INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the City Council
City of Redfield, Iowa

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Redfield, Iowa, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents of this report.

Management Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of the accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Redfield, Iowa at June 30, 2014, and the respective changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

Basis of Accounting

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a basis of accounting other than U.S. generally accepted accounting principles. My opinion is not modified with respect to this matter.

Other Matters

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Redfield's basic financial statements. The supplementary information included on pages 25 through 30 is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in my audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In my opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The other information, Management's Discussion and Analysis and budgetary comparison information on pages 4 through 9 and 22 through 24 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, I have also issued my report dated January 8, 2015 on my consideration of the City of Redfield's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Redfield's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Redfield provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2014. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

2014 Financial Highlights

Total cash basis net assets of the City of Redfield decreased by \$25,193, or 3.6% from \$693,689 to \$668,496. Of this amount, the assets of the governmental activities increased \$24,815 and the assets of the business-type activities decreased \$50,008.

Revenues of the City's governmental activities totaled \$666,385 compared to \$1,858,182 in 2013. Property taxes were \$292,855, and intergovernmental receipts totaled \$191,950.

Total disbursements for governmental activities were \$693,565 compared to \$1,706,365 for 2013. Public safety disbursements totaled \$74,854, public works \$184,405, community and economic development was \$62,479, culture & recreation was \$95,888 and capital projects totaled \$64,828.

Using this annual report

The annual report consists of a series of financial statements and other information as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

The Government-wide Financial Statement consists of a Statement of Activities and Net Assets. This statement provides information about the activities of the City as a whole and presents an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City's operations in more detail than the government-wide statement by providing information about the most significant funds.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Other Information further explains and supports the financial statements with a comparison of the City's budget for the year.

Supplementary Information provides detailed information about the non-major governmental funds.

Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

REPORTING THE CITY'S FINANCIAL ACTIVITIES

Government-wide Financial Statement

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Activities and Net Assets reports information, which helps answer this question.

The Statement of Activities and Net Assets presents the City's net assets. Over time, increases or decreases in the City's net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities and Net Assets is divided into two kinds of activities:

Governmental Activities include public safety, public works, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.

Business Type Activities include the waterworks and the sanitary sewer system. These activities are financed primarily by user charges.

Fund Financial Statements

The City has two kinds of funds:

1) Governmental funds account for most of the City's basic services. These focus on how money flows into and out of those funds, and the balances at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Road Use Tax and Urban Renewal Tax Increment, 3) the Debt Service Fund, 4) the Capital Projects Fund and 5) the Permanent Fund. The governmental fund financial statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statements for governmental funds include a statement of cash receipts, disbursements and changes in cash balances.

2) Proprietary funds account for the City's Enterprise Funds. Enterprise Funds are used to report business type activities. The City maintains two Enterprise Funds to provide separate information for the water and sewer funds, considered to be major funds of the City.

The required financial statements for proprietary funds includes a Statement of cash receipts, disbursements, and changes in cash balances.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Water Fund reported \$302,845 in charges for services and miscellaneous income of \$2,630. Disbursements totaled \$351,634, resulting in a deficit of \$46,159. The Sewer Fund reported \$135,031 in charges for service, \$90 in interest income and disbursements and transfers of \$138,970, resulting in a deficit of \$3,849. Total cash basis Fund Balance at year end was \$352,140.

BUDGETARY HIGHLIGHTS

The City amended its budget on May 6, 2014, to provide for additional disbursements in certain City departments. The City of Redfield received funds from Region XII Housing Grant and a Prairie Meadows Grant along with donations for the Redfield City Park and Redfield Depot. Increased expenses were due to several water main breaks and other water expenses and nuisance abatements where several abated properties were demolished.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES

The City of Redfield’s elected and appointed officials and citizens considered many factors when setting the fiscal year 2015 budget, tax rates, and fees that will be charged for various City activities.

