement of Net Assets (Expressed in Thousands)		
		Business-type Activities		
		2011	2010	Percent Change
Current and other assets	\$	71	\$ 66	7.58%
Capital assets		1,213	1,296	-6.40%
Total assets		1,284	1,362	-5.73%
Long-term debt outstanding		208	208	0.00%
Other liabilities		20	29	-31.03%
Total liabilities		228	237	-3.80%
Net assets				
Invested in capital assets, net of related debt		1,018	1,097	-7.20%
Restricted		325	304	6.91%
Unrestricted		(287)	(276)	-3.99%
Total net assets	\$	1,056	\$ 1,125	-6.13%

The largest portion of the County's net assets is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with the sources other than capital assets. Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets-the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements-increased for the governmental activities approximately \$348,000 or 18.33% and decreased for the business-type activities approximately \$23,000 or 8.33%.

The increase in net assets for the governmental activities is due to an increase in charges for services and an increase in property taxes with a decrease in expenditures for mental health, government services to residents, administration, and nonprogram. The decrease in net assets for the business-type activities is due to the Burr Oak sewer fund and Festina sewer fund paying of interest on bonds and depreciation expense.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

The following analysis shows the change in net assets for the year ending June 30, 2011:

	Changes in Net Assets (Expressed in Thousands)		
	Governmental Activities		
	2011	2010	Percent Change
<b>Revenues:</b>			
<b>Program revenue</b>

	Business-type Activities		
	2011	2010	Percent Change
<b>Revenues:</b>			
Program revenue			
Charges for service	\$ 271	\$ 265	2.26%
<b>Program expenses:</b>			
Operating expenses	340	343	-0.87%
Operating loss	(69)	(78)	-11.54%
Net assets beginning of year	1,125	1,203	-6.48%
Net assets end of year	\$ 1,056	\$ 1,125	-6.13%

INDIVIDUAL MAJOR FUND ANALYSIS

As the County completed the year, its governmental funds reported a combined fund balance of \$4,508,733, approximately \$192,138 increase of the 2010 fiscal year end balance of \$4,316,595.

- The general fund ending fund balance showed an increase from the prior year of \$1,804,657 to \$2,038,196, due primarily to increasing revenues in property and other county tax and miscellaneous of \$438,000 and \$236,000, respectively. The increased revenues offset increasing expenditures in public safety and legal services and administrative services of \$173,000 and \$293,000, respectively.
- The County has continued to look for ways to effectively manage the cost of mental health services. For the year, expenditures totaled approximately \$2,703,000, an increase of 30.9% from the prior year. The mental health fund balance at year end decreased by approximately \$693,000 over the prior year.
- Secondary roads fund revenues increased approximately \$691,834 over the prior year. For the year, expenditures totaled \$6,002,466, a decrease of \$1,303,718. The increase in revenues along with the decrease in expenditures resulted in an increase in the secondary roads fund ending balance of approximately \$514,000, or 81.77%.
- The ending fund balance for the rural service fund increased by \$118,558 or 32.1% over prior year. The increase is due to an increase of revenues of approximately \$250,000 with an increase of expenditures of about \$132,000.

## BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Supervisors annually adopts a budget following required public notice and hearing for all funds, except agency funds. Although the budget document presents functional disbursements by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The County budget is prepared on the cash basis. Over the course of the year, the County amended its operating budget one time. The amendment was made in May 2011 and resulted in an increase in public safety and legal services, county environment and education services, governmental services to residents, and administration disbursements. However, this did not require an increase in taxes as the County decreased disbursements in physical health and social service and capital project and also received more intergovernmental, charges for services, and miscellaneous receipts than originally projected.

The amendment made during the 2011 fiscal year should have no impact on the 2012 fiscal year's budget.

The following chart shows the original and amended budget for fiscal 2011 as well as the actual revenue and expenditures for the year:

	Budgetary Comparison Schedule (Expressed in Thousands)			
	Budget Basis	Budget Amounts		Variance
		Original	Final	
<b>REVENUES</b>				
Property and other County tax	\$ 8,520	\$ 8,385	\$ 8,385	\$ 135

<b>Total expenditures</b>	<b>\$ 16,795</b>	<b>\$ 18,248</b>	<b>\$ 18,268</b>	<b>\$ 1,473</b>

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### *Capital Assets*

At the end of fiscal year 2011, Winneshiek County had \$42,777,621 invested in a broad range of capital assets, including large road equipment, infrastructure and construction in progress for the governmental activities. For the enterprise funds, the County had \$1,213,316 invested in land, landfill and sewer systems.

The County had depreciation expense of \$1,803,669 for fiscal year 2011 and total accumulated depreciation of \$28,809,375 as of June 30, 2011 for the governmental activities. The County had depreciation/depletion expense of \$82,775 for fiscal year 2011 and total accumulated depreciation/depletion of \$1,645,602 as of June 30, 2011 for the business-type activities. More detailed information about the County's capital assets is presented in Note 4 to the financial statements.

### *Debt*

At year-end, the County had approximately \$2,281,495 in bonds and other debt compared to approximately \$3,053,462 last year. More detail is presented in Note 9 to the financial statements.

The County's general obligation bond rating continues to carry the fourth highest rating possible, a rating that has been assigned by national rating agencies to the County's debt since 1995. The Constitution of the State of Iowa limits the amount of general obligation debt that counties can issue to 5 percent of the assessed value of all taxable property within the County's corporate limits. The County's outstanding general obligation debt is significantly below this \$77,510,153 limit.

