December 8, 2014

To the Honorable Mayor, City Council Members
And Citizens of the City of Marshalltown, Iowa:

The City of Marshalltown, Iowa, is required by various state and federal regulations to publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles or GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to these requirements, the Comprehensive Annual Financial Report (CAFR) of the City of Marshalltown, Iowa for the fiscal year ended June 30, 2014 as prepared by the Finance Department is hereby submitted in accordance with the provisions of Chapter 11.6 of the Code of Iowa.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's financial statements have been audited by Eide Bailly LLP, a firm of licensed Certified Public Accountants, and they have issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2014. The independent auditor's report is located at the front of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing single audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the Schedule of Expenditures of Federal Awards, Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, Independent Auditor's Report on Each Major Program and Internal Control over Compliance Required by OMB Circular A-133, and Schedule of Findings and Questioned Costs is included in the section entitled Compliance Section.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

The City was incorporated July 27, 1863 under the laws of the State of Iowa, later amended on June 16, 1975 under the City Home Rule Act. Marshalltown is located in the central region of the state, with a land area of 19.28 square miles and a population of 27,552 as of the 2010 census. The City is empowered to

City Council
Leon Lamer, Mike Gowdy, Joel Greer, Al Hoop
Bill Martin, Robert Schubert, Bethany Wirin

levy a property tax on real property located within its boundaries, and has the power to extend its corporate limits by annexation.

The City operates under a mayor-council form of government. Setting policy and legislative authority are vested in the seven-member council. The City Council is responsible for passing ordinances, resolutions, adopting and amending the budget, appointing committees and hiring the City Administrator as provided by city ordinance. The Mayor and Council are elected for a four year staggered term rotation, allowing continuity within the membership. Four of the council members are elected from within their respective districts. The mayor and the three remaining council members are elected at large. The City Administrator, hired by the City Council is responsible for carrying out the policies and ordinances of the council, overseeing the day-to-day operations of the government, and for hiring the City Clerk and department managers.

The City provides the following services as authorized by its charter: public safety, public works, culture, recreation, and community development. The City also provides additional services including sewage collection and disposal, compost facility, a transit system, and municipal parking lots.

The City's financial statements include all funds, departments, boards and commissions, and other government entities that do not have separate legal status as required by accounting principals generally accepted in the United States of America.

In Marshalltown, the library is overseen by a board of directors and included in the operations of the general fund. 911 Communications are administered by a 911 Commission, which uses an agreement allowed by Chapter 28 of the Code of Iowa and is included in this report. The water distribution system, administered by an independent utility board of trustees, and the Convention and Visitors Bureau, administered by a board of directors, are included as component units of the City.

The annual budget serves as the foundation for the City of Marshalltown's financial planning, development and control. The City Manager and Finance Director are responsible for developing a budget proposal to the City Council. The proposed budget is presented to the Council in January and February of each year. The Council is required to hold public hearings on the proposed budget and to adopt the final budget no later than March 15 for the fiscal year beginning the following July first. The appropriated budget is prepared by fund and function.

Local Economy

The 2010 census showed Marshalltown's population increasing 5.9% from 26,009 to 27,552. Unemployment in the City was at 5.9% which is below the national rate of 6.1%, but higher than the Iowa rate of 4.4% as of October 2013.

The numbers of building permits for new construction increased in fiscal year 2014. 42 new construction building permits were issued for a value of \$29.4 million. 72 remodeling, repairs and additions permits were issued for a value of \$24 million. This was an increase from the prior year of \$34.4. This is due in part to the new construction of a new local hospital, Christian school and the beginning of the Alliant Energy power plant. Remodeling was done on two downtown businesses and construction of the new Round House project at the High School. All of the projects are discussed under major initiatives.

The Local Option Sales Tax (LOST) which began April 1, 2000 was voted and approved for another 10 year extension which will end in 2025. The allocation remained the same with 75% being designated for property tax relief, 20% for street projects and 5% allocated for council discretion. For fiscal year ending June 30, 2014 the City collected approximately \$2.9 million (accrual basis).

Major Initiatives

Alliant Energy's Iowa utility began construction of a \$700 million, 650 – megawatt electric generating plant after securing all the necessary regulatory approvals and permits. The station is expected to power more than 500,000 homes in Iowa and Minnesota when it is completed. Projected completion date is set for

spring of 2017. The generating plant would replace a large portion of the current coal-fired generating station, with 150 watts to remain for peak generation. This project is expected to create 15 to 20 permanent jobs and 250 to 350 jobs, on average, during construction. Alliant Energy is the City's largest taxpayer.

MMSC (Marshalltown Medical and Surgical Center) has approved a three phase construction of a new hospital facility on the South side of town. The new facility is being built across the street from the City's local community college on 29 acres of land at the junctions of highways 30 & 14. A groundbreaking ceremony in April marked the start of construction for phase 1. The new \$35 million Outpatient Services Center is a 75,000 square foot center which will include an outpatient surgical center with four operating suites, an urgent-care clinic, imaging and laboratory spaces and an area for rehabilitation therapy. Phase I is a relocation of those existing outpatient services from the current location. The project is scheduled to be completed in mid 2015.

Phase two of this project includes a future cancer center. Phase three will move the emergency room, cardiovascular cath lab and inpatient care from its current location. Their existing facility is on 7 acres of land with plans to demolish the facilities that are no longer functional and sell or rent out the other buildings.

The Marshalltown School District began the renovation and addition of the Marshalltown High School Roundhouse. The board approved an almost \$8 million construction contract in October 2013. With architectural fees and other costs the project will cost close to \$10 million. Phase one would include the renovation of the current gym including new efficient heating and cooling system. It will include a state-of-the-art gym floor and more safer/comfortable bleachers. Locker and weight rooms will be added. It will include a new roof and other features. General obligation bonds were sold and will be repaid with future sales tax revenue and will not include any increase to property tax rates.

Phase two includes an auxiliary gym and wrestling room and is estimated to cost \$3.85 million. This phase will include an auxiliary gym and wrestling room and will be paid for by donations. The Martha-Allen Tye Foundation said it will donate a \$1 million challenge grant to the project when the community raises its first \$1 million. To date \$2.5 million of the anticipated \$3.85 million has been raised.

The Cities two private schools began construction during the current fiscal year. The Marshalltown Area Catholic School (MACS) is putting an addition onto their current facility. The addition will bring all of the MACS students to one location and the second older building will be demolished. The project will cost approximately \$3.25 million. The Marshalltown Christian School purchased land and began construction for its new building facility in May 2014. The school is currently located within one of the current churches. Phase I of the project includes the school building, landscaping, and a parking lot at a cost of \$1.6 million.

Building renovations continue in the downtown area. Common Bond Communities of Minneapolis finished renovating the Tallcorn Towers building during the current fiscal year. This building is 85 years old and a landmark in the downtown area. The renovation is adhering to the historic guidelines of the State of Iowa historical preservation office at an estimated \$11 million investment. The building was originally purchased as a hotel and converted to 65 efficiency and one-bedroom apartments several years ago. The renovation converted the apartments into 42 one and two bedroom apartments for low-income families. The building includes a computer lab, laundry room and arts and crafts facility. The Grand Opening was held on May 6th.

Progress is continuing with the renovation of another four-story downtown building. Cohen-Esrey Affordable Partners, a developer from Kansas is developing another one of downtown's historic buildings into 28 senior housing units for those 55 and over. A \$1 million HOPE VI Main Street Grant was awarded to help revitalize this building. The total investment within this project will be approximately \$5.3 million.

Inter-governmental Cooperation

The Marshalltown Area Chamber of Commerce, Marshalltown Community School District, Iowa Valley Community College and area business leaders formed the Marshalltown Business-Education Alliance. The mission of the Alliance is to drive the successful execution of the partners' strategic plans, achieve

measurable results, and be the education system of choice. Five goals were identified (a) remove barriers and expand educational opportunities and career pathways for students, (b) actively engage business leaders and educators to determine the skills needed in the workplace, (c) improve community perceptions and attitudes about education, (d) develop a unified front to ensure parents recognize the value of education and (e) provide “one voice advocacy” for policies and issues affecting education excellence.

As part of being a recipient of the All American City award (see below under awards) the City is working closely with local non-profits, the business community as well as the school district to have the children of the community reading at grade level by the end of 3rd grade. This is a national issue and one that Marshalltown is on the forefront to help solve. This is just one of the many positive initiatives that are in progress throughout the community.

A group of community leaders, Chamber of Commerce, MEDIC (Marshall Economic Development Impact Committee) and government officials continue to make an annual visit to Washington DC to explore available programs and funding assistance. The County Board of Supervisors meets with the City Council on a quarterly basis to continue management’s involvement in intergovernmental cooperation and efficiencies.

Long-Term Financial Planning

Maintenance and rehabilitation of the City’s infrastructure (such as streets, sewers and bridges) has been the major priority of the City during the last three years. Maintenance of roads and sewer rehabilitation will continue to be in the future by the allocation of 20% of local option sales tax money designation going towards street and sewer projects. The City annually adopts a five-year Capital Improvement Program that provides a framework for the development and maintenance of infrastructure to meet current and future needs. In conjunction with this program, the City of Marshalltown includes a five year equipment replacement plan.

