CITY OF ONAWA

914 Diamond Street • Onawa, Iowa 51040

December 5, 2014

Honorable Mayor and City Council
City of Onawa
Onawa, Iowa

We are pleased to provide you with the Comprehensive Annual Financial Report (CAFR) of the City of Onawa. This report is for the fiscal year ended June 30, 2014. The report is submitted each year as required by State Law, Chapter 11.6. The report is prepared according to generally accepted accounting principles (GAAP) for government as established by the Governmental Accounting Standards Board (GASB). It is audited by Henjes, Conner & Williams, P.C.

The City's Department of Accounting prepared our report. Management of the City is responsible for the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures. To the best of our knowledge and belief, the enclosed information is accurate in all material aspects and is presented in a manner designed to fairly present the financial position and results of operations of the City as measured by the financial activity of its various fund. All disclosures necessary to enable the reader to gain a complete understanding of the City of Onawa's financial activities have been included. Management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statement in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the City of Onawa's internal controls have been designed to provide reasonable, rather than absolute assurance that the financial statement will be free from material misstatement.

GAAP requires that management provide an introduction, overview and analysis to accompany the basic financial statement, in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is intended to complement MD&A, found immediately following the report of the City's independent auditors, and should be read in conjunction therewith. The auditors' report is included in the financial section of the report.

PROFILE OF THE CITY OF ONAWA

The City of Onawa was incorporated in 1859 under the provisions of the Iowa State Legislature. It is located in Monona County on Interstate 29 about 35 miles south of Sioux City, Iowa and 60 miles north of Omaha, Nebraska on the western edge of Iowa. The population is approximately 3000.

The City of Onawa operates under a Mayor-council form of government. One council member is elected from each of the City's four wards and two are elected at-large. The City administrator is responsible for the day-to-day management of the City. All departments and department directors report to the City Administrator, with the exception of the Library Director who is supervised by an appointed Board of Trustees and the police chief who reports to the mayor.

FINANCIAL INFORMATION

The City of Onawa maintains an internal control structure designed to provide reasonable, but not absolute assurance that the assets of the City are protected from loss, theft, or fraud and that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The requirement for reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

In addition, the City recognizes the importance of leadership from management in these controls. The City Council has adopted a personnel policy that provides guidance as to certain elements of the internal control structure. The employees are updated on changes to these ethics and personnel policies to stress that internal control are an important element of the public's trust. The City has incorporated the personnel policy in the training of all employees and elected officials.

The foundation of the City's financial planning and control is the annual budget. The budget process includes sessions with staff, management, and the City Council. To ensure compliance with legal budgetary controls, the City Council and management receive monthly reports comparing budgeted amounts to actual expenditures. The City Council may make additional appropriations during the year for unanticipated revenues or capital projects which were not completed in the prior year. Budget-to-actual comparisons by fund are provided in the fund subsection of this report for all funds requiring an appropriated annual budget, and summarized in the notes to the financial statements.

State laws require audits for cities such as Onawa to be conducted by the auditor of state or by certified public accountants. An audit is conducted annually in accordance with generally accepted auditing standards and the standards set forth in the General Accounting Office's Government Auditing Standards. It must examine, among other things, the financial condition and resources of the City, and accuracy of the City's accounts and reports. The audit report is contained in the Financial Section which follows.

FACTORS AFFECTING FINANCIAL CONDITION

Local Economy. The City of Onawa is the largest City in Monona County, and also the County Seat. Onawa offers a convenient small town atmosphere while being only a 30 minute drive to a large metropolitan area.

The City's downtown as well as other areas of town continue to see improvements to buildings through the grant program established several years ago. The program gives a business that qualifies and spends money to remodel or improve the exterior of their building a \$2,500 forgivable grant and a \$2,500 loan from the Community Foundation.

The City experienced a decrease in local option sales and use tax of 5.72% from fiscal 2012-2013 to 2013-2014. The local option sales tax is used for economic development (10%), infrastructure (15%) and property tax relief (75%). This decrease demonstrates an economy consistent with the country as a whole.

LONG-TERM FINANCIAL PLANNING

The City is in the middle a five year comprehensive plan which covers some of the City's goals for the community and economic development. Included in the plan is a capital improvement plan which includes all improvements of the City. This plan addresses City improvement projects including all governmental and enterprise functions. The plan also incorporates the vision of the Monona County Economic Development to establish an industrial park east of Onawa.

The City Council continues to increase user rates in all three utilities. The goal is to increase them over a period of a couple of years to generate a profit and increase reserves. The council will need to increase electric and water rates, but without a major project they can leave the wastewater rates the same next year.

The City along with the community foundation continue to buy homes that have been red tagged, then clear the lot and sell it for a very reasonable price to encourage individuals to build a new dwelling and, in turn, increase tax base. These infill lots are better sold than having a new housing development being constructed. The utilities are in place in the infill lots so no cost to the utilities.

The City is planning an airport study to determine what repairs need to be completed over the next several years. They are in talks with several pilots to build new hangars and a taxiway to these hangars. No decisions have been made at this time.

In the current fiscal year, the City let a bid for patch panel work. This will continue into the next fiscal year to repair streets where panels have sunken or are broken. They are looking and reviewing a 5 year plan with the hopes to apply for a TIGER Grant. This is a major grant that requires the City and County to work together to repair necessary roads and streets in the area.

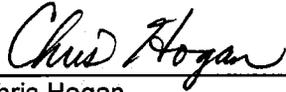

The City hopes to make some improvements to the downtown area, including updates to the streets and lighting. Grants and other potential funding sources are currently being looked into in order to facilitate these improvements.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Onawa for its comprehensive annual financial report (CAFR) for the year ended June 30, 2013. In order to receive this award, the City must publish an easily readable and efficiently organized CAFR. The report must also satisfy both generally accepted accounting principles and applicable legal requirements. The award is valid for one year only. The City is submitting the 2014 annual financial report to GFOA for review to determine its eligibility for an award.

The preparation of this report could not have been accomplished without the support and dedication of the entire staff of the finance and administrative departments. Appreciation is also expressed to the mayor and City council for their support and interest in the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Chris Hogan

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of the City Council
City of Onawa, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the CITY OF ONAWA, IOWA, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Onawa, Iowa as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Information, and Schedule of Funding Progress for the Retiree Health Plan on pages 13 through 21, 60, and 61 through 64 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Onawa, Iowa's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the City of Onawa, Iowa's basic financial statements for the nine years ended June 30, 2013, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. Those audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Onawa, Iowa's basic financial statements as a whole.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2014, on our consideration of the City of Onawa, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Onawa, Iowa's internal control over financial reporting and compliance.

Management Discussion and Analysis

June 30, 2014

This discussion and analysis of the City of Onawa financial performance provides an overview of the City's financial activities for the fiscal year ending June 30, 2014. We encourage the readers to consider the information presented here in conjunction with the additional information furnished in our letter of transmittal on page 1 and the City's financial statements that follow this report.

