INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Eastern Iowa Regional Utility
Service Systems Commission
Dubuque, Iowa

We have audited the accompanying proprietary fund statements of the Eastern Iowa Regional Utility Service Systems Commission ("Commission") as of November 14, 2011 and the related proprietary fund statements of revenues, expenses and changes in net assets, and cash flows for the year then ended. These financial statements are the responsibility of the Commission's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Eastern Iowa Regional Utility Service Systems Commission as of June 30, 2011 and the respective changes in financial position and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with the Government Auditing Standards, we have also issued a report dated November 14, 2011 on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information identified in the Table of Contents is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Commission. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Testud & Temp, E.C.

**EASTERN IOWA REGIONAL UTILITY SERVICE SYSTEMS
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2011**

The Eastern Iowa Regional Utility Service Systems (EIRUSS) is an organization created by the Cedar, Clinton, Delaware, Jackson, and Jones County Boards of Supervisors under Code of Iowa, Chapter 28E, which allows local governments to establish agreements that enable them to provide joint services and facilities with other agencies and cooperate in other ways of mutual advantage.

The purpose of EIRUSS is to plan, design, develop, finance, construct, own, operate and maintain essential facilities and services including, but not limited to, wastewater treatment systems and water systems for and on behalf of the counties and the cities and unincorporated areas within the counties. East Central Intergovernmental Association (ECIA) is the management agent.

As management agent of EIRUSS, we offer the readers of EIRUSS's financial statements this narrative overview and analysis of the financial activities of EIRUSS for the year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with EIRUSS's financial statements, which follow this discussion and analysis. This report complies with the Governmental Accounting Standards Board (GASB) Statement 34 reporting model.

Fiscal Year 2011 activities included design and preliminary administrative work on the Leisure Lake wastewater system. The project will serve 340 households in rural Jackson County. A \$1 million wastewater system to serve the Fairview community in rural Jones County is under construction, with the system projected to be operational in late 2011. The system will serve approximately 60 users. Systems currently in operation include the Center Junction wastewater system and the Andover water system.

As we look to fiscal 2012, EIRUSS continues to remain focused on providing excellent services to our members in the region.

FINANCIAL HIGHLIGHTS

- The assets of EIRUSS exceeded its liabilities at June 30, 2011 by \$1,254,632 (net assets).
- EIRUSS's net assets decreased by 1.5%, or \$19,744, from June 30, 2010 to June 30, 2011.
- Total revenues decreased 33.1%, or approximately \$43,000, from fiscal 2010 to fiscal 2011. This was primarily due to a decrease in WIRB (Watershed Improvement Review Board) grant income on the Leisure Lake project. Preliminary work has been completed on this project and an application for funding has been submitted to USDA. Total expenditures decreased 14.3%, or approximately \$18,000 from fiscal 2010 to fiscal 2011. This was also primarily the result of decreased activity on the Leisure Lake project.

**EASTERN IOWA REGIONAL UTILITY SERVICE SYSTEMS
MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED
JUNE 30, 2011**

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to EIRUSS's basic financial statements. The financial statements included in this report are designed to provide readers with a broad overview of EIRUSS's finances, in a manner similar to a private sector business. EIRUSS utilizes the accrual basis of accounting, which recognizes revenues and expenses when earned, regardless of when cash is received or paid. The following statements are included in this report:

- *Management's Discussion and Analysis* introduces the basic financial statements and provides an analytical overview of EIRUSS's financial activities.
- The *Statement of Net Assets* presents information on EIRUSS's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of EIRUSS is improving or deteriorating.
- All of the current year's revenues and expenses are accounted for in the *Statement of Revenues, Expenditures and Changes in Net Assets*. This statement measures the success of EIRUSS's operations. It can be used to determine whether EIRUSS has successfully recovered all its costs through its rates, fees and other revenues. This statement also measures EIRUSS's profitability and credit worthiness.
- The *Statement of Cash Flows* presents the change in cash and cash equivalents during the year. This information can assist the user of the report in determining how EIRUSS financed its activities and how it met its cash requirements.
- *Notes to Financial Statements* provide additional information essential to a full understanding of the data provided in the basic financial statements.
- *Supplemental Financial Information* further explains and supports the financial statements and includes a schedule of Federal Financial Assistance.

ANALYSIS OF NET ASSETS

As previously noted, net assets may serve over time as a useful indicator of EIRUSS's financial position. The analysis that follows focuses on the changes in the components that make up net assets.

