INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Eastern Iowa Community College District
Davenport, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of Eastern Iowa Community College District (District), Davenport, Iowa, and its discretely presented component units, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Scott Community College Foundation or Eastern Iowa Community College District Foundation as discussed in Note 1, which represent 17.8 percent of the assets and 17.2 percent of the net assets, respectively, and 26.7 percent of the revenues of the discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the component units, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Muscatine Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, and Scott Community College Foundation, which are discretely presented component units, were not audited in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the

entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of Eastern Iowa Community College District and its discretely presented component units, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Funding Progress for the Retiree Health Plan information on pages 5 through 13 and 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Eastern Iowa Community College District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the five years ended June 30, 2013 (which are not presented herein) and expressed unmodified opinions on those financial statements. The financial statements for the four years ended June 30, 2008, were audited by other auditors whose reports expressed unmodified opinions on those financial statements. The statements and schedules listed in the table of contents as supplementary information, as well as the accompanying schedule of expenditures of federal awards as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The supplementary information is the responsibility of Eastern Iowa Community College District's management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2014, on our consideration of Eastern Iowa Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Eastern Iowa Community College District's internal control over financial reporting and compliance.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014**

Eastern Iowa Community College District provides this Management's Discussion and Analysis of the District's annual financial statements. This narrative overview and analysis of the financial activities of Eastern Iowa Community College District is for the fiscal year ended June 30, 2014. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

Eastern Iowa Community College District is a public, comprehensive community college district established by Iowa Code 260C.1 in 1966 that includes Clinton, Muscatine, and Scott Community Colleges. The District encompasses all or part of eight counties, serving a population base of almost 285,840 citizens. Each year, the District serves 6,661 full-time equivalent credit students in approximately 60 arts and science and 49 career technology award programs. Non-credit programming serves 64,492 participants each year in areas such as adult basic education, job skills training, English as a Second Language, computer skills training, state-mandated training, community interest classes, and developmental education. The District provides a variety of services and customized training for business and industry and offers more targeted training through its three technology centers, the Advanced Technology Environmental Education Center (ATEEC), the Clinton Community College Technology Center, and the John T. Blong Technology Center.

The District is governed by a nine-member Board of Directors whose members are elected to four-year terms by voters within their individual districts. The EICCD colleges are accredited as a single district as part of the Higher Learning Commission/North Central Association's Academic Quality Improvement Program (AQIP).

In addition to its three main campuses in Bettendorf, Clinton, and Muscatine, EICCD operates additional attendance sites in Clinton, Wilton, Davenport, Columbus Junction and Maquoketa. The District has a strong emphasis on creating partnerships with area K-12 schools, other higher education institutions, local governments, and business and industry. These partnerships, along with a focused effort to secure grant funding, have allowed the District to continue to serve the needs of its communities, even in times of decreased state funding.

The District has the following discretely presented component units: Muscatine Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, Scott Community College Foundation, and Eastern Iowa Community College District Foundation (Foundations). The Foundations' purpose is to support the District through donations to provide scholarships to students and for the enhancement and extension of facilities, equipment, and services.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014**

Financial Highlights

- District revenues totaled \$71,455,187 compared to \$72,581,220 for 2013.
- District expenses were \$68,367,362 compared to \$68,344,635 for 2013.
- The District's net position increased \$3,087,825 or 3.6% from fiscal year 2013. Fiscal year 2013 net position increased \$4,236,585 or 5.2% from fiscal year 2012.

Using This Annual Report

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The basic financial statements consist of a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows. These provide information about the activities of the District as a whole and present an overall view of the District's finances. The District presents schedules of discretely presented component units' financial statements in separate presentations.

Notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Required supplementary information presents the Schedule of Funding Progress for the Retiree Health Plan.