Financial Highlights:

- The assets of the City of Onawa exceeded liabilities at June 30, 2014, by \$16,788,359. Of this amount, \$5,079,214 is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's net position increased by 2.63% or \$430,864 during the year. Of this amount, the net position of our Governmental Activities increased \$317,864 and the net position of our Business-Type Activities increased \$113,000.
- The largest factors in the increase in net position were the increase in cash and investments of \$235,970, decrease in General Obligation Bonds of \$165,000, decrease in Revenue Bonds of \$60,000, increase in taxes and accounts receivables of \$43,858, a decrease in Special Assessments and other receivables of \$73,648, an increase in WIMECA investments of \$78,117 and a decrease in infrastructure, property and equipment of \$60,936.
- The City's long-term debt decreased due to the scheduled retirement of long-term debt of \$165,000 of General Obligation Bonds and \$60,000 of Revenue Bonds. Outstanding General Obligation debt totals \$1,115,000. Outstanding water revenue bond debt totals \$1,385,000.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.
- Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of the City of Onawa as a whole and present an overall view of the City's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund Financial Statements report the City of Onawa's operations in more detail than the government-wide statements by providing information about the most significant funds.
- Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison of the City's budget for the year.
- Other Supplementary Information provides detailed information about the nonmajor governmental funds.

REPORTING THE CITY FINANCIAL STATEMENTS

Government-wide Financial Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

One of the most important questions asked about the City's finances is *"Is the City of Onawa in a better financial position at the end of this fiscal year, compared to last year?"* The Statement of Net Position and

the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is very similar to the method of accounting used by most private-sector companies. These two statements report the City's net position, which is the difference between assets and liabilities, as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. Additional factors, such as changes in the City's property tax base and sales tax collections and condition of the City's infrastructure, are also important in making this determination.

In the Statement of Net Position and the Statement of Activities, we have divided the City into three kinds of activities:

- **Governmental Activities** – Most of the City's basic services are reported here, such as police, fire, public works and parks departments, and general administration. Property taxes and state and federal grants finance most of these activities.
- **Business-Type Activities** – The City charges fees to customers to cover the cost of these services. Included here are the City electrical, water and sewer.
- **Component Unit** – The activity of the Onawa Library Advocates Foundation is included here.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law or by bond requirements. The City Council also established funds to control and manage money for particular purposes (such as construction projects) and to show that it is properly using certain revenues (such as Sales Tax Revenues). The City has the following types of funds:

- **Governmental Funds** – Most of the City's basic services are included in Governmental Funds, which focus on how money moves into and out of these funds and the balances left at year-end that are available for spending. These funds are reported using the "modified accrual basis" of accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund Statements provide a detailed short-term view of the City's general governmental operations and basic services it provides. Governmental Fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance City programs. We describe the relationship between Governmental Activities (reported in the Statement of Net Position and the Statement of Activities) and Governmental Funds in a reconciliation following each Governmental Fund financial statement.
- **Proprietary Funds** – When the City charges customers for the service it provides, these services are generally reported in Proprietary Funds. Proprietary Funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The major difference between the Proprietary Funds report and the Business-Type Activities we report in the government-wide statements is the detail and additional information, such as cash flows, provided in the Proprietary Funds report.

THE CITY AS A WHOLE

As stated earlier, net position may serve over time as a useful indicator of a government's financial position. The largest part of the City's net position reflects its investment in capital assets (land, buildings and improvements, and equipment), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from the other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following comparative chart shows the changes in net position for the years ended June 30, 2014 and 2013.

	General Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013
Current and Other Assets	\$3,306,704	\$3,417,665	\$4,306,513	\$4,132,743	\$ 7,613,217	\$ 7,550,408
Capital Assets	8,103,450	8,057,167	5,077,303	5,187,492	13,180,753	13,244,659
Total Assets	11,410,154	11,474,832	9,383,816	9,320,235	20,793,970	20,795,067
Long-Term Liabilities Outstanding	1,162,774	1,333,213	1,438,018	1,561,269	2,600,792	2,894,482
Other Liabilities	81,805	94,528	341,106	251,561	422,911	346,089
Total Liabilities	1,244,579	1,427,741	1,779,124	1,812,830	3,023,703	3,240,571
Deferred Inflows of Resources	981,908	1,149,070	-	-	981,908	1,149,070
Net Position:						
Net Investment in Capital Assets	6,994,159	6,815,617	3,692,303	3,758,205	10,686,462	10,573,822
Restricted	1,022,683	933,927	-	-	1,022,683	933,927
Unrestricted	1,166,825	1,148,477	3,912,389	3,749,200	5,079,214	4,897,677
Total Net Position	\$9,183,667	\$8,898,021	\$7,604,692	\$7,507,405	\$16,788,359	\$16,405,426

This summary reflects an increase of 3.21% for the Governmental Activities and an increase of 1.30% in the Business-Type Activities. The Total Net Position increased by 2.33%.

Total revenue reported in Fiscal 2014 was \$6,313,994. The following table breaks down revenues collected for General Governmental Activities and Business-Type Activities for Fiscal Year 2014 and 2013.

Revenue Source	General Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013
Program Revenues:

Program revenues totaled \$4,395,588 for fiscal year 2014. Governmental Activities provided \$409,666 and Business-Type Activities provided \$3,985,922. Revenue collected for Charges for Services during fiscal year 2014 was \$4,086,181, accounting for 93% of the total program revenues.

General Revenues for fiscal year 2014 totaled \$1,918,406. Governmental Activities provided \$1,766,736 and Business-Type Activities provided \$151,670. Property Tax Revenues for fiscal year 2014 totaled \$1,161,184, accounting for 66% of General Governmental Revenues.

Expenses for fiscal year 2014 totaled \$5,883,130. Expenses for General Governmental Activities totaled \$1,858,538, accounting for 32% of total expenses. Business-Type Activity expenses totaled \$4,024,592, for 68% of the total.

The following table shows total expenses by Function/Program for fiscal years 2014 and 2013.

Program Level	General Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013
Public Safety	\$ 602,166	\$ 588,187	\$ -	\$ -	\$ 602,166	\$ 588,187

The following table shows the activities included within each program level:

<u>Program Level</u>	<u>Activity</u>
Public Safety.....	Individual & Community Protection, Physical Health
Public Works.....	Roadway Construction, Airport Operations, Street Lighting, Transportation Services
Culture and Recreation.....	Education & Culture, Leisure Time Opportunities
Community and Economic Development	Economic Development, Community Beautification, Planning & Zoning
General Government.....	Administration, Support Services
Debt Service.....	Payment of Interest
Electric System.....	Operation of Electrical System
Sewer System	Operation of the Waste Water Treatment Plant/Collection System
Water System.....	Operation of Water Treatment Plant/Supply Distribution System
Internal Service.....	Payment of Risk Insurance and Health Insurance Deductible

Governmental Activities

To aid in the understanding of the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses and Changes in Fund Balance. Please note that the expenses are listed in the first column, with revenues from that particular program reported to the right. The result is a Net (Expense) Revenue calculation. This format highlights the respective financial burden that each of the functions place on the taxpayers. For example, for Culture and Recreation, the City spent \$575,259 and received \$77,578 in revenue, thus leaving a cost to the taxpayer of \$497,681 to be funded by various methods. The format also identifies how much each function draws from general revenues or is self-financing through fees or grants. Some of the individual line item revenues reported for each function are:

Taxes	Fines and Forfeits
Special Assessments	Contributions
Licenses and Permits	Refunds/Reimbursements
Intergovernmental Revenue	Grants
Charges for Services	

The total cost of governmental activity this year was \$1,858,538. Of these costs, \$100,259 was paid by those who directly benefited from the programs. Costs paid by other governments and organizations that subsidized certain programs with grants and contributions were \$309,407, leaving a Net Expense of \$1,448,872 for Governmental Activities. These expenses of \$1,448,872 were covered with tax revenues, interest and other general revenues. The Statement of Activities in the financial statements provides further detail. The Net (Expense) Revenue by Governmental Activity is shown in the following table:

Functions/Programs	Net (Expense) Revenue	
	6/30/2014	6/30/2013
Governmental Activities:		
Public Safety	\$ (574,654)	\$ (554,622)
Public Works	29,625	28,083
Culture and Recreation	(497,681)	(458,084)
Community and Economic Development	(96,420)	(82,861)
General Government	(283,806)	(207,634)
Debt Service	(25,936)	(31,635)
Total Net (Expense) Revenue		
Governmental Activities	(1,448,872)	(1,306,753)
General Revenues	1,754,736	1,643,285
Excess of Revenues over Expenses Before Transfers in	305,864	336,532
Transfers In	12,000	12,000
Change in Net Position	\$ 317,864	\$ 348,532

Total resources available during the year to finance governmental operations were \$11,042,205, consisting of adjusted Net Position at July 1, 2013 of \$8,865,803, Program Revenues of \$409,666 and General Revenues of \$1,766,736. Total Governmental Activities during the year expended \$1,858,538; thus, Net Position increased by \$317,864 to \$9,183,667.

Business-Type Activities

Business-Type Activities increased the City's net position by \$113,000.

The cost of all Proprietary Activities this year was \$4,024,592. As shown in the Statement of Activities, the amounts paid by users of the systems were \$3,985,922, resulting in total Net Expenses for Business Type Activities of \$38,670. The Net (Expense) Revenue by Business Type Activity is shown in the following table:

<u>Business-Type Activities</u>	2014 Net (Expense) Revenue	2013 Net (Expense) Revenue
Electric System	\$ (72,861)	\$ (164,750)
Water System	(31,561)	5,153
Sewer System	65,752	94,840
Total Net (Expense) Revenue Business-Type Activities	(38,670)	(64,757)
Non-Operating Revenues	163,670	155,627
Change in Net Position Before Transfers	125,000	90,780
Transfers Out	(12,000)	(12,000)
Change in Net Position	<u>\$ 113,000</u>	<u>\$ 78,870</u>

Total resources available during the year to finance Proprietary Fund activities were \$11,629,284 consisting of adjusted Net Position at July 1, 2013 of \$7,491,692, Program Revenues of \$3,985,922 and General Revenues of \$151,670. Total Proprietary Fund Activities during the year expended \$4,024,592; thus Net Position increased by \$113,000 to \$7,604,692.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year. The City's Governmental Funds reported combined ending fund balances of \$2,018,221. The combined Governmental Funds balance increased \$133,280 from the prior year.

The General Fund is the primary operating fund of the City. During the year, expenditures exceeded revenues in the General Fund by \$63,031. The Tax Increment Financing fund balances decreased \$440,295 due to transfers to fire station of \$250,000 and the 2011 street project of \$329,975 to cover the TIF expenditures and to debt service fund of \$19,246 for retirement of TIF debt. The Road Use Tax fund balances increased \$80,295 due to revenues exceeding expenditures. The Local Option Sales Tax fund balances increased by \$6,327 due to accumulation of funds for future infrastructure expenditures. Debt Service Funds saw very minimal changes during the year maintaining a fund balance consistent with recent years.

GENERAL FUND BUDGETARY HIGHLIGHTS

The fiscal year 2014 adopted General Fund Budget amount was \$1,742,858.

The following table shows the General Fund budget variances by program structure:

<u>Expenditures</u>	Budget	Actual	<u>Variance</u>
	<u>Adopted</u>	<u>(Cash Basis)</u>	
Public Safety	\$ 910,167	\$ 712,219	\$ (197,948)
Public Works	53,750	106,907	53,157
Culture and Recreation	534,291	435,989	(98,302)
Community and Economic Development	23,000	6,682	(16,318)
General Government	<u>221,650</u>	<u>179,727</u>	<u>(41,923)</u>
Total Expenditures	<u>\$1,742,858</u>	<u>\$1,441,524</u>	<u>\$ (301,334)</u>

CAPITAL ASSETS

The City's investment in capital assets, including land, buildings and improvements and equipment represents the value of the resources utilized to provide services to our citizens. The investment in capital assets as of June 30, 2014, was \$10,686,462 (net of accumulated depreciation and outstanding financings).

The gross additions to capital assets for Fiscal Years 2014 and 2013 are as follows:

	General Governmental Activities		Business-Type Activities		Totals	
	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>
Construction in Progress	\$ 57,586	\$ 55,262	\$ -	\$ -	\$ 57,586	\$ 55,262
Buildings	-	-	-	-	-	-
Improvements - Other than Buildings	5,877	21,698	17,874	15,012	23,751	36,710
Equipment	203,051	72,367	131,032	38,129	334,083	110,496
Infrastructure	219,957	-	-	-	219,957	-
	<u>\$ 486,471</u>	<u>\$ 149,327</u>	<u>\$ 148,906</u>	<u>\$ 53,141</u>	<u>\$ 635,377</u>	<u>\$ 202,468</u>

Construction in Progress for governmental activities consisted of costs associated with the capital projects in the Public Works and Public Safety Programs.

See Note 6 to the financial statements for more information on the City's capital assets.

DEBT ADMINISTRATION

At year-end the City had \$2,500,000 of debt outstanding. This is a decrease of \$225,000 from the prior year due to the retirement of \$60,000 in State Revolving Funds, Revenue Notes, and the retirement of \$165,000 in General Obligation Bonds.

Debt administration is on track, with 100% of all City debt repaid within the next 11 years. This rapid repayment, when used with TIF, has allowed the City to maintain our good rating. This reflects well on our community.

The City continues to operate well under State debt capacity limitations. The State limits the amount of General Obligation Debt outstanding to 5% of the assessed value of all taxable property in the community. Thus, our debt capacity is \$5,434,122. With outstanding General Obligation Debt applicable to this limit of \$1,115,000, we are utilizing less than 21% of this limit. More detailed information on debt administration is provided in Note 7 of the financial statements.

ECONOMIC FACTORS

The City of Onawa continues to work hard to maintain a positive approach to growth and development. Continued improvement in downtown facade and the addition to the library continues to make a positive effect on the City's image.

The General Fund is projected to end fiscal 2015 with a fund balance of approximately \$1,782,040, a 13.0% decrease from fiscal 2014.