Other obligations include accrued vacation pay. More detailed information about the County's long-term liabilities is presented in Note 9 to the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Winneshiek County's elected and appointed officials and citizens considered many factors when setting the fiscal year 2012 budget, tax rates, and the fee that will be charged for various County activities. One of those factors is the economy.

The County's local option sales taxes received continue to be a significant portion of County revenues and account, in part, for property tax levy rates lower than would otherwise be possible.

The County is anticipating not receiving 100% replacement for Homestead Credit therefore; the difference will need to be paid by the individual taxpayer. Winneshiek County has a very small amount of delinquent property taxes due to the fact that the local taxpayers pay their property taxes in a timely manner.

## CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of Winneshiek County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the County Auditor's Office, Winneshiek County, 201 West Main St, Decorah, IA 52101.

WINNESHIEK COUNTY

WINNESHIEK COUNTY  
BALANCE SHEET  
GOVERNMENTAL FUNDS  
June 30, 2011

Reconciliation of governmental fund balances to net assets	
Total governmental fund balances	\$ 4,508,733
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds, net of accumulated depreciation of \$28,809,375	42,777,621
Other assets, including due from WCASWA and other governments are not available in the current period and therefore are not reported as assets in the funds	1,598,865
Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the funds	75,545
Internal service funds are used by management to charge the costs of self funding of the County's health insurance benefit plan to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net assets	148,259
Other liabilities, including bonds payable and accrued interest, are not due and payable in the current period and therefore are not reported as liabilities in the funds	
Net OPEB obligation	(79,376)
Bonds payable	(1,498,865)
Notes payable	(318,383)
Compensated absences	(255,863)
Accrued interest	(1,085)
Net assets of governmental activities	\$ 46,955,451
Cash and pooled investments of governmental activities include the following reclassifications:	
Internal service fund cash at June 30, 2011	\$ 248,741

WINNESHIEK COUNTY  
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
GOVERNMENTAL FUNDS  
For the Year Ended June 30, 2011

Reconciliation of the statement of revenues, expenditures and changes in fund balances of governmental funds to the statement of activities		
Net change in fund balances - total governmental funds	\$	192,138
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceeds depreciation in the period		
Depreciation	\$ (1,803,669)	
Capital outlays	<u>2,775,234</u>	971,565
Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds		
Property tax	(42,442)	
Other	<u>-</u>	(42,442)
The net effect of disposal of capital assets		(564)
Repayment of long-term debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the statement of net assets and does not affect the statement of activities		584,195
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due		1,928
The internal service fund is used by management to charge the costs of employee health benefits to individual funds. The net revenue of the internal service fund is reported with governmental activities		148,259
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds		
Net OPEB obligation		(39,413)
Compensated absences		<u>(10,557)</u>
Change in net assets of governmental activities	\$	<u>1,805,109</u>

See Notes to Financial Statements.

# WINNESHIEK COUNTY

## NOTES TO FINANCIAL STATEMENTS

---

### 1. Nature of Operations and Significant Accounting Policies

#### a. Nature of Operations

Winneshiek County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

#### b. Significant Accounting Policies

##### *Scope of Reporting Entity*

For financial reporting purposes, Winneshiek County has included all funds, organizations, account groups, agencies, boards, commissions, and authorities. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization, or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the County; or the organization is fiscally dependent on the primary government. Also, any other organizations that due to the nature of significance of their relationship with the County should be included in the financial statements as component units. The County has no component units which meet the Governmental Accounting Standards Board criteria.

##### *Jointly Governed Organizations*

The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Winneshiek County Assessor's Conference Board, Northeast Iowa Behavioral Health, Inc., Emergency Management Services, Winneshiek County Area Solid Waste Agency and Winneshiek County Joint E-911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in agency funds of the County.

##### *Government-wide Financial Statements*

The statement of net assets and the statement of activities report information on all of the non-fiduciary activities of the County. Governmental activities are supported by property tax and intergovernmental revenues and other non-exchange transactions are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. For the most part, the effect of interfund activity has been removed from these statements.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Government-wide Financial Statements (Continued)*

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

*Fund Financial Statements*

Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as other nonmajor governmental and other nonmajor enterprise funds. The internal service fund is presented in a single column on the face of the proprietary fund statements.

The funds of the financial reporting entity are described below:

*Governmental*

*General Fund*

The general fund accounts for all the financial resources of the County, except for those required to be accounted for by other funds. The revenues of the general fund are primarily derived from general property taxes, charges for services, licenses and permits, and certain revenues from state and federal sources. The expenditures of the general fund primarily relate to general administration of public safety and legal services, physical health and social services, county environment and education services, governmental services to residents and administrative services.

*Special Revenue Funds*

The special revenue funds are used to account for revenues derived from specific sources which are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The major funds in this category are rural services, secondary roads, and Mental Health/Development Disabilities (MH/DD) Services.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Fund Financial Statements (Continued)*

*Proprietary Fund Types*

*Enterprise Fund*

Enterprise funds are used to account for operations and activities that are financed and operated in a matter similar to a private business enterprise and where the costs of providing goods or services to the general public on a continuing basis are expected to be financed or recovered primarily through user charges or where the County has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. One enterprise fund of the County is used to account for the lease of the landfill to the Winneshiek County Area Solid Waste Agency and contract labor provided to the Agency by the County.