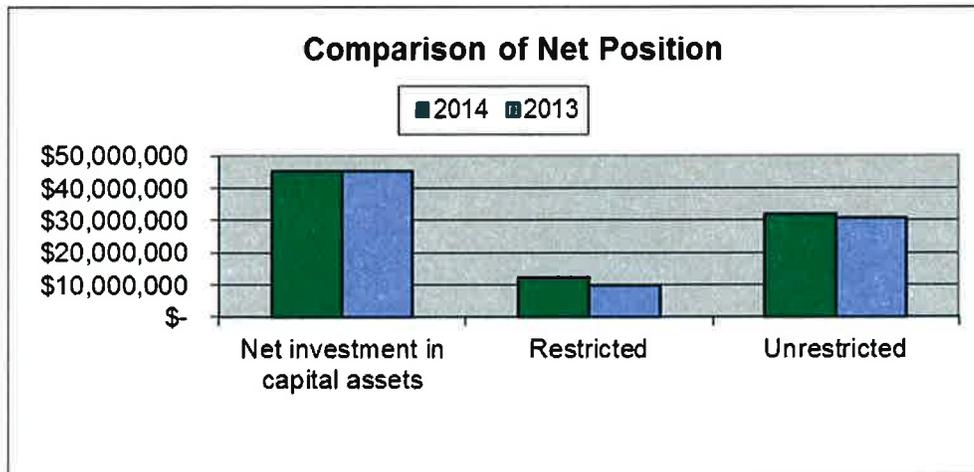

Supplementary information further explains and supports the financial statements with a comparison of the District's budget for the year, and the supplementary information provides detailed information about the individual funds of the District. The Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

Reporting the District as a Whole

Statement of Net Position: The Statement of Net Position presents the assets, liabilities, and deferred inflows or resources, with the difference reported as net position. The Statement of Net Position is a point-in-time financial statement. The purpose of this statement is to present a fiscal snapshot of the District to the readers of the financial statements. The Statement of Net Position includes year-end information concerning current and noncurrent assets, current and noncurrent liabilities, deferred inflows of resources and net position. Over time, readers of the financial statements will be able to determine the District's financial position by analyzing the increases and decreases in net position. This statement is also a good source for readers to determine how much the District owes to outside vendors and creditors. The statement also presents the available assets that can be used to satisfy those liabilities.

The largest portion of the District's net position (50.7%) for 2014 and (52.7%) for 2013 is the net investment in capital assets (e.g., land, buildings, and equipment), less the related debt. The debt related to the capital assets is liquidated with resources other than capital assets. The restricted portion of the net position (13.4%) for 2014 and (11.6%) for 2013 includes resources that are subject to external restrictions. The remaining net position (35.9%) for 2014 and (35.7%) for 2013 is the unrestricted net position that can be used to meet the District's obligations as they come due.

Statement of Revenues, Expenses and Changes in Net Position: Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues earned by the District, both operating and non-operating, and the expenses incurred by the District, operating and non-operating, and any other revenues, expenses, gains and losses received or spent by the District. In general, a public college, such as Eastern Iowa Community College District, will report an operating loss since the financial reporting model classifies state appropriations and property taxes as non-operating revenues. Operating revenues are received for providing goods and services to the various students, customers and constituencies of the District. Operating expenses are those expenses paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the District. Non-operating revenues are revenues received for which goods and services are not provided. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life.

Ending	<u>\$ 52,984,167</u>	<u>\$ 50,007,197</u>

Cash used for operating activities includes tuition, fees, grants and contracts, net of payments to employees and to suppliers. Cash provided by non-capital financing activities includes state appropriations and local property taxes received by the District. Cash used by capital and related financing activities represents the proceeds from debt, the principal and interest payments on debt, and the purchase of capital assets. Cash provided by investing activities includes investment income earned.

Economic factors

Eastern Iowa Community College District continued to improve its financial position during the current fiscal year. However, the current condition of the economy in the state continues to be a concern for District officials. Some of the realities that may potentially become challenges for the District to meet are:

- Expenses will increase as the number of students' increases. The costs associated with serving students will continue to rise, but not more than the expected increase in tuition income.
- Facilities at the District require constant maintenance and upkeep, but these expenditures will be funded through the Plant Fund.

The District anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the District's ability to react to unknown issues.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Eastern Iowa Community College District (District) is a publicly-supported post-secondary two-year institution established and operated by Merged Area IX under the provisions of Chapter 260C of the Code of Iowa.

In fulfilling the responsibilities assigned to it by law, Eastern Iowa Community College District offers a comprehensive educational program and support services to serve local and state needs. The District offers arts and science courses, career education, adult education, and cooperative programs as its curriculum. In addition, the District acts as an agency for the State of Iowa in connection with the Workforce Investment Act. The Eastern Iowa Community College District maintains campuses in Bettendorf, Clinton, and Muscatine and has its administrative offices in Davenport. The Eastern Iowa Community College District is governed by a Board of Directors whose members are elected from each district within Merged Area IX.