The tax levy rates per \$1,000 of taxable valuation for fiscal 2015 are provided below:

General Levy	\$ 8.10000
Civic Center Levy	.13500
Library Levy	.27000
Debt Service levy	2.78832
Emergency	.27000
FICA, IPERS & Employee Benefits	1.50310
Tort Liability levy	<u>.90186</u>
Total	\$ <u>13.96828</u>

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department at 712-433-1181.

CITY OF ONAWA, IOWA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2014

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Total Fund Balances - Governmental Funds (page 26)	\$	2,018,221
Infrastructure, property, and equipment used in governmental activities are not financial resources and, therefore, are not reported in the funds.		8,103,450
Subsequent year assessments are not available to pay for current period expenditures and are deferred in the funds.		54,170
Internal service fund used by management to fund and maintain the City's health insurance deductible account and is included in the statement of net position.		(4,551)
Internal service fund used by management to fund and maintain the City's deductible account and is included in the statement of net position.		117,453
Accrued interest expense does not require the use of current financial resources and is not reported in the governmental funds.		(1,995)
Prepaid expenses are reported in the governmental activities but are not reported in the funds as they do not provide current economic resources.		59,693
The following long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:		
General Obligation Bonds Payable		(1,109,291)
Other Postemployment Benefits		(10,764)
Compensated Absences and Benefits		(42,719)

CITY OF ONAWA, IOWA

CITY OF ONAWA, IOWA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
 IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2014

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds (page 29) \$ 133,280

Governmental funds report capital outlays, including infrastructure, as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlays were exceeded by depreciation expense in the current year as follows:

Expenditures for Capital Assets	\$ 486,471	
Disposition of Fixed Assets	(30,797)	
Depreciation Expense	<u>(409,391)</u>	46,283

Special assessment revenues are deferred in the governmental funds because they are not available to provide current financial resources. (20,360)

Prepaid expenses are not reported in the governmental funds as they are not available to provide current financial resources. 849

Accrued interest expense that does not require current financial resources 134

Internal service funds are used by management to fund and maintain the City's insurance policies provided to user departments and for the maintenance, repair, and replacement of the City's automotive equipment and are included in the statement of net position. The net revenue of the internal service funds is reported with governmental activities. (1,000)

Internal service fund used by management to fund and maintain the City's health insurance deductible account and is included in the Statement of Net Position. The net revenue of this internal service fund is reported with governmental activities. (5,529)

Bond discounts are recorded in the funds when new debt is issued, whereas, these amounts are deferred and amortized in the Statement of Activities. (523)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Other Postemployment Benefits		(3,526)
Compensated Absences and Benefits		3,256

The repayment of the principal of bonded long-term debt consumes the current financial resources of governmental funds without affecting the net position. The Statement of Activities does not reflect the payment of principal on bonded long-term debt. The principal paid on bonded long-term debt during the current year was: 165,000

Change in net position of governmental activities (page 24) \$ 317,864

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Onawa, Iowa is a political subdivision of the State of Iowa located in Monona County, and was incorporated in 1859, and operates under the Home Rule Provisions of the Constitution of Iowa. The City operates under a Mayor-Council form of government with an appointed administrator and finance director and administers the following programs as authorized by its charter: public safety, public works, culture and recreation, community and economic development and general government services. The City also has municipal electric, water and sewer utility systems, which are governed by the City Council.

The City's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the City of Onawa, Iowa, has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the City.

These financial statements present the City of Onawa (the primary government) and its component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operations or financial relationship with the City.

Discretely Presented Component Unit – Onawa Library Advocates Foundation (Foundation) was established under the Iowa Non-Profit Corporation Act, Chapter 504A of the Code of Iowa, to promote the Onawa Public Library. The Foundation's financial data is reported in a separate column to emphasize that it is legally separate from the City, but is financially accountable to the City. In accordance with criteria set forth by Governmental Accounting Standards Board, the Foundation meets the definition of a component unit which should be discretely presented.

Jointly Governed Organizations – The City also participates in several jointly governed organizations for which the City is not financially accountable or that the nature and significance of the relationship with the City are such that exclusion does not cause the City's financial statements to be misleading or incomplete. City officials are members of the following Boards and Commissions: Monona County Assessors' Conference Board, Monona County Emergency Management Commission, Monona County Joint E911 Service Board, and Monona County Landfill Commission.

B. Basic Financial Statements-Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general, special revenue, debt service, capital projects and permanent funds are classified as governmental activities.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts: net investment in capital assets; restricted net position; and unrestricted net position. The City first uses restricted resources to finance qualifying activities.

The Government-wide Statement of Activities reports both the gross and net cost of each of the City's functions (public safety, public works, culture and recreation, community and economic development, general government, etc.) and business-type activities. The functions are also supported by general government expenses (including depreciation) by related program revenue, operating grants, and capital grants. Program revenue must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The City does not allocate indirect costs.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year activities.

C. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues or receipts, and expenditures or expenses, as appropriate. Government resources are allocated to, and accounted for, in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. GASB No. 34 sets forth minimum criteria for the determination of major funds. The City electively added funds, as major funds, which had a specific community focus. The non-major funds are combined into a single column in the fund financial statements.

The City reports the following major governmental funds:

Governmental Fund Types – The governmental fund financial statements are reported using the current financial resources measurement focus. This means that the focus of the governmental funds' measurement is upon the determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the major governmental funds of the City:

- 1) **General Fund** – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The sources of revenue include property taxes, charges for services, fines and fees, licenses and permits, as well as state and federal grants. The expenditures of the General Fund relate to general administration, police and fire protection, maintenance of public streets, economic development, and culture and recreation.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

2) Special Revenue Funds

The TIF (Tax Incremental Financing Fund) is used to account for property taxes received to be expended for construction of specific projects within the TIF District.

The Road Use Tax Fund is used to account for the operation of street maintenance and construction financed by allocations of state fuel taxes.

The Local Option Sales Tax Fund is used to account for the collection of a 1% local option sales tax to be expended for industrial development, infrastructure and for property tax relief.

3) Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt, principal, interest, and related costs.

4) Capital Project Funds

The Fire Station Project Fund is used to account for the cost of construction of the new fire station. The 2011, 2013 and 2013-2014 Street Project Funds, South Frontage Road and Country Club Road Funds are used to account for the cost of street reconstruction.

Proprietary Fund Types – The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. Operating revenues and expenses are distinguished from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of enterprise funds are charges to customers for services. Operating expenses consist of cost of sales and services, administrative expenses, and depreciation on capital assets. The U.S. generally accepted accounting principles used are those applicable to similar businesses in the private sector.

1) Enterprise Funds – Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis should be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City maintains several business-type activities. The major enterprise funds are listed as follows:

The Electric Fund is used to account for the operation and maintenance of the City's electric system.

The Water Fund is used to account for the operation and maintenance of the City's water system.

The Sewer Fund is used to account for the operation and maintenance of the City's sewer system.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

- 2) Internal Service Funds – Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-recovery basis.

The City's internal service funds are presented in the proprietary fund financial statements.

Risk Insurance – The City operates an insurance deductible fund that accounts for all deductibles on insurance claims owed by the other organizational units of the City. The financial statements of the risk insurance internal service fund are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity and are not eliminated in the process of consolidation.