The City Council has committed to the building of a new police station. A citizen advisory committee was appointed by the Mayor. A site has been chosen. The City is currently in the process of choosing an architect for this facility. A vote will be taken to the residents of Marshalltown in May 2015. If approved by the voters, general obligation bonds would be issued.

Risk Management

The city is exposed to various risks of loss related to torts; theft, damage, or destruction of assets; errors and omissions; worker’s compensation; and health care of its employees. The city has participated in the Iowa Communities Assurance Pool since 2005 to insure itself from such losses. This is an intergovernmental organization created to secure affordable insurance to municipalities and counties with similar risk exposures. The City covers its worker’s compensation coverage with the Iowa Worker’s Compensation Association. Strategic planning of worker’s compensation cases including medical case management, a safety committee, supervisory/employee relations, transitional work and litigation management have been incorporated into the City’s risk management program. More details on the City’s risk management can be found in the Notes to the Financial Statements found later in this report.

The City’s self-funded health insurance also promotes safety and wellness through preventative incentives, publications and various activities. Third party coverage insures a stop loss limit of \$85,000 minimizing catastrophic exposure to losses. The Group Health Advisory Committee, made up of City employees and support staff, was formed to examine the City’s self-administered insurance program. The committee continues to implement and monitor changes to the coverage of the group.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the years ending June 30, 1990, and consecutively 1993 through 2013. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

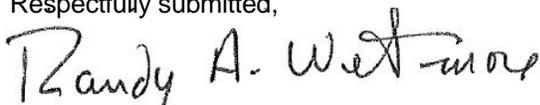

In June of 2012 Marshalltown was selected as an All America City by the National Civic League. Marshalltown was one of 13 communities selected for the prestigious award. In three years the 13 cities that received the award will return to a conference to explain what programs worked and what programs did not. The City was a finalist of the 2014 All American City Award. 25 Communities were invited to participant in the final awards event.

The City was a key partner in securing an Iowa Great Places designation and grant award. The \$350,000 grant was awarded to incorporate art into the Roundhouse Renovation project and the 13th Street neighborhood project.

In May 2012, the City was evaluated by ISO (Insurance Services Organization) who evaluates cities for their capabilities of fire protection. The class that they award is what most homeowners and businesses insurance is based on. The lower your number the lower your insurance premiums will be. A new rating was assigned for Marshalltown and its residents. The Fire Department's rating moved from a class 4 to a class 3 rating. A rating of 3 is the highest rating any fire department in Iowa has been awarded.

The preparation of this report could not be accomplished without the dedicated services of the entire Finance Department staff. We also want to acknowledge the assistance from many other department staff, agencies and organizations which are all vital to the culmination of this report.

Respectfully submitted,

Randy Wetmore

FINANCIAL SECTION

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Marshalltown, Iowa as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Marshalltown Water Works or Marshalltown Convention and Visitors Bureau, which represent the entire assets, net position and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for Marshalltown Water Works or Marshalltown Convention and Visitors Bureau, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Marshalltown Convention and Visitors Bureau were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Marshalltown, Iowa, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

During the year ended June 30, 2014, the City adopted GASB 65, *Items Previously Reported as Assets and Liabilities*. The adoption of this statement resulted in the reclassification of items previously reported in liabilities as deferred revenues. These items are now reported in deferred inflows of resources as unavailable revenues. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively compromise the City of Marshalltown, Iowa's financial statements. The introductory section, combining nonmajor fund financial statements, schedule of bond maturities, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organization*, and is also not a required part of the financial statements.

The combining nonmajor fund financial statements, schedule of bond maturities, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, schedule of bond maturities, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2014, on our consideration of the City of Marshalltown, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Marshalltown, Iowa's internal control over financial reporting and compliance.

Dubuque, Iowa

Management's Discussion & Analysis (MD&A)

The following is a narrative overview and analysis of the financial activities of the City of Marshalltown for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-5 of this report. Additional historical information can be found in the Statistical Section of this report supporting some of the analysis presented in this discussion and the transmittal letter.

Financial Highlights of Primary Government

- Assets of the City of Marshalltown exceeded its liabilities at the close of the most recent fiscal year by \$78,437,888 (*net position*) as compared to \$76,751,535 in the prior year.
- The City's total net position increased by \$1,686,353. This increase is attributable primarily to the retirement of governmental bonds.
- As of the close of the current fiscal year, the City of Marshalltown's governmental funds reported combined ending fund balances of \$10,889,518 a decrease of \$6,322,145 in comparison with the prior year. This decrease was due to the repayment of bonds during the current year.
- \$2,392,718 in unassigned fund balance is available for spending at the City's discretion. Prior year unassigned fund balance was 2,537,725.
- The City's total debt had a net decrease of \$1,055,000 during the current fiscal year. This change reflects the retirement of existing bonds and the issuance of \$5,500,000 in new sewer revenue debt.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Marshalltown's basic financial statements. The City of Marshalltown's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Marshalltown's finances, in a manner more similar to a private-sector business.

The statement of net position presents information on all of the City of Marshalltown's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Marshalltown is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Marshalltown that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Marshalltown include public safety, public works (roads, utilities and traffic controls), health and social services, parks and recreation, library, economic development and general government.

The business-type activities of the City of Marshalltown include compost, concessions, storm sewer, water pollution control and transportation activities.

The government-wide financial statements include the City of Marshalltown itself (known as the primary government) and also a legally separate Water Works and Convention and Visitors Bureau for which the City of Marshalltown is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Marshalltown, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Marshalltown can be divided into three categories: governmental, proprietary and fiduciary.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the city's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Marshalltown maintains 14 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances. Major funds include General, Road Use Tax, Local Option Sales Tax, Property Tax, HUD Programs, Debt Service, and other capital project and special revenue funds. Data from the other seven non-major governmental funds are combined into a single, aggregated presentation in the governmental funds financial statements. Individual fund data on each of the non-major governmental funds is provided in the form of combining statements in the supplementary information section.

The City of Marshalltown adopts an annual appropriated budget for all funds as required by state statute. In Iowa, budgetary compliance is at the function level, transcending fund level accounting as demonstrated in this report. Budgetary comparison statements have been provided for the governmental and enterprise/proprietary fund levels. This comparison demonstrates the City's compliance with state requirements.

Proprietary funds. The City of Marshalltown maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Marshalltown uses enterprise funds to account for its Storm Sewer, Water Pollution Control, Compost, Transit and Concession activities. Internal service funds are an accounting vehicle used to accumulate and allocate costs internally among the City of Marshalltown's various functions. The City of Marshalltown uses internal service funds to account for its insurance operations. Because this service predominantly benefits governmental rather than business-type functions, they have been included with governmental activities in the government-wide financial statements. Individual fund data for the internal service funds are provided in the form of combining statements in the supplementary information section.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Storm Sewer, Water Pollution Control and Non-major Enterprise funds, namely, Compost, Transit and Concession activities.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not available to support the City of Marshalltown's own programs. The most significant fiduciary fund maintained by the City of Marshalltown is the payroll fund; which records the taxes collected for other taxing jurisdictions within the City of Marshalltown. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. The City's budgetary comparison schedule and other postemployment benefit plan information is presented as required supplementary information immediately following the notes to basic financial statements. The combining statements referred to earlier in connection with non-major governmental, non-major enterprise funds, internal service funds, and agency funds are presented immediately following the required supplementary information (RSI).

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Marshalltown, assets exceeded liabilities by \$78,437,888 at the close of the most recent fiscal year.

By far, the largest portion of the City of Marshalltown's net position \$71,069,394 reflect its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less depreciation and any related debt. The City of Marshalltown uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Marshalltown's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

Financial Analysis of the Government's Funds

As noted earlier, the City of Marshalltown uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The financial reporting focus of the City of Marshalltown's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the City of Marshalltown's financing requirements. In particular, unreserved fund balance may serve as useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Marshalltown's governmental funds reported a combined ending fund balance of \$10,889,518, a decrease of \$6,322,145 in comparison with the prior year. Of this total amount \$2,392,718 is unassigned fund balance, which is available to meet the future financial needs of the City. \$7,916,980 is restricted, \$250,000 is committed and \$329,820 is nonspendable.

The General fund is the chief operating fund of the City of Marshalltown. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,663,261, \$588,928 has been restricted and \$250,000 committed. The remaining \$249,958 is nonspendable.

The Road Use Tax fund is apportioned to the City from the state gasoline taxes based upon population. This fund is used for street related purposes only. Major street resurfacing and reconstruction are scheduled each year in the spring after the impact of winter weather can be determined. At the end of the current fiscal year, the ending fund balance of \$2,388,129 is an increase of \$333,508 compared to the prior year. This increase is due to a majority of the current year street projects being funded through bond proceeds.

The Lead Abatement program was sustained due to the award of another three-year Lead-Based Paint Hazard Control grant. The program includes multiple counties due to the high incidents of lead poisoning in young children. The City administers the grant in collaboration with many health and welfare agencies and the local hospital. For the current fiscal year, the City expended \$832,568 under this program

The renewal of the Local Option Sales Tax (LOST) referendum insures property tax relief (75%), storm sewer and other capital improvements (20%), and any project designated by the Council (5%) until 2025. Property tax relief dollars are transferred to other funds with the remaining funds going towards capital projects. The council designated their 5% to go towards street rehabilitation and repairs during the previous two fiscal years. The entire balance is restricted for these three purposes. The increase in the balance this year of \$222,084 was due to the completion of street projects.