*Internal Service Fund*

Internal service fund is utilized to account for the financing of health insurance provided to the employees of the various departments of the County.

*Fiduciary Fund Types*

*Agency Funds*

The agency funds are used to account for assets held by the County in a trustee or custodial capacity for other entities, such as individual, or other governmental units.

*Measurement Focus*

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements.

On the government-wide statement of net assets and the statement of activities, both governmental and business-type activities are presented using the "economic resources" measurement focus as defined below in item b.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental fund financial statements are accounted for on current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance is considered a measure of "available spendable resources." Governmental fund operating statements present increases, revenues and other financing sources, and decreases, expenditures and other financing uses in fund balances. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Measurement Focus (Continued)*

- b. The proprietary funds are accounted for on economic resources measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their statements of net assets. In reporting the financial activity on the proprietary fund statements, the County applies all applicable GASB pronouncements. As allowed in Section P80 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, the County has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989.

*Basis of Accounting*

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide and proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized as earned, and expenses are recognized when incurred. Property tax is recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied. This differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when they become both measurable and available. Available means collected within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end. Expenditures are recorded when the liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due. Disbursements for the purchase of assets providing future benefits are recorded as expenditures at time of purchase.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Basis of Accounting (Continued)*

Revenues susceptible to accrual under the modified accrual basis of accounting are property tax, intergovernmental revenue (shared revenues, grants and reimbursements from other governments), and charges for service and interest revenue. Revenues from licenses and permits, fines and forfeitures, refunds and reimbursements and other miscellaneous sources are generally recognized when received in cash as they are generally not measurable until actually received.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

*Assets, Liabilities and Fund Equity*

The following accounting policies are followed in preparing the financial statements:

*Cash Management, Cash Equivalents, and Investments*

The County Treasurer maintains two primary demand deposit accounts through which the majority of the County's cash resources are processed.

The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the general fund, unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

*Property Tax Receivable*

Property taxes in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy date, which is the date that the tax asking is certified by the County Board of Supervisors. Delinquent property taxes receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Assets, Liabilities and Fund Equity (Continued)*

*Interfund Transactions*

During the course of its operations, the County has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2011, balances of interfund amounts receivable or payable have been recorded in the fund financial statements. Most of the interfund transactions have been eliminated on the government-wide statements.

*Due from Other Governments*

Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants, and reimbursements from other governments.

*Inventories*

Inventories are valued at cost using the first-in, first-out method. Inventories in the special revenue funds consist of expendable supplies held for consumption. The costs of inventory items are recorded as expenditures in the governmental fund types and expenses in the proprietary fund types when used. Reported inventories in the governmental fund financial statements are equally offset by a fund balance reserve which indicates that they are not available to liquidate current obligations.

*Prepaid Expenditures*

Payments made for insurance for a future period beyond June 30, 2011 are recorded as prepaid insurance. The fund balances in the governmental fund types have been reserved for the prepaid expenditures recorded in those funds. This reflects the amount of net assets not currently available for expenditure.

*Capital Assets*

Capital assets, which include property, equipment and vehicles, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide statement of net assets. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Capital assets in the proprietary fund are capitalized in the fund in which they are utilized. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years:

Land, buildings and improvements	\$	25,000
Equipment and vehicles		5,000
Infrastructure, road networks		50,000

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Assets, Liabilities and Fund Equity (Continued)*

*Capital Assets (Continued)*

Property and equipment of the County is depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	25-50
Land improvements	10-50
Equipment	3-20
Vehicles	5-15
Infrastructure, road network	10-65

For the year ended June 30, 2011, depletion is recorded on the landfill using the useful life of 27 years.

*Due to Other Governments*

Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

*Trusts Payable*

Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

*Deferred Revenue*

In the fund financial statements certain revenues are measurable they are not available. Deferred revenue represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds, the succeeding year property tax receivable as well as delinquent property tax receivables and other receivables not collected within sixty days after year end. Deferred revenue on the statement of net assets consist of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

*Long-term Obligations*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the statement of net assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Assets, Liabilities and Fund Equity (Continued)*

*Compensated Absences*

County employees receive vacation leave at the following rates:

Years of Service	Vacation Credited on Anniversary Date
After 1	35 hours - 1 week
2	70 hours - 2 weeks
8	105 hours - 3 weeks
12	140 hours - 4 weeks

Employees may accumulate up to 20 days vacation. Sick leave accrues at the rate of two days per month and employees may accumulate up to 120 days sick leave. These accumulations are not recognized as expenditures by the County until used. The County's policy prohibits payoff of accumulated sick leave at termination of employment. Consequently, no liability for accumulated sick leave at June 30, 2011 has been determined or presented. A liability is recorded when incurred in the government wide and fiduciary fund financial statements. The County's approximate maximum liability for accrued vacation pay at June 30, 2011 is \$255,863.

In accordance with the Code of Iowa Chapter 509A.13 the County provides post-employment health care benefits. Employees retiring before attaining sixty-five years of age may continue participation in the plan at their own expense until the employee attains age sixty-five.

*Fund Balance*

In the governmental fund financial statements, fund balances are classified as follows:

- *Nonspendable fund balances* are amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- *Restricted fund balances* are amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.
- *Unassigned fund balances* are the remaining fund balance which is not included in other spendable classifications.