Health Insurance Deductibles – The City operates a health insurance deductible fund that accounts for all deductibles on employee health insurance claims owed by the other organizational units of the City. The financial statements of the health insurance deductible internal service fund are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity and are not eliminated in the process of consolidation.

D. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end.

Property tax, local option sales tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City maintains its financial records on the cash basis. The financial statements of the City are prepared by making memorandum adjusting entries to the cash basis financial records.

E. Budgets

Chapter 384, Section 16, of the State Code of Iowa requires the adoption of an annual budget on or before March 15 of each year, which becomes effective July 1 and constitutes the appropriation for each program specified therein until amended. The City budget may be amended for specified level purposes and budget amendments must be prepared and adopted in the same manner as the original budget. Appropriations, as adopted and amended, lapse at the end of the fiscal year.

Annual budgets are adopted on the cash basis of accounting for all governmental funds. The City's budget is prepared on the cash basis of accounting. The legal level of control (the level on which expenditures may not legally exceed appropriations) is the program level for all funds combined rather than at the individual fund level. This level of control is at a level higher than the individual fund. It is necessary, therefore, to aggregate the expenditures of governmental fund types with expenses of proprietary fund types on a program level basis and to compare such program totals to program budgeted totals in order to demonstrate legal compliance with budget. Legal budget compliance for cities in the State of Iowa is applied only to expenditures.

The Budgetary comparison and related disclosures are reported as Required Supplementary Information.

F. Cash and Cash Equivalents and Investments

The City is authorized by statute to invest public funds not currently needed for operating expenses in notes, certificates, bonds, prime eligible bankers acceptances, certain high rated commercial paper, perfected repurchase agreements, or other evidences of indebtedness which are obligations of or guaranteed by the United States of America or any of its agencies, or in time deposits or savings accounts in depositories approved by the City Council.

- 1) Cash and Cash Equivalents
Includes investments with original maturities of three months or less.
- 2) Investments
The City uses the following methods in determining the reported amounts.

<u>Type</u>	<u>Method</u>
Nonnegotiable Certificates of Deposit	Cost

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Property Tax Receivable, Including Tax Increment Financing

Property tax in Governmental Funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the City Council to the County Board of Supervisors. Current year delinquent property taxes receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the City Council to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City Council is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2012 assessed property valuations; is for the tax accrual period July 1, 2013 through June 30, 2014 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2013. Any county collections on the 2013-2014 tax levy remitted to the City within 60 days subsequent to June 30, 2014, are recorded as property tax revenue.

H. Customer Accounts and Unbilled Usage

Accounts receivable are recorded in the Enterprise Funds at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

I. Short-Term Interfund Receivables/Payables

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets, and service debt. To the extent that certain transactions between funds have not been paid or received as of June 30, 2014, balances of interfund amounts payable or receivable have been recorded as "due to other funds" and "due from other funds", respectively. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as interfund balances.

J. Due from Other Governments

Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

K. Inventories

Inventories of the proprietary fund types are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. The inventory amounts are not material and therefore not recorded on the balance sheet.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

L. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2014 are recorded as prepaid items.

M. Restricted Cash

Cash restricted for utility deposits.

N. Property and Equipment

Assets with an initial individual cost of \$1,000 or more are considered capital assets. Property and equipment are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed assets are reported at their fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Historical infrastructure has not been recorded on these financial statements other than buildings and improvements. GASB 34 does not require the City of Onawa to record the historical infrastructure costs. Depreciation on all assets is provided on the straight-line basis over the following estimated lives:

Buildings	39 - 50 Years
Utility Plant	20 - 33 Years
Machinery and Equipment	3 - 20 Years
Infrastructure	15 - 70 Years

O. Compensated Absences

City employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2014. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

P. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the government-wide financial statements. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

Q. Fund Equity

Reserves represent those portions of fund equity legally segregated for a specific future use.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

R. Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except interfund services provided and used transactions and reimbursements, are reported as transfers.

S. Landfill Closure Costs

The City is part of an Iowa Code Section 28F agreement with the Monona County Landfill Commission and, therefore, not required to account for landfill post-closure costs.

T. Fund Equity

Fund balances for each of the City's governmental funds (General Fund, special revenue funds, capital projects funds, and debt service funds) will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

- *Nonspendable fund balance* – amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact
- *Restricted fund balance* – amounts that can be spent only for specific purposes because of constraints imposed by external providers (such as grantors, bondholders, and higher levels of government), or imposed by constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts which can be used only for specific purposes pursuant to constraints formally imposed by the City Council through city ordinance approved prior to year end. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same action it employed to commit those amounts.
- *Assigned fund balance* – amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed. City council approval is required to be taken to assign amounts to a specific purpose.
- *Unassigned fund balance* – amounts that are available for any purpose; these amounts can be reported only in the City's General Fund.

When the City incurs an expenditure and both restricted and unrestricted amounts are available, the City considers restricted amounts to have been spent. When the City incurs an expenditure for an unrestricted amount, committed amounts are reduced first, followed by assigned amounts and then unassigned amounts for purposes in which any of those unrestricted fund balance classification could be used.

In addition, the Statement clarifies the definitions of the various types of governmental funds. Interpretations of certain terms within the new definition of special revenue funds may affect which activities the City can report in special revenue funds.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS

The City's deposits at June 30, 2014, were entirely covered by Federal Depository Insurance collateralized with securities or letters of credit held by the City or by a multiple financial institution collateral pool in accordance with Chapter 12C of the Code of Iowa. Chapter 12C provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligation of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts.

Deposits at June 30, 2014, are shown below:

	<u>Primary</u>	<u>Bank</u>
	<u>Government</u>	<u>Balance</u>
Demand Deposits	\$ 1,993,820	\$ 2,009,758
Savings Deposits	961,470	962,737
Certificate of Deposits	843,580	843,580
	<u>\$ 3,798,870</u>	<u>\$ 3,816,075</u>

The primary government's investments are categorized to give an indication of the level of risk assumed by the City at year-end. At June 30, 2014, the City's investments are in a category characterized as investments that are insured or registered or for which the securities are held by the City or its agent in the City's name.

There were no significant changes in investments held during the fiscal year ended June 30, 2014.

Note 3 - RECEIVABLES

Receivables at June 30, 2014 are net of allowance for uncollectibles. The allowance for uncollectibles of the enterprise funds of the primary government was \$20,459 at June 30, 2014.

Note 4 - DUE FROM OTHER GOVERNMENTS

At June 30, 2014, amounts due from other governments were as follows:

Due from the Iowa Department of Transportation for road use tax allocations	\$23,131
Due from the State of Iowa for local option sales taxes	36,284
Total Due From Other Governments	<u>\$59,415</u>

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 5 - INTERFUND RECEIVABLES AND PAYABLES

As of June 30, 2014, short-term interfund borrowings were as follows:

Fund Due To:	Fund Due From:						Totals
	TIF	Fire Station Fund	Nonmajor Governmental Funds	2011 Street Project	Health Insurance	General Fund	
Special Revenue:							
Local Option Sales Tax	\$ 69,626	\$200,782	\$ 79,294	\$317,455	\$ 4,439	\$48,404	\$ 720,000
Proprietary - Electric Fund	181,054						181,054
Proprietary - Sewer Fund	200,000						200,000
Totals	<u>\$450,680</u>	<u>\$200,782</u>	<u>\$ 79,294</u>	<u>\$317,455</u>	<u>\$ 4,439</u>	<u>\$48,404</u>	<u>\$1,101,054</u>

The Purpose of the interfund balances is to help finance short-term cash shortages of various funds.