For financial reporting purposes, Eastern Iowa Community College District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District.

Eastern Iowa Community College District is a political subdivision of the State of Iowa governed by a Board of Directors, which is elected by the public and has the exclusive responsibility and accountability for the decisions it makes. The District has statutory authority to adopt its own budget, to levy taxes and to issue bonded debt without the approval of another government. It has the right to sue and be sued, and has the right to buy, sell, lease or mortgage property in its own name.

These financial statements present Eastern Iowa Community College District (the primary government) and its component units. The component units discussed below is included in the District's reporting entity because of the significance of its operational or financial relationship with the District. Certain disclosures about the component units are not included because the component units have been audited separately and reports have been issued under separate cover. The audited financial statements are available at the District.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Discrete Component Units

The District is considered to be a primary government and has included Muscatine Community College Foundation, Scott Community College Foundation, Paul B. Sharar Foundation for Clinton Campus, and Eastern Iowa Community College District Foundation as discretely presented component units in their basic financial statements in the current year due to the nature of their relationship with the College.

The District Foundations are non-profit corporations, governed by a separate Board of Directors. The Foundations' purpose is to support the District through donations to provide scholarships to students, and for the enhancement and extension of facilities, equipment and services. The Foundations operate on the following fiscal year-ends:

Muscatine Community College Foundation	June 30, 2014
Paul B. Sharar Foundation for Clinton Campus	August 31, 2013
Scott Community College Foundation	December 31, 2013
Eastern Iowa Community College District Foundation	December 31, 2013

Separately issued financial statements for the discretely presented component units can be obtained at Eastern Iowa Community College District, 306 West River Drive, Davenport, Iowa 52801.

The Scott Community College Foundation and the Eastern Iowa Community College District Foundation are presented on the accrual basis of accounting. The Muscatine Community College Foundation prepares its financial statements on the basis of modified cash receipts and disbursements which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The Paul B. Sharar Foundation for Clinton Campus prepares its financial statements on the income tax basis which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Basis of Presentation

GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires resources to be classified for accounting and reporting purposes into the following net position categories/components:

Net Investment in Capital Assets - Capital assets, net of accumulated depreciation/amortization and outstanding debt obligations attributable to the acquisition, construction or improvement of those assets.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted Net Position:

Nonexpendable - Net position subject to externally imposed stipulations that they be maintained permanently by the District.

Expendable - Net position whose use by the District is subject to externally imposed stipulations that can be fulfilled by actions of the District pursuant to those stipulations or that expire by the passage of time.

Unrestricted Net Position - Net position not subject to externally imposed situations. Resources may be designated for specific purposes by action of management or by the Board of Directors or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for academic and general programs of the District.

GASB Statement No. 35 also requires the Statements of Net Position, Revenues, Expenses and Changes in Net Position and Cash Flows. These basic financial statements report information on all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements.

Measurement Focus and Basis of Accounting

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined in GASB Statement No. 34. Accordingly, the basic financial statements of the District have been prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Assets, Liabilities, Deferred Inflows of Resources and Net Position

Cash and cash equivalents: For purposes of the statement of cash flows, all short-term deposits or cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily converted to known amounts of cash, and at the date of purchase, have a maturity no longer than three months.

Investments: Investments are stated at their fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property taxes receivable: Property taxes receivable is recognized on the levy or lien date, which is the date that the tax asking is certified by the Board of Directors to the appropriate County Auditors. Current year delinquent property tax receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the Board of Directors to be collected in the next fiscal year for purposes set out in the budget for the next fiscal year. By statute, the Board of Directors is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred and will not be recognized as revenue until the year for which it is levied.

Due from Iowa Industrial New Jobs Training Program (NJTP): This receivable represents the total amount to be remitted to the District for training projects entered into between the District and employers under the provisions of Chapter 260E of the Code of Iowa. The receivable amount is based on NJTP project expenditures incurred through June 30, 2014, plus interest incurred on NJTP certificates, less reimbursements received to date.

Due from other governments: This asset represents state aid, grants and reimbursements due from the State of Iowa, and grants and reimbursements due from the federal government.

Inventories: Inventories are stated at the lower of cost or market (first-in, first-out) method.

Capital assets: Capital assets, which include land, buildings, other structures and improvements, and furniture and equipment, are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repair that do not add to the value of the assets or materially extend asset lives are not capitalized. No interest costs were capitalized since there were no qualifying assets.