*Net Assets*

Invested in capital assets, net of related debt consists of capital assets net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets consists of net assets with constraints placed on the use either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Restricted net assets are used first when an expense is incurred for purposes for both restricted and unrestricted net assets.

1. Nature of Operations and Significant Accounting Policies (Continued)

b. Significant Accounting Policies (Continued)

*Budgets and Budgetary Accounting*

The budgetary comparison and related disclosures are reported as required supplementary information.

*Revenues, Expenditures and Expenses*

Property tax revenue recognized in the governmental funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2009 assessed property valuations; is for the tax accrual period July 1, 2010 through June 30, 2011 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March, 2010.

Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Federal and state grants, primarily capital grants, are recorded as revenue when the expenditures for the purpose of the grant have been incurred. Substantially all other shared revenues are recorded during the period when received from the collecting authority, the State of Iowa.

*Management Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Deposits and Investments

The County's deposits in banks at June 30, 2011 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This Chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants and improvement certificates of a drainage district.

Investments are stated at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

In addition, the County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$126,831 pursuant to Rule 2a-7 under the Investment Company Act of 1940 and are not subject to credit risk categorization.

NOTES TO FINANCIAL STATEMENTS

---

2. Deposits and Investments (Continued)

*Interest Rate Risk*

The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the County.

*Credit Risk*

The investment in Iowa Public Agency Investment Trust is unrated.

3. Due from Other Governments

Due from other governments consist of the following at June 30, 2011:

Governmental		
General fund		
Medicare	\$	15,490

5. Due to Other Governments

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments as of June 30, 2011 is as follows:

<p>Governmental General fund</p>	<p>Services</p>	<p>\$ 747</p>
<p>Special revenue fund MH/DD</p>	<p>Services</p>	<p>1,124</p>
<p>Total governmental</p>		<p>\$ 1,871</p>
<p>Fiduciary Agency</p>		
County offices		\$ 66,965
Agricultural Extension Education		200,257
County assessor collections		328,732
Schools		14,847,927
Area schools		1,002,135
Corporations		4,230,790
Townships		336,743
Auto license and use tax		461,421
Other		1,028,386
<p>Total agency funds</p>		<p>\$ 22,503,356</p>

6. Pension and Retirement Benefits

The County contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits, which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 4.50%, 4.30%, and 4.10% of their annual covered salary and the County is required to contribute 6.95%, 6.65%, and 6.35% of covered salary for the years ended June 30, 2011, 2010 and 2009 respectively. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contribution to IPERS for the years ended June 30, 2011, 2010, and 2009 were \$376,250, \$342,344, and \$320,076, respectively equal to the required contributions for each year.

NOTES TO FINANCIAL STATEMENTS

---

7. Construction, Purchase and Other Commitments

The total outstanding construction and purchase commitments of the County at June 30, 2011 amount to \$1,752,278 and commitments to be reimbursed is \$1,090,335.

The County entered into a 28E Agreement with Allamakee County to share the cost of the CPC personnel. Each county will pay fifty percent of wages and benefits. The agreement shall remain in full force and effect until such time as the Board of Supervisors for one of the participating counties passes a resolution withdrawing from the agreement and provides at least sixty days notice before the withdrawal is effective.

The County entered into a union contract with the Sheriff's department, Road department, and Jailers that was in effect from July 1, 2008 through June 30, 2011.

8. Leases

The City of Decorah has leased land to Winneshiek County under a 99 year lease for \$1 per year for the Sheriff's office and jail.

The City of Decorah has leased space to Winneshiek County within the City's Police Department for \$128,010 from July 1, 2011 through June 30, 2012.

The County has agreed to lease land to Winneshiek County Area Solid Waste Agency until December 2013.

The County is leasing land to various entities for a nominal fee over long-term arrangements in association with the health campus.

Future lease payments under these agreements are as follows:

Year ended June 30, 2011	<u>\$ 128,010</u>
--------------------------	-------------------

NOTES TO FINANCIAL STATEMENTS

9. Long-term Debt Obligations

Long-term liability activity for the year ended June 30, 2011 was as follows:

	Balance June 30, 2010	Issued	(Paid)	Balance June 30, 2011	Amounts Due Within One Year
<b>Governmental activities</b>					
<b>General Obligation Bonds</b>					
County refunding	\$ 250,000		\$ (250,000)	\$ None

**General Obligation Bond**

On October 26, 2009 the County issued General Obligation Bonds worth \$2,100,000. The proceeds from this issue were for the purpose of funding the future landfill closure and postclosure costs. The issue of bonds bears interest ranging from 3.25% to 4.5% and matures from June 1, 2011 to June 1, 2016.

NOTES TO FINANCIAL STATEMENTS

---

9. Long-term Debt Obligations (Continued)

Notes Payable

*Road Use Tax Fund Revenue Note*

In July 2009 the County issued revenue notes totaling \$436,873 at 2.98% interest due in semi-annual payments of \$54,600 plus interest starting October 2009 through 2012. These notes were used to finance trucks for the County secondary road department recorded in the secondary road fund. Interest expense of \$10,188 is reported in the secondary roads fund.

*Calmar Township Note*

In July 2010 the County issued revenue notes totaling \$100,000 at 3.50% interest due in semi-annual payments of \$7,220 starting November 2011 through May 2019. This note was used to finance a truck for the Calmar Fire Department.

