INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Newton Municipal Waterworks
Newton, Iowa 50208

We have audited the accompanying financial statements of the business type activities and each major fund of the Newton Municipal Waterworks, (a component unit of the City of Newton, Iowa) as of June 30, 2012 and for the year then ended, which collectively comprise the Waterworks' basic financial statements in the table on contents. These financial statements are the responsibility of Newton Municipal Waterworks management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe our audit provides a reasonable basis for our opinions.

As discussed in note 1, the financial statements referred to above present only the Newton Municipal Waterworks, a component unit of the City of Newton and do not intend to present fairly the financial position of the City of Newton, Iowa, as of June 30, 2012, and the changes in its financial position and cash flows of its proprietary fund types in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Newton Municipal Waterworks, a component unit of the City of Newton, as of June 30, 2012 and the changes in financial position and cash flows where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated October 26, 2012 on our consideration of the Newton Municipal Waterworks' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

U.S. generally accepted accounting principles require Management's Discussion and Analysis, Budgetary Comparison Information and Schedule on Funding Progress for Retiree Health Plan on pages 6 through 10 and 24 through 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Newton Waterworks' basic financial statements. Other supplementary information included in Schedules 1 through 2, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The unaudited section tables have not been subject to the auditing procedures applied by us in the audit of the financial statements, and accordingly we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Newton Municipal Waterworks provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2012. We encourage readers to consider this information in conjunction with the Waterworks financial statements, which follows.

2012 FINANCIAL HIGHLIGHTS

- ◆ Newton Municipal Waterworks revenue from operations increased \$177,200 from fiscal year 2011(FY 11), primarily due to the increase in revenue received from metered customers. Non-operating revenues decreased \$15,804 from FY 11, primarily due to the decrease in interest revenue.
- ◆ Newton Municipal Waterworks expenses decreased \$17,509 from \$2,490,556 in FY 11 to \$ 2,473,047 in fiscal year 2012(FY 11). This was primarily due to a decrease in maintenance expenses.
- ◆ Newton Municipal Waterworks net assets increased \$5,257 from FY 11.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual report consists of a series of financial statements as well as other requirements as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the governments financial activities.

The Financial Statements consists of a statement of net assets, statement of revenues, expenses and changes in net assets and statement of cash flows. These provide information about the activities of Newton Municipal Waterworks as a whole and presents an overall view of the Waterworks finances.

The remaining statements provide financial information about activities for which Newton Municipal Waterworks acts solely.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

FINANCIAL ANALYSIS OF THE WATERWORKS AS A WHOLE

Net assets – Figure A-1 below provides a summary of the Waterworks’ net assets for the year ended June 30, 2012 compared to 2011.

Miscellaneous revenue	11,886	27,690	-57.07%
Refunding bonds issued	0	628,000	-100.00%
Payment to refunded bond escrow agent	0	(628,000)	-100.00%
Total non-operating revenue(expense)	<u>(12,102)</u>	<u>(5,934)</u>	<u>103.94%</u>
Change in net assets	<u>5,257</u>	<u>(173,648)</u>	<u>103.03%</u>
Beginning net assets	<u>4,701,724</u>	<u>4,875,372</u>	<u>-3.56%</u>
Ending net assets	<u>\$ 4,706,981</u>	<u>4,701,724</u>	<u>0.11%</u>

In figure A-2, Newton Municipal Waterworks shows the changes in net assets for the year ended June 30, 2012 compared to 2011. These changes were due to a reduction in metered customer revenues and an increase in miscellaneous non-operating revenues, including capital recovery charges. The increase in expenses was due to the increase in the cost of doing business.

Business-Type Activities

Revenues of the Waterworks activities were \$2,478,304 and expenses of \$2,473,047. Revenues of these activities were comprised of charges for service, investment income, and miscellaneous income.