The Tax Increment Financing (TIF) fund continues to be a useful tool for the City of Marshalltown as they continue to work with developers on rehabilitation of existing facilities. During the last fiscal year the community and economic development expenses have decreased due to Emerson Process Management payment of their property taxes. This project converted a local downtown factory into a state-of-the-art flow lab which enables them to test control valves in a re-world plant controlled environment.

Changes in the Public Works and Other Projects capital project fund is due to the continuation of several street projects during the fiscal year.

Proprietary funds. The City of Marshalltown's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The ending net position for the proprietary funds was \$45,089,629, a net position increase of \$1,550,368.

Budgetary Highlights

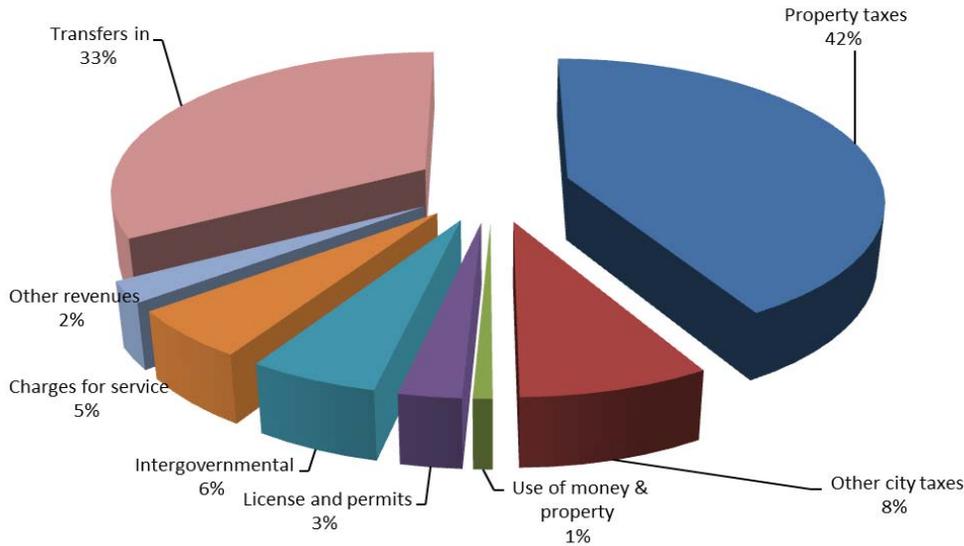

General Fund

Revenues and transfers in for the general fund operations, on the GAAP basis, were greater than revenues estimates by \$260,248 and departmental expenditures and transfers out on the GAAP basis were \$629,349 less than revenues.

The following schedule presents a summary of General Fund revenues and transfers in on the GAAP basis for the fiscal year ended June 30, 2014, and the amount and percentage of increases and decreases.

Revenues	FY 2013-14	Percentage of Total	FY 2012-13	Percentage of Total	Change	Percentage of Change
Property taxes	6,049,691	41.70%	5,984,410	41.08%	65,281	-104.88%
Other city taxes	1,187,602	8.19%	1,138,837	7.82%	48,765	-78.34%
Use of money & property	120,970	0.83%	125,428	0.86%	(4,458)	7.16%
License and permits	391,091	2.70%	219,392	1.51%	171,699	-275.84%
Intergovernmental	809,834	5.58%	906,655	6.22%	(96,821)	155.55%
Charges for service	807,082	5.56%	878,710	6.03%	(71,628)	115.07%
Other revenues	351,408	2.42%	901,641	6.19%	(550,233)	883.97%
Transfers in	4,788,503	33.01%	4,413,354	30.29%	375,149	-602.69%
Total	14,506,181	100.00%	14,568,427	100.00%	-62,246	100.00%

2014 General Fund Revenues and Transfers

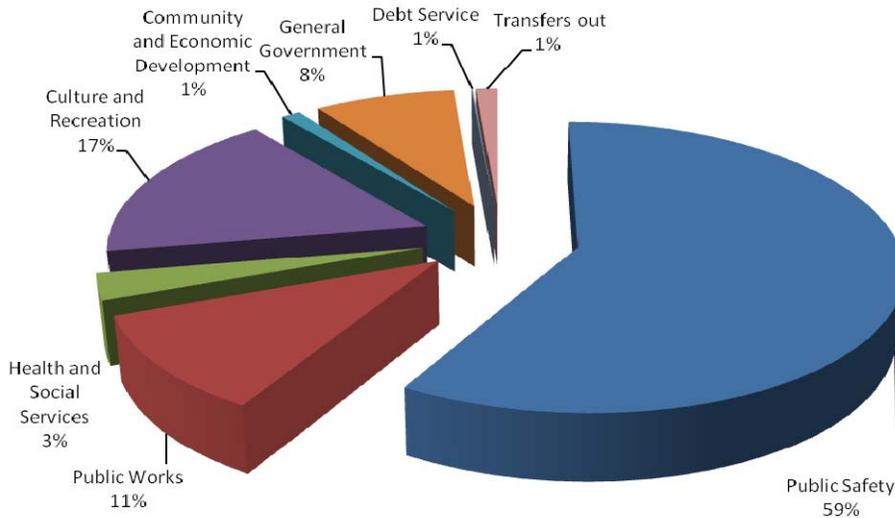

Current and prior year's property taxes continue to represent the largest revenue source, with \$6 million or 42% of all general fund revenues. The increase in property tax revenues from 2013 was \$65,281. The next largest revenue is Transfers In. All general fund employee benefits are reflected in the operating fund even though a transfer is required from the special revenue fund, which collects the tax. The increase in transfers reflects the increase in benefits such as retirement and group health insurance and retirement payouts to health savings accounts.

The following schedule represents a two year comparison summary of General Fund expenditures and transfers out on the GAAP basis of accounting and the percentage of increases and decreases in relation to prior year amounts:

Expenditures	FY 2013-14	Percentage of Total	FY 2012-13	Percentage of Total	Change	Percentage of Change
Public Safety	\$ 8,839,884	58.40%	\$ 7,774,342	55.55%	\$ 1,065,542	93.45%
Public Works	1,635,380	10.80%	1,654,301	11.82%	(18,921)	-1.66%
Health and Social Services	448,301	2.96%	405,393	2.90%	42,908	3.76%

Debt Service	13,840	0.09%	13,840	0.10%	-	0.00%
Transfers out	194,254	1.28%	206,701	1.48%	(12,447)	-1.09%
Total	15,135,530	100.0%	13,995,303	100.00%	1,140,227	100.00%

2014 General Fund Expenditures and Transfers Out

Even though negotiated wages increased an average of approximately 2%, which was part of multiyear union contracts; overall the general fund expenditures increased approximately \$1.1 million from the prior year. Departments worked throughout the year to maintain their operating costs, postponing training and minor equipment purchases. Current cash flow projections and the management's stability of the City's general fund balance provide continued assurance that the City will not need to enter the short-term debt market to pay for current expenditures now or in the foreseeable future.

Enterprise Operations

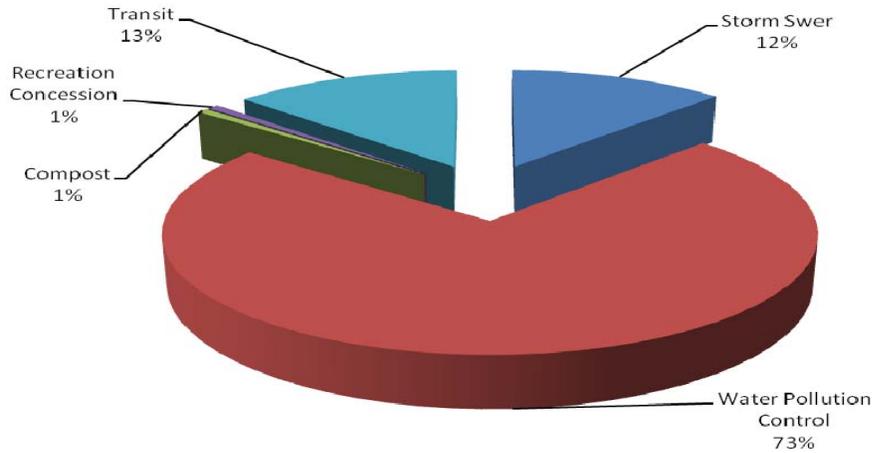

The City's enterprise operations consist of five separately accounted for operations, which are administered by three different departments. Transit and the Compost facility are operated by the Public Works Department, Recreation Concessions is administered by Parks & Recreation and the Water Pollution Control department administers Storm Water and Water Pollution Control.

Operating revenues for the City's combined enterprise operations decreased by \$1,234,359. This decrease is primarily due to capital grant for sanitary and storm sewer projects. Total operating expenses for the combined enterprise operations increased by \$434,392. This was due to capital related projects at water pollution control.

Revenues	FY 2013-14	Percentage of Total	FY 2012-13	Percentage of Total	Change	Percentage of Change

Construction in Progress	5,344,138	3,831,734	1,512,404
Total	157,820,394	150,546,171	7,274,224

Major capital asset events during the current fiscal year include the following:

- Street projects being completed.
- Various machinery and equipment purchases throughout the year including a new bus for transit, and new vehicles for several departments.