*USDA Rural Development*

In April 1993 the County issued revenue notes totaling \$105,000 at 5% interest due in annual payments of \$6,226 starting July 1995 through 2032. These notes were used to partially finance the Burr Oak Sewer project, and are recorded in the enterprise fund. Interest expense of \$4,092 is reported in the Burr Oak Sewer enterprise fund. The County prepaid the payment in June 2011.

*Department of Natural Resources*

In April 2000 the County issued revenue notes totaling \$132,500 at 4.5% interest due in annual payments of \$7,342 starting July 2003 through 2039. These notes were issued to partially finance the Festina Wastewater Collection & Treatment System Project. Interest expense of \$5,291 is reported in the Festina Sewer enterprise fund. The County prepaid the payment in June 2011.

A summary of the principal and interest maturities by type of debt is as follows:

Year ending June 30,	Governmental Activities	
	Refunding Solid Waste Bond	
	Principal	Interest
2012	\$ 300,000	\$ 48,750
2013	300,000	39,000
2014	300,000	29,250
2015	300,000	19,500
2016	298,865	9,750
<b>Total</b>	<b>\$ 1,498,865</b>	<b>\$ 146,250</b>

10. Due to/from Other Funds

As of June 30, 2011, interfund receivables and payables that resulted from various interfund transactions were as follows:

	Due from Other Funds	Due to Other Funds
General fund	\$ 20,196	\$ 47
Special revenue funds		
Rural services		704
Mental health		44
Secondary roads		154
Recorder's records management	285	
Proprietary funds		
Landfill		19,532
	\$ 20,481	\$ 20,481

11. Other Postemployment Benefits (OPEB)

*Plan Description*

The County operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 118 active and 4 retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug benefits are provided through a fully-insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit rate subsidy and an OPEB liability.

*Funding Policy*

The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

*Annual OPEB Cost and Net OPEB Obligation*

The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

NOTES TO FINANCIAL STATEMENTS

11. Other Postemployment Benefits (OPEB) (Continued)

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2011, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

Annual required contribution	\$	39,963
Interest on net OPEB obligation		1,798
Adjustment to annual required contribution		(2,348)
Annual OPEB cost		39,413
Contributions made		None
Interest in net OPEB obligation		39,413
Net OPEB obligation beginning of year		39,963
Net OPEB obligation end of year	\$	79,376

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2011.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2011 are summarized as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$ 39,963	0.0%	\$ 39,963
June 30, 2011	\$ 39,413	0.0%	\$ 79,376

*Funded Status and Funding Progress*

As of July 1, 2009, the most recent actuarial valuation date for the period July 1, 2010 through June 30, 2011, the actuarial accrued liability was \$319,226, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$319,226. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$4,922,825 and the ratio of the UAAL to covered payroll was 6.48%. As of June 30, 2011, there were no trust fund assets.

*Actuarial Methods and Assumptions*

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the notes to financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

NOTES TO FINANCIAL STATEMENTS

---

11. Other Postemployment Benefits (OPEB) (Continued)

*Actuarial Methods and Assumptions (Continued)*

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial method and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with long-term perspective of the calculations.

As of July 1, 2009, actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions include a 4.5% discount rate based on the County's funding policy. The projected annual medical trend rate is 10%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 1% each year until reaching 5% ultimate trend rate.

Mortality rates are from RP-2000 Combined Mortality Table projected to 2011 using Scale AA.

12. Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2011 is as follows:

	Transfers In	Transfers Out
<b>General fund</b>		
Secondary roads		\$ 141,884
Nonmajor governmental		232,875
		374,759
 <b>Special revenue</b>		
Rural services		1,586,143
Secondary roads	\$ 1,728,027	
	1,728,027	1,586,143
 <b>Debt service</b>		
	232,875	None
<b>Total</b>	\$ 1,960,902	\$ 1,960,902

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

NOTES TO FINANCIAL STATEMENTS

---

13. **Fund Equity**

The government-wide statement of net assets reports \$2,149,255 of restricted net assets, of which \$2,140,703 is restricted by enabling legislation. The amounts restricted at June 30, 2011 are as follows:

Restricted net assets	
Mental health	\$ 382,542
Rural services	483,750
Secondary roads	933,663
Debt service	1,253
Capital projects fund	121,228
Other special revenue	218,267
Other	8,552
	\$ 2,149,255
Restricted net assets	
Proprietary funds	
Other purpose	\$ 325,492

The fund balance nonspendable amounts at June 30, 2011 are as follows:

Nonspendable	
Inventories	\$ 251,530
Prepaid expenditures	69,440
	\$ 320,970

14. **Joint Venture**

The County is a participant in the Winneshiek County Area Solid Waste Agency (Agency). The County currently guarantees landfill tonnage (usage) by residents to the Agency. The County appoints a member to the agency board and is guaranteed access to the landfill so long as it is a member. The agency board sets tonnage fee rates which are charged to contracted haulers who are responsible for garbage collection and billing and collecting from local residents. Audited financial statements of Winneshiek County Area Solid Waste Agency are available from the Agency at 2000 140<sup>th</sup> Avenue, Decorah, IA 52101.

15. **Accrued Closure and Postclosure Care Costs**

Since the County owns the land and leases it to the Winneshiek County Area Solid Waste Agency (Agency), it is ultimately responsible for the closure and postclosure cost of the landfill. The County is under the understanding that the Agency will cover these costs through their operations. The landfill site is currently regulated by the Iowa Department of Natural Resources (DNR).