Note 7 - LONG-TERM DEBT

General Obligation Bonds

General obligation bonds have been issued for the governmental activities. These bonds are direct obligations and pledge the full faith and credit of the City.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 7 - LONG-TERM DEBT – (Continued)

The City has issued general obligation bonds as follows:

\$830,000 2012 General Obligation Bonds due in annual installments of \$100,000 to \$125,000 through 2019.

\$650,000 2010 General Obligation Bonds due in annual installments of \$40,000 to \$55,000 through 2025.

General obligation bonds outstanding as of June 30, 2014 are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amounts</u>
Governmental Activities – Library	.85 – 1.60%	\$ 585,000
Governmental Activities – Fire	2.00 - 4.05%	530,000
		<u>1,115,000</u>
Net unamortized bond discount		(5,709)
Total General Obligation Bonds on Statement of Net Position		<u>\$ 1,109,291</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2015	\$ 165,000	\$ 23,935
2016	165,000	22,073
2017	165,000	19,860
2018	165,000	17,295
2019	145,000	14,378
2020-2024	255,000	40,137
2025	55,000	2,227
Total	<u>\$ 1,115,000</u>	<u>\$ 139,905</u>

Revenue Bond

The City entered into a Loan (Revenue Bond) Agreement with the Iowa Finance Authority in the amount of \$1,560,000 for the construction of a water system. The loan has an interest rate of 3% and a servicing fee of .25%. The city has agreed to establish rates and other charges to be sufficient to meet the expenses of the water system and to produce and maintain net revenues at a level not less than 110% of the principal and interest of the revenue bond. The rates for year ending June 30, 2014 were sufficient enough to meet 110% requirement. The outstanding loan amount at June 30, 2014 was \$1,385,000.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 7 - LONG-TERM DEBT – (Continued)

Revenue bond debt service requirements to maturity are as follows:

Year Ended June 30	Principal	Interest	Service Fee	Total
2015	\$ 62,000	\$ 41,550	\$ 3,463	\$ 107,013
2016	64,000	39,690	3,307	106,997
2017	66,000	37,770	3,148	106,918
2018	69,000	35,790	2,983	107,773
2019	71,000	33,720	2,810	107,530
2020-2024	390,000	135,270	11,273	536,543
2025-2029	458,000	72,840	6,070	536,910
2030-2031	205,000	9,270	773	215,043
TOTAL	\$ 1,385,000	\$ 405,900	\$ 33,827	\$ 1,824,727

Changes in Long-Term Liabilities

Long-Term Liability activity for the year ended June 30, 2014, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Due Within One Year
Primary Government:					
Governmental Activities:					
Bonds Payable:					
General Obligation	\$ 1,280,000		\$ 165,000	\$ 1,115,000	\$ 165,000
Other Postemployment Benefits	7,238	\$ 3,526		10,764	
Compensated Absences	45,975	41,820	45,076	42,719	10,680
Total	<u>1,333,213</u>	<u>45,346</u>	<u>210,076</u>	<u>1,168,483</u>	<u>175,680</u>
Business-Type Activities:					
Revenue Bonds	1,445,000		60,000	1,385,000	62,000
Compensated Absences	50,377	42,346	39,705	53,018	12,355
Total	<u>\$ 1,495,377</u>	<u>\$ 42,346</u>	<u>\$ 99,705</u>	<u>\$ 1,438,018</u>	<u>\$ 74,355</u>

For the governmental activities, other post employment benefits, and compensated absences, obligations are generally liquidated by the general fund and the general obligation bonds will be repaid by debt service tax levies.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 8 - TRANSFERS

The following is a summary of transfers between funds:

Transfers From:	Transfers To:				Totals
	General	Fire Station Project	2011 Street Project	Debt Service	
Business-Type Activities:					
Electric	\$ 12,000				\$ 12,000
TIF		\$ 250,000	\$ 329,975	\$ 19,246	599,221
Local Option Sales Tax	176,250				176,250
Nonmajor Governmental	485				485
Totals	\$ 188,735	\$ 250,000	\$ 329,975	\$ 19,246	\$ 787,956

Transfers are used to:

1. Move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.
2. To move receipts restricted to debt service from the fund collecting the receipts to the debt service fund as debt service payments become due.
3. To use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.
4. To move receipts collected by Business-Type Activity funds to General Fund in accordance with budgetary authorizations.

Note 9 - PENSION AND RETIREMENT

Iowa Public Employees Retirement System - The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute plan to members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Most plan members are required to contribute 5.95% of their annual covered salary and the City is required to contribute 8.93% of annual covered payroll except for public safety employees, in which case, the percentages are actuarially determined. Contribution requirements are established by state statute. The City contribution to IPERS for the years ended June 30, 2014, 2013, and 2012 were \$97,135, \$91,339, and \$97,261, respectively, equal to the required contributions for each year.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description. The City operates a single-employer group health plan which provides medical/prescription drug benefits for retirees and their spouses, under COBRA provisions. There are 24 active members in the plan. Participants must be age 55 or older with at least ten years of service at retirement.

The medical/prescription drug coverage is a partially self-funded medical plan, administered by Three Rivers Benefit Corporation. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy. The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis with the funds being paid from the governmental fund related to the various employees.

Annual OPEB Cost and Net OPEB Obligation. The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the City's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan and the City's net OPEB obligation:

Annual required contribution	\$ 3,526
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost	<u>3,526</u>
Contributions made	<u>-</u>
Increase in net OPEB obligation	3,526
Net OPEB obligation beginning of year	<u>7,238</u>
Net OPEB obligation end of year	<u>\$ 10,764</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2013. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2014.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation as of June 30, 2014 are summarized as follows:

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 10 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) – (Continued)

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2014	\$ 3,526	-0-	\$10,764
June 30, 2013	\$ 3,526	-165%-	\$ 7,238
June 30, 2012	\$ 3,360	-0-	\$ 9,526

Funded Status and Funding Progress. As of July 1, 2013, the most recent actuarial valuation date for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$36,301, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$36,301. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$937,869 and the ratio of the UAAL to covered payroll was 3.9%. As of June 30, 2014, there were no trust fund assets.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the Notes to Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of July 1, 2013 actuarial valuation date, the Alternative Measurement Method (AMM) permitted under GASB Statement 45, a simplified version of the Projected Unit Credit Actuarial Cost Method was used to determine the annual required contribution. The actuarial assumptions include a 4.5% investment return rate based on the City's funding policy, 3% salary increases and a 3% inflation rate. The projected annual medical trend rate is 9%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 1% each year until reaching the 5% ultimate trend rate.