Additional information on the City' of Marshalltown's capital assets can be found in Note 5 on pages 55-57 of this report.

Long-term debt. At the end of the current fiscal year, the City of Marshalltown had total bonded debt outstanding of \$39,051,130. Of this amount, \$26,324,130 comprises debt backed by the full faith and credit of the City. The remainder of the City of Marshalltown's debt represents bonds secured solely by revenues generated from the sanitary sewer rental fees.

Governmental Activities			
	FY 2013-14	FY 2012-13	Increase (decrease)
General obligation bonds and notes payable	\$ 21,267	\$ 26,880	(5,613)
Revenue bonds and notes payable	-	-	-
Total	21,267	26,880	(5,613)

Business Type Activities			
	FY 2013-14	FY 2012-13	Increase (decrease)
General obligation bonds and notes payable	\$ 5,058	\$ 5,404	(346)
Revenue bonds and notes payable	12,727	7,822	4,905
Total	17,785	13,226	4,559

Total Governmental and Business Type Activities			
	FY 2013-14	FY 2012-13	Increase (decrease)
General obligation bonds and notes payable	\$ 26,325	\$ 32,284	(5,959)
Revenue bonds and notes payable	12,727	7,822	4,905
Total	39,052	40,106	(1,054)

The City of Marshalltown's total bonded debt increased by approximately \$1,054,000 during the current fiscal year due to:

- The issuance of \$5,567,463 less normal retirement of debt in the amount of \$6,623,271.

Moody's Investors Service rated the City on February 7, 2013. The City maintained their Aa2 rating.

State statutes limit the amount of general obligation debt a governmental entity may issue to 5 percent of its total assessed valuation. The current debt limitation for the City of Marshalltown is \$66,652,694, significantly in excess of the City of Marshalltown's outstanding general obligation debt.

Additional information on the City' of Marshalltown's long term debt can be found in Note 6 on pages 57-61 of this report.

Economic Factors and Next Year's Budgets and Rates

The local economy of the City remains strong and is creating more private public agreements to maintain that strength. The renovations of Emerson Processing/Fisher Controls, a local manufacturing company, have been completed. The City's obligation of rebating their property taxes paid on their parcels ended in fiscal year 2014. This will allow approximately \$19.5 million to go back onto the tax role which will increase property taxes within the general fund.

Cohen-Esrey Affordable Partners completed its development of the Iowa Wholesale building in the downtown district. The City received a \$1 million dollar HOPE VI Main Street Grant to revitalize the building. The final renovated building will include 28 senior housing units for those 55 and over, with a total investment of \$5.3 million.

Common Bond Communities have finalized their building renovations on the City's largest building in the downtown area. This building is 85 years old and is a landmark. The renovation includes renovating 64 efficiencies and one-bedroom to 49 one and two-bedroom apartments for low income housing. This building will be assessed as a combination commercial and residential. Occupancy and began leasing in December 2013.

The budget for the ensuing fiscal year 2015 considers many factors and estimates about the finances of the upcoming year. Sales and road use taxes collected by the state are stable but the forecast is to maintain a conservative projection for these revenue sources. The Department of Natural Resources has mandated many changes to cities. The City of Marshalltown is currently in the process of meeting their obligation.

The following items are also forefront in revenue and expenditure projections: (a) The City's contribution rate for Police and Fire retirement system decreased in the next fiscal year. This rates fluctuates on an annual basis. With the improvements of the system's investments the City will closely monitor if it will rise again. (b) The Iowa Public Employees Retirement System maintained the same rate for the next fiscal year. (c) Compliance with sanitary and storm water regulations will continue to be implemented over the next several years. Sewer rates have been increased to accommodate the costs with these mandates. (d) The cost of health care continues to rise. The City has experienced an increase in health related claims but no change in premiums will occur for the next fiscal year. Changes in claims are always a factor that the City continues to monitor. More preventive care options are encouraged to help avoid the high dollar claims. The claims are reviewed on a quarterly basis by the insurance committee.

Developments in commercial ventures will positively impact the property tax base and sales tax revenues within the next two to five years as progress on the new construction of an Alliant Energy gas fired plants continues and the construction of a new hospital has started.

Requests for Information

This financial report is designed to provide a general overview of the City of Marshalltown's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report, or requests for additional financial information should be addressed to the Office of the Finance Director, 24 N. Center Street, Marshalltown, IA 50158-4911.

CITY OF MARSHALLTOWN, IOWA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2014

Total governmental fund balances \$ 10,889,518

Amounts reported for governmental activities in the Statement of
Net Position are different because:

Capital assets used in governmental activities are not current financial
resources and, therefore, are not reported as assets in
governmental funds.

The cost of capital assets is	\$ 78,978,611	
Accumulated depreciation is	<u>(34,439,796)</u>	
		44,538,815

Some of the City's revenues will be collected after year-end
but are not available soon enough to pay for the current
period's expenditures and, therefore, are unavailable in the
funds. Those revenues consist of:

Intergovernmental revenue	768,504	
Charges for service	<u>109,030</u>	
		877,534

Internal service funds are used by the City's management to
charge the costs of self-insurance programs to the individual
funds. The assets and liabilities of the internal service funds
are included in governmental activities in the Statement of
Net Position.

2,624,364

Some liabilities are not due and payable in the current period
and, therefore, are not reported as liabilities in the funds.
Those liabilities consist of:

Long-term debt	(21,266,546)	
Accrued interest on the bonds	(61,655)	
Compensated absences	(1,123,973)	
Net OPEB liability	<u>(3,129,798)</u>	
		<u>(25,581,972)</u>

Net position of governmental activities \$ 33,348,259

CITY OF MARSHALLTOWN, IOWA
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF
ACTIVITIES
YEAR ENDED JUNE 30, 2014

Net change in fund balances – total governmental funds \$ (6,322,145)

Amounts reported for governmental activities in the Statement of
 Activities are different because:

Capital outlays are reported as expenditures in governmental funds. However,
 in the Statement of Activities, the cost of capital assets is allocated over
 their estimated useful lives as depreciation expense. In the current period,
 these amounts are:

Capital outlay	\$ 2,944,911	
Book value of disposals	(19,808)	
Capital contributions	524,928	
Depreciation expense	<u>(2,698,642)</u>	
Net change in capital assets		751,389

Because some revenues will not be collected for several months after the
 City’s fiscal year end, they are not considered "available" revenues and
 are unavailable in the governmental funds. Unavailable revenues
 increased by these amounts this year:

Intergovernmental	273,847	
Charges for service	<u>13,023</u>	
Net effect		286,870

Debt proceeds provide current financial resources to governmental funds, but
 issuing debt increases long-term liabilities in the Statement of Net Position.
 Repayment of debt principal is an expenditure in the governmental funds,
 but the repayment reduces long-term liabilities in the Statement of Net Position
 and does not affect the Statement of Activities. In the current period, these
 amounts are:

Debt repayments	5,663,840	
Debt proceeds, including premiums	<u>(67,463)</u>	
Net effect		5,596,377

Some items reported in the Statement of Activities do not require the use of
 current financial resources and, therefore, are not reported as expenditures
 in governmental funds. These activities consist of:

Decrease in accrued interest and bond issuance costs amortized	19,418	
Increase in compensated absences	(15,377)	
Increase in net OPEB liability	<u>(253,303)</u>	
Total additional expenses		(249,262)

Internal service funds are used by management to charge the costs
 of certain activities to individual funds. The net revenue of the
 internal service funds is reported with governmental activities.

		<u>72,756</u>
Change in net position of governmental activities		<u>\$ 135,985</u>

NOTES TO FINANCIAL STATEMENTS

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Marshalltown, Iowa (City) was incorporated in 1863 under the laws of the state of Iowa, later amended in July 1975, under the City Home Rule Act. The City operates by ordinance under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City of Marshalltown, Iowa, provides such services as are authorized by its charter to advance the welfare, health, comfort, safety, and convenience of the City and its inhabitants.

The accounting and reporting policies of the City relating to the accompanying financial statements conform to U.S. generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following represents the more significant accounting and reporting policies and practices used in the preparation of these financial statements:

Reporting Entity

For financial reporting purposes, the City of Marshalltown, Iowa, has included all funds, organizations, agencies, boards, commissions, and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of Marshalltown, Iowa (the primary government) and its component units. The following component units are entities which are legally separate from the City, but are financially accountable to the City or whose relationship with the City is such that exclusion would cause the City's financial statements to be misleading or incomplete. Discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the City.

Discretely Presented Component Units: The Marshalltown Water Works (Water Works) was established to operate the City's water works facilities. The Water Works is governed by a three-member board of trustees appointed by the Mayor. A financial benefit/burden relationship exists between the City and the Water Works in that the City is authorized by statute to issue general obligation debt for a City utility and may certify taxes for the payment of the debt. The Water Works is presented as a proprietary fund type and has a June 30 year-end.