15. Accrued Closure and Postclosure Care Costs (Continued)

To comply with federal and state regulations, the Agency is required to complete a monitoring system plan and a closure/postclosure plan and to provide funding necessary to effect closure and postclosure, including the proper monitoring and care of the landfill after closure. Environmental Protection Agency (EPA) requirements have established closure and thirty-year postclosure care requirements for all municipal solid waste landfills that receive waste after October 9, 1993. State governments are primarily responsible for implementation and enforcement of those requirements and have been given flexibility to tailor requirements to accommodate local conditions that exist. The effect of the EPA requirement is to commit landfill owners to perform certain closing functions and postclosure monitoring functions as a condition for the right to operate the landfill in the current period. The EPA requirements provide that when a landfill stops accepting waste, it must be covered with a minimum of twenty-four inches of earth to keep liquid away from the buried waste. Once the landfill is closed, the owner is responsible for maintaining the final cover, monitoring ground water and methane gas, and collecting and treating leachate (the liquid that drains out of waste) for thirty years.

Governmental Accounting Standards Board Statement No. 18 requires landfill owners to estimate total landfill closure and postclosure care costs and recognize a portion of these costs each year based on the percentage of estimated total landfill capacity used that period. Estimated total cost consists of four components: (1) the cost of equipment and facilities used in postclosure monitoring and care, (2) the cost of final cover (material and labor), (3) the cost of monitoring the landfill during the postclosure period and (4) the cost of any environmental cleanup required after closure. Estimated total cost is based on the current cost to purchase those services and equipment, and is required to be updated annually for changes due to inflation or deflation, technology, or applicable laws or regulations.

The estimate of these costs for the Agency were revised as of March 4, 2011 and have been estimated at \$3,354,021 for closure and \$3,212,550 for postclosure, for a total of \$6,566,571 as of June 30, 2011, and the portion of the liability that has been recognized is \$0. The change in estimated closure and postclosure costs effective March 4, 2011 resulted an increase of costs accrued in prior years of approximately \$88,000, which has been reflected as an increase in the current year closure and postclosure operating expenses in the fiscal year ended June 30, 2011. The amounts allocated are based on what it would cost to perform all closure and postclosure care during the year ended June 30, 2011. Actual costs may be higher due to inflation, changes in technology or changes in regulations. The estimated remaining life of the landfill is 12 years and the capacity used at June 30, 2011 is approximately 64 percent.

Chapter 455B.306(9)(b) of the Code of Iowa requires permit holders of municipal solid waste landfills to maintain separate closure and postclosure care accounts to accumulate resources for the payment of closure and postclosure care costs. The Agency has accumulated resources to fund these costs and, at June 30, 2011, assets of \$6,800,854 are restricted for these purposes, of which \$3,473,686 is for closure and \$3,327,168 is for postclosure care. They are reported as restricted investments on the statements of net assets.

Also, pursuant to Chapter 567.111.3(3) of the Iowa Administrative Code (IAC), the Agency is required to demonstrate financial assurance for the unfunded costs. The Agency has adopted the dedicated fund as an additional funding mechanism. Chapter 576-113.14(6) of the IAC requires a dedicated fund that is restricted to pay for closure, postclosure or corrective action costs. The amount of funds restricted for the year ended June 30, 2011 is \$6,800,854.

16. Contingent Liabilities

The County participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants were subjected to local audit but still remain open to audit by the appropriate grantor government. If expenditures are disallowed by the grantor government due to noncompliance with grant program regulations, the County may be required to reimburse the grantor government. As of June 30, 2011 significant amounts of grant expenditures have not been audited by granting authorities but the County believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the County.

The County is currently contingently liable to perform environmental cleanup at two locations due to the Iowa Department of Natural Resources (DNR) classifying them as high risk sites. Proposals have been submitted to the Iowa DNR outlining the County's plans for clean up. As of June 30, 2011, no ruling has been made by the Iowa DNR. As a result, no estimate can be made of future clean up costs. Funds may be available from the Iowa Comprehensive Petroleum Underground Storage Tank fund to offset some of these potential costs.

17. Risk Management

Winneshiek County is a member in the Heartland Insurance Risk Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Heartland Insurance Risk Pool (Pool) is a local government risk-sharing pool whose 10 members include counties throughout the State of Iowa. The Pool was formed July 1, 1987 for the purpose of providing a voluntary self-insured program to counties in the State of Iowa. The program is designed to provide members a greatly improved loss control program whose purpose is to reduce claims and accidents; aid through sound and equitable claim management practices to reduce costs; and provide the required and/or desired reinsurance at a discount, based on volume and lower risk exposure. The Pool provides coverage and protection in the following categories: workers' compensation, automobile liability and physical damage, general liability, public officials' errors and omissions, law enforcement liability, property (which includes inland marine, extra expense and business income) and crime. Automobile liability is written on an occurrence basis and general liability, public officials' errors and omissions, and law enforcement liability are written on a claims-basis.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the pool's general and administrative expenses, claims, claims expenses, and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 150 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the pool.

Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of an deficiency in capital. Any year end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contribution to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's annual contributions to the Pool for the year ended June 30, 2011 were \$165,387.

17. Risk Management (Continued)

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$12,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$150,000 each occurrence, each location, with excess coverage reinsured by The Travelers Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk sharing protection provided by the member's risk sharing certificates, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2011, no liability has been recorded in the County's financial statements. As of June 30, 2011, settled claims have not exceeded the risk pool or reinsurance company coverage in any of the past fiscal years.