CONDENSED STATEMENT OF NET ASSETS

	2011	2010	NET CHANGE	PERCENT CHANGE
Cash and investments	26,342	24,790	1,552	6.3
Other Current Assets	7,055	8,765	(1,710)	(19.5)
Capital Assets	1,952,989	1,901,904	51,085	2.7
Total Assets	1,986,386	1,935,459	50,927	2.6

**EASTERN IOWA REGIONAL UTILITY SERVICE SYSTEMS
MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED
JUNE 30, 2011**

CONDENSED STATEMENT OF NET ASSETS – Continued

	2011	2010	NET CHANGE	PERCENT CHANGE
Current Liabilities	167,034	130,186	36,848	28.3
Long-Term Liabilities	564,720	530,897	33,823	6.4
Total Liabilities	731,754	661,083	70,671	10.7
Net Investment in Capital Assets	1,388,270	1,371,007	17,263	1.3
Unrestricted	(133,638)	(96,631)	(37,007)	38.3
Total Net Assets	1,254,632	1,274,376	(19,744)	(1.5)

The decrease in Other Current Assets is due to a decrease in grants receivable on the Leisure Lake sewer project. The increase of \$51,085 in Capital Assets is due to Construction in Progress on the Leisure Lake and Fairview sewer projects. Current liabilities increased approximately \$37,000 due to architect and engineering fees related to the Leisure Lake project. Long-term liabilities increased approximately \$34,000 due to interim financing for the Fairview sewer project.

ANALYSIS OF REVENUES AND EXPENDITURES

The Statement of Revenues, Expenses and Changes in Net Assets identifies the various revenue and expense items which affect the change in net assets.

**CONDENSED STATEMENT OF REVENUES
EXPENSES AND CHANGES IN NET ASSETS**

	2011	2010	NET CHANGE	PERCENT CHANGE
Revenues:				
Grant income	33,064	71,388	(38,324)	(53.7)
Operating revenues	53,992	53,699	293	0.5
Other revenue	0	5,000	(5,000)	(100.0)
Interest Income	66	96	(30)	(31.3)
Total Revenue	87,122	130,183	(43,031)	(33.1)
Expenses:				
Operating Expenses	53,207	48,341	4,866	10.1
Depreciation	37,405	36,869	536	1.5
Miscellaneous	16,254	39,519	(23,265)	(58.9)
Total Expenses	106,866	124,729	(17,863)	(14.3)
Change in Net Assets	(19,744)	5,454		
Net Assets July 1	1,274,376	1,268,922		
Net Assets June 30	1,254,632	1,274,376	(19,744)	(1.5)

Grant income decreased by approximately \$38,000 primarily due to the decrease in WIRB grant income for the Leisure Lake project. Other revenue decreased \$5,000 as the 2010 revenue was a one-time payment from the City of Andover toward the purchase of a water softener for the Andover water system. Miscellaneous expenses decreased by approximately \$23,000 due to a decrease in administrative expenses on the Leisure Lake project.

**EASTERN IOWA REGIONAL UTILITY SERVICE SYSTEMS
MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED
JUNE 30, 2011**

OVERVIEW OF BUDGETS

EIRUSS annually adopts an operating budget on a basis consistent with generally accepted accounting principles. Construction (development) budgets are established throughout the year as new projects are approved. All budgets are submitted to USDA for approval.

CAPITAL ASSETS AND DEBT ADMINISTRATION

As of June 30, 2011, EIRUSS had \$1,952,989 invested in capital assets (net of depreciation), including a water treatment building and reservoir in Andover, IA and a lagoon, lift station and collection system in Center Junction, IA. Also included in capital assets was \$165,706 in construction in progress on the Fairview wastewater system and \$287,211 in prepaid development costs on five additional wastewater system projects. Total outstanding debt was \$564,720, which represents the outstanding balance of the USDA long-term loan for the Center Junction wastewater system (\$197,988), the USDA long-term loans for the Andover water system (\$174,000) and interim financing of \$192,732 for the Fairview sewer project.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

EIRUSS's management and the Board of Commissioners considered many factors when setting the fiscal year 2012 development and operating budgets. New projects are dependent on USDA funding. Decreases in Federal funding levels will continue to be a concern in the year ahead.

As we progress into 2012, we will continue to work collaboratively, developing new and building on already successful partnerships, while management remains committed to building strong and healthy communities and making our region a great place to live and work.

