## **Independent Auditor's Report**

Board of Trustees  
City/County Health Care Plan  
Burlington, Iowa

### **Report on the Financial Statements**

We have audited the accompanying financial statements of City/County Health Care Plan (Plan) as of June 30, 2016 and 2015 and for the years then ended, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of the Plan as of June 30, 2016 and 2015, and the changes in its modified cash basis financial position for the years then ended in accordance with the basis of accounting described in Note 1.

## **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

## **Other Matters**

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Plan's basic financial statements. The Management's Discussion and Analysis on pages 4 through 7, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2016, on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control over financial reporting and compliance.

## **City/County Health Care Plan Management's Discussion and Analysis**

The City/County Health Care Plan provides this Management's Discussion and Analysis of its basic financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2016. We encourage readers to consider this information in conjunction with the Plan's financial statements, which follow.

### **Financial Highlights**

- The Plan's operating revenues for the basic financial statements totaled \$6,720,630 for the fiscal year ended June 30, 2016, an increase of 4%, or \$282,942, from fiscal year 2015. The primary increase was the result of an increase in medical premium revenues.
- The Plan's operating expenses for the basic financial statements totaled \$6,708,720 for the fiscal year ended June 30, 2016, an increase of 7%, or \$414,930 from fiscal year 2015. The increase was the result of higher medical and dental disbursements.
- The Plan's operating revenues for the Fiduciary Fund decreased -%, or \$(404), from fiscal year 2015 to fiscal year 2016. Operating expense decreased \$(28,755), or (12)% from fiscal 2015 to fiscal 2016. These two changes combined allowed for the Fiduciary Net Assets to increase \$12,997 or 68%.

### **Using This Annual Report**

The City/County Health Care Plan has elected to present its financial statements on the modified cash basis of accounting. The modified cash basis of accounting is a basis of accounting other than accounting principles generally accepted in the United States of America. Basis of accounting refers to when financial events are recorded, such as the timing for recognizing revenues and expenses and the related assets and deferred inflows of resources. Under the Plan's modified cash basis of accounting, revenues and expenses and the related assets and deferred inflows of resources are recorded when they result from cash transactions, except as follows. Modifications to the cash basis of accounting include recording deferred revenue or accounts receivables for the members' monthly premium cash receipts. The member cash receipts are recorded in the period of the Plan's coverage.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues and certain liabilities and their related expenses are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations from the use of the modified cash basis of accounting.

The annual report is presented in a format consistent with the presentation of Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Plan's modified cash basis of accounting.

This discussion and analysis is intended to serve as an introduction to the Plan's basic financial statements. The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Plan's financial activities.

The Statement of Net Position - Modified Cash Basis presents information on the Plan's assets and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Plan is improving or deteriorating.

**City/County Health Care Plan  
Management's Discussion and Analysis**

The Statement of Cash Receipts, Disbursements and Changes in Net Position - Modified Cash Basis is the basic statement of activities for proprietary funds. This statement presents information on the Plan's operating revenues and expenses, nonoperating revenues and expenses, and whether the Plan's financial position has improved or deteriorated as a result of the year's activities.

The Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

**Financial Analysis of the City/County Health Care Plan**

*Statements of Net Position - Modified Cash Basis*

As noted earlier, net position may serve over time as a useful indicator of the Plan's financial position. The Plan's net position - modified cash basis for fiscal 2016 for the Business-Type Activities totaled \$374,203, compared to \$360,976 for fiscal 2015. A summary of the Plan's Business-Type Activities net position - modified cash basis at June 30, 2016 and 2015 are presented below:

**City/County Health Care Plan**  
**Notes to Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies**

The City/County Health Care Plan (Plan) is a voluntary joint undertaking of units of government to create and maintain a self-funded health benefits program through cooperative action with private agencies, as authorized by Chapter 28E of the Code of Iowa. The Plan purchases health insurance through Wellmark Blue Cross Blue Shield and has a partial self-funded deductible plan. The dental benefit plan is self-funded. The Plan also administers a variety of other insurance coverages for the Plan's participants, if elected.