Capital assets are defined by the District as assets with initial, individual costs in excess of \$5,000 and estimated useful lives in excess of one year.

Depreciation is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings	39
Other structures and improvements	25
Furniture and equipment	7

The District does not capitalize or depreciate their library book collection. This collection is unencumbered, held for public education, protected, cared for, and preserved and the proceeds from the sale of library books, if any, are not material to the District.

June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of Long-Lived Assets: The District reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

Salaries and benefits payable: Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities. Expenditures for employees who have elected and been approved for early retirement are also accrued in this liability.

Advances from grantors: Advances from grantors represents grant proceeds which have been received by the District, but will be spent in a succeeding fiscal year.

Advances from others: Advances from others represents fees and rental payments received in the current fiscal year, but the revenues will not be earned until the following fiscal year.

Compensated absences: District employees accumulate a limited amount of earned but unused vacation for subsequent use. Earned but unused vacation is paid to the employee upon termination, death or retirement. Amounts representing the cost of compensated absences are recorded as compensated absences. These liabilities have been computed based on rates of pay in effect as of June 30, 2014.

Deferred Inflows of Resources: Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Accrued interest payable: Interest on long-term bonded indebtedness is recorded as a liability when the interest is payable.

Auxiliary enterprises revenues and expenses: Auxiliary enterprises revenues and expenses primarily represent revenues generated and expenses associated with bookstore, cafeteria, daycare, parts, and printing.

Summer session: The District operates summer sessions during May, June, and July. Revenues and expenses for the summer sessions are recorded in the appropriate fiscal year. Tuition and fees are allocated based on the load study distributions supplied by the District Registrar.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tuition and fees: Tuition and fees revenues are reported net of scholarship allowances, while stipends and other payments made directly to students are presented as scholarship expenses.

Operating and non-operating activities: Operating activities, as reported in the Statement of Revenues, Expenses and Changes in Net Position, are transactions that result from exchange transactions, such as payments received for providing services and payments made for services or goods received. Non-operating activities include state appropriations, Pell grants, property tax, interest earnings and interest on indebtedness.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Scholarship allowances and student aid: Financial aid to students is reported in the financial statements, as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (loans, funds provided to students as awarded by third parties and Federal Direct Lending) is accounted for as third-party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses or scholarship allowances which reduce revenue. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition.

Subsequent Events: Management has evaluated subsequent events through December 5, 2014, the date the financial statements were available to be issued.

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Primary Institution

The District's deposits in banks at June 30, 2014 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

Interest rate risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy limits operating funds portfolio to maturities of less than 397 days.

Credit risk: The District is authorized by statute to invest public funds in obligations of the United States government; its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district. However, the District's investment policy additionally limits investments in commercial paper to obligations that mature within 270 days and that is rated within the two highest classifications, as established by at least one of the standard rating services, with no more than 5% at the time of purchase placed in the second highest classification. At the time of purchase, no more than 10% of the investment portfolio can be in these investments and no more than 5% of the investment portfolio can be invested in the securities of a single issuer.

As of June 30, 2014, the District's investments were not subject to nationally recognized statistical ratings.

Concentration of credit risk: The District's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital and, in general, avoid speculative investments. The District's investment policy seeks to provide safety of the principal, maintain the necessary liquidity to match expected liabilities, and obtain a reasonable rate of return. The policy allows for investments of up to 100% in interest bearing savings, money market and checking accounts, certificates of deposits, repurchase agreements, money market mutual funds, bonds, notes, certificates of indebtedness, treasury bills or other securities issued by the United States of America, its agencies and allowable instrumentalities; up to 10% in prime bankers' acceptances; and up to 10% in commercial paper. The policy does not allow the District to invest in futures or options.

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial credit risk: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. It is the District's policy to require that time deposits in excess of FDIC insurable limits be secured by collateral or private insurance to protect public deposits in a single financial institution if it were to default.

As of June 30, 2014, the carrying amount of the District's deposits excluding \$6,265 of petty cash totaled \$76,162,396, with a bank balance of \$77,852,369.