FINANCIAL CONTACT

These financial statements are designed to provide our member communities, funding agencies and creditors with a general overview of EIRUSS's finances and to show EIRUSS's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Mark Schneider, ECIA's Director of Community Development and Public Services or Lisa Weinhold, Director of Finance and Human Resources, 7600 Commerce Park, Dubuque, IA 52002.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS
Year ended June 30, 2011

NOTE A - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

On February 11, 2005 the Eastern Iowa Regional Utility Service Systems Commission ("Commission") was created as a public body corporate and politic and separate legal entity pursuant to Chapter 28E of the Code of Iowa by the Counties of Cedar, Clinton, Delaware, Jackson and Jones, Iowa.

The Commission was created for the purpose of planning, designing, developing, financing, constructing, owning, operating and maintaining essential facilities and services including, but not limited to, wastewater treatment systems and water systems for and on behalf of the Counties and the cities and unincorporated areas within the Counties.

1. Financial Statements

The financial statements of the Eastern Iowa Regional Utility Service Systems Commission ("Commission") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) for governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the Commission are described below.

2. Component Units

Accounting principles generally accepted in the United States of America (GAAP) require that these financial statements include the primary government and its component units. Component units are separate organizations that are included in the Commission's reporting entity because of the significance of its operational or financial relationships with the Commission. All significant activities and organizations with which the Commission exercises oversight responsibility have been considered for inclusion in the financial statements. The Commission has no component units, and it is not included in any other governmental reporting entity.

3. Basis of Presentation

The accounts of the Commission are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year ended June 30, 2011

**NOTE A - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
CONTINUED**

3. Basis of Presentation - Continued

The Commission has the following proprietary fund:

Enterprise fund - Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the government body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Commission accounts for its water and sewer utilities as enterprise funds.

4. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Measurement Focus - Enterprise funds are accounted for on an economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Enterprise fund type operating statements present increases (revenue) and decreases (expenses) in total net assets.

Basis of Accounting - Proprietary funds are accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting and in accordance with accounting procedures prescribed by the Wisconsin Public Service Commission. Under this method, all assets and liabilities associated with operations are included on the balance sheet, revenues are recorded when earned, and expenses are recorded when liabilities are incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Commission are charges for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, then unrestricted resources as they are needed.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year ended June 30, 2011

NOTE A - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

4. Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

For its proprietary activities, the Commission does not apply Financial Accounting Standards Board (FASB) statements and interpretations issued after November 30, 1989. The proprietary funds apply all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as statements and interpretations of the FASB, the Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

Statement of Net Assets - The statement of net assets is designed to display the financial position of the Commission. The Commission's fund equity is no longer reported as retained earnings and contributed capital, but rather as net assets which is broken down into three categories defined as follows:

- Invested in capital assets, net of related debt - This component of net assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted - This component of net assets consists of constraints placed on net assets used through external constraints imposed by creditors (such as bond covenants), grantors, contributors, or law or regulations of other governments. It also pertains to constraints imposed by law or constitutional provisions or enabling legislation.
- Unrestricted - This component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Statement of Revenues, Expenses, and Changes in Net Assets - The statement of revenues, expenses, and changes in net assets is the operating statement for proprietary funds. Revenues are reported by major source. This statement distinguishes between operating and nonoperating revenues and expenses and presents a separate subtotal for operating revenues, operating expenses, and operating income.

5. Deposits and Investments

For purposes of the statement of cash flows, the Commission considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year ended June 30, 2011

**NOTE A - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
CONTINUED**

5. Deposits and Investments - Continued

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

6. Receivables

Uncollectible Accounts

Accounts receivable have been shown at gross amount. No provision for uncollectible accounts receivable has been provided since it is believed that the amount of such allowance would not be material. There is no unbilled revenue at June 30, 2011.

Interfund Loans

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Noncurrent portions of long-term interfund loans receivable/payable are reported in "advance to/from" accounts.

7. Inventories

Inventories are valued at the lower of cost (first-in, first-out basis) or market. There was no inventory as of June 30, 2011.

8. Capital Assets

Buildings and all equipment are carried at cost and depreciated on a straight-line basis over 40 years. When property is retired or otherwise removed from service, the accumulated provision for depreciation is reduced by its cost and removed, and increase by the salvage value or other amount realized from its retirement or removal.

Additions to and replacements of utility plant are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired, or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year ended June 30, 2011

**NOTE A - SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES -
CONTINUED**

8. Capital Assets - Continued

Interest is capitalized on utility property with tax exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period. Capitalized interest cost is amortized on the same basis as the related asset is depreciated.

9. Other Assets

Debt issuance costs are deferred and amortized over the term of the debt issue.