Members agree to continue membership in the Pool for a period of not less than five full years. Subsequent to this initial term, the member may withdraw at the end of the fifth fiscal year of a five year term, only after at least 90 days prior written notice. Withdrawal from the Pool does not relieve that member of its pro rata share of the joint liability of other remaining members incurred or accrued at any time before termination. Upon withdrawal, if the member is vested then they are refunded 90 percent of its positive claims fund balance over a five year period, the remaining 10 percent is retained by the Pool to cover expenses and administration costs. If the member is not vested, then they will receive 20 percent of the member's positive claims fund balance for each full year of membership. The Pool reserves the right to reassess the former member up to the total amount of the returned claims fund payments if claims develop subsequent to membership termination, which have not been calculated in the reserve for incurred but not reported claims.

18. Accounting Change

Governmental Accounting Standards Board (GASB) Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions, was implemented during fiscal year 2011.

WINNESHIEK COUNTY

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING

June 30, 2011

---

The budgetary comparison is presented as required supplementary information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the general fund and each major special revenue fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all governmental funds except agency funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund or fund type. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, capital projects fund and debt service fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, one budget amendment increased budgeted revenues by \$360,776 and increased disbursements by \$19,822. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office, by the County Agricultural Extension Council; for the County Assessor by the County Conference Board; and for the E-911 System by the Joint E-911 Service Board, and for Emergency Management Services by the County Emergency Management Commission.

Included in the amounts not budgeted is the forfeiture account used by the Sheriff's department.

**INDEPENDENT AUDITOR'S REPORT ON THE  
SUPPLEMENTARY INFORMATION**

**To the Board of Supervisors  
Winneshiek County  
Decorah, Iowa**

Our report on our audit of the financial statements of Winneshiek County as of and for the year ended June 30, 2011 appears on pages 2-3. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements as a whole. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

We also have previously audited, in accordance with U.S. generally accepted auditing standards, the financial statements of Winneshiek County as of and for the years ending June 30, 2003 through 2010, (none of which are presented herein), and we expressed unqualified opinions on those financial statements as of and for the years ended June 30, 2007 through 2010 respectively. We expressed qualified opinions on the governmental activities for the 2003 through 2006 fiscal years due to the omission of certain capital assets, net depreciation. We expressed unqualified opinions on the business-type activities, each major fund, and aggregate remaining fund information for the 2003 through 2006 fiscal years. Those audits were conducted for purposes of forming an opinion on the financial statements as a whole. The comparative schedule of revenues by source and expenditures by function is presented for purposes of additional analysis and is not a required part of the financial statements. Such information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the June 30, 2003 through 2010 financial statements. The information has been subjected to the auditing procedures applied in the audits of those financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the information set forth in the required supplementary information for each of the eight years in the period ended June 30, 2010, appearing on page 52, is fairly stated, in all material respects in relation to the financial statements from which it has been derived.

WINNESHIEK COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2011

---

**Part I: Summary of the Independent Auditor's Results:**

- (a) Unqualified opinions were issued on the financial statements.
- (b) Significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) Significant deficiencies in internal control over the major programs were disclosed by the audit of the financial statements.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed no audit findings which are required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) Major program is as followed:
  - CFDA Number 20.205 - Highway Planning and Construction
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Winneshiek County did not qualify as a low-risk auditee.

WINNESHIEK COUNTY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
Year Ended June 30, 2011

---

Part II: Findings Related to the Financial Statements

INTERNAL CONTROL DEFICIENCIES:

11-1 Financial Report Preparation

Reporting financial data reliably in accordance with generally accepted accounting principles requires management to possess sufficient knowledge and expertise to select and apply accounting principles and prepare year-end financial statements, including footnote disclosures. Management presently lacks the qualifications and training to appropriately fulfill these responsibilities, which is a common situation in small entities.

Obtaining additional generally accepted accounting principles knowledge through reading relevant accounting literature and attending local professional education courses should help management significantly improve in their ability to prepare and take responsibility for reliable generally accepted accounting principles financial statements.

Recommendation

The County Auditor office personnel should continue to obtain training in governmental accounting and reporting when possible.

Response and Corrective Action Planned

Management is cognizant of this limitation.

Conclusion

Response acknowledged.

11-2 Segregation of Duties

One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Bank deposits are prepared by the same person who opens the bank statement. Disbursements and checks are prepared by one person.

Recommendation

While we do recognize the County offices are not large enough to permit a segregation of duties for an effective internal control, we believe it is important the Board be aware that this condition does exist.

Response and Corrective Action Planned

We segregate duties in our offices as much as possible, and will strive to improve internal controls where possible.

Conclusion

Response acknowledged.

INSTANCES OF NONCOMPLIANCE:

No matters were noted.

WINNESHIEK COUNTY

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2011

---

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Winneshiek County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 2. Loans Outstanding

Winneshiek County has two outstanding notes payable to the Rural Housing and Community Development Service totaling \$79,754 and \$115,528 as of June 30, 2011. The proceeds from these notes were advanced under the Water and Waste Disposal Systems for Rural Communities Program.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors  
Winneshiek County  
Decorah, Iowa

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Winneshiek County as of and for the year ended June 30, 2011, which collectively comprise Winneshiek County's basic financial statements and have issued our report thereon dated February 13, 2012. We conducted our audit in accordance with U.S. generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Winneshiek County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Winneshiek County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Winneshiek County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as items 11-1 and 11-2 that we consider to be significant deficiencies in internal control over financial reporting. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Winneshiek County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Winneshiek County in a separate letter dated February 13, 2012.