FINANCIAL ANALYSIS OF THE WATERWORKS FUNDS

As previously, noted Waterworks uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

As the Waterworks completed the year, it reported net assets of \$4,706,981; an increase over last year's ending balances of \$4,701,724. The primary reason for the increase in balance in fiscal 2012 is primarily due to the increase in operating revenues and a decrease in the cost of lagoon maintenance.

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Waterworks' Board of directors annually adopts a budget following required public notice and hearing. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The budget is prepared on the accrual basis.

Legal Budgetary Highlights

The Waterworks' total revenues were \$4,407 more than the total budgeted revenues, a variance of less than 1%.

Total expenditures were less than budgeted.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2012, the Waterworks had invested \$4,612,333, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, computers, equipment and transportation equipment. This amount represents a net decrease of 4.42% from last year. More detailed information about capital assets is available in Note 3 to the financial statements. Depreciation expense for the year was \$281,737.

The largest change in capital asset activity during the year occurred in the construction in progress category. The construction in progress totaled \$81,425 at June 30, 2012,

compared to \$110,580 reported at June 30, 2011. This decrease resulted from the engineering fees associated with the Waterworks' flood mitigation project.

Figure A-3
Capital Assets, Net of Depreciation

	Business-type Activities		Total Change
	2012	2011	2011-12
Land	\$ 298,376	\$ 298,376	0.00%
Construction in Progress	81,425	110,580	-26.37%
Buildings and system	3,739,415	3,849,475	-2.86%
Improvements other than buildings	6,263	6,418	-2.42%
Machinery and equipment	486,854	560,840	-13.19%
Total	<u>\$ 4,612,333</u>	<u>\$ 4,825,689</u>	<u>-4.42%</u>

Long-Term Debt

At June 30, 2012, the Waterworks had \$608,682 in long-term debt outstanding. This represents a decrease of 11.08% from last year. More detailed information about the Waterworks' long-term liabilities is available in Note 3 to the financial statements.

In July 2002, the Waterworks authorized the issuance of \$275,000 in capital loan notes to pay for construction of a new maintenance garage. Planning for the project started in fiscal 2002 and the notes were issued in fiscal 2003. These notes were paid off during the year.

Waterworks implemented GASB 45 and has a net OPEB liability of \$40,682 at June 30, 2012.

Waterworks also has total outstanding revenue bonds of \$568,000.

FACTORS BEARING ON THE WATERWORKS' FUTURE

At the time these financial statements were prepared and audited, the Waterworks was aware of existing circumstances that could affect its financial health in the future:

- ◆ Weather extremes make future water use very unpredictable. FY11-12 started out with normal precipitation and continued with a warm and dryer winter than normal. The spring saw fairly normal rainfall, but the summer brought dry and warmer than normal temperatures.
- ◆ Iowa is currently experiencing a drought and this could greatly affect the WaterWorks ability to provide water from shallow wells in the future. This may result in major expenditures in alternative water sources, such as additional Jordan Wells or Collector Wells.
- ◆ Current major assets such as the Water Treatment Plant and aging infrastructure means that large expenditures need to be made to replace and update existing units.
- ◆ Those asset upgrades include replacing aerators at the water plant using both short and long term borrowing. Added debt service will require additional rate adjustments to satisfy lending and bonding agencies.

- ◆ While operating expenses decrease overall slightly, sufficient surplus is not available to provide cash necessary for Capital Improvements. The greatest need is to build up surplus to make system improvements
- ◆ Rates will be adjusted in September 2012 with utility going to a flat or uniform rate structure.

CONTACTING THE WATERWORKS' FINANCIAL MANAGEMENT

This report is designated to provide the citizens, customers, investors and creditors with a general overview of the finances and to demonstrate the Waterworks' accountability for the money it receives. If you have questions about this report or need additional financial information, contact LD Palmer, Manager, Newton Municipal Waterworks, Newton, Iowa, 50208.