The Marshalltown Convention and Visitors Bureau (Bureau) was established to promote and develop the visitor and convention business and for economic development within the community. The Bureau is governed by a nine-member board of directors comprised of two members appointed solely by the City Council, two members appointed solely by the Executive Board of the Chamber of Commerce and five members appointed jointly by the City Council and Executive Board of the Chamber of Commerce, from the general public (one member) and the hospitality industry (four members). The Bureau may not borrow money or issue bonds without written permission of the City. The Bureau is presented as a proprietary fund type and has a May 31 year-end.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Complete financial statements for each of the individual component units may be obtained at the respective entity's administrative office as follows:

Marshalltown Water Works
205 East State Street
Marshalltown, Iowa 50158

Marshalltown Convention and Visitors Bureau
709 South Center Street
Marshalltown, Iowa 50158

Jointly Governed Organizations: The City also participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The City Council is a member of or appoints representatives to the following boards and commissions: Mid Iowa Drug Task Force, Marshall County Emergency Management Commission, Marshall County Communication Commission, Marshall County Assessor's Conference Board and the Marshall County Solid Waste Management Commission. Financial transactions relating to these organizations are included in the City's financial statements only to the extent of the City's contributions, if any, to these organizations.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Net Position presents the City's nonfiduciary assets, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following three categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment, including special assessments. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Road Use Tax Fund* is used to account for the operations of street related expenses. Financing is provided by the City's share of state gasoline taxes, which are received on a per capita basis. State law requires these revenues to be received and disbursed in a special fund.

The *Local Option Sales Tax Fund* is used to account for the sale and service taxes collected to be applied to general property tax relief, and for storm sewer maintenance and improvements and related street repairs.

The *Property Tax Fund* is used to account for property tax collections for the emergency fund levy and employee benefits, which are then transferred to the general fund.

The *HUD Programs Fund* is used to account for the operations of a Federal Section 8 rental voucher assistance program, a grant from HUD to assist with security deposits and first month's rent program, and lead abatement program.

The *Debt Service Fund* is used to account for the servicing of general obligation debt.

The *Public Works and Other Projects Fund* is used to account for resources used in the acquisition and construction of capital facilities and other fixed assets with the exception of those that are financed through the Culture and Recreation Projects Fund, Airport Projects Fund, or through proprietary funds.

The City reports the following major proprietary funds:

The *Water Pollution Control Fund* is used to account for the operation and maintenance of the City's wastewater treatment facility and sanitary sewer. Services are supported primarily by user charges.

The *Storm Sewer Fund* is used to account for the operation of the City's storm sewers. Services are supported primarily by user charges.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Additionally, the City reports the following fund types:

Internal service funds account for group insurance benefits, occupational insurance benefits, and workmen's compensation benefits provided to other departments on a cost reimbursement basis.

The *Police Pension Trust Fund* is used to account for pensions of disabled and retired policemen as provided by Chapter 410 of the Code of Iowa.

Agency funds function primarily as a clearing mechanism for cash resources which are collected by the City, held as such for a brief period and then disbursed to the authorized recipient. The agency funds of the City are used for payroll clearing activities.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and pension trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Agency fund financial statements are reported using the accrual basis of accounting but have no measurement focus.

Property taxes are recognized as revenue in the year for which they have been levied, provided they are collected within 60 days after year-end. Sales taxes are considered measurable and available at the time the underlying transaction occurs provided they are collected within 60 days after year-end. Other taxes are considered measurable and available when they have been collected by the state or other levying authority. Special assessments receivable are recognized at the time of their levy. The related revenue is recognized at the time the assessment is due or collected. Licenses and permits, fines and forfeitures, and miscellaneous revenues are generally recognized as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recognized as earned.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water pollution control function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Assets, Liabilities, Deferred Inflows of Resources, and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents, and Investments. The City maintains a cash and investment pool. These pooled deposits are invested in interest-bearing cash accounts or certificates of deposit. Interest on the pooled cash and investments is recognized as revenue when earned and allocated to the funds on a systematic basis. However, interest of the Road Use Tax Fund is credited directly to the General Fund. Cash and investments are separately held by the discretely presented component units for which interest is also recognized as revenue when earned.

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The City invests in the Iowa Public Agency Investment Trust which is a 2a7-like pool. The Iowa Public Agency Investment Trust is a common law trust established under Iowa law and is administrated by an appointed investment management company. The fair value of the position in the trust is the same as the value of the shares.

Property Tax Receivable, Including Tax Increment Financing. Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the City to the County Board of Supervisors. Current year delinquent property taxes receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the City to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is unavailable and will not be recognized as revenue until the year for which it is levied.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The County Treasurer bills and collects taxes for the City. Taxes for the year ended June 30, 2014, were certified with the County during the preceding fiscal year and were due in two equal installments by September 30, 2013 and March 31, 2014. Any County collections on the 2013-2014 tax levy remitted to the City within sixty days subsequent to June 30, 2014, are recorded as property tax revenues. Taxes not collected and remitted to the City within sixty days subsequent to June 30, 2014, are delinquent and have been recorded as receivables. This amount is recorded as unavailable revenue in the governmental funds but is recognized as revenue in the government-wide financial statements.

Accounts Receivable and Unbilled Usage. Accounts receivable are recorded at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Due From and Due to Other Funds. Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Due From Other Governments. Due from other governments represents various shared revenues, grants, and reimbursements from other governments. Shared revenues are recognized during the period when received by the collecting authority, the State of Iowa. Federal grant revenue is recognized when expenditures for the purpose of the grant have been incurred in the government-wide financial statements and as long as it meets the measurable and available criteria in the governmental fund statements.

Inventories and Prepaid Items. Inventories of materials and supplies in the proprietary and governmental fund types are stated at cost using the first-in, first-out method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The costs of governmental fund prepaid items are recorded as expenditures when consumed rather than when purchased.

Restricted Assets. Funds set aside for the payment of City enterprise and component unit revenue bonds are classified as restricted assets since their use is restricted by applicable bond indentures. Other restricted assets include funds for customer deposits restricted for application to unpaid customer accounts or for refund to customers.

Deferred Inflows of Resources. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Although certain revenues are measurable, they may not be available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Unavailable revenue represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Unavailable revenue at the fund level consists of property tax receivable, special assessments receivable, succeeding year property tax receivable, and other receivables not collected within sixty days after year-end. Unavailable revenue in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year in which they are levied.

Compensated Absences. City employees accumulate a limited amount of earned but unused vacation, compensatory time and sick leave hours for subsequent use or for payment upon termination, death, or retirement. Accumulated sick leave is generally paid at 25%, not to exceed 1,440 hours for municipal fire employees, 1,072.5 hours for municipal police employees and 1,040 hours for all others, upon retirement if the employee has at least 15 years of service. All vacation and sick leave is accrued when incurred in the government-wide and proprietary financial statements. Governmental funds record the earned vacation and vested sick leave hours as an expenditure of the current year to the extent it is paid during the year. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The compensated absences liability has been computed based on rates of pay in effect as of June 30, 2014.

Water Works employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement, or death. The liability is recorded on the Statement of Net Position based on rates of pay in effect as of June 30, 2014.

Long-Term Obligations. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are amortized over the life of the bonds using the straight line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Capital Assets. Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (\$50,000 for infrastructure) and an estimated useful life in excess of two years. All land is recorded regardless of cost. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. All infrastructure of the City has been recorded to date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

	<u>Years</u>
Land improvements	10-30
Buildings and structures	30-50
Equipment and vehicles	5-30
Sanitary sewers and lift stations	30-50
Infrastructure	20-50

Property, plant and equipment of the Water Works is depreciated using the straight line method over the following estimated useful lives.

	<u>Years</u>
Plants, wells, and storage	10-40
Distribution property	50-99
Meters	10-20
Vehicles	5
Equipment	7-10

Statement of Cash Flows – Cash Equivalents. For purposes of the Statement of Cash Flows for the proprietary funds and the component units, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase they have a maturity date no longer than three months.

Fund Equity. In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable fund balances cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

Restricted fund balances are restricted for specific purposes when constraints placed on the use of the resources are either externally imposed by their providers, such as creditors, grantors, or other governments; or imposed by law through constitutional provisions or enabling legislation.

Committed fund balances can be used only for specific purposes determined pursuant to constraints formally imposed by the City Council, the highest level of decision making authority, through resolution approved prior to year end.

Assigned fund balances are amounts the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. These amounts are designated by City Council.

Unassigned fund balances are amounts not included in the other spendable classifications.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless City Council has provided otherwise in its commitment or assigned actions.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

As of June 30, 2014, fund balances consisted of the following:

	General	Road Use Tax	Local Option Sales Tax	HUD Programs	Property Tax

(continued on next page)

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING

The budgetary comparison and related disclosures are reported as Required Supplementary Information. At June 30, 2014, disbursements did not exceed the amended budgeted amounts. However during the year before the budget was amended, disbursements exceeded the original amount budgeted for the community and economic development function.

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits. On June 30, 2014, the carrying amount of the City’s deposits was \$21,853,173 and the bank balances were \$22,318,354. The City’s deposits in banks at June 30, 2014, were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

As of June 30, 2014, the City’s carrying amount of deposits, related bank balances, and other cash, including fiduciary funds, were as follows:

	<u>Carrying Amount</u>	<u>Bank Balance</u>
Money market	\$ 8,601,813	\$ 8,601,813
Demand deposits	8,233,871	8,702,003
Certificates of deposits	5,014,538	5,014,538
Petty cash	2,951	-
Total	<u>\$ 21,853,173</u>	<u>\$ 22,318,354</u>

The City invests in the Diversified portfolio of the Iowa Public Agency Investment Trust (IPAIT). IPAIT was created pursuant to Iowa Code Chapter 28E in 1987 to enable eligible Iowa public agencies to safely and effectively invest their available operating and reserve funds. The Diversified portfolio has followed established money market mutual fund investment parameters designed to maintain a \$1 per unit net asset value since inception and was registered with the Securities and Exchange Commission (SEC) in accordance with 17 C.F.R. Section 270,2a-7 in May 1993. The Diversified Fund was among the first local government investment pools in the country to do so and has been formally regulated by the SEC since that time. The fair value of the City's position in the IPAIT pool is the same as the value of the pool. The City's investment in the Diversified portfolio at June 30, 2014, was \$5,500,039.