A reconciliation of deposits and investments as shown on the statement of net position - primary institution follows:

In accordance with agreements dated between June 30, 2004 and June 30, 2014, the District issued certificates with a June 30, 2014 outstanding balance of \$35,610,000 and with interest rates ranging from 1.20% to 6.50% per annum. These certificates were issued to finance the development and training costs incurred relative to implementing the Iowa Industrial New Jobs Training Program (NJTP). NJTP's purpose is to provide tax-aided training for employees of industries which are new to or are expanding their operations within the State of Iowa. Interest on the certificates is payable semiannually, while the principal matures annually. The certificates are to be retired from the proceeds of withholding taxes remitted by the State of Iowa, incremental property taxes, budgeted reserves, and in the case of default, from standby property taxes collected.

The future debt service requirements on these certificates are as follows:

NOTE 4 - NONCURRENT LIABILITIES (CONTINUED)

The District issued dormitory revenue bonds, Series 2001 with a balance of \$1,290,000 as of June 30, 2014. Rates range from 5.00% to 5.85%. Interest is due semiannually and principal is due annually in varying amounts through 2022. The proceeds of the bond were used for the construction of college apartments. Revenues earned by the project will be pledged for repayment of the bond payable. The bonds are collateralized by a mortgage on the dormitory property.

The District issued General Obligation Bonds, Series 2008, with a balance of \$4,300,000 as of June 30, 2014. Rates range from 3.75% to 4.50% with final maturity on June 1, 2019. The proceeds of the bonds were used for specific District-wide projects.

The District issued General Obligation Bonds, Series 2009, with a balance of \$9,440,000 as of June 30, 2014. Rates range from 2.25% to 3.60% with final maturity on June 1, 2020. The proceeds of the bonds were used to finance various improvements and additions at all campus and enrollment locations of the District.

The District issued General Obligation Bonds, Series 2010A, with a balance of \$7,980,000 as of June 30, 2014. Rates range from 2.00% to 5.00% with final maturity on June 1, 2021. The proceeds of the bonds were used to finance various improvements and additions at all campus and enrollment locations of the District.

The District borrowed \$250,000 during the fiscal year ending June 30, 2013 from Muscatine Community College Foundation. The note is non-interest bearing and was loaned in support of the construction of a new facility in Columbus Junction. The loan is to be repaid within ten years. The balance remaining on the loan was \$225,000 on June 30, 2014.

Future maturities and interest of the notes and bonds payable as of June 30, 2014 are as follows:

NOTE 5 - RETIREMENT SYSTEM

Eastern Iowa Community College District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 5.95% of their annual covered salary and the District is required to contribute 8.93% of annual payroll. Contribution requirements are established by state statute. The District's contributions to IPERS for the years ended June 30, 2014, 2013 and 2012 were \$1,341,795, \$1,226,915, and \$1,129,617, respectively, equal to the required contributions for each year.

NOTE 6 - TEACHERS INSURANCE AND ANNUITY ASSOCIATION - COLLEGE RETIREMENT EQUITIES FUND (TIAA-CREF)

Eastern Iowa Community College District contributes to the TIAA-CREF retirement program which is a defined contribution plan. TIAA administers the retirement plan for the District. The defined contribution retirement plan provides individual annuities for each plan participant. As required by the Code of Iowa, all eligible District employees must participate in a retirement plan from the date they are employed. Contributions made by both employer and employee vest immediately. As specified by the contract with TIAA-CREF, and in accordance with the Code of Iowa, each employee is required to contribute 5.95% and the District is required to contribute 8.93%. The District and employees' required and actual contributions to TIAA-CREF for the year ended June 30, 2014 were \$895,790 and \$596,859 respectively.

NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description - Eastern Iowa Community College District operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 357 active and 69 retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug coverage is provided through a fully-insured plan. The District pays 100 percent of the single premium for retirees. Covered spouses and surviving spouses must pay the difference between the family and single premium, which results in an implicit subsidy and an OPEB liability.

Funding Policy - The contribution requirements of plan members are established and may be amended by Eastern Iowa Community College District. Eastern Iowa Community College District currently finances the retiree benefit plan on a pay-as-you-go basis.

NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Annual OPEB Cost and Net OPEB Obligation - Eastern Iowa Community College District's annual OPEB cost is calculated based on the annual required contribution (ARC) of Eastern Iowa Community College District, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of Eastern Iowa Community College District's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan and changes in Eastern Iowa Community College District's net OPEB obligation:

Annual required contribution	\$700,036
Interest on net OPEB obligation	46,209
Adjustment to annual required contribution	<u>(42,494)</u>
Annual OPEB cost	703,751
Assumed contributions	<u>(705,097)</u>
Decrease in net OPEB obligation	(1,346)
Net OPEB obligation beginning of year	<u>1,026,875</u>
Net OPEB obligation end of year	<u>\$ 1,025,529</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of the year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2014.