Debt Outstanding

Outstanding Debt at Year End

	<u>June 30, 2014</u>	<u>June 30, 2013</u>
Governmental:		
General Obligation	\$1,070,931	1,181,290

The Constitution of the State of Iowa limits the amount of general obligation debt cities can issue to 5% of the assessed value of all taxable property within the City’s corporate limits. The City’s outstanding general obligation debt of \$1,108,138 is below the constitutional debt limit of \$1,586,452.

TAX Rebates

The City of Redfield approved a three-year tax rebate to Heartland Co-Op on December 7, 2010. This property is located within the Urban Renewal Area. This rebate is for 100% of the increase in property taxes due to the increase in valuation of the property. The final tax rebate will be paid on June 30, 2015.

2013/14 <u>Rebate</u>	2012/13 <u>Rebate</u>
\$1,646	3,484

The City of Redfield approved a tax rebate to Smith Real Estate Company, L.L.C., on January 8, 2013, as this property is located within the Urban Renewal Area. This tax rebate will be for a period of 10 years at 100% of the increase in property taxes due to the increase in valuation created by the improvements made on the property.

Financial Contact

The City’s financial statements are designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City’s finances and to demonstrate the City’s accountability for the money it receives. CITY OF REDFIELD
Notes to the Financial Statements
June 30, 2014

(1) Summary of Significant Accounting Policies

The City of Redfield is a political subdivision of the State of Iowa located in Dallas County. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to its citizens, including public safety, public works, culture and recreation, community and economic development and general government services. The City also provides water, sewer and garbage collection for its citizens.

Reporting Entity

For financial reporting purposes, the City of Redfield has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the City.

The City of Redfield has no component units.

The City also participates in jointly governed organizations that provide goods or services to the citizens of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the Dallas County Zoning Board and the Dallas County E911 Service Board.

Basis of Presentation

Government-wide Financial Statements

The Cash Basis Statement of Activities and Net Position reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Cash Basis Statement of Activities and Net Position presents the City's nonfiduciary net position. Net position is reported in the following categories/components:

Nonexpendable restricted net position is subject to externally imposed stipulations which require the cash balances to be maintained permanently by the City, including the City's Permanent Fund.

Expendable restricted net position results when constraints placed on the use of cash balances are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of cash balances that do not meet the definition of the preceding categories. Unrestricted net position often has constraints on cash balances imposed by management, which can be removed or modified.

CITY OF REDFIELD

Notes to the Financial Statements – Continued

The Cash Basis Statement of Activities and Net Position demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

Fund Financial Statements

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue Funds:

The Road Use Tax Fund is used to account for road construction and maintenance.

The Local Option Sales Tax Fund is used to account for the collection and disbursement of local option sales tax. This fund is to be used for economic development or other general purposes.

Debt Service Fund – The Debt Service Fund is used to account for the payment of principal and interest on the City's general long-term debt.

The City reports the following major proprietary funds:

Water Fund – The Water Fund accounts for the operation and maintenance of the City's water system.

Sewer Fund – The Sewer Fund accounts for the operation and maintenance of the City's waste water treatment and sanitary sewer system.

Measurement Focus and Basis of Accounting

The City of Redfield maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable, and accrued items. Accordingly, the financial statements do not present financial position or results of operations of the funds in accordance with U.S. generally accepted accounting principles.

CITY OF REDFIELD

Notes to the Financial Statements – Continued

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balance and then to less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

Governmental Cash Basis Fund Balances

In the governmental fund financial statements, cash basis fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by grantors, creditors, or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Assigned – Amounts the Council intends to use for specific purposes.

Unassigned – All amounts not included in other spendable classifications.

Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Other Information.

(2) Pooled Deposits and Investments

The City's deposits at June 30, 2014 were entirely covered by Federal depository insurance, or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Funds that have deficit cash in bank balances are considered to have borrowed cash from other funds.

The City is authorized, by its investment policy, to invest public funds only in certificates of deposit or other evidences of deposit at federally insured depository institutions within the State of Iowa.