NEWTON MUNICIPAL WATERWORKS
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1

Summary of Significant Accounting Policies

The Newton Waterworks is a municipal utility of the City of Newton located in Jasper County. It was first incorporated in 1903 and is operated under Chapter 383 of the code of Iowa and the Newton City Code. The Waterworks operates with a General Manager and Board of Trustee's. The Board is appointed to six year terms on a staggered basis by the mayor and approved by the City Council, and is a component unit of the city. The Waterworks provides full water service to the Cities of Newton and Lambs Grove.

A. Reporting Entity

The financial statements include all the funds of the Newton Municipal Waterworks. Accordingly, the criteria specified by the Governmental Accounting Standards Board have been applied in determining the scope of the reporting entity for financial reporting purposes. Specifically, those agencies, offices, organizations, commissions, and public authorities over which the Waterworks officials exercise oversight responsibility are included in the financial statements. Manifestations of oversight responsibility over an entity include: 1) financial interdependency, 2) selection of governing authority, 3) designation of management, 4) ability to significantly influence operations, and 5) accountability for fiscal matters. The Newton Municipal Waterworks has no component units which meet the Governmental Accounting Standards Board criteria. The Newton Municipal Waterworks is, however, a component unit of the City of Newton, Iowa. The Newton Municipal Waterworks is governed by a three member board appointed by the Mayor. The Newton Municipal Waterworks is includable as a component unit within the City of Newton, Iowa reporting entity.

B. Fund Accounting

The accounts of the Waterworks are organized on the basis of funds, each of which is considered to be a separate accounting entity. The effects of interfund activity has been removed from these statements. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, reserves, equity, revenues and expenditures. The various funds are presented as follows in the financial statements.

Enterprise Funds
Waterworks

The Enterprise Fund is utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services that are supported by user charges.

Capital Assets

This fund is utilized to account for all capital assets. These capital assets are included at amounts appraised by an independent engineering firm as of June 30, 1983 plus subsequent additions at cost, less retirements through June 30, 2012.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The financial statements of the Newton Municipal Waterworks are prepared on an accrual basis which includes capital assets, trade receivables, and trade payables. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

D. Assets, Liabilities and Fund Equity

Cash, and Cash Equivalents - Cash balances are invested in savings which yield interest. Investments in certificates of deposits are stated at fair value.

Accounts Receivable - Accounts receivable from customers comprise the major portion of receivables.

Allowance for Doubtful Accounts - Represents a contra account to the recognition of the accounts receivables as revenues.

Inventory - Inventories are valued at cost using the first-in, first-out method. Waterworks maintains a perpetual inventory, however, physical counts are made on an annual basis and adjusted to actual.

Construction in Progress - Capitalizable costs incurred on projects which are not in use or ready for use are held in construction in progress. When the asset is ready for use, costs relating hereto are transferred to an asset. Upon determination that a project will be abandoned, the related costs are charged to expense.

Restricted Assets - Certain proceeds of the Waterworks' enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bonds covenants. The "restricted sinking fund" account is used to segregate resources accumulated for debt service payments over the next twelve months.

Capital Assets - Capital assets are defined by the Waterworks as assets with an initial, individual cost of more than \$500 and useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extends assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the Waterworks, is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	15-20
System infrastructure	10-50
Vehicles	10
Office equipment	5-15
Computer equipment	5

Compensated absences - It is the Waterworks' policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the Waterworks does not have a policy to pay any amounts when employees separate from service with the Newton Waterworks. All vacation pay is accrued when incurred in the financial statements.

Note 2

Stewardship, Compliance and Accountability

A. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the Waterworks Board annually adopts a budget on an accrual basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon ten major classes of expenditures, known as functions, not by fund or fund type. Applicable functions of the Waterworks is business type activities.

NOTE 3

Detailed Notes

A. Deposits and Investments

The Newton Waterworks deposits at June 30, 2012 were entirely covered by Federal depository insurance, collateralized with securities or letters of credit held by the Waterworks of the Waterworks agent in the Waterworks name, or by a multiple financial institution collateral pool in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The Newton Waterworks is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit

at federally insured depository institutions approved by the Newton Waterworks Board and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts and warrants or improvement certificates of a drainage district.