For the year ended June 30, 2014, Eastern Iowa Community College District contributed \$486,581 to the medical plan.

Eastern Iowa Community College District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation are summarized as follows:

<u>Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2012	\$ 798,513	70%	\$ 698,982
June 30, 2013	798,513	59%	1,026,875

NOTE 7 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Funded Status and Funding Progress - As of July 1, 2013, the most recent actuarial valuation date for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$7.550 million, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$7.550 million. The covered payroll (annual payroll of active employees covered by the plan) was not available and the ratio of the UAAL to covered payroll was not available. As of June 30, 2014, there were no trust fund assets.

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information in the section following the Notes to the Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2013 actuarial valuation date, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4.50% discount rate based on Eastern Iowa Community College District's funding policy. The projected annual medical trend rate is 8.16%. The ultimate medical trend rate is 5.00%. The medical trend rate is reduced to 0.45% each year until reaching the 5.00% ultimate trend rate.

Mortality rates are from the RP-2000 Combined Healthy Mortality Table, applied on a gender-specific basis. Monthly premium costs for the medical plan are \$599 per month for single coverage and \$1,496 per month for family coverage. The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

NOTE 8 - OPERATING LEASES

The District has leased various facilities, land, and vehicles under operating leases. The leases expire on various dates through 2019 and require various minimum annual rentals. Some of the leases also require the payment of normal maintenance and insurance on the properties.

The following is a schedule, by year, of the future minimum rentals due under these operating leases:

Year Ending June 30,	
2015	\$ 139,441
2016	121,919
2017	64,549
2018	50,326
2019	<u>22,678</u>
Total	<u>\$ 398,913</u>

Rental payments made during the year ended June 30, 2014 for all operating leases totaled approximately \$153,168.

NOTE 9 - RISK MANAGEMENT PROGRAM

The District is a member in the Insurance Management Program for Area Community Colleges (IMPACC) as allowed by Chapter 504A of the Code of Iowa. IMPACC is a group self-insurance program currently consisting of five Iowa community colleges. IMPACC was incorporated in May, 1988 for the purpose of giving its members more control over their property, liability and workers compensation insurance expenditures. The Program provides coverage for the following exposures: general liability, automobile liability and physical damage, property and inland marine, wrongful acts and educators' legal liability, workers compensation and employer's liability, crime and employee fidelity, and equipment breakdown (boiler & machinery). There have been no reductions in insurance from prior years.

Each member's annual contribution provides capital sufficient to fund, on a cash basis, IMPACC's general and administrative expenses, claims, claims expenses and reinsurance expenses payable in the current year.

The District's contributions to the risk-sharing pool are recognized as expenditures at the time of payment. The District's total contributions to IMPACC for the year ended June 30, 2014 were \$425,432.

EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE 9 - RISK MANAGEMENT PROGRAM (CONTINUED)

As do all insurance companies, IMPACC uses reinsurance and excess insurance to reduce its exposure to large losses. The program has a self-insured retention of \$100,000 per occurrence for wrongful acts and educators' legal liability; \$250,000 per occurrence for workers compensation and employer's liability; and \$200,000 per occurrence for most other claims. IMPACC purchases excess insurance on the following basis: For liability claims, up to \$10,000,000 per occurrence; for Property claims, up to \$250,000,000 per occurrence; for workers compensation, coverage is provided to statutory limits.

An independent actuary reviews IMPACC's losses annually to provide an estimate of IMPACC's ultimate loss at a 70 per cent confidence level. The District does not report a liability for losses in excess of reinsurance unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, as of June 30, 2014, no liability has been recorded by the District. As of June 30, 2014, settled claims have not exceeded the risk pool or reinsurance coverage in any of the past three fiscal years.

Members agree to continue membership in the Program for a period of not less than three full years. After such period, a member who has given sufficient notice, in compliance with the bylaws, may withdraw. Upon withdrawal, payments for all claims and claims expenses for the years of membership continue until all claims for those years are settled.

The District also carries commercial insurance purchased from other insurers for coverage associated with the Workforce Investment Act and for employee health claims. Settled claims have not exceeded the insurance coverage in any of the past three fiscal years.