The Marshalltown Water Works’ carrying amount of deposits was \$2,420,871 all of which was covered by federal depository insurance or insured by the state through pooled collateral, State Sinking Funds and by the state’s ability to assess for lost funds.

The Convention and Visitors Bureau’s deposits carrying amount and bank balance amount was \$180,999 all of which was covered by federal depository insurance.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The City and the Water Works are authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council or Board of Trustees and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Interest Rate Risk. The City’s investment policy limits the investments of operating funds (funds expected to be expended in the current budget year or within fifteen months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in instruments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the City. The City did not hold any instruments with a maturity greater than 397 days during the year.

Credit Risk. The City’s investment policy limits investments in commercial paper and other corporate debt to the top two highest classifications. The City did not invest in any commercial paper or other corporate debt during the year.

Concentration of Credit Risk. The City’s investment policy does not allow for a prime bankers’ acceptance or commercial paper and other corporate debt balances to be greater than ten percent of its total deposits and investments. The policy also limits the amount that can be invested in a single issue to five percent of its total deposits and investments. The City held no such investments during the year.

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The City’s deposits are entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Custodial Credit Risk – Investments. For an investment, this is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no custodially-held investments during the year.

NOTE 4 – INTERFUND BALANCES AND TRANSFERS

Due to/from primary government and component unit balances as of June 30, 2014, consisted of the following:

Receivable Entity	Payable Entity	Amount
Primary Government:	Component Unit:	
Governmental Fund, General Fund	Water Works	\$ 11,209
Enterprise Fund, Water Pollution Control	Water Works	261,697
Enterprise Fund, Storm Sewer	Water Works	48,413

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Due from/to other funds as of June 30, 2014, consisted of the following:

Due to general fund from	
Nonmajor governmental	\$ 217,704
Property Tax Fund	<u>5,317</u>
	<u>\$ 223,021</u>
Due to public works and other projects fund from	
Nonmajor governmental	<u>\$ 91,687</u>

The interfund balances result from negative cash balances.

Interfund transfers for the year ended June 30, 2014, consisted of the following:

Transfers to general fund from	
Road use tax	\$ 800,000
Property tax	3,401,135
Public works and other projects	560,465
Nonmajor governmental	<u>26,903</u>
Total transfers to general fund	<u>\$ 4,788,503</u>
Transfers to property tax fund from	
Local option sales tax	<u>\$ 2,400,000</u>
Transfers to HUD programs fund from	
Property tax	<u>\$ 45,104</u>

Nonmajor governmental	<u>\$ 885,281</u>
Transfers to public works and other project	
General	\$ 14,316
Nonmajor governmental funds	<u>5,000</u>
	<u>\$ 19,316</u>
Transfers to nonmajor governmental funds from	
General	\$ 9,987
HUD	3,272
Public works and other projects	44,492
Total transfers to nonmajor governmental funds	<u>\$ 57,751</u>
Transfers to nonmajor enterprise funds from	
General	<u>\$ 169,951</u>

(continued on next page)

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Transfers are used to (1) move property tax revenues from the fund that state statute requires to collect them to the fund that expends the associated expenditure, (2) offset public works salaries within the general fund with road use tax dollars collected, and (3) move a portion of local option sales tax to the fund that is receiving the property tax relief.

NOTE 5 – CAPITAL ASSETS

Legal debt margin	<u>\$ 40,484,615</u>

NOTE 7 – PENSION AND RETIREMENT SYSTEMS

The City has three pension and retirement systems that cover substantially all of its employees. These systems are the Municipal Fire and Police Retirement System of Iowa, Chapter 410 Police Pension System, and the Iowa Public Employees Retirement System. The Water Works, a component unit, maintains the Marshalltown Water Works Supplemental Retirement Pension System.

Municipal Fire and Police Retirement System of Iowa. The City contributes to the Municipal Fire and Police Retirement System of Iowa (Plan), which is a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees. The Plan provides retirement, disability, and death benefits which are established by state statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to Municipal Fire and Police Retirement System of Iowa, 7155 Lake Drive, Suite 201, West Des Moines, Iowa 50266.

Plan members are required to contribute 9.40% of earnable compensation and the City is required to contribute 30.12% for the year ended June 30, 2014, 26.12% for 2013, and 24.76% for 2012, of earnable compensation. Contribution requirements are established by state statute. The City's contributions to the Plan for the years ended June 30, 2014, 2013, and 2012, were \$1,200,723, \$1,031,287, and \$960,366, respectively, which met the required minimum contribution for each year.

Chapter 410 Police Pension System. Chapter 410 of the Code of Iowa creates a retirement system for police officers of any City qualified to participate under this Chapter. Any duly appointed member of the police department whose appointment occurred before March 2, 1934, or police who had been making payments of membership fees and assessments prior to July 1, 1971, may be a member of the system. The pension plan is accounted for by the City in the Pension Trust Fund.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The Plan, a single-employer defined benefit pension plan, is administered by the Police Pension Board of Trustees and provides retirement, disability, and death benefits. The benefits are established under state statute and provide for full retirement benefits at age 50 with 22 years or more of service. Full benefits are equal to fifty percent of the monthly salary at retirement or disability and twenty-five percent of the monthly salary at death.

There is one active beneficiary in the Plan. The Plan is normally funded through a property tax levy, and currently the City expects to continue to levy the tax as long as the benefit is required to be paid equal to the required contributions for the year. This year there were sufficient funds on hand negating the need for an additional levy. The City's contributions to the retirement system for the years ended June 30, 2014, 2013, and 2012, were \$8,337, \$8,153, and \$7,993, respectively.

Iowa Public Employees Retirement System (IPERS). The City contributes to IPERS which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 5.95% of their annual covered salary and the City is required to contribute 8.93% of annual covered salary. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2014, 2013, and 2012, were \$501,950, \$471,585, and \$427,176, respectively, equal to the required contributions for each year.

Marshalltown Water Works Supplemental Retirement Pension System. The Marshalltown Water Works Supplemental Retirement Pension System (Plan) is a single-employer defined benefit pension plan that covers all full-time Water Works employees. The Plan provides retirement, death, and disability benefits to plan members. The Plan is administered by United Bank and Trust. The Supplemental Retirement Pension System does not have an audited report available for review.

The Plan was established by the Marshalltown Water Works Board of Trustees on September 30, 1953. The Plan was restated and amended on January 1, 2003. The contribution requirements of plan members and the Water Works are established by the Board of Trustees and may be amended by the Board of Trustees at any time. Contribution percentages are actuarially determined rates. Plan members are required to contribute 4.95% of their annual covered salary. The Water Works is required to contribute 8.93% of annual covered payroll.

The Water Works annual pension cost and net pension obligation to the Plan for the current year were as follows:

Annual required contribution	\$	122,357
Annual pension cost		122,357
Contributions made		122,357
Increase in net pension obligation		-
Net pension obligations, beginning of year		-
Net pension obligations, end of year		-

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The annual required contribution for the current year was estimated based on the April 1, 2013, actuarial valuation using the frozen entry age actuarial cost method. The actuarial assumptions included (a) 7.0% investment rate of return and (b) projected salary increases of 3.0%. Both (a) and (b) include an inflation component and postretirement benefit increases of 0%. The unfunded actuarial accrued liability is being amortized as an open period, assumed level dollar. The information disclosing the remaining years to amortize is not available to the City.

Three-Year Trend Information			
Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2014	\$ 122,357	100.0%	\$ -
June 30, 2013	117,819	100.0%	-
June 30, 2012	112,779	100.0%	-

Funded Status and Funding Progress – As of July 1, 2013, the most recent actuarial valuation for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$2,690,472, the actuarial value of assets was \$1,271,309, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,419,163. The covered payroll (annual payroll of active employees covered by the plan) was \$500,366 and the ratio of UAAL to covered payroll was 283.6%.

For employees who choose not to participate in the Marshalltown Water Works Supplemental Retirement Pension System (Plan), the Water Works contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 5.95% of their annual covered salary and the Water Works is required to contribute 8.93% of annual covered salary. Contribution requirements are established by state statute. The Water Works' contributions to IPERS for the years ended June 30, 2014, 2013, and 2012, were \$44,018, \$41,028, and \$36,382, respectively, equal to the required contributions for each year.

NOTE 8 – OTHER POSTEMPLOYMENT BENEFITS

The City implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits other Than Pensions* prospectively during the year ended June 30, 2009.

Plan Description - The City operates a single-employer retiree benefit plan which provides postemployment medical and dental benefits for retirees and their spouses. The Plan does not issue a stand-alone financial report.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Retirees or eligible spouses are required to contribute for their coverage the following percentages of the total premium:

- 50% if disabled while on duty (police or fire) except disability related expenses are 100% paid by the City,
- 50% if retiring employee satisfies the rule of 88 or police/fire employee is 55 with 22 years of service,
- 50% for grandfathered police/fire,
- 100% for all other including surviving spouses.