Newton Waterworks currently invests in a savings account and certificates of deposit that are considered cash in bank due to their short-term maturity values of three months or less as of June 30, 2012.

B. Capital Assets

Capital assets activity for the year ended June 30, 2012 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Business-type activities:				
Capital assts, not being depreciated:				
Land	\$ 298,376	0	0	298,376

Capital Loan Notes

On May 30, 2012 the Waterworks' entered into an agreement with Great Western Bank for a \$500,000 line of credit for the Waterworks' to use to fund the replacement of two aerators, Water Plant flood protection and other miscellaneous water system equipment. The notes will bear interest at 4.50% and are payable semiannually on December and June 1st and will mature on June 1, 2013. As of June 30, 2012 the Waterworks' had not borrowed any money on this line of credit.

Other Postemployment Benefits

Plan Description - The Waterworks operates a single-employer retiree benefit plan which provides medical and prescription drug benefits for retirees and their spouses. There are 15 active and no retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug coverage is provided through Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy - The contribution requirements of plan members are established and may be amended by the District. The Waterworks currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation - The Waterworks' annual OPEB cost is calculated based on the annual required contribution (ARC) of the Waterworks, an amount actuarially determined in accordance with GASB Statement No. 45. The

ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the Waterworks' annual OPEB cost for the year ended June 30, 2012, the amount actually contributed to the plan and changes in the Waterworks' net OPEB obligation:

Annual required contribution	\$ 18,432
Interest on net OPEB obligation	663
Adjustment to annual required contribution	(1,034)
Annual OPEB cost	<u>18,061</u>
Contributions made	<u>(3,885)</u>
Increase in net OPEB obligation	14,176
Net OPEB obligation beginning of year	26,506
Net OPEB obligation end of year	<u><u>\$ 40,682</u></u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2012.

For the year ended June 30, 2012, the Waterworks contributed \$218,729 to the medical plan. Plan members eligible for benefits contributed \$0, or 0% of the premium costs.

The Waterworks' annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2012 are summarized as follows:

Year Ended June 30,	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2010	\$ 16,274	18.8 %	\$ 13,221
2011	16,730	20.6	26,506
2012	18,432	21.1	40,682

Funded Status and Funding Progress - As of July 1, 2009, the most recent actuarial valuation date for the period July 1, 2011 through June 30, 2012, the actuarial accrued liability was \$180,644, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$180,644. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$802,104, and the ratio of the UAAL to covered payroll was 22.5%. As of June 30, 2012, there were no trust fund assets.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress,

presented as required supplementary information in the section following the Notes to Basic Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2009 actuarial valuation date, the frozen entry age actuarial cost method was used. The actuarial assumptions includes a 2.5% discount rate based on the District's funding policy. The health cost trend rate is 6% a year.

Mortality rates are from the GRP 2000 Annuity Mortality Table.

Projected claim costs of the medical plan range from \$428.19 for single to \$1,314.12 for family under Plan \$350/\$750 deductible, \$405.14 for single to \$1,243.37 for family under Plan \$500/\$1,000 deductible, \$384.13 for single to \$1,179.89 for family under Plan \$750/\$1,500 deductible and \$250.73 for single to \$769.49 for family under Plan \$2,500/\$5,000 deductible. Upon retirement, the retired participant is assumed to pay 100% of the required premium. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

NOTE 4

Other Information

A. Risk Management

The Newton Municipal Waterworks is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

B. Pension and Retirement Benefits

The Newton Waterworks contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50307-9117.

Plan members are required to contribute 5.38% of their annual salary and the Utility is required to contribute 8.07% of annual payroll. Contribution requirements are established by State statute. The Utility's contribution to IPERS for the years ended June 30, 2012, 2011 and 2010 were \$65,079, \$54,143, and \$50,389, respectively, equal to the required contributions for each year.