Mortality rates are from the 2004 United States Life Tables. Based on the assumption that retirees were to participate in the insurance until their sick leave account was exhausted. At that time continued participation was assumed to be 10% for active employees that are currently waiving coverage.

Projected claim costs of the medical plan are \$12,471 and \$14,990 annually for retirees and spouses, respectively, less than age 65. The salary increase rate was assumed to be 3.0% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 11 - DEFICIT FUND EQUITY

The City has nine funds with deficit equity balances at June 30, 2014. The City intends to finance these deficits from various resources including general funds, special assessments to be collected and future property tax levies and TIF revenues. The individual fund deficits were as follows:

Special Revenue – TIF	\$ 450,680
Capital Project – Fire Station Project.....	200,782
Capital Project – 2011 Street Project	313,832
Capital Project – 2013-2014 Street Project – 13 th Street.....	25,652
Capital Project – 2013-2014 Street Project – 15 th Street.....	7,782
Capital Project – South Frontage Road.....	18,593
Capital Project – Country Club Road.....	7,953
Capital Project – 2013 Street Project	439
Capital Project – Library Project.....	\$ 21,268

Note 12 - OTHER FUNDS

The following nonmajor funds have Restricted Fund Balances for specific purposes:

I-Jobs:	For I-Jobs expenditures	\$ 29,202
Airport Project:	For airport project	\$ 12,756

The following nonmajor funds have Nonspendable Fund Balances:

Cemetery Perpetual Care:	For cemetery maintenance	\$ 95,150
Library Endowment Fund:	For library books, etc.	\$ 33,020

The following nonmajor funds have Unassigned Deficit Fund Balances:

Library Project	\$(21,268)
-----------------	------------

Note 13 - RISK MANAGEMENT

The City is a member of the Iowa Communities Assurance Pool as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 679 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 13 - RISK MANAGEMENT – (Continued)

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The City's property and casualty contributions to the risk pool are recorded as disbursements from its operating funds at the time of payment to the risk pool. The City's contributions to the Pool for the year ended June 30, 2014 were \$91,232.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$15,000,000 such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location, with excess coverage reinsurance by the Travelers Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. As of June 30, 2014, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim has incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contributions. If a member withdraws after the sixth year, the member is refunded 100% of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

Note 14 - INVESTMENT IN WIMECA

Western Iowa Municipal Electric Cooperative Association (WIMECA) was incorporated on December 4, 1973, under the laws of Iowa. The Association operates as a cooperative for six municipalities. The primary activity of the Association is the acquisition of electric power and energy which is sold to its member municipalities.

It is the intent of the Association to operate on a nonprofit basis and, accordingly, earnings are distributed in accordance with the provisions of Chapter 499 of the Code of Iowa. In order to comply with such provisions, earnings must first be allocated to meet certain reserve and surplus requirements with remaining earnings allocated to the account of each member municipality based on the proportion of business which each municipality has done with the Association during the year. The City of Onawa's Electric Enterprise Fund's proportion of business for the year ended December 31, 2013 represents 32.09% of the total member business.

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Note 14 - INVESTMENT IN WIMECA – (Continued)

The last available information for WIMECA is from its December 31, 2013 independent audit report. These financial statements are available at the City office.

At December 31, 2013, the summary financial information of WIMECA is as follows:

Total Assets	\$ <u>6,239,906</u>
Total Liabilities	647,252
Total Equity	<u>5,592,654</u>
Total Liabilities and Equity	<u>6,239,906</u>
Total Revenue	7,351,546
Total Expense	<u>6,815,737</u>
Net Earnings	\$ <u>535,809</u>

At December 31, 2013, WIMECA had no outstanding bonds.

At June 30, 2014, the City of Onawa Electric Enterprise Fund investment in WIMECA was as follows:

Beginning Balance at July 1, 2013	\$ 1,844,848
Add: Net Earnings	171,941
Less: Dividends Paid	<u>(93,824)</u>
Ending Balance at June 30, 2014	\$ <u>1,922,965</u>

Note 15 - CONTINGENCIES AND COMMITMENTS

On June 21, 2010, the City Council authorized the City to enter into a garbage hauling contract with Ross Enterprises, Inc. for the period of July 1, 2010 through June 30, 2015 at an annual cost of approximately \$130,000 for FY 2011, with an annual increase of approximately 2.5% for FY 2012 - FY 2015, based on the number of customers. This annual cost is subject to adjustment based on increases in fuel costs.

Note 16 - PRIOR PERIOD ADJUSTMENT

In previous years bond issuance costs were deferred and amortized over the term of the bonds. During the year ended June 30, 2014, the City implemented Governmental Accounting Standards Board Statement No 65 requiring these costs to be recognized in the period the loan was originated. A prior period adjustment was reported on the financial statements to recognize the effect of the removal of the unamortized bond issue costs. The prior period adjustment decreased the beginning balance of the net position of the governmental activities by \$32,218. The prior period adjustment also decreased the beginning balance of the net position of the business-type activities by a total of \$15,713 which reduced the water enterprise fund beginning balance.

Note 17 - SUBSEQUENT EVENTS

The City has evaluated all subsequent events through December 5, 2014, the date the financial statements were available to be issued.

Note 18 - NEW GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STANDARDS

The Governmental Accounting Standards Board (GASB) has issued three statements not yet implemented by the City. The statements which might impact the City are as follows:

CITY OF ONAWA, IOWA
Notes to Financial Statements
June 30, 2014

Statement No. 68, Accounting and Financial Reporting for Pensions; an amendment of GASB Statement 27, issued June 2012, will be effective for the fiscal year ending June 30, 2015. The objective of this Statement is to improve information provided by state and local governmental employers about financial support for pensions that is provided by other entities.

Statement No. 69, Government Combinations and Disposals of Government Operations, issued January 2013, will be effective for the fiscal year ending June 30, 2015. The objective of this Statement is to improve financial reporting by addressing accounting and financial reporting for government combinations and disposals of government operations. The term government combinations is used in this Statement to refer to a variety of arrangements including mergers and acquisitions.

The City's management has not yet determined the effect these statements will have on the City's financial statements.

CITY OF ONAWA, IOWA

CITY OF ONAWA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2014

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except Agency Funds and the Internal Service Funds, and appropriates the amount deemed necessary for each of the different City offices and departments. The budgets may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund. These nine functions are: public safety, public works, community and economic development, health and social services, culture and recreation, general government, debt service, capital projects, and business-type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund.

The following schedule demonstrates the City's legal compliance to the budget.

<u>Function</u>	<u>Budgeted Original</u>
Public Safety	\$ 910,167
Public Works	635,743
Culture & Recreation	534,291
Community & Economic Development	118,250
General Government	221,650
Capital Projects	1,611,274
Debt Service	191,049
Business-Type Activities	4,933,235
Total	<u>\$ 9,155,659</u>

STATISTICAL SECTION

(NOT COVERED BY AUDITORS' REPORT)

CITY OF ONAWA, IOWA

**CITY OF ONAWA
STATISTICAL SECTION**

This part of the City of Onawa's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents:	Pages
Financial Trends	73 – 83

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity	84 – 88
------------------	---------

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity	89 – 93
---------------	---------

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information	94
--------------------------------------	----

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information	95 – 103
-----------------------	----------

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual reports for the relevant year.