To be eligible for the medical and dental insurance coverage, a retiree must be at least 55 years old, or disabled and receiving or eligible to receive a pension under the Iowa Public Employees' Retirement System (IPERS) or the Municipal Fire and Police Retirement System of Iowa (MFPRSI). There are 153 active and 60 retired members in the plan.

Funding Policy - The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation - The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the City's annual OPEB cost for the years ended June 30, 2014 and 2013, the amount actually contributed to the plan and changes in the City's net OPEB obligation:

	2014	2013
Normal Cost	\$ 215,063	\$ 215,063
Amortization of UAAL	219,305	219,305
Annual required contribution	434,368	434,368
Interest on net OPEB obligation	29,360	28,394
Adjustment to annual required contribution	(113,203)	(109,475)
Annual OPEB cost	350,525	353,287
Contributions made	(67,251)	24,189
Increase in net OPEB obligation	283,274	377,476
Net OPEB obligation, beginning of year	3,216,837	2,839,361
Net OPEB obligation, end of year	\$ 3,500,111	\$ 3,216,837

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2014.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2014, 2013, and 2012, are summarized as follows:

<u>Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contribution</u>	<u>Net OPEB Obligation</u>
June 30, 2014	\$ 350,525	-19.19%	\$ 3,500,111
June 30, 2013	353,287	6.85%	3,216,837
June 30, 2012	854,238	5.49%	2,839,361

Funded Status and Funding Progress - As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$5,687,909, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$5,687,909. The covered payroll (annual payroll of active employees covered by the plan) was \$9,331,501 and the ratio of the UAAL to covered payroll was 61.9%. As of June 30, 2014, there were no trust fund assets.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress for the Retiree Health Plan, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2012 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 1% discount rate based on the City's funding policy. The projected annual medical trend rate is 5%. The ultimate medical trend rate is 3%.

Mortality rates are from the RP2000 Group Annuity Mortality Table, applied on a gender-specific basis. Police and fire are assumed to retire at age 55 with 22 years of service. Other City employees are assumed to retire after age 55, when age plus service equals 88.

The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 9 – RISK MANAGEMENT

The City is a member in the Iowa Communities Assurance Pool (Pool), as allowed by Chapter 670.7 of the Code of Iowa. The Pool is a local government risk-sharing pool whose 700 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses, and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The City's contributions to the Pool for the year ended June 30, 2014 were \$186,811.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$15,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location, with excess coverage reinsured by Lexington Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhaust total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The City does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such losses can be reasonably estimated. Accordingly, at June 30, 2014, no liability has been recorded in the City's financial statements. As of June 30, 2014, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given sixty days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100% of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The City has established a Group Insurance Benefits Fund for insuring health benefits provided to City employees and covered dependents which is included as an internal service fund. Health benefits were self-insured up to a specific stop-loss amount of \$85,000 and an aggregate stop-loss of approximately \$2,316,872 for 2014. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop-loss amount. All claims handling procedures are performed by a third-party claims administrator. Reported claims as of June 30, 2014, as well as incurred but not reported claims, have been accrued as a liability based upon the claims administrator's estimate and are included in accounts payable. The liability does not include any allocated or unallocated claim adjustment expenses.

All operating funds of the City participate in the program and make payments to the Group Insurance Benefits Fund based on actuarial estimates of the amounts needed to pay prior and current year claims.

The City has established an Occupational Insurance Benefits Fund to self-insure for workers' compensation benefits for all currently employed police officers and firefighters and police officers and firefighters who have retired due to an accidental disability prior to December 1992, in accordance with Chapter 411.15 of the Code of Iowa. The General Fund is charged for benefits paid to police officers and firefighters by the Occupational Insurance Benefits Fund, which is also accounted for as an internal service fund. Reported claims as of June 30, 2014, as well as incurred but not reported claims, have been accrued as a liability based upon the City's best estimate and are included in accounts payable. The liability does not include any allocated or unallocated claim adjustment expenses. There is no stop-loss insurance for this coverage.

The claims liabilities of \$218,754 in the Group Insurance Benefits Fund and \$1,664 in the Occupational Insurance Benefits Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The entire amounts will be paid within one year of year-end.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

Changes in reported liabilities for the fiscal years ended June 30, 2014 and 2013, are summarized as follows:

	Group Insurance Benefits Fund	Occupational Insurance Benefits Fund
	<u> </u>	<u> </u>
Liabilities as of June 30, 2012	\$ 202,775	\$ 1,978
Claims and changes in estimates during fiscal year 2013	1,838,010	36,166
Claim payments	<u>(1,797,937)</u>	<u>(36,998)</u>
Liabilities as of June 30, 2013	242,848	1,146
Claims and changes in estimates during fiscal year 2014	2,038,196	96,848
Claim payments	<u>(2,062,290)</u>	<u>(96,330)</u>
Liabilities as of June 30, 2014	<u>\$ 218,754</u>	<u>\$ 1,664</u>

NOTE 10 – DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all regular City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees, until termination, retirement, death, or unforeseeable emergency. The plan complies with IRC Section 457(g), which allows for the plan to hold its assets in trust. Under these requirements, the City does not own the amount deferred by employees and, therefore, the liability and corresponding investment are not reflected in the financial statements.

During this fiscal year, the City also made payroll IRAs available to its employees in accordance with Internal Revenue Code Section 401. This plan is also available to all regular City employees. Participation is optional and withdrawals are governed by current IRS regulations.

NOTE 11 – COMMITMENTS

The City has recognized as a liability only that portion of construction contracts representing construction completed through June 30, 2014. The City has additional commitments for signed construction contracts of approximately \$7,414,682 as of June 30, 2014, to be paid as work on the projects progresses.

NOTE 12 – MAJOR CUSTOMER

The financial statements of the Water Pollution Control Enterprise Fund include sales and receivables from Swift and Company, a major customer, of \$2,295,661 and \$145,906, respectively.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 13 – LITIGATION

The City is a defendant in several claims and lawsuits. In the opinion of the City Attorney and management, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

NOTE 14 – DEFICIT BALANCES

At June 30, 2014, funds with deficit balances were as follows:

Special Revenue Funds - HUD Programs Fund	\$	9,740
Special Revenue Funds - Grant Fund		95,655
Special Revenue Funds- TIF		81,916
Capital Projects Funds - Airports Projects Fund		70,407

These deficit balances are the result of funds due from other governments which were unavailable because they were received after the accrual period was over.

NOTE 15 – SUBSEQUENT EVENTS

On September 17, 2014 the City of Marshalltown issued a long term note in the amount of \$700,000. The note was issued to finance the cost of a capital improvement project.

On December 8, 2014, the City of Marshalltown issued General Obligation Bonds, Series 2014 A in the amount of \$2,225,000. The bonds were issued to finance costs of construction, improvements, and installation of capital improvement projects. Additionally, the City maintained their Aa2 bond rating for the sale of this bond.

CITY OF MARSHALLTOWN, IOWA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 16 – NEW GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STANDARDS

The Governmental Accounting Standards Board (GASB) has issued several statements not yet implemented by the City of Marshalltown. The statements which might impact the City of Marshalltown are as follows:

Statement No. 68, *Accounting and Financial Reporting for Pensions* – an amendment of GASB Statement No. 27, issued June 2013, will be effective for the fiscal year ending June 30, 2015. The objective of this Statement is to improve information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

Statement No. 69, *Government Combinations and Disposals of Government Operations*, issued January 2014, will be effective for the fiscal year ending June 30, 2015. The objective of this statement is to improve financial reporting by addressing accounting and financial reporting for government combinations and disposals of government operations. The term government combinations is used in this Statement to refer to a variety of arrangements including mergers and acquisitions.

Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* – an Amendment of GASB Statement No. 68, issued November 2013, will be effective for the fiscal year ending June 30, 2015. The objective of this statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*.

The City's management has not yet determined the effect these statements will have on the City's financial statements.

CITY OF MARSHALLTOWN, IOWA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION –
BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2014

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except internal service funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon nine (9) major classes of disbursements known as functions, not by fund or fund type. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business-type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, the Debt Service Fund, Capital Projects Funds and Enterprise Funds. Although the budget document presents function disbursements by fund type, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment was prepared with the required public hearing. The amendments decreased budgeted disbursements by \$979,400.

At June 30, 2014, disbursements did not exceed the amended budgeted amounts. However during the year before the budget was amended, disbursements exceeded the original amount budgeted for the community and economic development function.

OTHER SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

E-911 Surcharge – To account for activity associated with the 911 Communication Commission.

Grant Fund – To account for various state and federal grant activities.

Special Contributions – To reflect activities associated with donations and special contributions to various City departments.

Tax Increment Financing – To account for revenue taxes levied for specific uses within the designated district. Specific uses may include the construction of infrastructure and payments associated with debt and other development agreements.

Other – To account for other various revenues, seized assets, City tort liability, special assessments and economic development gift funding.

CAPITAL PROJECTS FUNDS

Airport Projects – To account for ongoing projects at the municipal airport.

Culture and Recreation Projects – To account for resources used in the acquisition and construction of capital facilities and other capital assets associated with the City's culture and recreation function.