NEWTON MUNICIPAL WATERWORKS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2012

In accordance with the Code of Iowa, the Board of Trustees annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

The Waterworks' budget is submitted with the City of Newton's budget. Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Fund and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund.

Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Trustees
Newton Municipal Waterworks

We have audited the financial statements of the business type activities of Newton Municipal Waterworks as of and for the year ended June 30, 2012, and have issued our report thereon dated October 26, 2012. An unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

The management of Newton Municipal Waterworks' is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Sample GAAP City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sample GAAP City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Sample GAAP City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. We identified no deficiencies in internal control over financial reporting that we consider to be significant deficiencies or material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Newton Municipal Waterworks' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the Newton Municipal Waterworks' operations for the year ended June 30, 2012 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Newton Municipal Waterworks. Since our audit was based on tests and samples, not in all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and users of Newton Municipal Waterworks, and other parties to whom Newton Municipal Waterworks may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Newton Municipal Waterworks during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance
with Requirements That Could Have a Direct and Material Effect
on Each Major Program and on Internal Control over Compliance in Accordance
with OMB Circular A-133

To the Board of Trustees
Newton Municipal Waterworks

Compliance

We have audited the compliance of Newton Municipal Waterworks with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on its major federal program for the year ended June 30, 2012. Newton Municipal Waterworks' major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Newton Municipal Waterworks' management. Our responsibility is to express an opinion on Newton Municipal Waterworks compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Newton Municipal Waterworks' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Newton Municipal Waterworks' compliance with those requirements.

In our opinion, Newton Municipal Waterworks complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2012.

Internal Control Over Compliance

The management of Newton Municipal Waterworks is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Newton Municipal Waterworks' internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Newton Municipal Waterworks' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the Newton Municipal Waterworks' internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the Newton Municipal Waterworks' internal control.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the Newton Municipal Waterworks and other parties to whom Newton Municipal Waterworks may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

NEWTON MUNICIPAL WATERWORKS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2012

Part I: Summary of the Independent Auditor's Results:

- (a) An unqualified opinion was issued on the financial statements.
- (b) No significant deficiencies or material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) No material weaknesses in internal control over major programs were disclosed by the audit of the financial statements.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed no audit findings which are required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) Major programs were as follows:
 - Individual Programs:
 - CFDA Number 66.468 - Drinking Water State Revolving Fund Program
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Newton Municipal Waterworks qualified as a low-risk auditee.

Part II: Findings Related to the Basic Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

INTERNAL CONTROL DEFICIENCIES:

No matters were reported.

Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

INTERNAL CONTROL DEFICIENCIES:

No matters were reported.

NEWTON MUNICIPAL WATERWORKS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2012