Winneshiek County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Winneshiek County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Supervisors, management, others within the County, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL  
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Supervisors  
Winneshiek County  
Decorah, Iowa

**Compliance**

We have audited Winneshiek County's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Winneshiek County's major federal programs for the year ended June 30, 2011. Winneshiek County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Winneshiek County's management. Our responsibility is to express an opinion on Winneshiek County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Winneshiek County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Winneshiek County's compliance with those requirements.

In our opinion, Winneshiek County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

**Internal Control Over Compliance**

Management of Winneshiek County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Winneshiek County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as items 11-1 and 11-2. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Winneshiek County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Winneshiek County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Supervisors, management, others within the County, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## MANAGEMENT LETTER

To the Board of Supervisors  
Winneshiek County  
Decorah, Iowa

In planning and performing our audit of the financial statements of Winneshiek County for the year ended June 30, 2011, we considered the County's internal control to determine our auditing procedures for the purpose of expressing opinions on the financial statements and not to provide assurance on internal control.

In accordance with Chapter 11 of the Code of Iowa, we are required to report on the County's compliance with certain sections of the Iowa Code, Attorney General's Opinions and other matters. Items 1 through 10 below are compliance comments required by the Iowa Auditor of State. A separate report dated February 13, 2012, contains our report on significant deficiencies in the County's internal control. This letter does not affect our report dated February 13, 2012 on the financial statements of Winneshiek County. Comments 11 and 12 are unresolved comments from the prior year. All other prior year statutory comments have been resolved. These comments are not intended to and do not constitute legal opinions. We did not audit the County's responses and, accordingly, we express no opinion on them.

1. Certified Budget

Disbursements for the year ended June 30, 2011 did not exceed the amounts budgeted for any function.

2. Questionable Expenditures

We noted no expenditures that did not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

3. Travel Expense

No expenditures of County money for travel expenses of spouses of County officials and/or employees were noted.

4. Business Transactions

We noted no business transactions between the County and County officials and/or employees for the year ended June 30, 2011.

5. Bond Coverage

Surety bond coverage of County officials and employees is in accordance with statutory provisions.

6. Board Minutes

No transactions were found that we believe should have been approved in the Board minutes but were not. The minutes were published as required by Chapter 349.18 of the Code of Iowa and Attorney General's opinions dated December 10, 1985, December 31, 1986 and May 2, 1989.

7. Resource Enhancement and Protection Certification

The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with Subsections (b)(2) and (b)(3).

8. County Extension Office

The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an extension council separate and distinct from County operations and, consequently, is not included in Exhibits A through G.

Disbursements during the year ended June 30, 2011 for the County Extension Office did not exceed the amount budgeted.

The surety bond covering the Treasurer of the County Extension Council was in compliance with statutory provisions.

9. Deposits and Investments

A resolution naming official depository banks has been approved by the Board. The maximum deposit amount stated in the resolution was not exceeded during the year ended June 30, 2011.

10. County Assessor-Questionable Expenditures

We noted no expenditures that did not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

11. County Sheriff Office

The County Sheriff Office has four outstanding checks that are greater than three years old.

Recommendation

We recommend the County turn the outstanding checks over to the State as unclaimed property.

Response

In the future the department will monitor the age of the outstanding checks on a quarterly basis and make sure their outstanding status is not more than three years old.

Conclusion

Response accepted.

12. Property and Equipment Records

A partial record of the County's fixed assets is maintained by individual offices. Property journal totals have not been summarized, nor has reconciliation been performed to balance additions and deletions to the general ledger.

Recommendation

We recommend complete property and equipment records be developed. In addition, to facilitate the proper insurance, maintenance and safeguarding of these assets, an inventory of all property and equipment should be taken at least once each year and checked against the fixed assets records. Management may want to consider the employment of an outside consulting firm to maintain its property records.

12. Property and Equipment Records (Continued)

Response

We are continually making improvements to our inventory management procedures and will make an effort to take updated inventory at least once per year.

Conclusion

Response accepted.

13. Solid Waste Fees Retainage

During the year ended June 30, 2011, the solid waste fees established by Chapter 455E.11 (2), (11), (13) and (15) of the Code of Iowa, were administered by Winneshiek County Area Solid Waste Agency. The Agency is a 28E organization of which Winneshiek County is a member.

14. Financial Assurance

The Winneshiek County Area Solid Waste Agency (Agency) has demonstrated financial assurance for closure and postclosure care costs by establishing a closure and postclosure account as provided in Chapter 567-113.14 of the Iowa Administrative Code. As of June 30, 2011, the estimated closure and postclosure care costs were fully funded by a dedicated investment account. The calculation is made as follows:

	<u>Closure</u>	<u>Postclosure</u>
Total estimated costs for closure and postclosure care	\$ 3,354,021	\$ 3,212,550
Less balance of funds held in local dedicated fund at June 30, 2011	(3,473,686)	(3,327,168)
Dedicated funds in excess of estimated costs for closure and postclosure care	<u>\$ (119,665)</u>	<u>\$ (114,618)</u>

This report is intended solely for the information and use of the Board of Supervisors, management, others within the County, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by the personnel of Winneshiek County during the course of our examination.

Should you have any questions concerning these or other matters, we shall be pleased to discuss them with you at your convenience.