Source: Marshall County Auditor's Office and IA Dept of Mgmt website.

Notes: Effective with the January 1, 1999 valuations, Alliant Energy, the local gas and electric provider, is assessed a utility excise tax instead of taxes based upon property valuations.

Each year the State of Iowa assigns a rollback factor to calculate the percent of assessed value which will be taxable.

This rate is assigned per property classification and can fluctuate each year. Industrial property is taxed at 100% of its gross assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Marshalltown. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt of each overlapping government.

(1) Current tax collections reflect payments received by the Marshall County Treasurer's office from July 1 through June 30 of each year. Taxes levied for the current year are classified as delinquent if not paid by June 30 each year.

(2) Collection percentages are close to 100% each year since the State of Iowa provides for "tax sales" in June of each year for properties with unpaid taxes. Substantially all of the taxes are paid by investors purchasing tax certificates from the "tax sales." Collections in excess of 100% are due to rounding differences when tax rates are applied to property valuations, differences in tax credits reimbursed by the State of Iowa, or changes in taxable valuations by the County Assessor after the City's budget is certified.

(3) Delinquent tax collections reflect amounts of delinquent taxes the City received during the year. Information is not available from the County Treasurer's Office as to the year(s) for which the delinquent tax collections apply.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Marshalltown. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping governments.

COMPLIANCE SECTION

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Marshalltown, Iowa, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 8, 2014. Our report includes a reference to other auditors who audited the financial statements of the Marshalltown Waterworks and the Marshalltown Convention and Visitor's Bureau, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the Marshalltown Convention and Visitor's Bureau, a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not extend to those financial statements.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in Part II of the accompanying schedule of findings and questioned costs as item 2014-A to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance which are described in Part IV of the accompanying schedule of findings and questioned costs.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2014 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City and are reported in Part IV of the accompanying schedule of findings and questioned costs. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dubuque, Iowa
December 8, 2014

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by OMB Circular A-133

To the Honorable Mayor and
Members of the City Council
City of Marshalltown, Iowa

Report on Compliance for Each Major Federal Program

We have audited the City of Marshalltown, Iowa's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the City's major federal programs for the year ended June 30, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Basis for Qualified Opinion on the Affordable Housing Development in Main Street Rejuvenation Projects Program

As described in the accompanying schedule of findings and questioned costs, the City did not comply with the requirements regarding CFDA Number 14.878 Affordable Housing Development in Main Street Rejuvenation Projects as described in finding number 2014-001 for Subrecipient Monitoring. Compliance with such requirement is necessary, in our opinion, for the City to comply with the requirements applicable to that program.

Qualified Opinion on the Affordable Housing Development in Main Street Rejuvenation Projects Program

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Affordable Housing Development in Main Street Rejuvenation Projects Program for the year ended June 30, 2014.

Unmodified Opinion on the Other Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its other major federal program identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in Part III in the accompanying schedule of findings and questioned costs as item 2014-001 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The City's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Eide Bailly LLP

CITY OF MARSHALLTOWN, IOWA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2014

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Marshalltown, Iowa, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. The City received federal awards both directly from federal agencies and indirectly through pass-through entities. Federal financial assistance provided to a subrecipient is treated as an expenditure when it is paid to the subrecipient.

Governmental fund types account for the City's federal grant activity. Therefore, expenditures in the schedule of expenditures of federal awards are recognized on the modified accrual basis – when they become a demand on current available financial resources. The City's summary of significant accounting policies is presented in Note 1 in the City's basic financial statements.

Note 2 – Subrecipients

Of the federal expenditures presented in the schedule, the City of Marshalltown, Iowa, provided federal awards to subrecipients as follows:

Program Title	Federal CFDA Number	Amount Provided to Subrecipients
Affordable Housing Development in Main Street Rejuvenation Projects	14.878	\$ 871,821
Edward Byrne Memorial Justice Assistance Grant Program	16.738	17,356

**CITY OF MARSHALLTOWN, IOWA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2014**

Part I: Summary of the Independent Auditor's Results:

Financial Statements

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weakness identified	Yes
Significant deficiency not considered to be a material weakness	None reported
Noncompliance material to financial statements noted	No

Federal Awards

Internal control over major programs:	
Material weakness identified	Yes
Significant deficiency not considered to be a material weakness	None reported
Type of auditor's report issued on compliance for the major programs	Qualified
Any audit findings disclosed that are required to be reported in accordance with Circular A-133, Section .510(a)	Yes

Identification of major programs:

<u>CFDA Number</u>	<u>Name of Federal Program or Cluster</u>
14.871	Section 8 Housing Choice Vouchers
14.878	Affordable Housing Development in Main Street Rejuvenation Projects
Dollar threshold used to distinguish between Type A and Type B programs	\$300,000
Auditee qualified as low-risk auditee	No

Part II: Findings Related to the Financial Statements:

MATERIAL WEAKNESS:

2014-A Material Audit Adjustments

Criteria – A properly designed system of internal control over financial reporting allows entities to initiate, authorize, record, process, and report financial data reliably in accordance with generally accepted accounting principles and the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

CITY OF MARSHALLTOWN, IOWA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2014

Part II: Findings Related to the Financial Statements (continued):

Condition – During the course of our engagement, we proposed material audit adjustments to the financial statements and Schedule of Expenditures of Federal Awards that were not identified as a result of the City’s existing internal controls and, therefore, could have resulted in a material misstatement of the City’s financial statements and Schedule of Expenditures of Federal Awards.

Cause – There is a limited number of office employees with varying levels of experience with the reporting requirements.

Effect – The effect of this condition was that prior to posting audit adjustments financial data was not in accordance with generally accepted accounting principles or the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

Recommendation – We recommend that finance staff continue to receive relevant training and that management review all documentation completed by staff for use in preparing the financial statements and Schedule of Expenditures of Federal Awards.

Response – The Finance Department will continue to receive relevant training, will review all documentation received from other departments and work completed by staff for use in preparing the financial statements and Schedule of Federal Awards.

Part III: Findings and Questioned Costs for Federal Awards:

MATERIAL WEAKNESS/MATERIAL NONCOMPLIANCE

CFDA Number 14.878: Affordable Housing Development in Main Street Rejuvenation Projects Direct Program from the U.S. Department of Housing and Urban Development

2014-001 Subrecipient Monitoring

Criteria – The provisions of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and 31 USC 7502(f)(2)(B) (Single Audit Act Amendments of 1996, Pub. L. No. 104-156) require the recipient of federal grants to perform certain monitoring functions when passing funds through to a subrecipient in order to ensure that the subrecipient is following all applicable requirements.

Condition – It appears the City performed very limited subrecipient monitoring procedures. A written subrecipient agreement was not obtained.

CITY OF MARSHALLTOWN, IOWA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2014

Part III: Findings and Questioned Costs for Federal Awards (continued):

Effect – The City may not have knowledge about whether the subrecipient is in compliance with all relevant provisions of the grant agreement and federal regulations surrounding grants. Therefore, the funds could potentially be spent inappropriately and provisions of specific grant requirements and federal grant requirements may not be met.

Cause – The City was unaware of their monitoring responsibilities.

Recommendation – The City should review the sources of governing requirements referenced above and begin performing appropriate monitoring procedures.

Response – Management will meet with subrecipient to review processes and implement monitoring procedures.

Part IV: Other Findings Related to Required Statutory Reporting:

2014-IA-A Certified Budget – Disbursements at June 30, 2014, did not exceed the amended budget amounts. However, before the budget was amended, disbursements exceeded the original amount budgeted for the community and economic development function.

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed budget.

Response – The budget will continue to be monitored on a regular basis and the Finance Director will review all invoices over 250,000 to verify the necessary budget cover is available. Additional budget amendments, other than the normal May amendment that is done on an annual basis, will be completed if necessary.

2014-IA-B Questionable Expenditures - We noted no expenditures that we believe may fail to meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979.

2014-IA-C Travel Expense - No expenditures of City money for travel expenses of spouses of City officials or employees were noted.

2014-IA-D Business Transactions - No business transactions between the City and City officials or employees were noted.

2014-IA-E Bond Coverage - Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.

2014-IA-F Council Minutes - No transactions were found that we believe should have been approved in the Council minutes but were not.

CITY OF MARSHALLTOWN, IOWA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2014

Part IV: Other Findings Related to Required Statutory Reporting (continued):

2014-IA-G Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.

2014-IA-H Urban Renewal Annual Report – The urban renewal annual report was properly approved and certified to the Iowa Department of Management on or before December 1.

2014-IA-I Revenue Bonds – No instances of noncompliance with provisions of the City's revenue bond resolutions were noted.

2014-IA-J Software Purchase Agreement – During the year ended June 30, 2014, the City entered into a software purchase agreement. However, a public hearing was not held prior to the authorization of the purchase agreement as required by Chapters 364.4 and 384.25 of the Code of Iowa.

Recommendation – The City should consult legal counsel for the disposition of this matter. In the future, the City should hold a public hearing prior to the authorization of a purchase agreement in accordance with Chapters 364.4 and 384.25 of the Code of Iowa.

Response – The City failed to hold a public hearing and will consult with legal counsel in the future, and all departments have been informed to contact finance if any agreements contain a payment plan. The purchase agreement was presented to the City by the vendor to delay payments over the next several fiscal years. The City did not intend to violate any procedures required by Iowa Code.