NOTE 10 - TERMINATION BENEFITS

The District has an approved Early Retirement Incentive Plan (ERIP) for fiscal and academic years 2013, 2014, 2015 and 2016. To be eligible for the ERIP, an employee must be employed full-time and be 55 years of age with 10 or more years of consecutive service with the District. Retirement is to begin at the end of the academic year for instructional staff and the end of the fiscal year for administration, professional, and support staff. Participation must be approved by the administrative office.

Early retirement benefits are equal to 75-95% of the employee's regular contractual salary in effect during the employee's year of service prior to retirement based on years of service.

Early retirement benefits will be divided into payments over a minimum of two and maximum of five calendar years.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2014**

NOTE 10 - TERMINATION BENEFITS (CONTINUED)

At June 30, 2014, the District has obligations to 17 participants with a total liability of \$1,241,402. Actual early retirement expenditures for the year ended June 30, 2014 totaled \$767,953.

Enrollment for ERIP related to 2014, 2015 and 2016 was open until November 1, 2013. The District will have future obligations to 60 participants with a total liability of \$3,882,403.

NOTE 11 - CONTINGENCIES

The District is a defendant in various legal proceedings. The amount of possible loss, if any cannot be estimated at this time but, in the opinion of management, the settlement of these matters is not expected to have a material effect on the District.

NOTE 12 - JOBS TRAINING PROGRAMS

The District administers the Iowa Industrial New Jobs Training Program (NJTP) in Area IX in accordance with Chapter 260E of the Code of Iowa. NJTP's purpose is to provide tax-aided training or retraining for employees of industries which are new to or are expanding their operations within the State of Iowa. Certificates are sold by the District to fund approved projects and are to be retired by proceeds from anticipated jobs credits from withholding taxes, incremental property taxes, budgeted reserves, and in the case of default, from standby property taxes. The District is currently administering 152 projects receiving project funding or in the repayment stage. In cases where projects exceed the budgeted amounts, the District intends to obtain additional withholding revenue from the companies.

The District also administers the Iowa Jobs Training Program (IJTP) in Area IX in accordance with Chapter 260F of the Code of Iowa. The IJTP's purpose is to provide customized training for existing employers. Approved businesses receive loans from the Iowa Department of Economic Development. The District is currently administering 57 projects.

NOTE 13 - PROSPECTIVE ACCOUNTING CHANGE

The Governmental Accounting Standards Board has issued *Statement No. 68, Accounting and Financial Reporting for Pensions - an amendment of GASB No. 27*. This statement will be implemented for the fiscal year ending June 30, 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information.

NOTE TO BUDGETARY COMPARISON SCHEDULE OF EXPENDITURES
BUDGETARY REPORTING
Year Ended June 30, 2014**

The Board of Directors annually prepares a budget designating the proposed expenditures for operation of the District on a basis consistent with accounting principles generally accepted in the United States of America. Following required public notice and hearing, and in accordance with Chapter 260C of the Code of Iowa, the Board of Directors certifies the approved budget to the appropriate county auditors and then submits the budget to the State Board of Education for approval. The budget may be amended during the year utilizing similar statutory prescribed procedures. Formal and legal budgetary control is based on total operating expenditures.

Budgets are not required to be adopted for the Auxiliary Enterprises subgroup, Workforce Investment Act accounts, Temporary Assistance for Needy Families, Iowa Code 260F Jobs Training, scholarships and grants account, Loan Funds, and Agency Funds.

For the year ended June 30, 2014, the District's expenditures did not exceed the amount budgeted.

See accompanying independent auditor's report.

NOTE TO SUPPLEMENTARY INFORMATION
Year Ended June 30, 2014**

Statements presented in the supplementary information are reported using the current financial resources measurement focus and the accrual basis of accounting, except for depreciation. The schedule of revenues, expenditures and changes in fund balances is the statement of financial activities related to the current reporting period. It does not purport to present the results of operations or net income or loss for the period as would a statement of income or a statement of revenues and expenses. In order to ensure observance of limitations and restrictions placed on the use of resources available to the District, the accounts of the District are maintained in accordance with the principles of "fund accounting". This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund; however, in the financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions are accounted for and reported by fund group. Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated for specific purposes by action of the governing board. Externally restricted funds may only be utilized in accordance with the purposes established by the source of such funds and are in contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

All gains and losses arising from the sale, collection, or other disposition of investments and other noncash assets are accounted for in the fund which owned such assets. Ordinary revenue derived from investments, receivables, and the like, is accounted for in the fund owning such assets.