(4) Retirement System - IPERS

The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are administered by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Most regular plan members are required to contribute 5.95% of their annual salary and the City is required to contribute 8.93% of annual covered payroll. Contribution requirements are established by state statute. The City's contribution to IPERS for the years ended June 30, 2014 and 2013 were \$13,879 and \$12,803, equal to the required contributions for each year.

(5) General Long-Term Debt Account Group

Changes in the general long-term debt account group during the year ended June 30, 2014 are summarized as follows:

	General Obligation Capital Loan <u>Notes</u>	Landfill Closure and Postclosure <u>Costs</u>	<u>Total</u>
Balance at beginning of year	\$ 1,181,289	40,306	1,221,595

Balance at end of year	<u>\$ 1,070,931</u>	<u>37,207</u>	<u>1,108,138</u>

(6) Risk Management

The City of Redfield is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

CITY OF REDFIELD
Notes to the Financial Statements – Continued

(7) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement or death. City employees also accumulate a limited amount of earned but unused sick leave hours for subsequent use. Sick leave is payable when used. It is not paid upon termination, retirement or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate maximum liability for unrecognized accrued employee benefits is as follows:

<u>Type of Benefit</u>	<u>Amount</u>
Vacation	\$ 8,037
Sick leave	7,318
	<u>\$ 15,355</u>

The liability has been computed based on rates of pay as of June 30, 2014.

(8) Property Tax Calendar

Property taxes are collected and remitted to the City by the county government. Taxes are levied annually on July 1 based on an assessment as of January 1. Taxes are due one-half on September 30 in the year following the levy and one-half on the subsequent March 31. The lien date is July 1. Current and delinquent tax payments are recognized as receipts by the City when received.

(9) Budget Overexpenditure

Per the Code of Iowa, disbursements may not legally exceed budgeted appropriations at the function level. During the year ended June 30, 2014, disbursements in the debt service function exceeded the amounts budgeted.

(10) Interfund Transfers

The detail of interfund transfers during the year ended June 30, 2014 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
General Fund	Emergency Fund	\$ 5,232
Debt Service Fund	Local Option Sales Tax	43,000
	Proprietary Fund - Sewer	51,995
		<u>94,995</u>
Permanent Fund	General Fund	1,331
		<u>\$ 101,558</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

CITY OF REDFIELD

Notes to Other Information – Budgetary Reporting
June 30, 2014

The budgetary comparison is presented in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based on nine major classes of disbursements, known as functions, not by fund. These functions are public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Fund, the Permanent Fund and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment increased budgeted receipts by \$181,299 and increased budgeted disbursements by \$295,642. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2014, amounts expended exceeded budgeted amounts in the debt service function.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and
Members of the City Council
City of Redfield, Iowa

I have audited the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Redfield, Iowa, as of and for the year ended June 30, 2014, which collectively comprise the City's basic financial statements as listed in the table of contents and have issued my report thereon dated January 8, 2015. My report expressed unmodified opinions on the financial statements which were prepared on the basis of cash receipts and disbursements, a basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the City of Redfield's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing my opinion on the effectiveness of the City of Redfield's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the City of Redfield's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, significant deficiencies or material weaknesses may exist that were not identified. However, as described in the accompanying Schedule of Findings, I identified certain deficiencies in internal control that I consider to be significant deficiencies but none that I consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of the internal control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the City of Redfield's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider the deficiency described in Part II of the accompanying Schedule of Findings to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Redfield's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards. However, I noted certain immaterial instances of non-compliance that are described in Part III of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City of Redfield's operations for the year ended June 30, 2014 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements. Since my audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior year statutory comments have been resolved except for items 14-III-A, 14-III-F, 14-III-H, 14-III-I and 14-III-J.

The City of Redfield's Responses to Findings

The City of Redfield's responses to findings identified in my audit are described in the accompanying Schedule of Findings. The City of Redfield's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the City's internal control over compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF REDFIELD
Schedule of Findings
Year Ended June 30, 2014

Part I: Summary of Independent Auditor's Results

- (a) Unmodified opinions were issued on the financial statements which were prepared in conformity with another comprehensive basis of accounting.
- (b) A significant deficiency in internal control over financial reporting was disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.