The Plan's member groups are from the following governmental entities: Burlington Municipal Waterworks, City of Burlington, City of Danville, City of Mediapolis, Des Moines County, Des Moines County Communications Center (DesCom), Des Moines County Regional Solid Waste Commission, Southeast Iowa Regional Airport Authority and Two Rivers Levee Drainage District. The Plan's Board of Trustees is composed of seven representatives from the following member groups: three representatives from the City of Burlington, two representatives from the County, one representative from the City and County unions and one representative from the remaining member groups.

The Plan's financial statements are prepared on the basis of modified cash receipts and disbursements, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

**A. Reporting Entity**

For financial reporting purposes, the Plan has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The Plan has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Plan is such that exclusion would cause the Plan's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the entity to impose its will on that organization or (2) the potential for the organization to provide specific financial burdens on the Plan. The Plan has no component units that meet the GASB criteria.

**B. Basis of Presentation**

The Plan's accounts are organized as business-type activities and as a fiduciary fund. The Business-Type Activities are used to account for operations conducted in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses) of providing goods or services to its members on a continuing basis be recovered primarily through member charges. The Fiduciary Fund is used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. The Plan's Internal Revenue Service Code Section 125 Cafeteria Plan is summarized within the Fiduciary Fund financial statements.

**City/County Health Care Plan**  
**Notes to Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies (continued)**

C. Measurement Focus and Basis of Accounting

The Plan maintains its financial records on the basis of modified cash receipts and disbursements and the financial statements of the Plan are prepared on that basis. Cash receipts are recorded when received, except as noted below, and distributions are recorded when paid. The modified cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present the financial position and results of operations of the Plan in accordance with accounting principles generally accepted in the United States of America. Modifications to the cash basis of accounting include recording deferred revenue or accounts receivable for the members' monthly premium cash receipts. These cash receipts are recorded in the period of the Plan's coverage.

D. Statements of Net Position - Modified Cash Basis

The following accounting policies are followed in preparing the Statements of Net Position - Modified Cash Basis:

Cash - The Plan considers all short-term investments that are highly liquid to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Deferred Revenue - The Plan's deferred revenue consists of members' monthly premium cash receipts.

Income Tax Status - The Plan is not a legal entity but a self-funded health benefits program funded by a common pool of funds as authorized by Chapter 28E of the Code of Iowa. Any tax liability that would occur would be the responsibility of the participating members.

Net Position - Modified Cash Basis - The Plan's net position - modified cash basis is unrestricted.

E. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

F. Subsequent Events

The Plan's management performed an evaluation of subsequent events through November 8, 2016, which is the date the financial statements were available to be issued. There are no subsequent events that require disclosure or recognition in the financial statements as of June 30, 2016.

**City/County Health Care Plan  
Notes to Financial Statements**

---

**Note 2. Cash and Investments**

The Plan's deposits in banks at June 30, 2016 and 2015 were entirely covered by federal depository insurance.

The Plan is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Plan; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

**Note 3. Third Party Administrative Fee**

The Plan has an agreement with Two Rivers Insurance Company, Inc. DBA Employee Benefit Systems, to administer the Plan and process claims. The agreement provides for the payment of administrative fees, which totaled \$95,825 and \$99,318 for the years ended June 30, 2016 and 2015, respectively.

**Note 4. Risk Management**

The Plan is exposed to various risks of loss related to participant benefits; torts; theft, errors and omissions; and natural disasters. These risks are covered by the purchase of commercial insurance or outsourced functions with a third party administrator. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Plan assumes liability for any deductibles and claims in excess of coverage limitations.

**Note 5. Related Party Transactions**

During the year ended June 30, 2016, the Plan paid the City of Burlington registration fees of \$3,190 on behalf of Plan participants for the Great River Bridge Race.

**Independent Auditor's Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

Board of Trustees  
City/County Health Care Plan  
Burlington, Iowa

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of City/County Health Care Plan (Plan) as of and for the year ended June 30, 2016, and the related notes to the financial statements, and have issued our report thereon dated November 8, 2016. Our report expressed an unmodified opinion on the financial statements, which were prepared on the basis of modified cash receipts and disbursements, a basis of accounting other than accounting principles generally accepted in the United States of America.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Plan's internal control over financial reporting to determine the audit procedures appropriate in the circumstances, for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitation, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Plan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the Plan's operations for the year ended June 30, 2016 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Plan. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Plan's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by the Plan's Board of Trustees and its third party administrator during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.