10. Compensated Absences

The Commission has no employees that receive vacation or sick leave benefits; therefore, no compensated absence liabilities exist at June 30, 2011.

11. Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. If they are not to be liquidated with expendable available financial resources, no liability is recognized in the governmental fund statements. The related expenditure is recognized when the liability is liquidated. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred. There were no significant claims or judgments at year-end.

12. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

13. Subsequent Events

The Commission has evaluated subsequent events through November 14, 2011, the date which the financial statements were available to be issued.

Eastern Iowa Regional Utility
Service Systems Commission
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Year ended June 30, 2011

NOTE B - CASH DEPOSITS

Cash as of June 30, 2011 is classified in the accompanying financial statements as follows:

Statement of net assets	
Cash	\$ <u>26,342</u>

Cash and investments as of June 30, 2011 consist of the following:

	Carrying Amount	Bank Balance
Investment checking/savings and money market accounts	\$ 26,342	\$ 27,963

The Commission's deposits in banks at June 30, 2011 were entirely covered by Federal depository insurance or by the State Sinking fund in accordance with Chapter 12C of the Code of Iowa. This Chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The Commission is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Commission; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Commission had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3, as amended by Statement No. 40.

NOTE C - BUDGETS

The Commission is not required to adopt a formal budget per the existing by-laws. The Commission prepares budgets specific to each project they decide to pursue and utilize them at this level to manage their progress through to completion.

NOTE D - RISK MANAGEMENT

The Commission is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors; and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE G - LONG-TERM OBLIGATIONS - CONTINUED

\$157,101 bank note with Exchange State Bank at 3.90% interest to be converted to USDA loan at 2.375% interest within next two fiscal years to be repaid over 40 year period after conversion.

	192,732	192,732
\$	564,720	\$ 196,850

Maturities of long-term obligations at June 30, 2010 are as follows:

Years	Principal	Interest	Total
2012	\$ 196,850	\$ 14,737	\$ 211,587
2013	4,423	15,197	19,620
2014	4,610	15,010	19,620
2015	4,806	14,814	19,620
2016	5,009	14,611	19,620
2017 - 2021	28,400	69,700	98,100
2022 - 2026	34,935	63,165	98,100
2027 - 2031	42,973	55,127	98,100
2032 - 2036	52,867	45,233	98,100
2037 - 2041	65,021	33,057	98,078
2042 - 2046	79,766	18,094	97,860
2047 - 2049	45,060	2,480	47,540
	\$ 564,720	\$ 361,225	\$ 925,945

NOTE H - LOAN RESERVES

On November 6, 2009, the Commission secured loans from the USDA which require certain amounts to be reserved for operations and maintenance, debt service and depreciation. As of June 30, 2010 the sum of these reserve balances were as follows:

	Andover	Center Junction	Total
Debt service	\$ 1,530	\$ 2,088	\$ 3,618
Depreciation	2,571	3,543	6,114
	\$ 4,101	\$ 5,631	\$ 9,732

The debt service requires annual deposits of \$918 for Andover and \$1,044 for Center Junction until they are fully funded. Andover will be fully funded once it reaches \$9,180 in fiscal year 2019 and Center Junction will be fully funded once it reaches \$10,440 in fiscal year 2019. In addition, both projects require annual depreciation deposits of \$1,537 and \$1,766 for Andover and Center Junction respectively until the loan is paid in full.

The future debt service and depreciation reserve deposits are as follows:

	Andover	Center Junction	Total
2012	\$ 2,455	\$ 2,810	\$ 5,265
2013	2,455	2,810	5,265
2014	2,455	2,810	5,265
2015	2,455	2,810	5,265
2016	2,455	2,810	5,265
2017 - 2021	10,045	10,938	20,983
2022 - 2026	7,685	8,830	16,515
2027 - 2031	7,685	8,830	16,515
2032 - 2036	7,685	8,830	16,515
2037 - 2041	7,685	8,830	16,515
2042 - 2046	7,685	8,830	16,515
2047- 2050	4,611	3,532	8,143
	\$ 65,356	\$ 72,670	\$ 138,026

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners
Eastern Iowa Regional Utility
Service Systems Commission
Dubuque, Iowa

We have audited the financial statements of the Eastern Iowa Regional Utility Service Systems Commission as of and for the year ended June 30, 2011 and have issued our report thereon dated November 14, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information of the Commission's management, and the board of commissioners and grantor agencies. However, this report is a matter of public record and its distribution is not limited.

Tristram A. Kemp, Sr.