CITY OF REDFIELD
Schedule of Findings
Year Ended June 30, 2014

Part II: Findings Related to the Financial Statements

Instances of Non-compliance

No matters were noted.

Significant Deficiency

14-II-A Segregation of Duties

One important aspect of the internal control over financial reporting is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. I noted that one employee is involved in cash receipts, bank deposits, cash disbursements, bank reconciliations, utility billing and general ledger accounting.

I realize that with the limited number of employees, improvement of these controls is not economically feasible. However, I believe management of the City should be aware of the situation.

Response: The Council is aware of the situation.

Conclusion: Response accepted.

CITY OF REDFIELD
Schedule of Findings
Year Ended June 30, 2014

Part III: Other Findings Related to Statutory Reporting

14-III-A Certified Budget

City expenditures during the year ended June 30, 2014 exceeded amounts budgeted therefore in the debt service function. Chapter 384 of the Code of Iowa prohibits such budget overruns. City officials should carefully monitor expenditures and prepare budget amendments when necessary.

Response: We will carefully monitor expenditures to avoid budget overruns.

Conclusion: Response accepted.

14-III-B Questionable Disbursements

I noted no expenditures for parties, banquets, or other entertainment for employees that I believe may constitute an unlawful expenditure from public funds as defined in an Attorney General's opinion dated April 25, 1979.

14-III-C Travel Expense

No expenditures of City money for travel expenses of spouses of City officials and/or employees were noted.

14-III-D Business Transactions

During the year ended June 30, 2014, there were no business transactions between the City and City officials.

14-III-E Bond Coverage

Surety bond coverage of City officials and employees is in accordance with statutory provisions.

14-III-F Council Minutes

No transactions were found that I believe should have been approved in the Council minutes but were not.

I did note occasions when the Council minutes were not published within fifteen days of the Council meeting in accordance with Chapter 372.13(6) of the Code of Iowa. In addition, the published minutes did not include the summary of receipts. The City should publish the Council minutes and required information within fifteen days of the Council meeting.

Response: We will attempt to publish the Council minutes within fifteen days of the meeting and include all necessary items.

Conclusion: Response accepted.

14-III-G Water Revenue Bonds

The provisions of the resolutions for the issuance of the revenue bonds relating to the funding of the sinking funds were followed.

CITY OF REDFIELD
Schedule of Findings
Year Ended June 30, 2014

14-III-H Deposits and Investments

The City has adopted an appropriate resolution regarding the deposit of public funds in an approved financial institution. During the year ended June 30, 2014, the maximum deposit amount specified in the resolution was exceeded. I noted no other instances of non-compliance with the deposit and investments provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy.

Response: Subsequent to the completion of the audit, the City has prepared and passed a new depository resolution which increases the maximum allowed deposits to the current required level.

Conclusion: Response accepted.

14-III-I Deficit Fund Balances

The Employee Benefits Fund had a deficit fund balance of \$9,497 at June 30, 2014. This deficit is to be eliminated through future property tax collections. The TIF Fund had a deficit fund balance of \$3,505 at June 30, 2014. This deficit is to be eliminated through future TIF collections. The Housing Rehab Fund had a deficit fund balance of \$18,000 at June 30, 2014. This deficit is to be eliminated through future grant receipts. The Capital Projects Fund had a deficit fund balance of \$68,085 at June 30, 2014. This deficit is to be eliminated through future transfers to the Capital Projects Fund. The City should carefully monitor these funds to be sure the deficits are eliminated.

Response: We will monitor the deficits to be certain they are eliminated.

Conclusion: Response accepted.

14-III-J Invoice Processing

It was noted that the City overpaid an invoice in the amount of \$92.40 that was not clerically accurate. The City should contact the vendor about the erroneous payment to receive a refund of the overpayment. The City should also monitor invoices more carefully to prevent future erroneous payments.

Response: We will improve the methods of monitoring invoices and have obtained a refund from the vendor.

Conclusion: Response accepted.