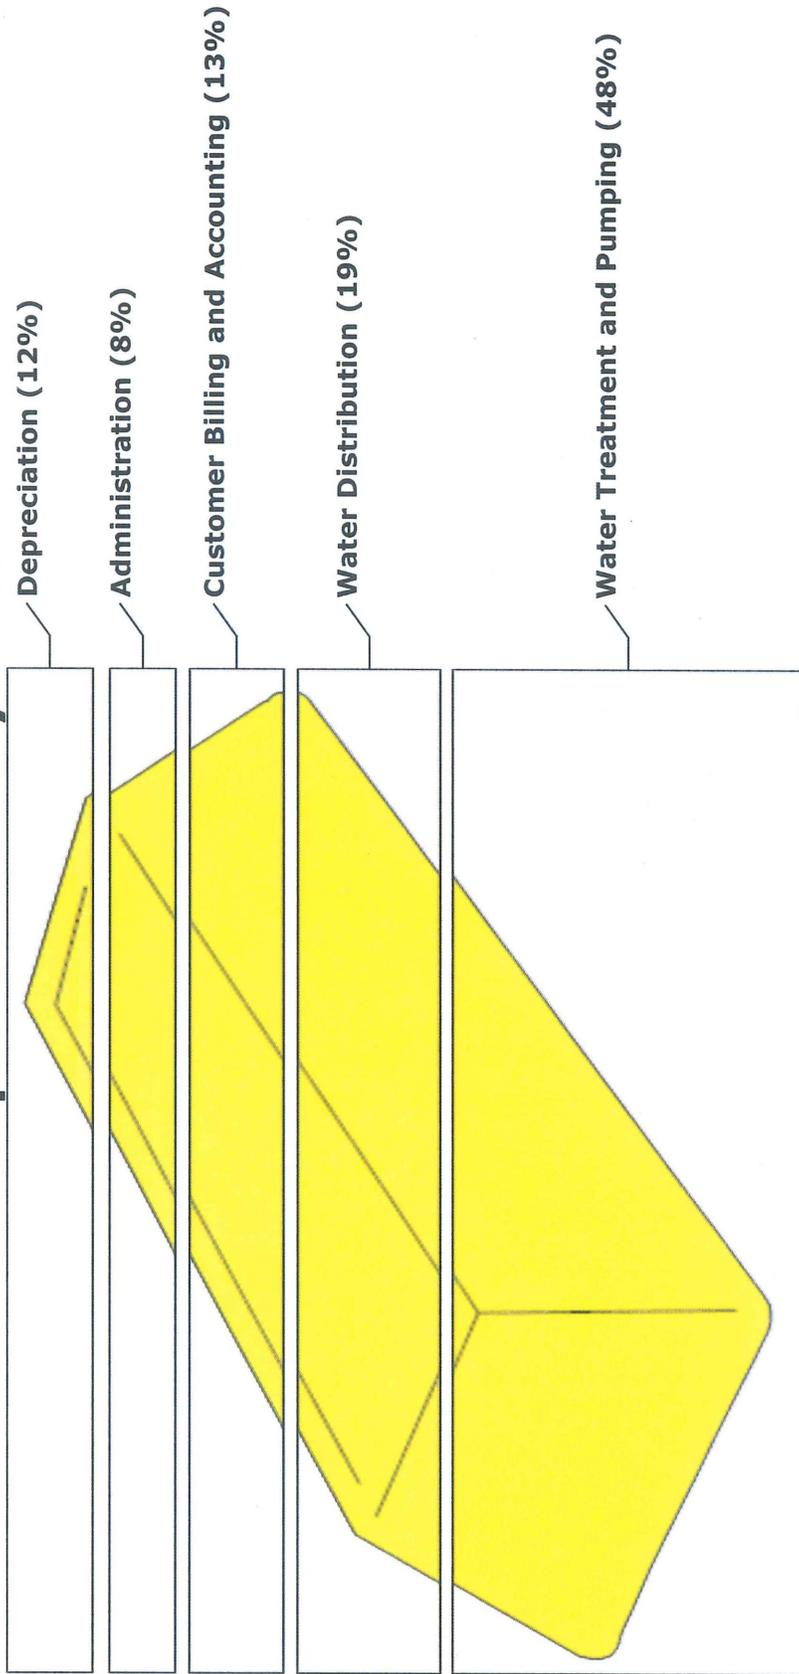

Part IV: Other Findings Related to Statutory Reporting:

- IV-A-12 Certified Budget - Waterworks' expenses for the year ended June 30, 2012, did not exceed the amount budgeted.
- IV-B-12 Questionable Expenses - No expenses we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-12 Travel Expense - No expenses of Waterworks' money for travel expenses of spouses of Waterworks' officials or employees were noted.
- IV-D-12 Business Transactions - No business transactions between the Waterworks and the officials and employees of the Waterworks during the year ended June 30, 2012.
- IV-E-12 Bond Coverage - Surety bond coverage of Waterworks' officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- IV-F-12 Board of Trustee Minutes - We noted no transactions that should have been approved in the trustee minutes.
- IV-G-12 Revenue Bonds - We noted no instance of noncompliance with revenue bond requirements.
- IV-H-12 Deposits and Investments - The Waterworks has adopted a written investment policy as required by Chapter 12B.10B of the Code of Iowa.