The District utilizes the following fund groups:

Current Funds:

These funds are utilized to account for those economic resources that are expendable for the purpose of performing the primary and supporting missions of the District. These include the following unrestricted and restricted subfunds:

Unrestricted: The Education and Support subgroup of the Unrestricted Current Funds accounts for the general operations of the District. All property taxes and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this subgroup. From this subgroup are paid the general operating costs, the fixed charges and the acquisition of plant assets that are not paid from other funds.

The Auxiliary Enterprises subgroup accounts for activities which are intended to provide non-instructional services for sales to students, staff, and/or institutional departments, and which are supplemental to the educational and general objectives of the District. In addition, they account for activities which provide instructional and laboratory experiences for students and which incidentally create goods and services that may be sold to students, faculty, staff, and the general public.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTE TO SUPPLEMENTARY INFORMATION
Year Ended June 30, 2014**

Restricted: The Restricted Current Funds are used to account for resources that are available for the operation and support of the educational program but which are restricted as to their use by donors or outside agencies.

The Scholarships and Grants subgroup accounts for resources available for awards to students which are not in payment of services rendered to the District and which will not require repayment to the District.

The District has agreements with various businesses under the Iowa Industrial New Jobs Training Program (NJTP). The District administers the program, with the revenues and expenditures being restricted by the State for use in this program. The District is accounting for the activity of the NJTP in the Restricted Current Funds.

Loan Funds:

These funds are used to account for student loan transactions.

Plant Funds:

The Plant Funds are used to account for transactions relating to investment in District properties, and consist of the following self-balancing subfunds:

Unexpended - This subfund is used to account for the unexpended resources derived from various sources for the acquisition or construction of plant assets.

Retirement of indebtedness - This subfund is used to account for the accumulation of resources for principal and interest payments on plant indebtedness.

Investment in plant - This subfund is used to account for the excess of the carrying value of plant assets over the related liabilities.

Agency Funds:

The Agency Funds are used to account for assets held by the District in a custodial capacity or as an agent for others. Transactions of Agency Funds do not affect the schedule of revenues, expenditures, and changes in fund balances.

**EASTERN IOWA COMMUNITY COLLEGE DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
Year Ended June 30, 2014**

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2 - STUDENT FINANCIAL ASSISTANCE

The District is responsible only for the performance of certain administrative duties with respect to the Federal Direct Student Loan Program, and accordingly, these loans are not included in its financial statements. It is not practical to determine the balance of the loans outstanding to students and former students of the District under this program as of June 30, 2014.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

To the Board of Directors
Eastern Iowa Community College District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Eastern Iowa Community College District, Davenport, Iowa, and the discretely presented component units, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Eastern Iowa Community College District's basic financial statements, and have issued our report thereon dated December 5, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Eastern Iowa Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Eastern Iowa Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Eastern Iowa Community College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eastern Iowa Community College District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of

financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2014 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District as identified in Part IV of the accompanying Schedule of Findings and Questioned Costs. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors
Eastern Iowa Community College District

Report on Compliance for Each Major Federal Program

We have audited Eastern Iowa Community College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Eastern Iowa Community College District's major federal programs for the year ended June 30, 2014. Eastern Iowa Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Eastern Iowa Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Eastern Iowa Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Eastern Iowa Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Eastern Iowa Community College District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Eastern Iowa Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Eastern Iowa Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Eastern Iowa Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2014**

Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-14 Certified budget - Expenditures for the year ended June 30, 2014 did not exceed the amount budgeted.
- IV-B-14 Questionable expenditures - No expenditures that we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-14 Travel expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- IV-D-14 Business transactions - No business transactions between the District and District officials or employees were noted.
- IV-E-14 Bond coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- IV-F-14 Board minutes - No transactions were found that we believe should have been approved in the Board minutes but were not.
- IV-G-14 Publication - The District published a statement showing all receipts and disbursements of all funds for fiscal year 2014, including the names of all persons, firms, or corporations to which disbursements were made, as required by Section 260C.14(12) of the Code of Iowa.
- IV-H-14 Deposits and investments - No instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the District's investment policy were noted.
- IV-I-14 Credit/Contact Hours - Eligible credit and contact hours reported to the Iowa Department of Education by the District were supported by detailed records maintained by the District.