Total Primary Government Activities Net Position	<u>\$ 12,956,432</u>	<u>\$ 13,663,945</u>	<u>\$ 14,254,782</u>	<u>\$ 14,865,591</u>

Notes:

¹ Accounting standards require that the net position be reported in three components in the financial statements: Invested in capital assets, net of related debt; restricted and unrestricted. The net position is considered restricted only when (1) an external party, such as the State of Iowa or the federal government, places restrictions on how the resources may be used, or (2) enabling legislation is enacted by the City.

Notes:

¹ Net (expense)/revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and other general revenues.

Notes:

The fluctuations in the fund balance result from construction projects in which funds are borrowed in one year and spent in another fiscal year.

The City implemented GASB 54 in 2011, which changed fund balance classifications for periods beginning after June 15, 2010.

COMMENTS AND RECOMMENDATIONS

CITY OF ONAWA, IOWA

CITY OF ONAWA, IOWA
SCHEDULE OF PRIOR AUDIT FINDINGS
YEAR ENDED JUNE 30, 2013

Status of Prior Audit Findings

II-A-13 Segregation of Accounting Functions

Observation - The finding was incompatible accounting functions regarding cash receipts are handled by the same employee.

Recommendation - The auditor recommended that one employee be designated to open the mail and make a prelist of receipts, one employee post the receipts and the employee who opens the mail make the bank deposit.

Current Status - The City did not correct this weakness, and it is renumbered below as II-A-14.

III-H-13 Financial Condition

Condition - The finding was fund deficits in several individual funds.

Recommendation - The auditor recommended the City monitor these funds and investigate alternatives to eliminate these deficits.

Current Status - The City did not correct this audit finding, and it is renumbered below as III-H-14.

III-I-13 Water Loss

Condition - The finding was percentage water loss calculated was significantly greater than the allowable rate set by the Iowa Department of Natural Resources.

Recommendation - The auditor recommended the City should ensure all usage locations are metered and all meters are read on a routine basis. In addition, the City should attempt to locate major leaks and repair or replace as necessary.

Current Status - The City did not correct this audit finding, and it is renumbered below as III-I-14.

III-J-13 Annual Financial Report

Condition - The finding was the annual financial report was not filed by December 1.

Recommendation - The auditor recommended the City should file the report by December 1.

Current Status - The City did not correct this audit finding, and it is renumbered below as III-J-14.

CITY OF ONAWA, IOWA
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED JUNE 30, 2014

Part I: Summary Of the Independent Auditors' Results

- A. Unqualified opinions were issued on the financial statements.
- B. A significant deficiency in internal control over financial reporting was disclosed by the audit of the financial statements and is considered a material weakness.
- C. The audit did not disclose any non-compliance which is material to the financial statements.

Part II: Findings Related to the Financial Statements

Material Weakness:

II-A-14 Segregation of Accounting Functions

Observation - An important aspect of internal control is the segregation of accounting functions among employees. Several incompatible accounting functions regarding cash receipts are handled by the same employee.

Recommendations - We recommend that one employee be designated to open the mail and make a prelist of receipts, one employee post the receipts and the employee who opens the mail make the bank deposit.

Response - Due to the number of personnel in the office, it is not feasible at this time to break down the segregation of duties any further.

Conclusion - We realize that there are a limited number of personnel available and we accept the City's response. Our purpose in making this observation is to remind management of the careful attention and scrutiny of the records that is necessary when a limited number of personnel are available which makes ideal controls impossible.

Instances of Non-Compliance:

No matters were reported.

CITY OF ONAWA, IOWA

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2014

Part III: Other Findings Related to Required Statutory Reporting

- III-A-14 Certified Budget - Disbursements did not exceed the amount budgeted in any function and the amended budget was adopted by May 31.
- III-B-14 Questionable Disbursements - We noted no disbursements for parties, banquets or other entertainment for employees that we believe may constitute an unlawful expenditure from public funds as defined in an Attorney General's opinion dated April 25, 1979.
- III-C-14 Travel Expense - No expenditures of City money for travel expense of spouses of City officials or employees were noted.
- III-D-14 Business Transactions - No significant transactions between the City and City officials or employees were noted.
- III-E-14 Bond Coverage - Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure the coverage is adequate for current operations.
- III-F-14 Council Minutes - No transactions were found that we believe should have been approved in the Council minutes but were not. Closed sessions appear to have been handled and documented according to Chapter 21 of the Code of Iowa. Publication of Council minutes appear to be completed within fifteen days.
- III-G-14 Deposits and Investments - No instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- III-H-14 Financial Condition - There were fund deficits in the following individual funds at June 30, 2014:

Special Revenue - TIF	\$ 450,680
Capital Project - Library Expansion	\$ 21,268
Capital Project - 2011 Street Project	\$ 313,832
Capital Project - Fire Station	\$ 200,782
Capital Project - 2013 Street Project	\$ 439
Capital Project - 13 th Street Project	\$ 25,652
Capital Project - 15 th Street Project	\$ 7,782
Capital Project - South Frontage Road Project	\$ 18,593
Capital Project - Country Club Road Project	\$ 7,953

Recommendation - The City should monitor these funds and investigate alternatives to eliminate these deficits.

Response - The City intends to finance these deficits from various resources including general funds, special assessments to be collected, and future property tax levies.

Conclusion - Response accepted.

CITY OF ONAWA, IOWA

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2014

III-I-14 Water Loss - The percentage water loss calculated was significantly greater than the allowable rate set by the Iowa Department of Natural Resources.

Recommendation - The City should ensure all usage locations are metered and all meters are read on a routine basis. In addition, the City should attempt to locate major leaks and repair or replace as necessary.

Response - The City is in the process of trying to identify potential leaks in the water system and are continually replacing water meters.

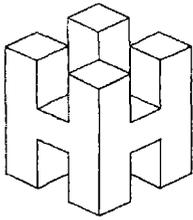

Conclusion - Response accepted.

III-J-14 Annual Financial Report - The annual financial report was not filed by December 1.

Recommendation - The annual financial report in future years should be completed by December 1 to comply with the Code of the State of Iowa.

Response - Historically, we have waited until the completion of the audit to ensure accuracy.

Conclusion - Response accepted.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and
Members of the City Council
City of Onawa, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the CITY OF ONAWA, IOWA, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Onawa, Iowa's basic financial statements and have issued our report thereon dated December 5, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Onawa, Iowa's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Onawa, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Onawa, Iowa's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified a deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the City of Onawa, Iowa's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control described in Part II of the accompanying Schedule of Findings and Responses as item II-A-14 to be a material weakness.

A *significant deficiency* is a deficiency or a combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Onawa, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in Part III of the accompanying Schedule of Findings and Responses.

City of Onawa, Iowa's Response to Findings

The City of Onawa, Iowa's response to findings identified in our audit is described in the accompanying Schedule of Findings and Responses. City of Onawa, Iowa's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
